It shall be the duty of the County Court Clerk to record the budgets herein referred to in a well bound book kept for that purpose and in a manner that shall make a permanent record of the same.

SECTION 2. That the present committee composed of Larry L. Groce, Donny Ogle, Howard Capshaw, Mary L. Conger, Hugh D. Dickey, Peggy G. Bevels, G. Stephen Graham and Esther Flemmings, or their successors should a vacancy occur prior to the November, 1989 term, shall continue to be and constitute the Budget Commission of Lincoln County Commissioners or Lincoln County, Tennessee or until their successors are appointed as hereinafter provided. It shall be the duty of the county legislative body of Lincoln County, Tennessee, at its November term 1989, and each odd year thereafter, to appoint a committee of eight (8) persons from the membership of the county legislative body who shall constitute the budget commission of Lincoln County and who shall serve for a term of two (2) years and until their

That the duties of the Secretary shall be to keep all records of the commission, including a complete record of the proceedings thereof, assist it in the compilation of the data necessary for the commission to prepare the budget herein provided for and to assist in the preparation of said budget, and he shall perform such other duties as shall be prescribed by said budget commission. That the Quarterly Court may in its discretion allow such compensation for the services of said Secretary as said Court may deem right and proper: That each year prior to the meeting of the July term of the Quarterly Court of Lincoln County, it shall be the duty of said budget commission to consider and examine the budgets referred to in Section One hereof and such other records and data as may be necessary, and to prepare on appropriate forms a complete itemized budget covering all of the proposed expenditures of every kind and description to be made by or on behalf of the county of the year beginning September 1, following. And in preparing said budget, said commission is not to be bound by the amounts fixed in the several budgets of the various departments of the county referred to in Section One hereof, but shall make such changes therein as in the opinion of said commission are to the best interest of the county. That immediately upon its organization, said budget commission shall cause to be prepared appropriate printed forms on which the budgets of the various departments of the county referred to in Section One hereof are to be submitted by said commission. That said forms shall be of such a nature as to enable said commission to submit to the Quarterly Court as hereinafter provided a complete itemized budget and financial statement of the county in simple intelligible form, to the end that the Quarterly Court shall have before it in said budget all the data necessary to enable it to intelligently determine the proper amount to be allowed the various departments of the county during the year for which the budget is proposed and the amount of revenue that will be available to pay the amounts so allowed. And in determining the nature and kind of said forms, said budget commission shall seek such expert advice in respect to this matter as will enable it to accomplish the desired end. That said tax rate may be so fixed as to acquire sufficient revenue to provide funds to the amount as allotted by the budget commission to the various departments of the county government. No warrants drawn against county funds after September 1, 1937, shall be binding on the county unless the items or expense for which said warrant is issued shall have been included in a budget adopted by said budget commission as herein provided for: And no warrant shall be valid or binding on the county after the aggregate amount of warrants theretofore drawn during the fiscal year by or on behalf of any department of the county government, shall equal the amount allowed said department in the budget adopted for that year. That in preparing said budget herein provided for, it shall be the duty of said budget commission to take into consideration any unexpended balances that may remain at the end of the year to the credit of any department from the amount allowed such department for the previous year. That as nearly as may be practicable, said commission shall show in its budget the amount of actual expenditures of each department of the county government during the preceding year covering each item or head in the budget, said amounts for such previous year to be shown in a column parallel to that containing the amounts proposed for the ensuing year, so that when completed said budget will show not only the proposed expenditures for the ensuing year, but the actual expenditures under each head for the preceding year. That from the data and information herein required to be prepared and filed by the County Trustee and such other data as it may be necessary to examine, said budget commission shall likewise show in its budgets an itemized statement or estimate of all funds, exclusive of the funds derived from the county tax on property, which said commission has reasonable grounds to believe will be available during the year for the payment of the amount allowed in its said budget for said year, and it shall also show as nearly as may be practicable the amounts of revenue derived from the same sources during the preceding year, together with the amount actually collected from the county tax on property during such preceding year. That said budget commission shall, along with its budget, submit a recommendation to the Court with respect to the tax rate on property for the current year together with its estimate of the amount that will be actually collected during the year beginning on the first day of the following September from the tax so recommended. That at the same time and in the same report said budget commission shall submit to the Quarterly Court a full and complete statement of all outstanding

and unpaid warrants and the outstanding bonded indebtedness of the county, showing the amounts and maturities of all outstanding bonds, the purpose for which issued and any other information relative thereto which said commission shall deem pertinent. That along with its budget and report said commission shall submit to said court such other data, information and recommendations as it may deem advisable and necessary to enable the said Quarterly Court and the public to fully understand the financial condition of the county and the necessity for the amounts fixed in said budget and the tax rate on property recommended by said commission. That the Secretary of said commission shall mail a full and complete copy of the report and budget prepared by said commission to each member of the Quarterly Court at least ten days before the July term of said Court, and shall also cause said report and budget to be published twice in a newspaper published in Lincoln County, said publication to be at least ten days before each July term of said Court.

Administration - Historical Notes

Budget System

The following acts once created a budgeting system for Lincoln County, but they have been specifically repealed or superseded by current law. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Private Acts of 1939, Chapter 9, amended Private Acts of 1937, by removing a portion of Section 2, and adding new provisions which raised the membership of the Budget Commission to be appointed by the Quarterly County Court from three to seven members, by removing all of their compensation, and by establishing four as the number of a quorum to transact the business of the Commission. For all apparent purposes, this Act was superseded by the one below which has been incorporated into the published Act.
2. Private Acts of 1943, Chapter 50, amended Private Acts of 1937, Chapter 320, by deleting the sentences inserted in Section 2 by Chapter 9, above, and replacing it so that the seven members would receive \$5.00 per day for each actual day of service.
3. Private Acts of 1981, Chapter 41, which was approved by the Lincoln County Legislative Body on April 20, 1981, amended Private Acts of 1937, Chapter 320, by rewriting the second, third, fourth, and fifth sentences of action as they now appear, and by specifically repealing Private Acts of 1939, Chapter 9, and Private Acts of 1943, Chapter 50, both above, in their entirety.
4. Private Acts of 1988, Chapter 198 amended Private Acts of 1937, Chapter 320 by instructing that the first sentence in Section 2 be deleted and a list of names of individuals who made up the Budget Commission of Lincoln County in 1988 be inserted. No action, however, was taken on this amendment. Private Acts of 1989, Chapter 68 restates the 1988 Private Act verbatim and was subsequently approved. The changes to the 1937 act intended by the 1988 act and made by the 1989 act are included in this compilation.

County Clerk

The following acts once affected the office of county clerk in Lincoln County. They are included herein for historical purposes. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Private Acts of 1919, Chapter 121, declared that women over the age of 21, and residents of the counties appointing them, and otherwise qualified, are eligible in Lincoln County to be appointed as Deputy County Court Clerks with all the rights, powers, obligations, and liabilities as any other Deputy County Court Clerk.
2. Private Acts of 1933, Chapter 760, amended Section 10726, Code of Tennessee, by creating a Class 3-B in the population groupings of county officials, and fixing salaries in that group which related to Lincoln County. The annual salary of the County Court Clerk was set at \$2500. The mere seeking of the office was sufficient to constitute an acceptance of that amount as the salary.
3. Private Acts of 1937, Chapter 254, established salaries for a group of County Officials in Lincoln County, among whom was the County Court Clerk at \$3,000 per year. The officials must keep

account of the total amount of fees collected in their offices and make quarterly reports to the County Judge, or Chairman. If the fees were less than the salary the County must supply the difference, but, if the fees exceeded the salary, the excess became the property of the County.

4. Private Acts of 1939, Chapter 5, stated that the compensation of the County officers whose salaries were specified in Section 10727 Code of Tennessee, shall be regulated and controlled in Lincoln County by the State law rather than by a private, or special, act.

County Legislative Body

The following acts once applied to the quarterly court or the county legislative body of Lincoln County and are included herein for historical purposes. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1809, Chapter 48, provided in the creation of Lincoln County that the Court of Pleas and Quarter Sessions would be held on the fourth Monday in February, May, August, and November at the home of Brice M. Garner, until a better place is found to which the court would adjourn.
2. Acts of 1809, Chapter 93, set the schedules for the meetings of the Quarterly County Courts in every county of the State. Lincoln County's Quarterly County Court was scheduled to meet on the fourth Monday of February, May, August, and November.
3. Acts of 1813, Chapter 16, provided that the Commissioners of the town which were appointed to lay out and regulate Fayetteville also have the power to pass and enforce ordinances which they may deem essential thereto, and if the Sheriff of Lincoln County should neglect to hold elections as provided by law on the first Saturday in January of each year, the Court may direct that the elections be held on the second Saturday in January instead.
4. Private Acts of 1813, Chapter 134, changed the court terms for the Courts of Pleas and Quarter Sessions for several counties including Lincoln whose Court would meet on the first Monday of February, May, August, and November.
5. Private Acts of 1817, Chapter 138, set the terms for the Quarterly Court of Lincoln County to begin on the third Monday in January, April, July, and October, court to stay in session for two weeks if necessary.
6. Acts of 1825, Chapter 9, set the time for holding the Quarterly County Court of Lincoln County on the first Monday in January, April, July, and October.
7. Acts of 1826, Chapter 7, reset the opening dates for the terms off the Quarterly Court in Lincoln County on the third Monday in January, April, July, and October providing further, that all process be made to conform with those dates.
8. Acts of 1829, Chapter 102, stated that the Justices of the Quarterly Court of Lincoln County, nine, or a majority being present, if they think it expedient, at their first court in January of each year may select by ballot three of their own number to hold the said quorum courts for that year, who would have the same powers and be under the same rules and regulations as are the other Quorum Courts of the State.
9. Acts of 1835-36, Chapter 6, created in every County of the State a county court to meet on the first Monday of every month and to continue in session until the business of the Court is completed. Three Justices of the Peace may be a court to hear the probate of Wills and related matters. There would be no jury trials in the court, but the court would select 25 jurors, one from each Civil District of the County if there were that many districts, or they may select 37 jurors, whichever might suit the County better. The Jurors would be paid \$1.00 per day and a tax could be levied to provide the money with which to pay them.
10. Private Acts of 1843-44, Chapter 180, provided that the qualified voters of the Tenth Civil District in Lincoln County may elect an additional Justice of the Peace who shall reside in the town of Petersburg and who shall be commissioned in the same manner and to the same extent as are other Justices of the Peace.
11. Private Acts of 1853-54, Chapter 93, provided that the qualified voters of the First Civil District, including the town of Lynchburg, in Lincoln County, shall, after the passage of this Act, elect three Justices of the Peace for that District, which election shall be in accordance with the law governing elections.
12. Private Acts of 1923, Chapter 100, declared that all the proceedings of the Quarterly County Court of Lincoln County in regular, or special, session shall be published once in all newspapers in the county having over 500 circulations, same to include a statement of the financial condition of the county. The purpose was to help the people informed of the public business. The County Court Clerk would furnish the copy to be published at least 15 days ahead of time, and the rate to be

paid him for the service would not exceed ten cents per 100 words, and the rate for newspapers would not be more than forty cents per inch of column copy.

13. Private Acts of 1933, Chapter 819, authorized the Quarterly County Court of Lincoln County in its discretion to supplement the salary of county officers when compensation is specified in Section 10- 727, Code of Tennessee, but the supplement shall not bring the salary of the officer to a higher amount than that specified as the maximum in the Code. The purpose of this Act is to supplement the compensation of those named officials only when the fees of the office are not sufficient to earn the salary stated in the general law. The provisions of this Act have been superseded by Tennessee Code Annotated Section 8-24-107.
14. Private Acts of 1937, Chapter 114, stated that in Lincoln County, identified by the use of the 1930 Federal Census figures, the Justices of the Peace were required to file with the County Judge and the Trustee within five days prior to the regular meeting of the Quarterly County Court, a written, itemized, sworn report of all fines, forfeitures, and other revenues collected by them during the preceding quarter, regardless of whether they had collected anything or not. Failure to do so could result in fines from \$10.090 to \$50.00 plus an additional \$5.00 penalty paid to the Revenue Agent of the county and another penalty of 25% of the amount due the County which was not paid. The County Judge would furnish proper forms to the Justices on which they could comply with the requirements of this Act.
15. Private Acts of 1961, Chapter 303, amended Private Acts of 1951, Chapter 34, which created the General Sessions Court for Lincoln County, by inserting a new section 2 into that Act which transferred all the authority and jurisdiction possessed by Justices of the Peace in civil and criminal cases to that Court, divesting the same out of the Justices of the Peace except that they may still issue search and arrest warrants, accept appearance bonds, issue summons, attachments, and other leading processes but all of the same would be returnable to the General Sessions Court. This Act was rejected by the Quarterly County Court and, therefore, never became an effective law under the Home Rule Amendment to the State Constitution.
16. Private Acts of 1972, Chapter 357, amended Private Acts of 1957, Chapter 85, by increasing the per diem of the Justices of the Peace from \$10 per day to \$25 per day. The mileage allowance was not mentioned.

6. Private Acts of 1897, Chapter 198, amended Private Acts of 1867-68, Chapter 47, by increasing the annual salary of the County Judge in Section 9 from \$500 to \$1,000 a year. This act was repealed by the one below.
7. Private Acts of 1901, Chapter 112, repealed Private Acts of 1897, Chapter 198, above, in its entirety.
8. Private Acts of 1925, Chapter 690, authorized the County Judge of Lincoln County, as he deems advisable from time to time, to empanel a Grand Jury from the list of names of Jurors prepared by the Board of Jury Commissioners, and also, to empanel a venire for a trial jury of which the Foreman shall be the Foreman of the Grand Jury for the purpose to have indicted any person then confined in the county jail without bail, and the County Judge is given criminal jurisdiction to the extent of accepting a guilty plea and imposing sentence on the pleader. If the plea should be not guilty, the case will be placed on the docket of the Circuit Court for trial. The above authority would also extend to misdemeanor cases.
9. Private Acts of 1929, Chapter 144, cited that it amended Chapters 47, and all the acts reported above, except the 1897 act which was repealed. 10. Private Acts of 1935, Chapter 471, amended Private Acts of 1929, Chapter 144, as it amended the original 1867-68 act, by adding the paragraph found at the end of Section 2 of the published act.

County Register

The following acts once affected the office of county register in Lincoln County, but are no longer operative. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Private Acts of 1915, Chapter 583, stated that the Register of Lincoln County was entitled to and could appoint women over the age of 21 as Deputy Registers. The Act further declared women over that age to be eligible and, when appointed, to have all the rights, powers, duties, and obligations as other Deputy Registers.
2. Private Acts of 1933, Chapter 760, amended Section 10726, Code of Tennessee, by adding a new Class 3-B to the population groupings in that act and establishing salaries for the County Officials, named therein, including the County Register at \$1,800 per year. The mere seeking of the office mentioned by an incumbent was to be construed as an acceptance of the salary established.
3. Private Acts of 1937, Chapter 254, also fixed the salaries of four of the County Officials mentioned in the Act above setting the salary of the Register at \$2,000 annually. A condition to be met was that the officials shall keep an accurate account of all the fees collected in their offices and submit reports to the County Judge, or Chairman, every quarter. If the fees collected were less than the salaries set, the county would pay the difference out of the regular county funds, but, if the fees exceeded the salary, the excess became the property of the County.
4. Private Acts of 1939, Chapter 5, provided that in Lincoln County the compensation of the County Officials whose salaries were specified in Section 10727, Code of Tennessee, would be regulated and controlled by the State law, it being the purpose of this Act to provide that their salaries be controlled by State law rather than by private or special Act.

County Trustee

The following acts once affected the office of county trustee in Lincoln County, but are no longer operative. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1907, Chapter 499, stated that John S. Buchanan, and his bondsman, the Trustee of Lincoln County, are both relieved from payment to the State of \$421.69, and interest, which amount represents certain penalties demanded of him, and his bondsman, made by the State under the authority of a highly technical interpretation of the law.
2. Private Acts of 1933, Chapter 760, amended Section 10726, Tennessee Code, by creating a

population class of 3-B for the salaries of the county officials mentioned therein for Lincoln County, and establishing the salaries thereof among them the annual salary of the County Trustee was fixed at \$2,500. Seeking the office above would be evidence of the acceptance of the salary prescribed herein for that office.

3. Private Acts of 1937, Chapter 254, fixed the salaries of the same County officials, setting that of the County Trustee at \$3,000 per year, provided these officials shall keep an account of all the fees collected and make quarterly reports to the County Judge, or chairman, on the same. If the fees are less than the salary, the County will supplement the difference; if the fees are more than the salary, the excess becomes the property of the County.
4. Private Acts of 1939, Chapter 5, provided that, in Lincoln County, the compensation of the County officers whose salaries are specified in Section 10727, Tennessee Code, shall be regulated and controlled by the State law, it being the purpose of this Act to provide that their salaries be controlled by general state law rather than by private or special act.

A Recorder, Treasurer, and Constable would also be selected. It would be the duty of the Sheriff, or his Deputy, to hold annual elections thereafter.
23. Private Acts of 1839-40, Chapter 135, provided that any person desiring to erect a grist mill or a dam on any navigable stream in Lincoln County must first make application to the County Court and post a notice of his intention on the Court House door. If the County Court thinks that the same should be done, the Court will appoint three discreet and judicious citizens to examine the premises upon which the mill or dam is to be built to ascertain if the same can be accomplished without interfering with the navigation of the stream, and how high the dam may be granted requiring all conditions thereof to be observed. This action, and this law, are never to be construed as granting the authority to obstruct any stream. The Commissioners are to be paid \$2 per day for each day's service.
24. Public Acts of 1843-44, Chapter 17, amended the State Militia Law by rearranging the schedule of county musters. All Lincoln County Regiments were assigned to the 11th Brigade and musters would be held in the 70th Regiment on the third Tuesday in October, in the 71st Regiment on the Wednesday following, in the 72nd Regiment on the Thursday of that week, and in the 73rd on Saturday. However, the funds and the property still remain in the hands of the Clerk and Master and the wife and children are now free. This Act relinquishes all right, title, interest, and claim the State may have in and to the said Gee properties and passes the same to the wife and children, his properly designated heirs.
27. Public Acts of 1897, Chapter 124, was among the first Acts establishing annual salaries for several County Officials arranged according to the population of the Counties. All fees collected would become the property of the county and the salaries specified would be the only compensation of the incumbent official. The Act involved the Clerks of the Circuit, County, Criminal, and special Courts, the Clerk and Master of the Chancery Court, the Clerk of the Supreme Court, and Trustees, Registers, and Sheriff of the counties. Reports must be made monthly and the salaries are confined to the fees collected if they exceed the minimum and are below the maximum. This Act was the prototype and model for many salary acts to follow including those currently in effect.
28. Private Acts of 1923, Chapter 164, made it the duty of all cities in which a newspaper was in circulation to publish all the proceedings of the regular, and called, meetings of the Board of Aldermen of those cities within fifteen days of the meeting, so that the public may be informed at all times on the manner in which the affairs of the city are being conducted. The Clerk, or Recorder, would furnish the copy to the papers for which they would be paid ten cents per 100 words, and the newspapers would receive forty cents per column inch. Private Acts of 1923, Chapter 362, amended this act so as to make it apply to McMinn and not to Lincoln County.
29. Private Acts of 1933, Chapter 300, removed the disabilities of minority from T. N. 30. Private Acts of 1933, Chapter 362, amended Section 107-31 Code of Tennessee, to the effect that no application for an increase in the number or in the salaries of assistant, or deputy clerks, and Sheriffs, could be considered by the courts to which it was made unless the said petition showed the prior approval of the Quarterly County Court. Section 10-732, Code of Tennessee, was also

amended so as to provide that when the County Court of Lincoln County in regular session should deem it necessary and essential that the number of Deputies and Assistants be reduced and a Resolution to that effect is adopted, the County Judge, or Chairman, shall file the proper petition seeking a reduction and the court in which it is filed shall prompt by conduct a hearing on the same.

32. Terms of the farm agent are for one year but one may succeed himself in the position at a maximum salary of \$2,400 annually which includes all travel and expenses. This Act does not apply to the present farm agent duly elected by the Court until the expiration of his term.
33. Private Acts of 1937, Chapter 29, removed the disabilities of minority from Mildred Crabtree Barham, of Lincoln County, conferring all the abilities and authority of adulthood.
34. Private Acts of 1937, Chapter 20, also removed the minority of Thomas Crabtree, of Lincoln County, who was probably the brother of the body mentioned in Item 34, above.
35. Private Acts of 1937, Chapter 40, provided that the maximum salary payable to the County Farm Demonstration Agent in Lincoln County from all sources whatever shall not exceed \$2,400 per year, and the county to which this Act applies shall have no power to appropriate in excess of a sum which, when added to the State and Federal supplements, exceeds the above amount.
36. Private Acts of 1937, Chapter 108, recited in the preamble that the Quarterly County Court of Lincoln County had expended \$7,000 of the general funds of the County in the initiation and prosecution of litigation designed to test the validity of certain Acts of the General Assembly, and the litigation served only to promote the political welfare of one faction to the disadvantage of another, and was not designed to enhance the general welfare as a whole, therefore, the County Court shall now levy a tax of one-tenth of one percent on each \$100 property valuation in the county which will be collected until the cost of all of the above litigation has been paid.
37. Private Acts of 1937, Chapter 153, stated that in Lincoln County, identified by the use of the 1930 Federal Census figures, the Quarterly County Court shall have no power whatever to expend the public funds of the County, nor to make any appropriation, for the purpose of filing litigation to test the validity of, or for obtaining a declaration from the Court on any legislation affecting the said County.
38. Private Acts of 1937, Chapter 158, amended Senate Bill NO. 63 of the present session of the General Assembly, which set the maximum salary of the County Farm Demonstration Agent in Lincoln County by changing the date on which the Act was to become effective to January 1, 1938.
39. Private Acts of 1937, Chapter 661, removed all the disabilities of her minority from Charlotte Eloise Baites, granting her all the rights and privileges enjoyed by an adult.
40. Private Acts of 1939, Chapter 5, stated that, in Lincoln County, the compensation of the County Officers whose salaries are specified in Section 10727, Code of Tennessee shall be regulated and controlled by the State law, it being the purpose of this Act to provide that their salaries be controlled by the State rather than by private, or special Act.
41. Private Acts of 1939, Chapter 6, expressly repealed Private Acts of 1937, Chapter 40, Item 36, above, which set the maximum salary of the County Farm Demonstration Agent, in its entirety.
42. Private Acts of 1959, Chapter 58, created the office of Purchasing Agent for Lincoln County, naming the County Judge to the office. The Agent was given the sole power to purchase all supplies and materials for all the departments and agencies of the county government, except those expressly exempted, and to do likewise concerning the rental of equipment or real estate. All purchases over \$500 would be made according to the bid procedures outlined in the Act. The Agent must obey the regulations promulgated in this Act but he could fashion rules for the subordinates to follow. He was to make a \$10,000 bond and could employ sufficient clerical and stenographic help to get the job done as long as they were not related by blood or marriage. This Act was rejected by the Quarterly County Court and therefore never became a law for Lincoln County.
43. Private Acts of 1971, Chapter 124, authorized the Quarterly Court of Lincoln County to make appropriations to fire departments operating within the county upon such terms as may be

mutually agreed upon. Our records show that this Act was never acted upon by the Quarterly Court. Since a general power to appropriate money for fire departments has been granted to counties by the General Assembly, this Act has become moot.

Animals and Fish - Historical Notes

The following is a listing of acts that at one time affected, but no longer appear to have any effect on, hunting, fishing or animal control in Lincoln County. They are included herein for reference purposes. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Private Acts of 1889, Chapter 198, exempted Lincoln County from the requirements of Chapter 143, Public Acts of 1887, which made it unlawful to take and catch fish by seine, or net, from March 15 to June 1, of each year, when the meshes of the nets were less than 1¼ in width, and prohibited the use of dynamite, other explosives, or poison.
2. Private Acts of 1889, Chapter 211, shortened the season in Lincoln County from the first day of February to the first day of September to the 15th day of March to the first day of September to hunt and kill songbirds, game birds, or any kind of bird which feeds on insects, as the same were specified in Chapter 83, Public Acts of 1873, which this act amends.
3. Private Acts of 1893, Chapter 15, made it unlawful for any person to kill, net, trap, or capture quail, or partridges, for pleasure, or profit on his own land or elsewhere in Gibson, Montgomery, Lincoln, and Giles County, at any season of the year other than from November 1 to March 1 of the succeeding year. The party damaged may also take up the animals, feed and care for them and add this cost to the lien, provided notice was given to the owner or custodian.
 8. Private Acts of 1911, Chapter 388, was almost an exact duplicate of the terms and conditions expressly placed upon the owner of the animals named therein, or the custodian, except that the act must be the result of negligence on their part for the damaged person to collect reparation or to enforce his lien.
 9. The court would appoint a committee of five to present the claim for the station and to investigate the cost thereof which was not to exceed \$15,000. Bonds could be issued at interest rates not to exceed 5% and the maturity schedule was not to go beyond twenty years. The proposal must be advertised for thirty days in the "Fayetteville Observer" and the "Lincoln County News". The proceeds would be used to purchase land, build and equip an airport, the expense of which would be shared equally by the county and Fayetteville. The essential details and the imposition of a tax levy to amortize the bonds are included in the legislation. The county has a "Lincoln County Savings Fund" and the court is authorized to appropriate the same to the payments of obligations incurred hereunder, and insofar as Private Acts of 1939, Chapter 240, conflict with this act, that law is repealed. The Quarterly Court is allowed also to appoint a five member committee to supervise and coordinate the work.

Jail

1. Private Acts of 1937, Chapter 790, permitted the issuance of \$25,000 in bonds by the Quarterly Court of Lincoln County in order to erect, equip, repair, improve, and maintain a jail for the county. The President of the railroad must make application to the court giving the details of the proposed railroad and accompany the application with a petition signed by at least 500 qualified voters requesting the same help as the application. The County Judge, or Chairman, would then order referendum election to be held on the question under the general election laws of the State, wherein the question must be approved by a three-fourths vote of the people to be certified to the court by the Election Commission. The county could provide any or all of the necessary funds and for that purpose might issue up to \$250,000 in 6%, or less, bonds at maturity schedules ranging from five to thirty years which money could be used for no other purpose than that stated herein.
3. Private Acts of 1915, Chapter 511, provided that the Quarterly Court of Lincoln County, subject to

the successful outcome of a referendum, could issue up to \$200,000 in 5½% bonds, due in five, ten, and twenty years, to acquire turnpikes and to build other public roads. The court would appoint three commissioners who were not members of the court, or related to any to be the "Alabama-Jackson Highway Commissioners", who would be sworn and bonded. These funds could not be used for any other purpose, and a special tax be levied for the sinking fund to amortize the bonds to be issued hereunder.
6. Private Acts of 1917, Chapter 395, allowed the Lincoln County Quarterly Court, identified by the use of the 1910 Federal Census figures, to purchase by the adoption of a Resolution any turnpike road in the county with all the rights, privileges, and obligations incidental thereto, at such price as may be mutually agreed upon, for which bonds might be issued at an interest rate of 6%, or less and to mature in 10 years, or less, provided that all roads acquired in whatever manner would become full public highways. All essential requirements of valid bond legislation are observed. A committee of five would be appointed to supervise the project, two by the county court, two by the Mayor and Aldermen of Fayetteville, and the fifth by those four, but general supervision would be under the County Board of Education.

The closing of this school leaves a considerable area in Marshall and Lincoln Counties with no school, a situation which would be very expensive for each county to remedy. This act allows Lincoln County to purchase the one-half undivided interest in the school from Gill for \$20,000 and to make further expenditures to ready such school for use and occupancy, all of which was not to exceed \$30,000. The act does not mention any of the circumstances.
6. Acts of 1835-36, Chapter 5, divided Tennessee into eleven Judicial Circuits. The 8th Judicial Circuit was made up of the counties of Lincoln, Giles, Maury, and Lawrence. 13th Judicial Circuit. DeKalb County was added to the circuit and Lincoln's third annual term would start on the first Monday of October rather than the first Monday in November.

The circuit courts of Lincoln County would continue to meet on the first Monday in March, July, and November.

Fourteen Judicial Circuits were organized of which the Seventh Circuit was composed of the counties of Van Buren, Warren, Coffee, Moore, DeKalb, Bledsoe, Rhea, Grundy, and Lincoln whose circuit court would continue to meet on the first Tuesday after the second Monday in February, June, and October.

All cases not under advisement, all the official records both civil and criminal, as well as all process not completed and pending would be transferred to the new circuit. The Governor would appoint a Judge and an Attorney-General to serve the circuit until the next general election. The Judge was authorized to employ a competent person as Secretary at a salary of \$3,000 per year, who would serve at his pleasure and direction.

Circuit Court - Clerk

The following acts have no current effect, but once applied to the Lincoln County circuit court clerk. They

were repealed, superseded, or never received local approval. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Private Acts of 1819, Chapter 152, authorized the County Court of Lincoln County to build an office for the Circuit Court Clerk on the Public Square in Fayetteville and to lay a tax to defray the expenses of doing so.
2. Public Acts of 1903, Chapter 255, fixed the salaries of the Circuit Court Clerks of the various Tennessee counties according to population class as the same was shown in the 1900 Federal Census. According to our population figures the Circuit Court Clerk of Lincoln County's salary would have been \$1,000 per annum, coming in the 20,000 to 35,000 population group. The same conditions of the county paying the difference and the clerk retaining the average prevailed if the clerk filed the required sworn, itemized statement.
3. Private Acts of 1911, Chapter 675, amended Public Acts of 1903, Chapter 255, above, by adding a provision that, in counties between 25,000 and 30,000 in population, which has a Law Court in operation in addition to the Circuit Court and a separate office is to be kept for the Law Court by the Clerk of the Circuit Court, or his Deputy, in that case the salary of the Circuit Court Clerk shall be \$1,500 per year. This act would apply to Campbell, Dyer, Haywood, Henry, Lincoln, Obion, Robertson, Sullivan, Tipton, Sumner, Washington, and Wilson Counties.
4. Private Acts of 1915, Chapter 638, intended to set the salary of the Circuit Court Clerk of Lincoln County, identified by the use of the 1910 Federal Census figures, at \$1,500 per year provided the Clerk met certain specified conditions but this act did not apply because of an error in the population figures cited.
5. Private Acts of 1917, Chapter 58, amended Private Acts of 1915, Chapter 638, above, by correcting the population figures cited in the caption and in the body of the bill so as to make certain it applied to Lincoln County, thus setting the salary of the Circuit Court Clerk at \$1,500 per annum, all other conditions being untouched.
6. Private Acts of 1927, Chapter 833, fixed the annual compensation of the Lincoln County Circuit Court Clerk at \$2,000 per year, provided that he filed a sworn, itemized statement in January of each year showing the total amount of fees collected by his office during the year. The county would pay the difference to the clerk. All the fees of the office were declared to be the property of the county, the \$2,000 representing the total salary of the clerk.
7. Private Acts of 1933, Chapter 760, amended Section 10726, Code of Tennessee, by creating a population class, called 3-B, in which the annual salaries of the officials of Lincoln County were fixed. The salary of the Circuit Court Clerk was set at \$1,800 per year, (this being a post depression act), and the seeking of the office would amount to an agreement to accept that salary.
8. Private Acts of 1933, Chapter 823, expressly repealed Private Acts of 1927, Chapter 833, which is Item 6, above, in its entirety which would remove all doubt as to whether the salary of the Circuit Court Clerk was \$2,000 or \$1,800 per annum.
9. Private Acts of 1937, Chapter 254, established the annual salary for four of the Lincoln County officials, among them being the Circuit Court Clerk whose salary was set at \$1,500 per annum. These officials were required to keep an accurate account of all the fees collected in their offices and to file quarterly reports on the same. If the fees were less than the salary, the county would supplement; if more, the excess became the property of the county.
10. Private Acts of 1939, Chapter 10, fixed the salary of the Circuit Court Clerk of Lincoln County identified by the 1930 Federal Census figures, at \$2,000 annually, provided a sworn, itemized statement showing the total amount of fees collected is filed with the County Judge, or Chairman, by September 1, of each year. The county would supply any deficiency to the clerk but the overage, if any, the clerk would pay over to the county treasury.
11. Private Acts of 1943, Chapter 51, amended Private Acts of 1939, Chapter 10, above, by increasing the salary of the Circuit Court Clerk of Lincoln County from \$2,000 to \$3,000 per year.

District Attorney General - Assistants and Criminal Investigators

The following acts once affecting Lincoln County are no longer in effect but are listed here for historical purposes. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1835-36, Chapter 28, made each Solicitorial District in the State coincide with each Judicial Circuit having criminal jurisdiction, thus eliminating Solicitorial Districts as a separate and

distinct part of the judicial system by that name.

2. Private Acts of 1911, Chapter 349, created the position of Assistant Attorney General in Lincoln County, identified by the use of the 1910 Federal Census figures. The Attorney-General of the Circuit may appoint a suitable person to this position who would serve at his direction, will, and pleasure, who shall be twenty-one years of age, or older, and learned in the law. The salary, set at \$1,400 per year, would be paid out of the State treasury. This act was repealed by Private Acts of 1919, Chapter 167.
3. Private Acts of 1917, Chapter 692, amended Private Acts of 1911, Chapter 349, above, in Section 4, the said act creating the position of Assistant Attorney-General in Lincoln County, by increasing the annual salary from \$1,400 to \$1,800 per year.
4. Private Acts of 1919, Chapter 167, specifically repealed Private Acts of 1911, Chapter 349, above, as it was amended in 1917, in its entirety.
5. Public Acts of 1976, Chapter 526, established the position of Criminal Investigator in the 23rd Judicial Circuit who would be appointed by the District Attorney-General to serve at his direction and pleasure. The Investigator could be a licensed attorney who could be given the additional duty of prosecuting in the various courts of the Circuit. As an Investigator, he or she would investigate crime, take statements of witnesses in felony cases and perform such other duties as might be assigned by the District Attorney. Compensation would be the same as was paid to others in like positions under the State law. This act was repealed by Public Acts of 1977, Chapter 401.

General Sessions Court

The following acts once affected the general sessions court of Lincoln County, but are no longer in effect and are included herein for reference purposes. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Private Acts of 1953, Chapter 391, amended Chapter 34, Private Acts of 1951, by inserting the Section 2 appearing in the act which broadened the powers left to the Justices of the Peace by a little, and by adding in Section 8 the phrase, "who shall be learned in the law" striking the requirement that the Judge be an attorney. Section 13 was amended to make the Clerk and Master the Clerk of the Court rather than the Circuit Court Clerk and increased the salary to \$900.00 per year.
2. Private Acts of 1961, Chapter 303, amended Chapter 34, Private Acts of 1951, Section 2, by adding a new Section 2 which transferred all the authority and jurisdiction possessed by Justices of the Peace in civil and criminal cases to the Judge of the General Sessions Court, the same being divested out of the Justices of the Peace except they may still issue search and arrest warrants and accept appearance bonds, and issue summons, writs of attachments, and other leading process, all of which would be made returnable to the General Sessions Court. Section 8 was changed to make the Judge's qualification to read "learned in the law" rather than to be an attorney and increased the salary of the Clerk of the Court to \$2400.00 per year. This act was rejected by the Quarterly County Court of Lincoln County and never became an effective law.

26. Acts of 1907, Chapter 236, abolished the position of District School Directors and created a Board of Education and District Advisory Boards for every County, except a few who exempted themselves. The superintendent of Public Instruction would be the Secretary of the Board whose duties and those of the Chairman, who would be chosen by his fellow members, are enumerated in the law. The authority and responsibilities of the Board are set out which included the whole range of school supervision and policy. Several reports were required to be filed by teachers and school officials. The three member Advisory Boards would be elected in each District by popular vote and perform certain duties specified in the Act and exercise the authority incidental to their accomplishment including the taking of a scholastic census each year. Gill to hold the offices until September 1, 1922, when their successors, elected in the August general election would take over. The Trustees must be sworn and bonded, must elect a Chairman and a Secretary, and would not be paid for their services. A sliding rate of special school taxes is set up based on the total assessment value of the properties in the district, the intention being to produce a certain pecuniary level to operate the school. The Trustees would employ teachers and all other personnel to run the schools, erect buildings, supervise and manage all the facilities in the District which embraced the power to open and close schools as they deemed best. The children residing in the area would attend this school free of charge but others would pay tuition. This act was repealed by Chapter 499, Private Acts of 1927.
28. Private Acts of 1923, Chapter 342, amended Chapter 285, Private Acts of 1921, above, so as to peg the school tax rate in the Charity Special School District at fifteen cents per \$100 evaluation, instead of basing the rate on a sliding scale.

Morgan School was located in Petersburg in both Lincoln and Marshall Counties, and title would vest jointly in the two Boards of Education, who would together operate and manage a four year high school at Petersburg, each County paying costs according to their pro rated number of students in the school. The Boards would also operate an elementary school at the Elizabeth Training School location under the same terms and conditions. Highways and Roads - Historical Notes

Road Law

1. Private Acts of 1955, Chapter 143, amended Section 1 of Chapter 114, Private Acts of 1951, by reducing the term of the Road Superintendent from four to two years. The Act was repealed by Chapter 138 of Private Acts of 1965.

2. Private Acts of 1959, Chapter 343, would have repealed Chapter 143, Private Acts of 1955, above, in its entirety, thus restoring the four year term of the Road Superintendent but this Act was rejected by the Quarterly County Court of Lincoln County and never became an effective law under the Home Rule Amendment to the State Constitution.

Highways - Roads

The following is a listing of acts which once had some effect upon the county road system in Lincoln County, but which are no longer operative. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1815, Chapter 190, authorized the Court of Pleas and Quarter Sessions of Lincoln County, if they deem it proper, to lay a tax on all taxable property, in the county which could not exceed the state tax, which shall be a fund in the hands of Commissioners to be appointed to contract for and supervise the building of a bridge over the Elk River below the mouth of Norris Creek. Three Commissioners would be appointed to select a site, to purchase land on both sides of the river, and proceed to manage the building of the bridge. All would be under a \$5,000.00 performance bond. They would make reports at specified intervals to the County Court.
2. Acts of 1821, Chapter 6, required the County Courts of the several counties in Tennessee to index and classify the public roads in their respective counties. Three classes of roads were defined primarily according to width and would be maintained accordingly under this law. This Act was probably the first step towards the modern road systems we enjoy today.
3. Acts of 1822, Chapter 180, authorized Ezekiel Norris to build a good and substantial bridge across Elk River at the mouth of Norris Creek in Lincoln County. The County Court would fix the rate of toll to be charged when the bridge was completed. Norris must not block or impede the navigation of the river, and he must keep the bridge in good condition or forfeit all the rights granted to him hereunder.
4. Acts of 1823, Chapter 78, made it lawful for Joseph and John Greer, of Lincoln County, to build a mill dam across Elk River at the place where they are erecting a grist and saw mill, provided they shall construct such locks in said dam that the safe passage of all boats and other watercraft shall not be impeded by the dam.
5. Acts of 1824, Chapter 46, amended the Act which allowed Joseph and John Greer to build a dam across the Elk River at their mill, above, by requiring them to build a slope at least 25 feet wide on the Fayetteville side which is calculated to produce safer conditions up and down the river. The slope must be built by December 1, 1824, and for every day it is incomplete beyond that date, the Greers shall pay a penalty of \$20.
6. Acts of 1855-56, Chapter 135, Section 7, authorized and empowered the County Court of Lincoln County to order the erection of a bridge across the Elk River at or near the town of Fayetteville, provided that in the erection of the said bridge, it shall be so constructed as not to interfere with the downstream navigation of the said river.
7. Public Acts of 1901, Chapter 136, was a road law for every county in the State under 70,000 in population. The County Court would elect a Road Commissioner for each road district in the County, which road districts would be co-extensive with the Civil Districts who would hold the office for two years, all Commissioners would be sworn and bonded, be in charge of the public roads in his district and be paid \$1 per day for each day of service. The Court would fix the number of days each eligible male had to work on the roads and assign the road hands to each road district. County Courts could levy a special road tax of two cents per \$100, to be collected by the Trustee as any other tax, for each day of work assessed, which the Trustee would keep in a separate fund and disburse on the warrant of the district commissioner, approved by the County Judge or Chairman. The Commissioners would name the overseers in their districts who would work out the required number of days free but be paid for all days over that number spent on the job. All males outside of incorporated cities between 21 and 45 years of age were to work the roads. Some specifications for roads were included and some standards adopted which roads must meet. Roads were to be indexed and classified according to width. Prisoners could be worked on the roads if certain conditions were met and petitions to open, close, or change roads were to be filed with the Commissioners and the procedures established in the Act for their disposition must be followed.
8. Public Acts of 1905, Chapter 478, amended Chapter 136, Public Acts of 1901, above, in several minor aspects but primarily in the procedures to be observed in the hearing, reception, and disposition of petitions to open, close, and change roads, especially when resort to eminent domain must be made in order to accomplish the objectives of the said petition.

9. Acts of 1909, Chapter 299, was the first private road law we found for Lincoln County. The County Court would elect one Road Commissioner for each road district, they being the same as the Civil Districts, who must be skilled and experienced in the art of road building, and who would be in charge, of the roads, the bridges, and the overseers in that district for a term of two years. Commissioners must be sworn and bonded, and see to the payment for all road supplies and equipment, and his salary would be \$1 per day for each day of service, actually spent on the job, not to exceed ten in any one year. The County Court would assign road hands to the districts who would work from 5 to 10 days per year, and the Court would fix the price to be paid for the furnishing of teams and wagons. The Court would also levy a tax for roads of not less than 25 cents per \$100 of property valuation, which would be collected by the Trustee, one-third of which could be worked out, and one-half of which must be spent in the district from which it was collected, any surplus being divided equally among the districts. Commissioner would appoint a road overseer for each section of road who would work the required days and then be paid \$1 per day for each extra day up to three days a year. Males between ages of 21 and 50 were required to work or pay 75 cents for each day missed. The Commission would avoid heavy grades, if possible, classify and post roads, and decide on the petitions to open, close, or change the same. The County Court was allowed to levy a special tax of up to ten cents for special road work and the amount of vehicle tax specified in the Act must be paid for the privilege of using the county roads.
10. Private Acts of 1913 (Ex. Sess.), Chapter 73, was the next road law for Lincoln County although it contained only a general repealing clause. The Act created a three member Board of Public Road Commissioners, one each from the northern, middle, and southern portions of the county as the Quarterly Court divided it. The Commissioners would be elected by popular vote after the passage of this act in a special election, and again in August, 1914 and then at two, four, and six years thereafter, all being elected for six year terms. The Commissioners would be elected by the county at large could not succeed themselves, and would be paid \$4 per day up to 50 days per year for their services. They could employ a Road Superintendent, or Engineer, at \$1800, or less, annual salary which would be the total compensation for this position. This person could be fired by the Commission, must keep his office in the Courthouse, and attend all regular, and called, meetings of the Commission. He would buy all equipment and supplies observing some specified conditions, and would employ the road foreman and laborers. Roads would be classified according to width and surfacing materials and be closed, opened, or changed on motion of the Board, or by petition from citizens under specified circumstances. All males between the ages of 21 and 50 must pay \$4 to \$6 or work the equivalent out on the roads, and the Court could levy a special ad valorem tax for roads between twenty and thirty cents per \$100 property valuation. Blanket authorization was granted to the Quarterly Court to issue up to \$100,000 in bonds at a 5%, or less, interest rate, for maturity periods not to exceed 30 years, provided the same is approved by the voters in a referendum or is initiated by a petition signed by at least 10% of the qualified voters. If bonds are issued, then an additional tax must be levied for the sinking fund in order to amortize them.
11. Private Acts of 1915, Chapter 180, had only a general repealing clause but was obviously the next road law for the county. The County Court would select a Road Commissioner from each of the Road Districts to be in charge of the roads, bridges, and overseers of that District, who must be sworn and bonded, serve a two year term, be paid \$2 per day up to ten days per year, and who could be removed from office under certain conditions set out in the Act. The Court would assign road hands to Districts and appoint two suitable people as a Bridge Committee. The Court could levy a road tax from 20 to 30 cents per \$100 which would be kept in a special road fund and one-half of it spent in the district from whence it was collected. One-half of the tax could be worked out at the rate of \$1 per day for labor and \$1.25 per day for a wagon and team. The Commissioners would appoint the overseers in the Districts to be in immediate charge of road sections. Males between the ages of 21 and 50 would work the number of days on roads as determined by the Quarterly Court or commute at \$1 per day. Classification of roads and the procedures for opening, closing, or changing roads remained the same. Penalties were fixed for failure to comply with this Act, and for obstructing, or damaging roads. The County Court would elect two Workhouse Commissioners to serve along with the County Judge to supervise the use of prisoners on the roads. All roads would be worked before October 1, and the arrival of foul weather.
12. Private Acts of 1915, Chapter 366, amended Chapter 180, Private Acts of 1915, above, in Section 10, by inserting a new Section concerning the appointment and conduct of a Jury of View to be followed in condemnation cases connected with the operations of the road department, which would be composed of the Commissioners and the County Judge. When only two Road

Commissioners are involved, a citizen shall be picked as the third member.

13. Private Acts of 1915, Chapter 486, amended Chapter 188, Public Acts of 1891, which was designed to encourage the building of macadamized roads by the counties in the State, by exempting Lincoln County from the requirement that grades in the roads built under the authority of that Act shall not exceed seven degrees from the horizon.
14. Private Acts of 1917, Chapter 82, exempted Lincoln and Haywood Counties from the requirements of an 1891 Public Act which stated that these roads built under the authority of that Act could not exceed an angle of seven degrees in grade from the horizon, repealing the above act.
15. Private Acts of 1917, Chapter 237, stated that the Quarterly County Court of Lincoln County at its regular, or called, meeting could appoint three discreet residents and taxpayers as the "Alabama-Jackson Highway Commissioners" who would hold their offices for one year, or more, and serve under such terms and conditions and receive such compensation as the Court may decide. They could be removed on three-fifths vote of the Court when cause was present. The duties of the Commission could be summarized as the supervision of the construction of financing of that portion of the Jackson-Alabama Highway going through Lincoln County. The Commission could employ an engineer, if desired, and make contracts for materials and equipment, all over \$500 to be on sealed bids. Adequate records were to be kept and regular meetings held open to the public.
16. Private Acts of 1917, Chapter 406, amended Chapter 180, Private Acts of 1915, Item 11, above, by granting an appeal to all those who were aggrieved by action of the Jury of View to the County Court of Lincoln County, whereupon all documents and papers in the transaction would be transferred to that Court. The appellant will pay all costs if the Jury of View is sustained, but, if reversed or changed, the costs of the appeal will be paid out of the funds of the District where suit was brought. Road Commissioners will abide by the orders of the Court, in all cases.
17. Private Acts of 1917, Chapter 732, was apparently the next Road Law of the County. The Quarterly County Court would appoint four members of the County Highway Commission and the County Judge would be the fifth ex-officio member, all to serve four year terms at no pay except the necessary travel expenses. The members must be sworn and bonded, could be removed for cause by a three-fifths vote of the County Court, and would choose a Chairman each year, and a Secretary every two years. Regular meetings would be held but special meetings could be called when necessary. An office would be kept open in Fayetteville for which the Court could appropriate \$500. The Highway Plan shall include the list of 13 roads named in the Act in which connection the right of eminent domain was conferred but the procedures outlined in the Act must be observed in the exercise of it. The Commission would be in charge of all tools, equipment, employees, and prisoners who work on the roads. A special road tax ranging from 30 to 75 cents may be levied in each year.
18. Private Acts of 1919, Chapter 747, amended Chapter 732, Private Acts of 1917, in Section One by striking the provision for no compensation for the Commissioners and fixing a per diem of \$4 per day for the Commissioners up to 50 days per year; in Section 7 by requiring that sufficient records be kept of all receipts and disbursements and quarterly reports made to the Court; in Section 8 by requiring the Commission to repair roads and expend funds according to the way the roads are numbered in Chapter 732, starting with the road listed first; and finally by adding Road #14 to the above mentioned list.
19. Private Acts of 1920 (Ex. Sess.), Chapter 14, amended Chapter 732, Private Acts of 1917, by reducing the lower limit of the permissible tax rate which could be levied for roads from 30 cents to ten cents, and the maximum level from 75 cents to 25 cents, making the permissible range go from 10 to 25 cents per \$100 property valuation.
20. Private Acts of 1920 (Ex. Sess.), Chapter 62, amended Chapter 180, Private Acts of 1915, Section 11, so that any person aggrieved by a report of the Jury of View may, before the report is acted on by the County Judge, appeal the cause to the County Court, to the Circuit Court of Appeals, and to the Supreme Court. If the decision on appeal is contrary to the report of the Jury of View, the County will pay the costs and the additional damages, if any. If the report is affirmed, the County Road Commission may proceed and, if appealed at that point, the appellant must make bond for the costs at least.
21. Private Acts of 1920 (Ex. Sess.), Chapter 91, amended Chapter 180, Private Acts of 1915, by raising the number of days in a year for which a Road Commissioner could be legally paid from ten to fifteen and gives the Commissioner until December 1 of each year to file their reports; Section 4 was amended to increase the daily rate for the use of a team and wagon on the roads from \$1.25 to \$2; Section 6 was amended to increase the daily pay of overseers from \$1 to

- \$1.50, and adds a provision that overseers may summon road hands in a case of emergency to make repairs to roads and the time worked shall be credited to the time imposed upon them by law; Section 7 was amended by lowering the age limits for road labor to between 18 and 50, by raising the commutation rate from \$1 to \$1.50 per day, and by changing the classification of roads to a slight degree. Culverts were to be constructed only on first and second class roads.
22. Private Acts of 1921, Chapter 206, amended Chapter 732, Private Acts of 1917, Item 17, above, which created a Highway Commission and established a County Highway Plan for Lincoln County by adding four more roads to the County Highway Plan, making a total of 18 new included therein with priorities of repair and maintenance starting with the first road on the Plan's list.
 23. Private Acts of 1925, Chapter 287, amended Chapter 91, Private Acts of 1920 (Extra Session), Item 21, above, Section 4, by changing the age limits between which males were required to work on the public roads back to 21 to 50.
 24. Private Acts of 1925, Chapter 644, amended Chapter 732, Private Acts of 1917, Item 17, above, in Section 8, which established the County Road Plan by including within that plan a road beginning at Kelso and running to the highway connecting with Flintville; another beginning on Highway 6 about three miles northeast of Fayetteville, following the Chenault Road and another beginning at Blanche and running in the general direction of Randolph Hill Road.
 25. Section 4 was amended so that a special road tax could be levied from 10 to 30 cents per \$100 property valuation to be collected by the Trustee and by him paid out only on the order of the Road Commissioners as approved by the County Judge, or Chairman, but any person could work out one-half of this tax at the rate of \$1 per day alone, and \$2 per day when a wagon and team were furnished. Section 6 and 7 were amended so as to restore Section 6 to the way it read before the changes in it were brought about by Chapter 91, Private Acts of 1920 (Extra Session), which dealt with the appointment, conduct, responsibilities, and pay of road overseers, while Section 7, was involved with the work requirements of road hands.

The County Judge was a member and Chairman of the Commission who would have sole authority to let contracts, sign vouchers, and approve expenditure. Board would have overall supervision and the Commissioner immediate supervision of the roads and bridges in his District. All males between 18 and 45 years of age were required to work from 3 to 5 days on roads as the Court might decide. 39. Private Acts of 1935 (Ex. Sess.), Chapter 126, amends Chapter 669, Private Acts of 1935, by adding a phrase to caption on the eligibility of members of the Highway Commission. A new Section 3 was added which called for a special election to be held to allow one Commissioner from each Road District who will serve until September 1, 1936, when his successor, elected by the people, will take office. All qualified voters may vote and the Election Commission was not required to give special notice. The Commission will not have charge of the gas tax funds as long as contracts with the Federal Government are in force, but, at their termination, the Commission will supervise the same. All county officials were declared ineligible to serve on the Commission.
40. Private Acts of 1937, Chapter 184, abolished the existing road Districts and created five new ones composed of whole Civil Districts. El Sorrels, H. J. Jarred, Garner Stewart, Harvey Sims, and Tom Somner were named as Road Commissioners, and Grady Wright was to serve as Road Superintendent, all until the regular August election in 1938 when their successors would be elected. The Superintendent would be paid \$1500 per year and the Commissioners \$250 per year out of the general funds of the county.

- tools and gasoline as specified in the act. Section 8 required sealed bids on all purchases over \$100 the procedures enumerated therein to be followed, and Section 9 required all males between the ages of 18 and 60 to work three days on the roads or to pay \$1.50 per day in lieu thereof.

The Committeemen must be 21 years of age, and residents of the County. Vacancies would be filled by the County Court for the unexpired portion of the term. The Committee would have control over the construction, location, and repair of bridges where the cost exceeds, \$250. They would elect a Chairman and a Secretary and all would be paid \$5 per meeting but not to exceed 18 in one year. All purchases over \$250 must be by sealed bids except in case of an emergency when the approval of the County Judge would be sufficient. This Act was repealed by Chapter 51, Private Acts of 1939, below.
 43. Private Acts of 1939, Chapter 4, stated that in Lincoln County the vacancies which might occur in the offices of members of the Board of Education, in the office of Road Commissioners, and in the office of Superintendent of Roads would be filled by the Quarterly County Court until the next general election when someone would be elected to fill out the term.
 44. The Superintendent of Roads may acquire Rights of Way by eminent domain and the Road Commission would discharge the duties of the Workhouse Commission. A new Section 7 authorized the acquisition of five acres, or less, for a workshop and a warehouse, established a system to dispense gas, oil, and other supplies, and granted the use of a vehicle to the Road Superintendent. A new Section 8 required all purchases over \$500 to be by sealed bid and in accordance with the procedures enunciated. A new Section 9 stated that males were no longer required to work on roads and any funds left in this account would go into the general funds. A new Section 9-A imposed some record keeping duties on the Superintendent of Roads.
 45. Private Acts of 1939, Chapter 50, amended Chapter 184, Private Acts of 1937, Section 2, by rearranging the county into five road districts composed of whole Civil Districts.  48. Private Acts of 1945, Chapter 563, amended Chapter 184, Private Acts of 1937, Item 40, above, by adding a new Section 3-A which stated that it shall be the duty of the Road Commissioners to elect one of their number as Chairman and designate him as Road and Highway Supervisor. He will have exclusive power to enter into contracts with the State which involve highway operations and mutual agreements and he shall make all financial disbursements and all financial reports. His salary shall be \$1500 per year in equal monthly installments from the regular highway funds.
 49. Private Acts of 1947, Chapter 426, contained only a general repealing clause. The Act created a Board of County Highway Commissioners giving the Board the charge of opening, building, maintaining, and repairing all public roads and bridges not under the direct supervision of the State Department of Public Works. The three members of the Board would be selected for staggered terms of one, two, and three years, by the Quarterly Court at its July term in 1948. The County Judge would act as Secretary to the Board and be paid as one of the members. Regular meetings of the Board would be held on the last Saturday in each month. The members would be paid \$10 per meeting for two meetings per month and five cents per mile for travel. They could employ a Road Superintendent at \$250 per month for one year at a time and discharge him for cause on 30 days notice, who would be in immediate charge of all personnel and equipment. Relatives of officials were not to be employed. All purchases over \$100 must be made by the Commission, all others by the Superintendent. A special road tax of 15 cents for each \$100 and

ten cents for bridges were authorized. The Superintendent must execute \$5,000 bond and all petitions to open, close, or change roads must be received and handled as prescribed in the Act. This Act was repealed by the one following.

Law Enforcement - Historical Notes

Sheriff

The following acts have no current effect but are included here for reference purposes since they once applied to the Lincoln County sheriff's office. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1823, Chapter 66, made it lawful for the Sheriff and Ranger of Lincoln County to advertise all execution sales of lands and estrays in some newspaper printed in Fayetteville but, if at any time no newspaper is being published in that town, then the ads may be printed in some other town as prescribed by law.
2. Acts of 1826, Chapter 22, appointed Francis Porterfield, William F. Long, Hugh A. Kincannon, E. H. Fletcher, William F. Mason, John P. McCornell, Robert Dickson, James Bright, and Joel Pinson, as Trustees of a lottery to raise up to \$3,000 for a new jail in Lincoln County. The Trustees must give bond to the County Court and conduct themselves in accordance with the same regulations adopted for the Female Academy in Bedford County. All money raised in the lottery would be spent under the supervision and direction of the County Court.
3. Acts of 1827, Chapter 178, released and exonerated William Husbands, the Sheriff of Lincoln County, from the payment of \$289.67 which sum he stands charged with by the Treasurer of West Tennessee, provided that the County Court Clerk of Lincoln County shall certify an oath that the said Sheriff ought not to be charged thusly. The clerk shall charge the Sheriff with half of this amount when he makes up the 1828 tax rolls.
4. Acts of 1829, Chapter 99, authorized every county in the State to lay any tax they may consider proper to build, or repair, the courthouse and the jail. It was made the duty of the Sheriff of Lincoln County under the provisions of an act appropriating one-half of the state tax to county purposes to pay to Edmond Daniel, the jailor of Davidson County one-half of the claim Daniel has on Lincoln County for keeping Duncan Bond in Davidson County jail on a charge of murder. One-half of the costs will be paid in 1830 and the other one-half the following year.

5. Acts of 1829, Chapter 210, was the authority for the Quarterly Court of Lincoln County to sell at public auction to the highest bidder, the jail and the lot upon which it stands on such credit terms as seems best to them. Power to convey good title was conferred upon the court. The court would then appoint three Commissioners to purchase a site within the limits of Fayetteville on which a new jail was to be built. The court may contract on law bid for the construction, may use the proceeds of the sale of the old jail to help defray the expense of the new one, and to lay taxes for the rest of the cost. The tax would be collected by the Sheriff who would pay it over to the commissioners.
6. Acts of 1831, Chapter 21, authorized the Sheriffs of Lincoln and Rhea Counties to appoint three Deputy Sheriffs who shall be subject to the same rules and regulations and draw the same compensation and fees as other Deputy Sheriffs.
7. Private Acts of 1919, Chapter 734, stated that the Sheriff of Lincoln County, identified by the use of the 1910 Federal Census figures, shall receive the sum of \$2,000 per year as salary, provided he shall file on January 1 of each year with the County Judge, or Chairman, a sworn, itemized statement, showing the total amount of fees collected in the office, excluding prisoner board and turnkey fees. If the fees are less than the salary, the county shall pay the difference to the Sheriff, but, if the fees should exceed the salary, the Sheriff was permitted to keep them.
8. Private Acts of 1921, Chapter 346, set the compensation of the Sheriff of Lincoln County at \$500.00 per year, payable quarterly, which would be in addition to all the fees of the office regardless of the amount of them.
9. Private Acts of 1933, Chapter 760, amended Section 10726, Code of Tennessee, by creating a Class 3-B of population groupings and fixing the salaries of certain county officials in that class. Lincoln County would be included in it, and the annual salary of the Sheriff was set at \$2,500. Seeking the office was to be construed as an acceptance of that amount as the salary for that position.
10. Private Acts of 1933, Chapter 822, expressly repealed Chapter 734, Private Acts of 1919, Item 7, above, in its entirety.
11. Private Acts of 1939, Chapter 335, allowed for the Sheriff, Deputies Sheriff, and Constables to be entitled to collect mileage at the rate of five cents per mile for distances traveled by them in making arrests. The amount of mileage to be allowed in each case was to be determined by the magistrate or judge trying the case with the provision that no mileage should be a liability to the State of Tennessee.
12. Private Acts of 1945, Chapter 167, set the annual salary of the Sheriff of Lincoln County, using the 1930 population count, at \$3,000.00 with the provision that all the fees collected in the Sheriff's Office would become the property of and be paid over to the county.

Motor Vehicle Tax

Private Acts of 1979 Chapter 79

SECTION 1. For the privilege of using the public roads and highways, except state-maintained roads, in Lincoln County, Tennessee, there is levied upon motor-driven vehicles and motorcycles (but excluding motor-driven bicycles and scooters) and upon the privilege of the operation thereof, except farm tractors, self-propelled farm machines, or other vehicles or machines not usually used for operation upon public highways or roads, and except all motor-driven vehicles by any governmental agency or governmental instrumentality, a special privilege tax for the benefit of such County, which tax shall be in the amount of Twenty-Five Dollars (\$25.00) for each such motor-driven vehicle.

This tax applies to, is a levy upon, and shall be paid on each motor-driven vehicle, the owner of which lives within, or usually stays within, or who operates such a motor-driven vehicle on, over, or upon the streets, roads, or highways of said county, state-maintained roads excluded, for a period of as many as thirty (30) days, during any year hereafter.

It shall be and is hereby declared a misdemeanor and punishable as such for any owner of a vehicle to operate any motor-driven vehicle over the streets, roads, or highways of such county, statemaintained roads excluded, without the payment of the tax herein provided having been made as herein required, prior to such operation thereof. Provided further that nothing in this Act shall be construed as permitting and authorizing the levy of and the collection of a tax against non-residents of the County to which this Act applies and to owners of such vehicles using the streets, roads, and highways of such county, who live or reside without the bounds of said county, but who do not come within the provisions of this Act, and within a reasonable construction of the provisions thereof.

SECTION 2. The tax herein levied shall be paid to and collected by the County Clerk of Lincoln County, who shall collect this tax at the same time he collects the state privilege tax levied upon the operation of a motor-driven vehicle over the public highways of this State. The Clerk of Lincoln County shall not issue to a resident of such county a State license for the operation of a motor-driven vehicle taxable hereunder unless, at the same time, such owner shall purchase the license or pay the privilege tax levied hereunder, for the operation of each of his motor-driven vehicles under the provisions of this Act.

Payment of the privilege tax imposed hereunder shall be evidenced by a receipt issued in duplicate by the Clerk, the original of which shall be kept by the owner of the motor-driven vehicle, and by a decal or emblem, also issued by the Clerk, which decal or emblem shall be displayed by affixing the same on and to the lower right-hand side of the windshield of the motor-driven vehicle for which same was issued. (Provided, however, that the privilege tax decal or emblem for motorcycles, shall be placed on the top portion of the gasoline tank, but if such tank is not visible, then the decal or emblem shall be placed on any prominent and visible portion of said vehicle.)

The design of the decal or emblem shall be determined by the Clerk. The expense incident to the purchase of such decals and emblems herein required as well as the expense of obtaining proper receipts and other records necessary for the performance of the duties herein and hereby incumbent upon the Clerk shall be paid from the general funds of the County.

The privilege tax or wheel tax herein and hereby levied, when paid together with full, complete and explicit performance of and compliance with all provisions of this Act by the owner, shall entitle the owner of the motor-driven vehicle for which said tax was paid and on which the decal or emblem has been affixed as herein provided, to operate this vehicle over the streets, roads and highways of the county from the date of purchase until the expiration of the state registration in each year. There will be a grace period as set forth in Tennessee Code Annotated, Section 59-404, for the renewal and purchase of new emblems. When a motor-driven vehicle becomes taxable under the terms and provisions of this Act at a later date than the last day of the grace period set forth in Tennessee Code Annotated, Section 59-404, of each year, the same proportionate reduction shall be made as to the cost of the privilege tax or wheel tax, or the amount to be paid into the hands of the Clerk therefor, as is now made in the issuance of the privilege tax payable to the State of Tennessee and collected by the Clerk, under the provisions of the general laws of this State.

For his services in collecting the aforesaid tax and in issuing the receipt therefor and delivering the decal or emblem to the owner, the Clerk shall be entitled to a fee of seventy-five (75¢) cents. The Clerk will faithfully account for, make proper reports of, and pay over to the Trustee of the county at monthly intervals, all funds paid to and received by him for the aforesaid privilege tax or wheel tax. It shall be and is hereby declared a misdemeanor and punishable as such for any motor-driven vehicle, taxable hereunder, to be driven or impelled over or upon the streets, roads, or highways of the county to which this Act is applicable, state-maintained roads excluded, without payment of this privilege tax levied hereunder and without full and complete compliance with all provisions hereof.

In the event any motor-driven vehicle for which the privilege tax or wheel tax has been paid and the emblem or decal issued and placed thereon, becomes unusable, or is destroyed or damaged to the extent that this motor-driven vehicle can no longer be operated as such, and the owner ceases to operate same on the public roads, streets, or highways of said county, or in the event the owner transfers the title to the motor-driven vehicle, and completely removes therefrom and destroys the emblem or decal issued and placed thereon or affixed thereto, and the owner makes proper application for the issuance of a duplicate decal or emblem to be used by him on the same or on another motor-driven vehicle for the unexpired term for which the original decal or emblem was issued, and the Clerk is satisfied that this owner is entitled to the issuance of such a duplicate decal or emblem, and the owner is entitled to the issuance of such a duplicate decal or emblem, and the owner pays into the hands of the Clerk the sum of seventy-five cents (75¢) Clerk fee and One Dollar (\$1.00) for the decal, the Clerk will then issue to such owner a duplicate receipt, cancelling the original receipt delivered to him by the owner, and will deliver to the owner a duplicate decal or emblem, which shall be affixed to the motor-driven vehicle for which it is issued, as hereinabove provided, and this shall entitle the owner to drive the vehicle on the streets, roads, and highways of such county until the expiration of state registration on that vehicle. Likewise, in the event a decal or emblem becomes obliterated, erased, or defaced, or is destroyed under the provisions of this Act, and is therefor illegible and unusable by the owner, upon proper application made by the owner and filed with the Clerk, showing such circumstances and facts to be true, then the Clerk, upon receipt from the owner of seventy-five (75¢) cents, any issue and deliver to the owner a duplicate decal or emblem.

SECTION 3. The tax levied under this Act shall become effective beginning with motor vehicle registrations or renewals made after June 30, 1979, and shall be paid when each registration or renewal of registration is made each year.

SECTION 4. The proceeds of the tax to be imposed by this Act shall be collected by the Clerk and paid over by him to the Lincoln County Trustee, who shall distribute the proceeds on the following basis:

- (1) 50% of the proceeds of the tax herein imposed shall be used exclusively to retire the outstanding school bonds of said county.
- (2) 50% of the proceeds of the tax herein imposed shall be used for the maintenance and repair of bridges and roads in Lincoln County as directed by the county legislative body or at the discretion of the county legislative body for retirement of bonds or other indebtedness incurred for the purpose of maintenance and repair of roads and bridges in said county; or for such other purposes as are directed by resolution of said county legislative body.

SECTION 5. Any person violating the provisions of this Act, or of any part thereof shall, upon conviction, be fined not less than Twenty-Five Dollars (\$25.00) nor more than Fifty Dollars (\$50.00).

SECTION 6. It is the intent of the General Assembly of the State of Tennessee, that this Act be construed as a measure providing for additional revenue for the county affected.

SECTION 7. This Act shall have no effect unless it is approved by a majority of the number of qualified voters of Lincoln County voting in an election on the question of whether or not the Act should be approved. Not less than thirty (30) days nor more than eighty (80) days after this Act becomes law, the County Election Commission of Lincoln County shall call an election for Lincoln County. The ballots used in the election shall have printed on them the substance of this Act and voters shall vote for or against its approval. The votes cast on the question shall be canvassed and the results proclaimed by the County Election Commissioners and certified by them to the Secretary of State as provided by law in the case of General Elections. The qualifications of voters voting on the question shall be the same as those required for participation in general elections. All laws applicable to general elections shall apply to the determination of the approval or rejection of this Act. The cost of the election shall be paid by Lincoln County.

SECTION 8. This Act is declared severable in construction, it being the legislative intent, hereby expressed that should any section or provision of said Act be declared unconstitutional by a court of competent jurisdiction, such Act would have been passed without the unconstitutional parts thereof.

SECTION 9. For the purpose of approving or rejecting the provisions of this Act, it shall be effective upon becoming a law, the public welfare requiring it. For all other purposes, it shall become effective July 1, 1979.

PASSED: April 5, 1979.

Taxation - Historical Notes

Assessor of Property

The following acts were superseded, repealed or failed to win local ratification, but they are listed here as a reference to laws which once affected the assessor in Lincoln County. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Private Acts of 1919, Chapter 566, stated that the Tax Assessor in Lincoln County, identified by the use of the 1910 Federal Census figures, would be paid the sum of \$2,000 per year as compensation for his services, payable annually on July 1 of each year; provided, that the work of the Tax Assessor has been completed, but, if the work of the Tax Assessor has not been completed, the compensation will not be paid until it is. The salary will be paid out of the regular funds of the county on the warrant of the County Judge, or Chairman.
2. Private Acts of 1927, Chapter 686, made it the duty of the Tax Assessor of Lincoln County to keep one office open at the Courthouse during reasonable business hours where he, or a deputy, would be present to discharge the duties of the office. The Tax Assessor would also be on hand at each of the voting precincts, either in person or by deputy, once each year to meet with the people of that precinct for the purpose of assessing taxes, property, and polls, after at least ten days notice of such meeting had been given. All persons not on hand at the voting precinct were required to go to the office of the Tax Assessor for the same purposes within the time established by law. It was the duty of the county court to furnish the Tax Assessor with an office and furnishings at the courthouse. This act was repealed by Chapter 68, Private Acts of 1935.
3. Private Acts of 1933, Chapter 360, stated that the Quarterly Court of Lincoln County shall fix the compensation of the County Tax Assessor at its regular January, or April, term which salary shall not be less than \$1,000 nor more than \$2,000 per year, which sum shall include all allowances for deputy tax assessors.

4. Private Acts of 1935, Chapter 68, expressly repealed Chapter 686, Private Acts of 1927, which regulated to some degree the activities of the office of Tax Assessor in Lincoln County.
5. Private Acts of 1953, Chapter 75, provided that the Tax Assessor of Lincoln County would be paid \$3,000 per year in equal monthly installments out of the regular funds of the county.
6. Private Acts of 1963, Chapter 42, amended Chapter 75, Private Acts of 1953, by increasing the salary of the Tax Assessor of Lincoln County from \$3,000 to \$7,000 per year. This act was allegedly repealed by Chapter 252, Private Acts of 1963, below, but that act was rejected by the Quarterly County Court and never became a law, but there is no printed evidence that this act was ever considered by the Quarterly County Court since it was supposed to be repealed by Chapter 252 of this same year. The Home Rule Amendment to the State Constitution would necessitate the approval of Chapter 42 before it became a law.
7. Private Acts of 1963, Chapter 252, amended Chapter 75, Private Acts of 1953, by increasing the salary of the Tax Assessor from \$3,000 to \$7,000 and specifically repealed Chapter 42, Private Acts of 1963, but this act was rejected by the Quarterly Court of Lincoln County thus becoming null and void for all purposes.

Taxation

The following is a listing of acts pertaining to taxation in Lincoln County which are no longer effective. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1813, Chapter 43, Section 10, was the authority for the commissioners appointed to lay off the town of Fayetteville in Lincoln County to lay a tax on each retail store, hawker, and peddler doing business in the city which was not to exceed the sum of \$5.00.
2. Acts of 1870-71, Chapter 50, authorized the counties and the cities of Tennessee to levy taxes for county and municipal purposes in the following manner (1) that all taxable property be taxed according to its value upon principles established in regard to state taxation, and (2) the credit of no county or city shall be loaned or given to any person, firm, or corporation, unless a majority of the Quarterly County Court shall first agree to submit the question to a referendum vote of the people and that the referendum be carried in favor then by no less than three-fourths majority. Some counties exempted themselves from the three-fourths margin of approval in the referendum for the next ten years saying that a simple majority would suffice.
3. Private Acts of 1919, Chapter 657, levied a vehicle tax on all carts, buggies, surveys, wagons, traction engines, automobiles, and motorcycles in Lincoln County. The tax was levied in accordance with a schedule of amounts per type of vehicle set up in the act. The county court clerk would collect the tax, register the vehicle and issue a tax to be placed on the conveyance showing the tax had been paid. Fines for violations ranged from \$5.00 to \$50.00 and the Sheriff and his deputies would enforce this law. This act was repealed by Chapter 76, Private Acts of 1935, Item 12, below, and was held to be constitutional against an attack of double taxation in Wilson v. State, 143 Tenn. 56, 224 SW 168 (1920), and was cited as the ruling case in a legislative procedural question posed in State v. Collier, 160 Tenn. 403, 23 S.W.2d 897. Private Acts of 1929, Chapter 558, amended Chapter 657, Private Acts of 1919, above, in Section 1, by reducing the tax on one-horse wagons from \$3.00 to \$2.00 and on all other types mentioned in the schedule the tax was reduced to \$2.00. The clerk must furnish a metal tag to everyone paying the tax to be placed on the particular vehicle which, if it is lost, the vehicle owner must replace at his expense.
4. Private Acts of 1931, Chapter 233, created the position of Delinquent Poll Tax Collector for all counties between the population range of 22,193 and 30,000 which would include Lincoln County. The Collector would be appointed by the County Judge or Chairman, to serve two year terms. All polls not paid by May 1, 1931, and by March 1 of every year thereafter were declared to be delinquent. The Trustee would compose a list of those unpaid on that date and give the same to the Delinquent Poll Tax Collector who would receive 70 cents plus the same fees for collecting as the Trustee. The list as compiled by the Trustee, constituted judgments against those on it and the Poll Tax Collector could issue distress warrants for the amount due. He must use only the receipt books furnished him by the Trustee, could inspect any payroll in the county or other records, issue summons for witnesses and conduct hearings. All monies collected hereinafter would be paid to the Trustee. This act was repealed, as amended, by Chapter 757, Private Acts of 1931.
5. Private Acts of 1931, Chapter 270, amended Chapter 657, Private Acts of 1919, which set up a vehicle tax in Lincoln County by adding a provision at the end of the second paragraph in Section 5 which authorized the county court clerk of Lincoln County to pay to the City Clerk of the cities all tax money generated by the payment of the vehicle tax by residents of corporate cities on

vehicles used primarily within the boundaries of the above mentioned cities and towns. Cities were required to devote these funds to improving and repairing their streets and alleys. This act was repealed immediately by the one below.

6. Private Acts of 1931, Chapter 355, expressly, immediately, and entirely repealed Chapter 270, Private Acts of 1931, above, which would have shared the vehicular tax revenue with the incorporated cities and towns in Lincoln County.
7. Private Acts of 1931, Chapter 518, amended Chapter 223, Private Acts of 1931, in Section 2, by rewriting the first sentence to the effect that all poll taxes levied on eligible male citizens not paid by May 1, 1931, and by March 1 of the year following their due date thereafter were declared to be delinquent, and shall be turned over to the Delinquent Poll Tax Collector. Section 3 made it the duty of the collector to assess any person whom he finds to be delinquent where that person's name is on the Trustee's list or not and add the same to his rolls.
8. Private Acts of 1931, Chapter 757, repealed Chapter 223, Private Acts of 1931, as amended by Chapter 518, in its entirety.
9. Private Acts of 1933, Chapter 75, amended Chapter 657, Private Acts of 1919, Item 3, above, by adding a new Section setting up a privilege tax in Lincoln County on all wagons, traction engines, and automobiles, including trucks, which were used on public highways. The rates were \$2.00 for a wagon, \$5.00 for a traction engine, and \$3.00 for a car, or truck, all to be paid to the county court clerk. People who were liable for the tax could work it out on the public roads according to the schedule of days specified in this act but must notify county officials of their election to work and they would be assigned to some work area. Violators would be punished by fines and imprisonment at the discretion of the judge.
10. Private Acts of 1933, Chapter 258, seems to be a duplicate of Chapter 75, above, which levied new vehicular taxes in Lincoln County.
11. Private Acts of 1935, Chapter 76, expressly repealed Chapter 657, Private Acts of 1919, Item 3, above, in its entirety, as the same was amended.
12. Private Acts of 1949, Chapter 269, was the authority for the Quarterly Court of Lincoln County to levy a privilege tax by Resolution on the owners of motor vehicles operating in the county, taking into consideration the size, weight, and length of the particular vehicle. The tax would be payable to the county court clerk at the same time the State License was being sold and the State license shall not be issued to anyone in Lincoln County until this tax has been paid. The funds would be paid over to the Trustee who would apply the same to a special road and bridge fund. Failure to do so would subject the offender to a fine. This act was repealed by the one following.
13. Private Acts of 1951, Chapter 113, repealed Chapter 269, Private Acts of 1949, Item 13, above, specifically.
14. Private Acts of 1984, Chapter 217, was the first hotel/motel privilege tax for Lincoln County. It has been superseded by Private Acts of 1986, Chapter 192, which is the current hotel/motel privilege tax.
15. Private Acts of 1985, Chapter 103, amended Private Acts of 1984, Chapter 217, primarily by directing that the funds raised by this act be used to enhance public education. This act was never acted upon by local government and its provisions are not included in the current hotel/motel privilege tax for Lincoln County.
