(b) The six (6) members shall be selected in the following manner:

(1) The county executive shall appoint four (4) members of the Hickman County Legislative Body, who shall then be subject to ratification by the Hickman County Legislative Body. The legislative body may approve all four (4) of the commissioners, or may approve less than four (4). Whenever the county legislative body does not approve one (1) of the commissioners so appointed by the county executive, then the county executive shall select another commissioner to so serve, and that commissioner shall be subject to ratification by the county legislative body. The county executive shall continue to appoint commissioners until such time as the county legislative body approves four (4) members. All these members shall be members of the county legislative body. (2) The Superintendent of Schools of Hickman County shall appoint a member who may be a member of the school board, but who does not have to be. That member shall, likewise, be approved by the county legislative body; and likewise, if the county legislative body does not approve such a member, then the superintendent of schools shall appoint another member and such other members until a member is appointed by the school superintendent who is ratified by the legislative body. (3) The Road Superintendent of Hickman County shall appoint a member who may be a member of the road commission, but who does not have to be. That member shall, likewise, be approved by the county legislative body; and, likewise, if the county legislative body does not approve such a member, then the road superintendent shall appoint another member and such other members until a member is appointed by the road superintendent who is ratified by the legislative body.

(c) The appointments provided herein shall be made at the January meeting of the Hickman County Legislative Body, and their ratification or rejection shall be accomplished at such January meeting.

(d) All references in this chapter to the "Hickman County Quarterly Court" or "quarterly court" shall be deemed references to the "Hickman County Legislative Body", "county legislative body", or "legislative body".

As amended by: Private Acts of 1985, Chapter 2

SECTION 2. Four (4) members of the Hickman County Budget Commission, together with the county executive, shall constitute a quorum.

As amended by: Private Acts of 1985, Chapter 2

SECTION 3. That it shall be the duty of said Commission to meet at the courthouse at the county seat on the first Monday in May, 1947, for the purpose of making a careful investigation of the financial affairs, and financial needs of the county for the preparation of a budget and the computation of tax levies to be submitted to the County Court at its July quarterly term for the year 1947, and each year thereafter they shall meet on the first Monday of May and as often as called to meet by the Chairman.

Each department of the county government, and each division thereunder is required to submit an itemized statement of its needs for a period of twelve months beginning July 1st and ending June 30th, to said Commission at its annual meeting the first Monday in May. It shall be the duty of said Commission to make a thorough investigation of each department or branch, and each subdivision thereunder, of the county government, and for said purpose said Commission shall have the authority to examine the records and books of all county officials and to issue subpoena and compel the attendance of witnesses.

Said Commission shall, after a detailed investigation of the needs of each branch or department of the county government, prepare a budget which shall show in detail the exact financial condition of each branch or department of the county government showing the amount of money expended during the past year for each branch or department, and the purpose for which same was expended; the imperative needs of each branch or department of the county government for the current year; the total amount expended by the county government in the past year, and the total amount necessary for the current year, and the rate of taxation necessary in order to provide the amount of revenue necessary and actually needed to

economically and efficiently administer the functions of each department of the county government. The said budget shall show the total tax rate necessary to levy and the rates for each particular purpose.

It shall be the duty of the Commission to examine the tax books and determine the aggregate of the assessment for the preceding year and to determine the probable aggregate of the assessment for the current year, in order that an accurate computation of the rate of taxation necessary may be ascertained. For the purpose of determining these matters the Commission shall have the power to subpoena the Tax Assessor, or other informed person, as a witness. It shall be the duty of the Commission also to determine from the collections of the previous year the probable amount of revenue that will be collected from sources other than county taxes.

It shall be the duty of the Hickman County Legislative Body in fixing the tax rates for the current and subsequent years to do so with proper regard for the recommendation of the commission, but the commission is hereby declared to be advisory only, and no action taken by the commission shall preclude any action by the legislative body in the manner of making out and determining the budget, or for making the various tax levies, or from changing any action of the commission, whether in whole or in part, in any way the legislative body deems right and proper.

Ratification of any budget of the Hickman County Legislative Body may be made only after ten (10) days have elapsed from the time the county commissioners have had an opportunity to see the budget in full.

As amended by: Private Acts of 1985, Chapter 2

SECTION 8. That there shall be included in each annual budget report the amount of bonded indebtedness of the county and the various departments thereof, and warrants outstanding, the amount of interest due on each issue to be paid the current or subsequent year, and the amount of bonds or warrants to be retired during said current or subsequent year and the amount available to meet said payments.

Administration - Historical Notes

Budget System

The following acts once created a budgeting system for Hickman County, but they have been specifically repealed or superseded by current law. Also referenced below is an act which repealed prior law without providing new substantive provisions.

1. Private Acts of 1945, Chapter 392, created a three-member budget committee in Hickman County which would be composed of the county judge, the county trustee, and a third member to be elected by the quarterly county court. The elected member of the budget committee was to be the same person as the elected member of the purchasing committee. The compensation for the third member would be set by the court but could not exceed \$100 a year. The county judge was designated as the budget director, and the fiscal year was to begin on July 1 of each year. The road superintendent, the board of education, the county judge, and other county officials were required to file budget requests for their departments by April 1 of each year, or at least 45 days prior to the beginning of the fiscal year. The budget committee was to prepare the budget by following the steps outlined in the act. The completed budget was to be presented to the quarterly county court at its July session along with an appropriation resolution and a tax levy resolution. The appropriation resolution was to set limits for spending by various departments, subject to

approval by the county judge. Provisions for emergency expenditures were included. A budget accounting system was to be set up and maintained by the office of the county judge, where all records were to be kept. A budget secretary and assistants could be employed to assist the director in implementation of the system. All departments were required to keep records of funds received and disbursed, and report same to the county judge. Failure to do so would be deemed a misdemeanor and subject to a fine.

2. Private Acts of 1947, Chapter 36, expressly repealed Private Acts of 1945, Chapter 392, above, in its entirety.
3. Private Acts of 1957, Chapter 220, was the legal authority for the Hickman County Quarterly County Court to transfer up to \$75,000 from the debt service or sinking fund account to another account to be known as the building account. Withdrawals from said building account could be made to defray the expenses of necessary maintenance of public buildings, provided, however, that no school buildings were to be included in the maintenance program. This act was rejected by the quarterly court and never became effective.
4. Private Acts of 1959, Chapter 79, authorized the quarterly county court of Hickman County to transfer the sum of \$10,000 from the debt service or sinking fund account to the general funds account to be used for promoting the industrial and commercial development of the county. Again, no school buildings were to be included in any program resulting from this act. This act was properly ratified by the Hickman County Quarterly County Court.

He would be paid fees in costs up to \$250 annually, plus \$2.50 for each case in which he represented the state and no costs were adjudged. The county court was authorized to supplement that sum to furnish additional help or pay for extra expenses. The county court could also require the county court clerk to execute bond with a surety company, the premium of which would be paid from the general county fund.

County Legislative Body

The following acts once applied to the quarterly court or the county legislative body of Hickman County and are included herein for historical purposes.

Private Acts of 1822, Second Session, Chapter 143, ratified and confirmed the proceedings of the court of pleas and quarter sessions of Hickman County at the July session which was held at Vernon, in the same manner as if the court had been authorized to assemble at that place. Hereafter, the county and the circuit court would meet and hold court at the courthouse in Vernon.
11. Private Acts of 1822, Second Session, Chapter 210, Section 3, authorized the county court of Hickman County to make an appropriation and direct the trustee to pay over to the umpires appointed by the legislature in 1821, to fix on a site for the seat of justice in Hickman County, the sum of \$4.00 per day for each day there were employed in going to and returning from, and fixing on a site in said county.

This court would be the quorum court of the county.
13. Acts of 1851-52, Chapter 262, Section 7, authorized the election of an additional justice of the peace for the first civil district of Hickman County. His powers and jurisdiction were to be co-extensive with other justices of the peace.

18. Private Acts of 1937, Chapter 803, stated that in Hickman County each justice of the

peace who was duly elected, qualified, and acting as such would be paid \$3.50 for each day of attendance at any regular, called, or special session of the quarterly county court, on warrant signed by the county court clerk and countersigned by the county judge. 19. Private Acts of 1945, Chapter 469, fixed the compensation of the justice of the peace in Hickman County at \$4.50 per day for each day of attendance at any regular, called or special session of the court, which amount would be paid upon warrant signed by the county court clerk and approved by the county judge. 20. Private Acts of 1955, Chapter 93, would have set the per diem payments of the Hickman County Justice of the Peace at \$10 for each day's attendance at the sessions of the quarterly county court, and, in addition, he would be paid five cents per mile for each mile traveled to attend the sessions. This act was rejected by the Hickman County Quarterly Court and never became law .

A violation of this act could bring about fines of up to \$100 for each offense, a forfeiture of the office and any imprisonment which might be handed down by the judge.
2. Private Acts of 1931, Chapter 755, required the county trustee of Hickman County to keep all county road or highway funds, including the funds derived from the state gas tax, separate and apart from other county funds. The trustee was to give additional bond to cover said funds and could pay these funds out only on warrants drawn and signed by the chairman of the county board of highway commissioners, countersigned by the county road superintendent and approved by the county judge or chairman. The trustee was further obligated to furnish to the county board of highway commissioners monthly statements showing the balance of the road account. The trustee, for failure to abide by the terms of this act, could be fined from \$100 to \$500, imprisoned at the discretion of the judge and forfeit the office.
3. Private Acts of 1933, Chapter 604, fixed the compensation of the Hickman County Trustee at \$1,800 each year, payable in equal monthly amounts. The quarterly court was given the authority to supplement this amount as was necessary to provide the trustee with assistance or help pay any extraordinary expenses. The quarterly county court could require the trustee to make bond, and pay the premium for the trustee out of the general county funds.
4. Private Acts of 1933, Chapter 606, stated in the preamble that the bond of the Hickman County trustee was set at \$150,000, which was four or five times double the amount of money handled in the office; therefore, the amount of the bond was reduced to \$75,000 for all purposes.

Fines for violations could run from \$10 to \$50 and grand juries were granted inquisitorial powers under this law.
16. Private Acts of 1931, Chapter 762, rendered it lawful to fish in any of the streams flowing through Hickman County with wire, split wooden or cotton hoop baskets, for home use or consumption, but not for sale and shipment. Any person doing so under the terms of this act was obliged to comply with all the other laws of this nature concerning Hickman County. Those convicted of violations could be fined from \$5.00 to \$25.00 before any justice of the peace in the same manner as any other misdemeanor case. All conflicting laws were repealed.
17. Private Acts of 1931, Chapter 763, was a duplicate of Private Acts of 1931, Chapter 610.
18. Private Acts of 1933, Chapter 232, provided that all people could lawfully fish in Hickman County

without having to buy a license, but must observe all the regulations of the state and the closed seasons as the same were scheduled under state law. Residents could take and capture carp, red and black horse fish, suckers, and buffalo by grab hooks from a line attached to a fishing pole at all seasons of the year in the said county, provided they had written permission from the owner of lands through which the streams passed. It was likewise lawful to trap, sell, and buy red and gray foxes from November 15 through the following February 15, and rabbits could be killed at any time during the year. A resident was required to buy a license and pay \$2.00 in order to sell fish to other residents.

19. Private Acts of 1933, Chapter 462, made it a legal act in Hickman County for resident citizens to hunt and catch game without a license, but this act applied only to residents. It was also lawful to buy and sell furs and hides in the County without a license. This act was not to be construed to confer any rights or benefits to Hickman County residents other than the ones above mentioned.
20. Private Acts of 1935, Chapter 583, was substantially a repetition of the provisions of Private Acts of 1929, Chapter 547 which allowed residents of Hickman County to have and keep in their possession squirrels, quail, coons, foxes, opossums, or any other wild fur bearing animals and birds as pets. All conflicting acts were repealed.
21. Private Acts of 1935, Chapter 763, was a revision of Hickman County's game and fish laws. It was lawful for residents to hunt and fish without a license, but not during closed seasons, and provided that all other game and fish laws were to be observed. Residents were allowed to take and capture carp, red and black horse fish, suckers, and buffalo by grab hooks at any time, but permission from the land owner must be secured when fishing off one's own land. It was lawful to catch, trap, buy, and sell red and grey foxes between November 15th and the following February 15th, while rabbits could be killed at any time. To take any game fish between April 15th and June 15th each year was contrary to the law. Commercial fishermen were required to buy licenses for \$2.00, and a fee of \$5.00 per basket for basket fishermen was established. Any resident of Hickman County could hunt without a license, provided all other laws were strictly observed. All conflicting laws were repealed.
22. Private Acts of 1937, Chapter 331, authorized J.F. Cotner, a resident of Hickman County and a practitioner of veterinary surgery for a number of years, being a person of good moral character, and over 21 years of age, to continue in the practice of veterinary surgery under the same regulations as others in the County. Cotner was required to file proof of the above-stated facts with the state board of veterinary examiners who would thereupon issue him a license to practice veterinary medicine and surgery in Hickman County.
23. Private Acts of 1937, Chapter 404, directed the election commission of Hickman County within ten days from the passage of this act to hold an election on the question of a "No Fence Law". The substance of this act was essentially the same as that of Private Acts of 1925, Chapter 747
24. Private Acts of 1937, Chapter 783, provided that it would not thereafter be unlawful for any person to take fish in Hickman County where such fish were taken by hook and line (excluding trotlines), using natural bait, without having to procure a license to do so.
25. Private Acts of 1941, Chapter 106, made it the duty of the Hickman County Election Commission to issue notice within seven days after passage of this act to hold an election. Said election was to be held 10 to 20 days after issuance of said notice for the purpose of ascertaining the will of a majority of the voters of the county upon the question of a "No-Fence Law". The cost of holding said election was to be paid for in the same manner as general elections. Within five days after the election, results were to be certified to the Hickman County Representative and Senator in the general assembly.
26. Private Acts of 1945, Chapter 293, allowed Horace M. Copley, of Centerville, being of good moral character, over 21 years of age, and a practicing veterinarian for over six years, to continue the practice of veterinary medicine in Hickman County. A certified copy of this act was all that he needed as a license to practice.
27. Private Acts of 1955, Chapter 406, stated that after the effective date of this act it was to be lawful to use a hoop net or basket for the taking of game fish. Said nets or baskets were required to have a muzzle of not more than 30 inches in diameter and a length of not more than seven feet. The mesh could be no smaller than 1 ¼ inches. Nothing herein was to be construed as legalizing commercial fishing or permitting the sale of game fish under any circumstances in Hickman County. This act was repealed by Private Acts of 1965, Chapter 290.
28. Private Acts of 1963, Chapter 144, would have specifically repealed Private Acts of 1951, Chapter 537, but was rejected by the Hickman County Quarterly Court and thus had no effect.

29. Private Acts of 1965, Chapter 290, expressly and entirely repealed Private Acts of 1955, Chapter 406.

Chapter III - Bond Issues

Bond Issues - Historical Notes

A listing of the acts which authorized various bond issues for Hickman County is included below for reference purposes, although these acts are no longer current. Also referenced below is an act which repealed prior law without providing new substantive provisions.

Debts

1. Acts of 1909, Chapter 76, was the legal authority for the Hickman County Quarterly Court to issue and sell up to \$50,000 in bonds, at an interest rate of no more than 4½%, and which would mature no later than 20 years from the date of issue. The purpose was to provide funds to pay off the outstanding debts of the county which consisted of bridge, jail, and other warrants which had been issued and unpaid. All the essential details of valid bond legislation were included in the act with the obligations that a tax levy be made each year to amortize the bonds and that proper and adequate records be kept of all transactions.
2. Private Acts of 1911, Chapter 94, was the enabling legislation for the quarterly county court of Hickman County to issue up to \$50,000 in bonds, at an interest rate not to exceed 5%, and to mature no later than 20 years from the date of issue, to furnish the money with which outstanding debts consisting of bridge, jail and other unpaid warrants could be liquidated. All funds were to be handled by the county trustee and the county judge was mandated to keep proper records. All the essential details were included in the act.
3. Private Acts of 1915, Chapter 197, allowed the Hickman County Quarterly Court to issue up to \$15,000 in bonds, at an interest rate of 5%, or less, which were to be amortized over a maturity schedule not to exceed 30 years, to provide the funds to pay off all the debts represented by bridge warrants. All details of the form of the bonds and the method of issue and sale were contained in the act. The trustee was to handle all the funds and the county judge was to keep proper records of same. A tax levy for the sinking fund was mandated, and if there was any surplus from the sale of said bonds, the same would be kept in the sinking fund.
4. Private Acts of 1927, Chapter 518, authorized the quarterly county court of Hickman County to issue the county's negotiable bonds up to \$32,000 at an interest rate of 5½%, or less, maturing over a schedule of \$2,000 annual payments until paid off. These funds would be used to refund some 6% courthouse warrants previously issued. All the essential details to issue general obligation bonds were contained in the act.
5. Private Acts of 1927, Chapter 831, allowed Hickman County's Quarterly County Court to issue and sell bonds in an amount not to exceed \$20,000, at an interest rate of 5½%, or less, which would be liquidated at the rate of \$2,000 annually for the purpose of paying off outstanding warrants. The bonds were to be general obligation bonds, the details of which were to be incorporated within a resolution of the court. The mandatory tax levy for the sinking fund was required.
6. Private Acts of 1929, Chapter 598, permitted the Hickman County Quarterly Court to issue up to \$50,000 in bonds, at a rate not to exceed 5½%, and to mature in 25 years or less, to retire certain outstanding debts of the county, evidenced by warrants. The effectiveness of this act depended upon its approval by the people voting in a referendum. All valid bond issue details were included in the act.
7. Private Acts of 1941, Chapter 103, ratified, confirmed, validated, and approved all the prior actions of the quarterly court of Hickman County in connection with the issue and sale of \$50,000 of funding bonds, dated January 1, 1941, at 3% interest, payable semi-annually on January 1 and July 1 of each year. These bonds were declared to be the general and incontestable obligations of the county, notwithstanding any lack of statutory authority for the issuance of said bonds.
8. Private Acts of 1945, Chapter 123, authorized the Hickman County Quarterly Court to issue and sell \$75,000 in bonds at a maximum rate of interest of 4%, maturing at a schedule to be set by the court, said bonds were to be sold by a committee made up of the county judge, county trustee, and county court clerk. The use of the proceeds was not to affect the legality of the bonds.

Municipal Building - Workhouse

1. Private Acts of 1935, Chapter 191, was the enabling law for the mayor and aldermen of

Centerville to issue up to \$25,000 in bonds under the conditions stipulated in the act and for the purpose of matching a like amount from Hickman County with which to erect a County-Town Municipal or Work House Building. The interest rate was pegged at 5%, or less, and the maturity schedule at 20 years. The mayor and aldermen of Centerville and the quarterly court of Hickman County had both adopted resolutions incorporating the above pursuant to a referendum in which three-fourths of the people voting approved the same.

2. Private Acts of 1935, Chapter 192, stated in the preamble the same facts reported in Item 1, above, insofar as they related to Hickman County. This act was the authority for the county to issue up to \$25,000 in bonds at a maximum interest rate of 6%, and a maturity schedule not to exceed 20 years. This act authorized the county judge to appoint a three-member committee to supervise the bond issue for the county, and also authorized the quarterly court to levy and collect a sufficient ad valorem tax on real property and a special privilege tax on businesses to pay the interest on the bonds.

Roads

1. Acts of 1909, Chapter 537, required that an election be held in the county to determine whether or not a bond issue not to exceed \$100,000 would be made to build turnpikes and otherwise improve public roads in Hickman County. A 20 day notice of the said election must be made which would be held under the general election laws of the state. The returns must be certified to the county judge by the election commission, and, if favorable, the judge would cause the bonds to be issued under the terms and conditions specified in the act, which included a maximum interest rate of 5%, and a mandatory tax levy to amortize the bonds. The county court would select the turnpikes to be built, or improved, but all of them must radiate from Centerville. The county court would appoint three commissioners to supervise all phases of the program who would make periodic inspections of the roads and report their status to the court.
2. Private Acts of 1913, Chapter 54, was the authority, subject to approval by the people in a referendum held for that purpose, to issue and sell up to \$200,000 in bonds, at an interest rate of 5%, or less, which would mature over a schedule not to exceed 50 years from the date of issue. The referendum ballot would contain simple "For Road Bonds" or "Against Road Bonds" votes. If the vote was favorable, the bonds were to be sold under the direction of the county judge, the county trustee, the county court clerk, and J. B. Walker and Sam Whitson, who were named in this bill. The act further designated a road commission. The commissioners could appoint a secretary at \$15 a month and draw \$1.50 per day for their own services. They could also hire an civil engineer who would be paid an amount not to exceed \$2,000 annually. Several roads were listed in the act on which these funds were to be spent first, and the engineer was obligated to issue specifications for each road which were to be strictly observed.
3. Private Acts of 1913, Chapter 240, amended Private Acts of 1913, Chapter 54, Section 5 (Item 2, above), by changing the time limit within which the required referendum was to be held on the question of the bond issue, from 40 days to 120 days, and by allowing people to vote in the election without a poll tax receipt. Section 13 was amended to give the road commission the power to select the roads which were to be improved, provided the commission gave the county court clerk at least twenty days' notice of the identity of these roads by filing a list of the same with him.
4. Private Acts of 1921, Chapter 955, was the enabling act for the quarterly county court of Hickman County (identified by the use of the 1920 Federal Census figures) to appropriate for the purpose of road construction and highway improvement any county money not otherwise set aside; and, if none was available, the court was empowered to issue short term notes, or bonds in the required amount of the appropriation. The amount of money borrowed, or bonds issued, could not exceed 3% of the total property values in the county. The details of the bond form and sale were included, including a maximum interest rate allowable of 6%, and a maturity schedule which was not to exceed 40 years. All the road work would be under the supervision of the quarterly court, which could appoint from three to five of their members to be in immediate charge. The commissioners were to be compensated at a rate of \$3 per day for each day devoted to these purposes. The detailed method of letting and supervising contracts and of acquiring rights-of-way were provided.
5. Private Acts of 1923, Chapter 200, expressly and entirely repealed Private Acts of 1921, Chapter 955.
6. Private Acts of 1933, Chapter 165, recited in the preamble that Hickman County owed large sums of money on bonds which had been previously issued for road purposes. This indebtedness had contributed greatly to a rise in property taxes which were overburdening the farmers. Since the

county had a good road system which could be maintained by the gasoline tax, this act authorized the county trustee to take one-half of the gasoline tax funds and apply it to the payment of any deficit, or overdraft, in the account of the Hickman County Highway Commission. When this account was paid up to date, the trustee was to continue to apply these funds to the "Special Sinking Fund" to pay off other bonds issued in the road programs

Boundaries - Historical Notes

The following is a summary of acts which authorized boundary changes for Hickman County.

1. Acts of 1809, First Session, Chapter 7, stated that on the first Monday of next March an election would take place in Hickman County to elect five commissioners to establish a permanent seat of Justice in the county. The commissioners, after being sworn by the oath in this law, would select a place as near the central portion of the county as possible and proceed to acquire at least 30 acres of land at that point which they would lay off into streets, alleys, and lots, reserving 2 acres in square form for the public square. The lots were to be sold and the money used to build the courthouse, prison, and stocks in the county seat, and, if the funds were insufficient, the quarterly court could levy a tax to complete these structures. The commissioners would be compensated at the court's direction and the town herein provided for would be called Vernon.
2. Acts of 1809, First Session, Chapter 31, created Humphreys County and mentioned Hickman County several times in the description of the new county. However, it seems there were no territorial changes in Hickman County as a result of this act.
3. Private Acts of 1819, Chapter 108, appointed David Lowe, Joel Walker, John T. Primm, and Joseph Lynn, as commissioners, to run and mark the boundary line of Hickman County so as to reduce its land area below the constitutional limit of 625 square miles. The commissioners would appoint a surveyor, not a Hickman County resident, to run and mark the line aforesaid, beginning at the point stipulated in the act. The commissioners would assist the surveyor as chain bearers while running the line. After said line has been run and the reduction in the area made, the commissioners would select a site as near the center as possible for the county seat, purchase at least fifty acres and lay the same out in streets, alleys, lanes, and lots, reserving two acres in the most convenient place for the public square. The commissioners must be sworn and bonded and then would sell the lots under the minimum conditions established in the act, using the proceeds to build a courthouse and prison in the town. Nothing herein would be construed as removing Vernon from consideration as the county town. The line run by William B. Ross as the dividing line between the counties of Dickson and Hickman would remain as such, and the town herein directed to be laid off would be called Canton. If the commissioners could not agree on a location then Col. Robert Weakley, of Davidson County, Major James Fentress, of Montgomery County, and Col. Archer Cheatham, of Robertson County, would be called in as umpires to settle the question.
4. Private Acts of 1819, Chapter 149, Section 2, declared that all of that part of the county north of Wayne County and south of Hickman County was annexed as a part of Wayne County to be governed by the same regulations as were other parts of the county.
5. Private Acts of 1821, Chapter 150, appointed Henry Harden, Edward Nunley, David Curry, and James McNealy, as commissioners, to superintend the running and marking of the boundary line of Hickman County so as to reduce the area of that county to its constitutional limits. The commissioners were to employ a competent surveyor to run the line starting at the point designated in the act and to make a chart of it. The commissioners would assist the surveyor as chain bearers and markers. The center of the county was to be located using the method prescribed in this act and the commissioners would acquire 50 acres, laying the area of into streets, alleys, lanes, and lots which would be sold to finance the construction of a courthouse, prison, and stocks on the two acres reserved for the public square of the city to be named Centerville. Sterling Brewer, Dickson County, James Fentress, Montgomery County, and George Isham, Lawrence County, were designated umpires to settle any controversy which might arise. The county and circuit courts would meet at Centerville as soon as facilities were available.
6. Private Acts of 1822, Second Session, Chapter 145, named James Young and William Carothers, Senior, as two more commissioners who would have same authority as the others appointed to select a county seat for the county. If they could not agree, the quarterly court, a majority being present, would choose one or more added commissioners to break the tie. The county court would adjourn to Centerville at any time after the lots were sold, and all writs and process returnable to Vernon would be changed to Centerville.
7. Private Acts of 1822, Second Session, Chapter 210, allowed Molton Dixon to charge the county of Hickman the rate of \$3.00 for each day necessarily engaged in running the lines and centering the same, and employed in making out maps for Hickman County.
8. Acts of 1845-46, Chapter 62, Sections 4 and 6, changed the lines between Hickman County and

Perry County by attaching to Perry County the territory described therein. An election was to be held for all qualified voters living within that territory to vote for or against being attached to Perry County.

9. Acts of 1853-54, Chapter 92, altered the lines between Hickman County and Maury County so as to include the farm and residence of Phillip Hoover in Hickman County. He was to have all the rights and privileges as all other citizens of the county.
10. Acts of 1855-56, Chapter 55, changed the boundaries between Hickman and Lewis counties so as to include the lands and dwelling of Jesse G. Thompson in Lewis County.
11. Private Acts of 1857-58, Chapter 85, Section 24, placed the land and residence of William P. Kelly wholly within the fourteenth civil district of Hickman County.
12. Private Acts of 1857-58, Chapter 129, Section 6, changed the line between Hickman County and Maury County so that the portion of land belonging to Phillip Hoover which was located in Maury County would thereafter be included in Hickman County.

17. Public Acts of 1868-69, Chapter 31, restored all the lands taken from the counties of Maury, Hickman, Lawrence, Wayne, and Perry to form Lewis County back to the original county and repealed the act creating Lewis County and those conflicting with this act. Lewis County was later reconstituted.
18. Public Acts of 1869-70, Chapter 30, reconstituted Lewis County and repealed the above act. Details for administrative and judicial procedures were included which reinstated all the Lewis County officials and courts as they formerly existed.
19. Public Acts of 1869-70, Chapter 88, repealed Section 2 of the act which restored Lewis County to the counties from which it was taken, restoring the line between Perry County and Hickman County as it formerly existed, and the property and polls within the area would be listed for the year 1870 in Hickman County.
20. Public Acts of 1871, Chapter 103, rearranged the boundary lines between Hickman County and Lewis County so that all the lands owned by Jesse M. Grinnell, near the mouth of Indian Creek in Lewis County, provided the legal and constitutional rights of Hickman County were not interfered with.
21. Public Acts of 1883, Chapter 59, changed the boundary lines between Maury County and Hickman County so that a small portion of land belonging to R. C. Gordon, as particularly described in the act would be included wholly within Maury County.

25. Private Acts of 1901, Chapter 285, provided that the county surveyors of Hickman County and Perry County with one chain carrier from each county, none of whom were allowed to have any personal interest in this matter, or the officials connected with it, would meet within 90 days from the passage of this act and resurvey and mark the line between the counties extending north from where the same crosses Cane Creek to its northern terminus, beginning at the point where the line is known to cross Duck River, or at some other point well known north of the creek. The parties would be sworn and bonded before commencing this undertaking. If the two surveyors failed to agree they would choose a third surveyor and a majority of the three would determine

the line. Proper reports and accurate maps must be made as the program progressed.

Court System - Historical Notes

Board of Jury Commissioners - Jurors

The following acts once affected jurors or boards of jury commissioners in Hickman County, but are no longer operative.

1. Acts of 1905, Chapter 461, provided for a four-member board of jury commissioners in Williamson County who would be appointed by the circuit judge, or judges, or the judges having criminal jurisdiction. They must be resident householders, non-attorneys, no state or county official, and have no suit pending in the courts, all of whom would serve four year terms on the board. The members must be sworn by the oath in the act and would select one of their members as chairman, and the circuit court clerk would be the clerk. Biennially on the first Monday in July, or 30 days after, the board would meet and select from the tax rolls, as other public sources, a list of honorable, upright citizens containing one-fifth of the number who voted in the last presidential election, but no more than 4,000 names, nor less than 250 names, who would constitute the jury lists for the next two years. Their names would be entered alphabetically in a book provided by the clerk and the list certified by the board members. Two-fifths of this number would be chosen by the board as grand jurors and their names were to be compiled and certified. Their names would also be placed on cards and the cards deposited in two separate boxes which were to be locked and sealed and not opened except in the presence of the board or the judge. The number of names required by law would be drawn from the box and then placed in second compartment after serving for two weeks as jurors. At least five days before court began the sheriff would summon the jurors who could not be excused except by the judge. Provisions were incorporated for raising special panels of jurors and for replenishing the box if the same should become exhausted. Names of jurors were not to be revealed under any circumstances until they were summoned for duty.

2. Private Acts of 1911, Chapter 642, amended Acts of 1905, Chapter 461, by adding the proper population figures to make Chapter 461 applicable to Hickman County as effectively and in all respects as it had been applied to Williamson County.
3. Private Acts of 1917, Chapter 427, also applied to Williamson County (by the 1910 Federal Census figures) but was also adopted by Hickman County. This act set up a fourmember board of jury commissioners with the same qualifications as before, appointed by the circuit judge. Two were to serve until for two years and two for four years, and then each pair for four-year staggered terms thereafter. They were to select a chairman from among themselves after being sworn in according to the oath in the act and the circuit court clerk, sworn to confidentiality, was to be the secretary. On the first Monday in June, or within 20 days after, they were to select a number of names equal to one-fifth of those voting in the presidential election from the tax rolls of the county, or from other sources of public information. These would serve as petit jurors for the next two years. Two-fifths of this number was to be chosen as grand jurors. The administrative details corresponded to those mentioned in the 1905 Act, above, insofar as the selection of names and summoning of jurors were concerned.
4. Private Acts of 1923, Chapter 86, made all the provisions of Private Acts of 1917, Chapter 427, above, applicable to Hickman County as fully as if enacted for that county.
5. Public Acts of 1937, Chapter 196, was the legal authority for the Judge of the seventeenth judicial circuit to appoint minute clerks in the counties of his circuit who would hold office for two years. The appointment was to be made at the same time the foreman of the grand jury was appointed, so that their terms would coincide. The minute clerk was to be a member of the grand jury with equal power and authority as other members, and was to keep minutes of meetings and record events as they transpired. The minute clerk was to be paid \$4.00 per day for each day the grand jury was in session out of the county treasury. The judge was to fill any vacancy which might occur.
6. Public Acts of 1939, Chapter 67, amended Public Acts of 1937, Chapter 196, Section 6, by adding a provision which removed Hickman County from the terms and conditions of that act, thus leaving no minute clerk for the grand jury to be appointed in that county.
7. Private Acts of 1949, Chapter 132, provided that in Hickman County, (identified by the use of the 1940 Federal Census figures) the foreman and clerk of the grand jury were to be paid at the rate of \$8.00 per day for time actually spent in the discharge of their duties, and the other jurors, both grand and petit, was to be compensated at \$4.00 per day for each day served. However, no pickup juror would be entitled to compensation unless serving for more than one day.
8. Private Acts of 1953, Chapter 133, provided that in Hickman County, grand juries were to be composed of 13 members who would elect one of their number as foreman. Each foreman so selected was to possess the same qualifications, perform the same duties and receive the same compensation as was provided for the foremen of grand juries under the general law of the state. Each grand jury foreman would hold office for and during the term of court for which he was selected.

and in Hickman County the circuit court clerk would receive \$750 per annum.

3. Private Acts of 1921, Chapter 458, provided that the clerks of the circuit court in Hickman County (identified by the 1920 Federal Census figures) would receive \$1,000 per year as compensation, provided a sworn, itemized statement showing all the fees collected in the office was filed with the county judge or chairman on January 1 and July 1 of each year. The county would pay any insufficiency between the fees and salary and the clerk could keep the overage.

Public Acts of 1976, Chapter 512, was a second special public act which created an additional office of full-time assistant district attorney general for the seventeenth judicial circuit, to be appointed by the district attorney general of said circuit. The remainder of the act was essentially the same as the act which created the position initially.

Education/Schools - Historical Notes

Board of Education

The following acts once affected the board of education in Hickman County but are no longer operative. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1907, Chapter 236, set up a board of education in every Tennessee County, abolishing the position of school directors in the county, and required the quarterly court to divide the county into five districts from each of which one member of the board of education would be elected by the people in the district. The duties of the chairman, the secretary, and the other members of the board were all itemized. The school superintendent would be ex officio secretary to the board. A local board of three members would be elected in each district as an advisory board to serve two year terms whose responsibilities were likewise stipulated in the act which included the formation of a scholastic census and the keeping of attendance records. The act did not apply to city school systems and nine counties, not including Hickman, were exempted from this law in Section 17. See Whitthorne v. Turner, 155 Tenn. 303, 293 S.W. 147 (1927).
2. Acts of 1909, Chapter 302, amended Public Acts of 1873, Chapter 25, a statewide educational act, beginning with Section 10, and created a county board of education composed of one member from each civil district, the county judge, or chairman, and the superintendent of public

instruction who would be ex officio chairman of the board. Members would be elected by the people on the first Thursday in August, 1910, to serve two year terms. The superintendent would fill any vacancies until the next general election. The duties of the chairman, the secretary, and the members of the board were all itemized in the act, including the taking of an annual scholastic census. Proper and accurate reports were required to be submitted in accordance with the terms of this act. This act was applicable to Hickman and nine other counties by the quotations of population figures denoting them.

3. Private Acts of 1911, Chapter 564, amended Acts of 1907, Chapter 236, by striking out several of the federal census population figures that were listed at the end of the original act, thus making said act applicable to counties falling within those population figure ranges. This amendment had no effect on Hickman County, as the act was already applicable to said county.
4. Public Acts of 1915, Chapter 48, amended Private Acts of 1911, Chapter 564, by striking out one set of population figures and inserting the population figure range which contained that population figure for Hickman County for 1910, thus making the original act no longer applicable to Hickman County.
5. Private Acts of 1929, Chapter 671, established a board of school commissioners in Hickman County, consisting of seven members, one from each of the seven school districts described in the act which were composed of whole civil districts. The members would be elected to two year terms in August, 1930, and the quarterly court would fill all vacancies until the next general election. All candidates for the board were to be qualified as set forth therein, and were to be paid \$5.00 per day for each day actually served, up to 15 days annually. The board was to meet in regular session on the first Monday in March, June, September, and December. The superintendent of schools was to be ex officio secretary of the board. The board was to have overall supervision and control of all public schools, the old board being abolished as of September 1, 1930.
6. Private Acts of 1933, Chapter 468, amended Private Acts of 1929, Chapter 671, Section 3, paragraph 3, above, by striking the \$5 per day compensation for members of the school board and inserting \$4.00. The act also created an eighth school district by taking the second civil district out of the third school district and the fifteenth civil district out of the seventh school district and combining the two to form a new school district.
7. Private Acts of 1937, Chapter 136, amended Private Acts of 1929, Chapter 671, Section 3, by requiring that the per diem compensation for the members of the board of school commissioners be paid, in the future, out of the elementary school funds of the county in place of the general funds of the county.
8. Private Acts of 1945, Chapter 396, amended Private Acts of 1929, Chapter 671, Section 2, by creating an eight-member board of school commissioners, one to be elected by the people from each of the eight school districts, with four to serve two-year terms, and four to serve four-year terms. Hickman County was divided into eight school districts, composed of whole civil districts. No justice of the peace, or county officer, was to be eligible to serve as a member. Members would be paid \$4.00 a day for each day devoted to attendance at meetings of the board and to other duties, not exceeding 15 days each year.
9. Private Acts of 1955, Chapter 98, provided that in Hickman County (identified by the use of the 1950 Federal Census), members of the board of education were to be paid the sum of \$10 per day for each and every day actually attended at all board meetings, and, in addition, the sum of five cents per mile for each mile necessarily traveled to attend the meetings. This act was rejected by the quarterly court and therefore never took effect in Hickman County.
10. Private Acts of 1959, Chapter 146, stated that members of the board of education in Hickman County would be paid for their attendance at all meetings of the board of education \$10 per day for each and every day actually attended plus five cents per mile for each mile traveled between home and the meetings of the board. This act recited that the governor returned this bill unsigned after keeping it five days, which placed it in effect, but, then the quarterly court of Hickman County failed to ratify it and thus nullified it entirely.
11. Private Acts of 1965, Chapter 272, also stated that members of the board of education of Hickman County (designated by the 1960 Federal Census population figure) were to be paid for their attendance at all meetings of the board of education the sum of \$10 per day, and also the sum of 5 cents per mile for each mile necessarily traveled to attend said meetings. This act was subsequently repealed by the current act in force, Private Acts of 1992, Chapter 234.
12. Private Acts of 1969, Chapter 85, amended Private Acts of 1945, Chapter 396, by redistricting Hickman County into five school districts which were composed of whole civil districts. The present

commissioners were to remain in office until their terms expired and then one commissioner would be elected from each of the five school districts. This act was to repeal Private Acts of 1929, Chapter 671, in its entirety, but was rejected by the Hickman County Quarterly Court and never became law.

13. Private Acts of 1992, Chapter 234, and all other acts amendatory, divided Hickman County into 5 school districts and provided for the number, election and terms of members of the board of education. This act was repealed by Private Acts of 2002, Chapter 108.
14. Private Acts of 1992, Chapter 242, was to have divided Hickman County into five school districts and repeal Private Acts of 1929, Chapter 671; Private Acts of 1933, Chapter 468; Private Acts of 1937, Chapter 136; Private Acts of 1945, Chapter 396 and Private Acts of 1965, Chapter 272, but that act was never ratified locally and therefore never became law.

The compensation would be paid in equal monthly installments.

Elections - Historical Notes

Districts - Reapportionment

The acts listed below have affected the civil districts in Hickman County, but are no longer operative regarding elections. Also referenced below is an act which repeals prior law without providing new substantive provisions.

1. Public Acts of 1835-36, Chapter 1, required the general assembly to appoint commissioners in each county to divide the said county into civil districts, the number of districts depending on the population of the county. a county with 3,000 qualified voters would have 25 civil districts, 2,500 qualified voters meant 20 civil districts. Resolution #3 appointed Alfred Durdon, George Perry, John Depriest, Jonothan Reaves, and Alexander Graves, as the commissioners for Hickman County. Two justices of the peace and one constable would be elected in each district except the one with the county seat which would have three justices of the peace and two constables.
2. Acts of 1847-48, Chapter 152, Section 2, divided the third civil district of Hickman County making the Duck River the dividing line. All the district lying on the south side of the River would be No. 3 and all that lying north of the said river would be No. 13 where the election would be held at the house of John Bibb and the election would be held in the third in the same place as formerly.
3. Private Acts of 1857-58, Chapter 20, created the fourteenth civil district of Hickman County beginning one-quarter of a mile from Stanfill's Mills on the Williamsport Road, running to the nearest point of Swan Creek, leaving Mrs. Stanfill and John McGill in District #1; thence up the said creek with its meanders and on to the dividing ridge between Short and Fall Branch, thence with said ridge to the old Natchez Road; east with the same to the old well, thence on a line to what is called the Robert Totty Road where the same intersects the Williamsport and Centerville Road; thence back to the beginning. This civil district would have the same number of officers as

the others. The first election would be at Wheat's Shop in next March when the other elections take place.

4. Private Acts of 1859-60, Chapter 31, created the fifteenth civil district in Hickman County, beginning at the mouth of Buck Branch, running up said branch to the line of the fourteenth civil district; thence with that line west until it reaches what is called Tatty Road and thence with the road and the old green road to the river; thence up the river to the beginning. The place of voting, until decided otherwise, would be at or near the house of Nathaniel Young, Esquire, for all the county elections which would be conducted under the same laws as all other elections. This precinct would have regular election officers as the other voting places enjoyed.
5. Acts of 1905, Chapter 503, set up eight civil districts in Hickman County. The first civil district would remain as it was, the second district would include the old second and fourteenth district; the third district was composed of the old third and fifteenth district; the fourth civil district contained the old fourth and thirteenth districts; the fifth civil district had the old fifth and sixth districts; the sixth district included the old seventh and eighth; the seventh district was the old ninth and tenth and the eighth district was made up of the old eleventh and twelfth districts. The county court had the authority to rearrange the size of the civil districts but could not change the number. Two justices of the peace and one constable would be elected in each except in the first civil district which would have three justices of the peace and two constables.
6. Acts of 1909, Chapter 466, repealed Acts of 1905, Chapter 503, Item 5, above, and restored the fifteen civil districts of Hickman County as they existed before the passage of that law, dated August 1, 1906. Voting precincts would remain as they were constituted and the quarterly court could rearrange boundaries to a limited extent.

SECTION 2. That this Act shall take effect from and after its passage, the public welfare requiring it.

Health - Historical Notes

The following summaries are included herein for reference purposes.

1. Private Acts of 1925, Chapter 755, amended Public Acts of 1915, Chapter 50, Section 1, the general law of the state on the subject, so as to make any licensed physician qualified to hold the position of county jail physician or health officer in Hickman County (identified by the use of the 1920 Federal Census figure).
2. Private Acts of 1961, Chapter 162, was the legal authority for the quarterly county court of Hickman County to lease any county hospital constructed, or to be constructed, to any person, persons, firm, or corporation upon such terms as might be mutually agreed upon between the parties. This act was rejected by the Hickman County Quarterly Court and therefore never took effect.
3. Private Acts of 1963, Chapter 109, created a board of trustees in Hickman County, which was to have full charge of the operation of the Hickman County Hospital in Centerville. The board was to have complete authority and responsibility for the management and control of the hospital facilities and the selection of the hospital staff, being given nine specific grants of power in Section 2. The board was to have five members, who were to be paid \$5.00 per month, ten cents per mile for each mile traveled in the business of the hospital, and reimbursed for their legitimate expenses. The county judge was to serve as chairman of the board and the county attorney was to serve in an advisory capacity, only, but neither would have a vote on matters brought before the board. The county was divided into five zones from each of which one member of the board would be elected. The act named the first board of trustees, who along with all future members, were required to meet all the qualifications stipulated in the act. All vacancies were to be filled by the quarterly court until the next general election. The board was to meet on the fourth Tuesday of every month at such hour as the board might decide but the day and time of meetings could be changed by the board. The board was to hire a hospital administrator who was required to meet the standards prescribed in the act, perform the duties specified therein, be paid as the board determined and keep books which were to be independently audited at least once each year. The board was to report the financial status to the county court. If necessary, the quarterly court could levy a tax for the support and maintenance of the hospital. This act was rejected by the quarterly court of Hickman County, thus rendering the same ineffective.
4. Private Acts of 1967-68, Chapter 58, would have specifically repealed Private Acts of 1953, Chapter 183, relative to the authority of the county physician but was rejected by the quarterly court of Hickman County and never became law.

Highways and Roads - Historical Notes

The following is a listing of acts which once had some effect upon the county road system in Hickman County, but which are no longer operative. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1813, Chapter 133, appointed Alexander Gray and Garret Lane of Hickman County, and Robert Hill, William Cathey and William Stocklard of Maury County as commissioners of the Duck River navigation, from Gordon's Ferry to the mouth thereof. The duties of the commissioners were described in addition to a tax which was to be levied by the Hickman County Court to raise \$110 for the commissioners.
2. Acts of 1843-44, Chapter 117, Section 3, named Samuel B. Moore, Robert Shegog, and Boling Gordon, of Hickman County, plus several others from Maury County, as commissioners to sell stock up to \$20,000 for the purpose of navigating the Duck River with steamboats. The private estate of the stockholders were declared to be liable for the debts of the company which remained unpaid.
3. Private Acts of 1859-60, Chapter 3, Section 8, appointed Pleasant Walker, Horatio Clagett, P. M. Hornback, George W. Stanfill, T. P. Bateman, William Grigsby, H. A. Shoule, J. P. Baird, S. J. George, James D. Easley, Stephen Worley, George Kennedy, and such others as they might select, as commissioners to open books and sell stock to build a turnpike road from Centerville to Columbia in Maury County when a sufficient amount of stock was sold the commissioners could then form a corporation under the terms and conditions best suited for their enterprise.
4. Private Acts of 1859-60, Chapter 127, Section 37, named William G. Clagett, S. J. George, G. W. Stanfield, J. R. Eason, L. P. Lotty, J. M. Baird, Z. Hassell, G. W. Brutton, N. C. Weems, W. Walker, B. Gordon, V. F. Bibb, J. G. Farkington, John Reeves, and G. Mayberry, as commissioners to open books and sell stock for building a turnpike road from Centerville in Hickman County to Nashville in Davidson County along such route as the commissioners considered the most practical. The commissioners were granted permission to incorporate with all the incidental rights and privileges thereto at whatever time in the course of these events which they considered expedient.
5. Public Acts of 1901, Chapter 136, was a general road law applicable to every county in Tennessee under 70,000 in population according to the 1900 Federal Census. The county court of each county would select one road commissioner to serve two years from each road district in the county, the road districts being co-extensive with the civil districts. The road commissioner would be sworn, bonded, and be in charge of all the roads, bridges, road hands, tools, equipment, and materials used in or assigned to his area. He would be paid at the rate of \$1.00 per day but for no more than 10 days each year. The county court would fix the number of days the road hands would work at no less than five, nor more than eight, and set the price of one day's labor. The county court had the authority to levy a general road tax of two cents per \$100 for each day of work required by the road hands. The road commissioners would name the road overseers in their area and assign them to particular sections of road for which they would be responsible. Overseers would work the same number of days on the road as everyone else but would be paid for all over that number up to \$6.00 per year. All males, outside of cities, between the ages of 21 and 45 were subject to compulsory road work. The commissioners were to dispose of petitions to open, close, or change roads, would classify and index the roads in their districts, and would see to it that roads met the specifications stipulated in the act. This act was involved in the case of Carroll v. Griffith, 117 Tenn. 500, 97 S.W. 66 (1906).
6. Acts of 1905, Chapter 478, amended Public Acts of 1901, Chapter 136, Item 5, above, in several minor particulars but principally in the methods of acquiring rights-of-way and easements for roads especially when it became necessary to invoke the powers of condemnation.
7. Private Acts of 1917, Chapter 661, amended Public Acts of 1901, Chapter 136, Section 5 (Item 5, above), by adding a provision which allowed a road hand subject to compulsory labor on the county roads to commute by paying \$1.50 for each day missed instead of the seventy-five cents per day stipulated in that statewide act. This particular amendment applied only to Hickman County.
8. Private Acts of 1919, Chapter 415, stated that any person in Hickman County (identified by the 1910 Federal Census figures) who owned or had control over a wagon and team were required to

- furnish the wagon and team for no less than four days of labor upon the county roads, or they could commute by paying \$3.00 per day for each wagon or team they owned. The owner could drive the team himself, or designate another person to do so, or the owner could hire a driver, if desired. If he failed to do either, the overseer could appoint someone to drive the team, and the owner could be fined from \$10 to \$25 and be assessed \$2.50 for each day of noncompliance.
9. Private Acts of 1921, Chapter 979, gave the right to any person, firm, or corporation, present or future, who was then, or might at any time thereafter, operating a turnpike or toll road to demand and collect the tolls, as set forth in the act, for the public use of the road. The tolls ranged from five cents for a one-passenger motorcycle to \$1.25 for a five-ton truck.
 10. Private Acts of 1923, Chapter 383, created a three-member Pike Commission in Hickman County who would supervise the public pikes built and constructed under various bond issues, and were to be elected by the quarterly court to serve three-year terms. The commission was given the exclusive power to expend the maintenance funds set up for these roads. They were to be sworn and bonded upon entering office and should employ a Pike Superintendent (at a salary of no less than \$1,500 and no more than \$2,000 annually), who was to serve at their pleasure and under their direction. The superintendent was authorized to hire foremen to operate the machinery; to supervise the activities of the road hands; and, supervise the use of the tools, materials, and equipment. The commission was to keep detailed records of transactions and disbursements and make monthly reports of same to the quarterly county court. This act was repealed by the one following.
 11. Private Acts of 1927, Chapter 196, expressly repealed Private Acts of 1923, Chapter 383, in its entirety. The act established a three-member county board of highway commissioners and a county road superintendent to jointly have the general supervision over the county roads, bridges, and culverts. The act named the first board members, who were to serve staggered terms until their successors were elected for three-year terms. The board of highway commissioners were to meet within ten days after their election to organize; they would be paid as the quarterly court directed and could hire a clerk, or bookkeeper, and set the salary for the same. The commissioners were required to be sworn into office and execute performance bonds. The board was to employ a road superintendent (at a salary of no less than \$1,500 and no more than \$3,000 annually) who was to serve at the board's pleasure and under its direction. The board, which was in immediate charge of the road program, was to meet on the first Monday in each month and at such called meetings as might be necessary; it was to keep books on all the business transactions; and, was authorized to exercise the powers specifically set forth in Section
 12. The duties of the superintendent were enumerated in Section 8. All male residents between the ages of 21 and 45 were subject to compulsory road work and would be fined if the same was not observed. Owners of horses and wagons were also subject to road work under the conditions specified, or were to pay \$2.00 as a commutation fee for each day missed. Prisoners were to be worked on the road under certain specified conditions and under the supervision of the superintendent. The owner of every vehicle in the county using the county roads was required to first buy a permit from the county court clerk. Said permits were paid for by fees which were determined according to the weight and type of motor vehicle drive. Fines could be levied on those so disposed to violate the provisions of this act and every effort was to be made to spend the tax money in the area from which it was raised.
 13. Private Acts of 1929, Chapter 66, repealed Private Acts of 1927, Chapter 196, Section 23, which imposed a tax on every motor vehicle in Hickman County. Section 25 was rewritten to provide that justices of the peace would have jurisdiction in any and all cases relative to violations of the provisions of the law concerning road duty, and he was to have all the same powers vested in him as were provided by law in misdemeanor cases.
 14. Public Acts of 1929, Chapter 145, and Private Acts of 1929, Chapter 274, provided for the reimbursement to Hickman County (as designated by the 1920 Federal Census figure) of all funds which may have been expended upon any road or roads which were previously or subsequently designated as part of the state highway system. The county was required to submit claims for reimbursement, along with proof of the expenditures, to the commissioner of the department of highways and public works of the State of Tennessee, who would then certify the claims to the Tennessee Highway Reimbursement Board. The amount to be reimbursed could not exceed \$103,167.30, and the methods of payments to be followed were to be the same as those generally prescribed by law.
 15. Private Acts of 1929, Chapter 413, amended Private Acts of 1927, Chapter 196, Section 1, by increasing the membership of the board from three to five members; by revising Section 2 to describe the five road districts, or zones, into which the county was divided, and by naming the

- first commissioners under the expanded board; Section 3 fixed the commissioners' salaries at \$5.00 per day; Section 4 specified the amount of bond to be \$2,500; Section 5 fixed the county road superintendent's salary at \$1,800; and, Sections 6, 7, 8, 9, 11, 13, 21 and 28 were also revised to clarify the act.
16. Private Acts of 1929, Chapter 891, also amended Private Acts of 1927, Chapter 196, by rearranging Zones 4 and 5, set up in that act, as to the civil districts which comprised those zones. Section 2 was amended by naming L. W. Parker to the board from Zone 5 instead of Tom M. Mayberry; and, the county court was given the authority to fill any vacancy on the board no matter how it might have occurred.
 17. Private Acts of 1931, Chapter 764, which was applicable only to Hickman County, gave the board of highway commissioners the authority to expend on such roads and in such manner as they might decide the funds derived from and allocated to the county from the state gasoline tax.
 18. Private Acts of 1933, Chapter 243, which applied to Hickman County by virtue of the 1930 Federal Census figure, was the authority and power for the commissioner of highways and public works of Tennessee to give to farmers in the county lime-dust, debris or refuse accumulated at the lime crusher sites at no cost to the farmers and to provide ways and means for the distribution of same. An advisory board to be appointed by the governor was to supervise the distribution of said lime-dust.
 19. Private Acts of 1933, Chapter 754, amended Private Acts of 1929, Chapter 413, by reducing the amount to be paid to each board of highway commissioner from \$5.00 to \$4.00 for each meeting attended in the course of his duties.
 20. Private Acts of 1939, Chapter 169, amended Private Acts of 1927, Chapter 196, Section 5, by inserting almost an entirely new section naming Carl Peery as the county road superintendent who would serve until his successor was elected for a two-year term in the August, 1940, general election. The salary was \$1,800 per year, payable in equal monthly installments out of the county road funds. The superintendent was to furnish a car at his own expense and pay for all maintenance and repair, but gas and oil would be furnished by the county. Private Acts of 1929, Chapter 413, Section 5 (Item 14, above), was expressly repealed.
 21. Private Acts of 1939, Chapter 610, stated that in Hickman County (identified by the use of the 1930 Federal Census figure) the highway commission was to have the exclusive power to appoint any guards necessary for the working of prisoners upon the public roads of the county, but no guards were to be appointed by the commission unless and until their appointment was approved by the sheriff. Those guards appointed to serve were to be capable of performing as a foreman and overseer on behalf of the highway department. Compensation was to be fixed by the highway commission. See *Horner v. Atkinson*, 177 Tenn. 660, 152 S.W.2d 620 (1941), a case involving the Hickman County Road Law.
 22. Private Acts of 1945, Chapter 388, expressly repealed Private Acts of 1927, Chapter 196, the Hickman County Road Law, as the same was amended by Private Acts of 1929, Chapter 413, and Private Acts of 1939, Chapter 169.
 23. Private Acts of 1945, Chapter 390, was the next road law for Hickman County which required that the roads in the county be classified and the road superintendent keep in his office a chart of all the roads and report to the quarterly county court at each session on the conditions of the roads and the funds expended for the preceding quarter. The county road superintendent was to be elected and serve for two-year terms. He was to be skilled in road work of all kinds, of good moral character, and was to execute a performance bond upon assuming office. The superintendent was to be paid \$1,800 annually, in equal monthly installments, but furnish a car at his expense, with the county supplying him with gas and oil. He was to file an itemized statement of expenditures with the county court clerk. The superintendent was to have supervision and control of the road department, but was not to purchase any materials or equipment in an amount over \$50 without approval of the county judge or chairman, who was also designated to countersign all the warrants issued by the road superintendent. He was forbidden to lend any hand, equipment, or materials for private purposes unless paid in full by the property owner. The sheriff, who was in charge of the workhouse, was to deliver prisoners to work on the roads and the road superintendent was to employ the necessary guards. The superintendent was to have no interest in any contract or road work, and could employ a secretary or a bookkeeper, at \$80 per month. All violations of this act were misdemeanors and were punishable as fixed therein. This act was repealed by the one following.
 24. Private Acts of 1947, Chapter 34, specifically repealed Private Acts of 1945, Chapter 390, in its entirety.

25. Private Acts of 1955, Chapter 97, set the compensation of the members of the board of highway commissioners of Hickman County at \$10 per day and provided for mileage payments at the rate of 5 cents per mile. However, this act was rejected by the Hickman County Quarterly Court and never became effective law.
26. Private Acts of 1959, Chapter 30, would have amended Private Acts of 1947, Chapter 38, Section 3, by increasing the compensation of the board of highway commissioners from \$5.00 to \$10.00 per meeting; however, the act was rejected by the local authorities and never became law.
27. Private Acts of 1961, Chapter 173, would have amended Private Acts of 1947, Chapter 38, by providing for the election of a county road superintendent by the qualified voters of Hickman County, to serve for a term of four years. However, this act was rejected by the local authorities and never became law.
28. Private Acts of 1961, Chapter 340, provided that the rights-of-way of roads or highways under construction at the time of the act or thereafter, constructed with financial aid from the federal or state government, were to be fenced as was provided in this act. The board of highway commissioners was to furnish the owner of land adjacent to the highway under construction with enough materials for the construction of a fence along the entire right-of-way. The board was to decide the type, grade, and quality of fence and furnish materials accordingly. The owner was required to see that the fence was built from the materials furnished. If the fencing was supplied by the state or federal government, this act would not apply. The quarterly county court rejected this act, thus rendering it of no effect.
29. Private Acts of 1963, Chapter 221, would have amended Private Acts of 1947, Chapter 38 by calling for the election of a county road superintendent by the qualified voters of the county at the 1964 August election. Furthermore, the county road superintendent was to be elected for four years, however, this act was rejected by the local authorities of Hickman County and never became law.
30. Private Acts of 1963, Chapter 278, would have amended Private Acts of 1947, Chapter 38, by adding a new paragraph to section 7 to said act which would authorized the county board of highway commissioners to pay a gratuity to the surviving widow of any employee whose death resulted from an accident arising out of and in the course of his employment with the county highway department, from the gasoline tax funds in an amount not to exceed \$2,500.
31. Private Acts of 1970, Chapter 302, recited in the preamble the necessity to increase the compensation of the road superintendent in order to bring his salary in line with those of other county officials, and in essence, was to amend Private Acts of 1947, Chapter 38, by raising the salary to \$8,500 per year. However, this act was rejected and never became law.
32. Private Acts of 1971, Chapter 59, attempted to do the same thing as Private Acts of 1970, Chapter 302, above, by increasing the annual salary of the road superintendent from \$5,400 to \$8,500 but our information is that this act was never acted on by the Hickman County Quarterly Court.
33. Private Acts of 1981, Chapter 80, was to amend Private Acts of 1947, Chapter 38, in subsection 2 of Section 8 by removing the requirement of pre-approval by the county highway commission of certain purchases and placing a limitation of \$2,000 on purchases without approval. Subsection 5 of Section 8 was to be amended in the same way and Section 19 was to be deleted entirely. However, this act was disapproved on April 18, 1981

Chapter X - Law Enforcement

Law Enforcement - Historical Notes

Jails and Prisoners

The following acts once affected jails and prisoners in Hickman County, but are no longer operative.

1. Acts of 1809, First Session, Chapter 66, authorized the Justices in Montgomery County to lay a tax to raise the funds to build a district jail in Clarksville for the Robertson District. The quarterly courts of the counties of Robertson, Dickson, Hickman, Stewart and Humphreys were also given the right to levy a similar tax in the year 1810 to produce their share of the cost of the jail. Many details of the keeping and spending of the money were included in this law.
2. Acts of 1855-56, Chapter 209, Section 3, was the legal authority for the comptroller of the state to issue his warrant to John W. Lane, the Jailer of Hickman County, for \$80.00 which was the amount due Lane for boarding Samuel Tate, a prisoner kept in the jail at Centerville by order of

the circuit court of Perry County, which sum was omitted in the compilation of the costs in the case.

Militia

Those acts once affecting Hickman County, which related to the militia and to other law enforcement agencies other than the sheriff, are mentioned below in chronological order.

1. Acts of 1809, Second Session, Chapter 45, provided that the regiment of infantry in Hickman County would hold regimental musters at the courthouse of the said county on the fourth Thursday in October of each and every year. The musters of the battalions making up the regiment would be held at the same time and place.
2. Acts of 1815, Chapter 119, made all free men and indentured servants between the ages of 18 and 45 eligible for service in the militia of the county and state with the exception of a few in sensitive occupations being excused. Every county was organized into regiments under this sweeping new militia law and military code. The regiment in Hickman County was the thirtysixth and this regiment was combined with those in Dickson County, Stewart County, and Humphreys County to form the sixth brigade.
3. Public Acts of 1819, Chapter 68, rewrote and revised substantially the militia law of the state, leaving the eligibility qualifications to free men and indentured servants between the ages of 18 and 45. The organizational section designated Hickman County's Regiment as the thirtysixth regiment which, as a part of the sixth brigade, would hold the county drill and regimental muster on the third Saturday in September of each year.
4. Public Acts of 1824, Chapter 40, Section 8, stated that the company of volunteer infantry in Hickman County which was known and designated as the Centerville Domestic Blues were authorized to elect their company officers and to become an independent unit. They would be assigned to the thirty-sixth regiment and were allowed to design their own uniforms.
5. Public Acts of 1825, Chapter 69, reenacted the militia law and military code of Tennessee with some changes to accommodate the growing military organizations. Hickman County's Regiment would continue as the thirty-sixth regiment with regimental meetings to occur on the third Saturday in September annually. The sixth brigade was composed of Robertson, Hickman, Montgomery, Dickson, and Stewart counties.
6. Public Acts of 1825, Chapter 86, formed an additional regiment in Rhea County and rescheduled the muster dates for the units in the sixth brigade. Hereafter the thirty-sixth regiment in Hickman County would meet on the Thursday and Friday following the second Monday and Tuesday in June of each year.
7. Public Acts of 1826, Chapter 18, directed that the cavalry of the counties of Dickson, Stewart, and Hickman would make up the second squadron of the sixth brigade and would muster at the home of Alexander Dickson on Yellow Creek in Dickson County on the fourth Friday in September of each year.
8. Private Acts of 1826, Chapter 128, changed the name of the company heretofore known as the Centerville Domestic Blues to the "Houston Guards" and by that name all regulations and laws would be met in the future.
9. Private Acts of 1827, Chapter 248, Section 11, rescheduled the times for county drills and musters in the sixth brigade. Hickman County's Regiment, the thirty-sixth, would muster on the Thursday and Friday following the first Monday in October of each year for the county units and the other units would meet on the first Saturday after the first Monday in October of each year.
10. Private Acts of 1829-30, Chapter 74, was the legal authority for William Brown, John Brown, and William Isam, all of Brown's Bend on Duck River in the counties of Perry and Humphreys to perform civil and military duty in Hickman County and they were all exonerated from performing any of the same in the county of their residence.
11. Private Acts of 1831, Chapter 112, Section 2, provided that the volunteer company in Hickman County now known as the Houston Guards would hereafter be called the Union Guards and by that name they would have all the rights and privileges of any other volunteer company. Thirty people would be a number sufficient to organize and maintain the company.
12. Public Acts of 1835-36, Chapter 21, was the next substantial revision of the Tennessee Military Code and militia law. All the regiments in the state were designated by number with Hickman County now having the ninety-seventh and ninety-eighth regiments. Hickman County's units combined with the units in the counties of Hardin, Wayne and Lawrence to form the seventeenth brigade. The third division included the tenth, eleventh, twelfth, thirteenth and seventeenth

brigades. The above indicated the rapid growth of the state and the militia in it as population pressures moved westward.

13. Acts of 1837-38, Chapter 157, Section 3, was a lengthy amendment to the militia law dealing primarily with changes in the organizational structure and with the internal discipline of the units composing the expanding military order. The seventeenth brigade contained the counties of Wayne, Hardin, Lawrence and Hickman whose units would continue to hold their musters and drills on the first Friday and Saturday in September of each year. Regimental musters were set for the first Friday and Saturday in October of each year.
14. Acts of 1839-40, Chapter 56, condensed and revised a goodly portion of the State Military Law. The militia would be composed of free white males between the ages of 18 and 45 with the exception of a few occupations listed therein. All details of organization and equipment were contained in this law. Hickman County's units, the ninety-seventh and ninety-eighth regiments would continue to meet as previously scheduled on the first Friday and Saturday in October of each year.
15. Acts of 1845-46, Chapter 43, Section 3, rescheduled the dates for the regimental musters of the military units in the seventeenth brigade. The units in Hickman County would hereafter hold their regimental drills on the first Friday and Saturday following the first Monday in October of each year. The other counties in the seventeenth brigade were Wayne, Hardin and Lawrence.
16. Public Acts of 1861, Chapter 1, was a state wide militia law that assigned the militia in Hickman County as the ninety-seventh and ninety-eighth regiments.

Sheriff

The following acts have no current effect but are included here for reference purposes since they once applied to the Hickman County Sheriff's Office.

1. Acts of 1817, Chapter 126, directed that the ranger of Hickman County after the passage of this act would advertise all the estrays picked up for sale in some newspaper published in the fifth judicial circuit either at Nashville or Columbia, or both.
2. Private Acts of 1820, Second Session, Chapter 27, authorized and required the sheriff of Hickman County to advertise in some newspaper printed in Nashville any lands which were scheduled to be sold under execution or under other processes of the law.
3. Public Acts of 1824, Chapter 59, required and directed the sheriff and the ranger of Hickman County to advertise all executions of lands, and the sale of estrays, in a newspaper printed in the town of Columbia and the act which made the advertising of the same necessary in a newspaper in Nashville were repealed.
4. Private Acts of 1826, Chapter 140, allowed the sheriff of Hickman County two additional years in which to collect taxes which were in arrears and unpaid at the time. William Phillips, the sheriff, could proceed to do so under the same bond and security he now had.
5. Private Acts of 1827, Chapter 117, was the legal authority for the sheriffs of Hickman County and Hardin County to advertise in newspapers printed in Nashville and Columbia all the lands which were required to be advertised while under execution, or for tax sales.
6. Private Acts of 1827, Chapter 135, stated in the introduction that it had been represented to the general assembly on good authority that Gabriel Faulk through mistake had advertised lands to be sold for unpaid delinquent taxes which ad was on Sunday, and that the said taxes remain due and unpaid still, this act authorized Faulk, the sheriff and tax collector of Hickman County, to re-advertise the said lands and dispose of the same according to law. a written report of the disposition of the same had to be made to the court of pleas and quarter sessions of the county.
7. Private Acts of 1832, Chapter 25, was the authority for Gabriel Faulks, the late sheriff of Hickman County, to collect in the same manner as other taxes any taxes which might be due and unpaid during the time the said Faulks was the sheriff of Hickman County. The sheriff was directed to make a report of the disposition of all cases arising hereunder to the court of pleas and quarter sessions of Hickman County.
8. Private Acts of 1949, Chapter 442, was the legal authority for the quarterly court of Hickman County to appropriate no more than \$1,200 per year, payable at the rate of \$100 per month, to be paid to such special deputy sheriff as the sheriff of the county might designate. His duty was to enforce the law, keep the peace and order, and perform such special law enforcement duties as the sheriff or the quarterly county court might require of him. The amount paid to the said deputy was to be in lieu of all fees and commissions.

SECTION 9. The tax established in this act shall be collected at the time of application for a certificate of occupancy for residential, industrial and commercial development. SECTION 14. The provisions of this act shall in no manner repeal, modify or interfere with the authority granted by any other public or private law applicable to Hickman County.

This act shall be deemed to create an additional and alternative method for Hickman County to impose and collect taxes for the purpose of providing public facilities made necessary by new residential, industrial and commercial development in the County.

SECTION 15. If any provisions of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to that end, the provisions of this act are declared to be severable.

Severance Tax

Private Acts of 1979 Chapter 92

SECTION 1. Hickman County by resolution of its county legislative body is authorized to levy a tax on all phosphate rock, ore, or other phosphate bearing material severed from the ground within its jurisdiction. The tax shall be levied for the use and benefit of Hickman County only and all revenues collected from the tax, except deductions for administration and collection provided for herein, shall be allocated to Hickman County.

Administration and collection of this tax shall be by the county clerk of Hickman county who shall have the power to promulgate all rules and regulations necessary and reasonable for the administration of the provisions of this act.

SECTION 2. The rate of the tax shall be set by the county legislative body, but shall not exceed ten cents (10¢) per ton of phosphate rock, ore, or other phosphate bearing material severed from the ground in the county. Every interested owner shall be liable for this tax to the extent of his interest in such products. The owner shall become liable at the time the phosphate rock, ore, or other phosphate bearing material is severed from the earth and ready for sale, whether before processing or after processing as the case may be.

The tax is levied upon the entire production in the county regardless of the place of sale or the fact that delivery may be made outside the county. The tax shall accrue at the time the phosphate rock, ore, or other phosphate bearing material severed from the earth and in its natural or unprocessed state. The tax levied shall be a lien upon all phosphate rock, ore, or other phosphate bearing material severed in the county and upon all property from which it is severed, including but not limited to mineral rights of the producer, and such lien shall be entitled to preference over all judgments, encumbrances or liens whatsoever created.

SECTION 3. The tax levied by this act shall be due and payable monthly on the first day of the month next succeeding the month in which the phosphate rock, ore, or other phosphate bearing material is severed from the soil. For the purpose of ascertaining the amount of tax payable it shall be the duty of all operators in Hickman County to transmit to the county clerk on or before the fifteenth (15th) day of the month next succeeding the month in which the tax accrues, a return upon forms provided by him. The return shall show the month or period covered, the total number of tons of phosphate rock, ore, or other phosphate bearing material severed from each production unit operated, owned or controlled by the taxpayer during the period covered, the amount of the tax and such other information as the county clerk may require. The return shall be accompanied by a remittance covering the amount of tax due as computed by the taxpayer.

SECTION 4. The tax levied by this act shall become delinquent on the sixteenth (16th) day of the month next succeeding the month in which such tax accrues. When any operator shall fail to make any return and pay the full amount of the tax levied on or before such date there shall be imposed, in addition to

other penalties provided herein, a specific penalty in the amount of ten percent (10%) of the tax due. Whenever a penalty is imposed there shall also be added to the amount of tax and penalty due interest thereon at the rate of six percent (6%) per annum from the date due until paid. A further penalty of fifty percent (50%) of the amount due may be added if the nonpayment of the tax is due to an intent to evade payment. If the nonpayment of the tax is due to an intent to evade payment, the person liable for such payment may be restrained and enjoined from severing phosphate rock, ore, or other phosphate bearing material from a production unit from which such rock, ore, or material has been severed and sold and upon which the tax is due. Restraint proceedings shall be instituted in the name of the county by the district attorney general for Hickman County upon the request of the county clerk.

All such penalties and interest imposed by this act shall be payable to and collectible by the county clerk in the same manner as if they were a part of the tax imposed and shall be retained by the office of the county clerk to help defray the expenses of administration and collection.

Any person required by this act to make a return, pay a tax, keep records, or furnish information deemed necessary by the county clerk for the computation, assessment, or collection of the tax imposed by this act, who fails to make the return, pay the tax, keep the records, or furnish the information at the time required by law or regulation is, in addition to other penalties provided by law, guilty of a misdemeanor, and upon conviction is punishable by a fine of not more than one thousand dollars (\$1,000), or by imprisonment for not more than one (1) year or both.

Any person who wilfully or fraudulently makes and signs a return which he does not believe to be true and correct as to every material fact is guilty of a felony and subject to the penalties prescribed for perjury under the laws of this state. For purposes of this section the word "person" also includes an officer or employee of a corporation or a member or employee of a partnership who is under duty to perform the act in respect to which the violation occurs.

SECTION 5. When any person shall fail to file any form, statement, report or return required to be filed with the county clerk, after being given written notice of same, the clerk is authorized to determine the tax liability of such person from whatever source of information may be available to him. As assessment made by the county clerk pursuant to this authority shall be binding as if made upon the sworn statement, report or return of the person liable for the payment of such tax; and any person against whom such an assessment is lawfully made shall thereafter be estopped to dispute the accuracy thereof except upon filing a true and accurate return together with such supporting evidence as the county clerk may require indicating precisely the amount of the alleged inaccuracy.

SECTION 6. All revenues collected from the severance of phosphate rock, ore, or other phosphate bearing material in Hickman County less an amount of three percent (3%) of the tax and all of the penalties and interest collected, which shall be retained by the office of the county clerk and credited to its current service revenue to cover the expenses of administration and collection, shall be remitted by the county clerk to Hickman County. These revenues shall become a part of the general funds of Hickman County, subject to appropriation by the county legislative body.

Any adjustment of taxes, penalties or interest with Hickman County which is deemed necessary in order to correct any error may be made on a subsequent disbursement to that county.

SECTION 7. This act shall have no effect unless it is approved by a two-thirds ($\frac{2}{3}$) vote of the county legislative body of Hickman County before September 1, 1979. Its approval or nonapproval shall be proclaimed by the presiding officer of the Hickman County legislative body and certified by him to the secretary of state.

SECTION 8. For the purpose of approving or rejecting the provisions of this act, it shall be effective upon becoming a law, the public welfare requiring it. For all other purposes, it shall become effective upon being approved as provided in Section 7.

Passed: April 19, 1979.

Taxation - Historical Notes

Tax Assessor

The following acts were superseded, repealed or failed to win local ratification, but they are listed here as a reference to laws which once affected the Hickman County Assessor. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Private Acts of 1911, Chapter 411, amended the 1907 general law of the state, referenced above. This act set the annual salary for the tax assessors in several counties and purportedly included the tax assessor of Hickman County at an annual salary of \$600. (There is an obvious typographical error in the population figures within the act (the range for applicability is given as

- 16,524 to 16,030, but there is a notation in the margin of the private act publication that this act was intended to apply to Hickman County).
2. Private Acts of 1917, Chapter 352, set the annual salary of the Hickman County Tax Assessor at \$600, which would be paid out of the county treasury on the warrant of the county judge or chairman on July 1 of each year.
 3. Private Acts of 1919, Chapter 643, amended Private Acts of 1917, Chapter 352, Section 1, by increasing the annual salary of the Hickman County Tax Assessor from \$600 to \$800.
 4. Private Acts of 1921, Chapter 599, was the legal authority for the justices of the peace in Hickman County (identified by the 1920 Federal Census figures) to compensate the tax assessor of the county for additional work performed in 1921 by reason of having to re-assess many parcels of property, and to appropriate money for this purpose. No such appropriation or expenditure would be made unless a majority of the justices in attendance at a regular meeting were in agreement.
 5. Private Acts of 1945, Chapter 200, set the annual salary of the Hickman County Tax Assessor at \$1,800, payable in equal monthly installments, and provided for an office in the courthouse to be furnished to the assessor. He was obligated to be available three days a week and devote his full time to the position. Before any instrument of conveyance could be registered, the same was required to be presented to the tax assessor, who was to extract and record specified information from the instrument and was authorized to collect a fee of fifty cents for doing so. The assessor was to execute a special bond not to exceed \$2,000 for the faithful accounting of fees collected. The register could not legally record any instrument until the tax assessor had certified that he had examined such deed. This act was subsequently repealed by Private Acts of 1989, Chapter 7.
 6. Private Acts of 1957, Chapter 293, amended Private Acts of 1945, Chapter 200, by adding a provision to Section 1 that the tax assessor would be reimbursed up to \$50 each month for all the expenses necessarily and legitimately incurred in assessing property in the county. These expenses were to be paid by the county judge at the time of the payment of the monthly salary. This act was repealed by the one following.
 7. Private Acts of 1967-68, Chapter 422, expressly repealed Private Acts of 1957, Chapter 293, entirely.
 8. Private Acts of 1989, Chapter 7, specifically repealed Private Acts of 1945, Chapter 200

Taxation

The following is a listing of acts pertaining to taxation in Hickman County which are no longer effective.

1. Acts of 1817, Chapter 128, made it lawful for the justices of the peace of the counties of Davidson, Smith, Franklin, Rutherford, Maury, Lincoln, Giles, Overton, Bedford, Wilson, Hickman, Sumner, Stewart, Humphreys, Williamson, Jackson, White, Montgomery, Warren, Robertson and Dickson at the first session of each year, on the first day of the session, to levy a tax for the purpose of making additional compensation to the jurors attending the circuit courts and the county courts, a majority of the justices being present and voting therefore, but the additional compensation for the jurors could not exceed fifty cents per day.
2. Private Acts of 1822, Second Session, Chapter 138, authorized the county trustee of Dickson County to call on the county trustee of Hickman County for that part of the taxes collected by the Hickman County sheriff north of the Ross line. If the taxes were failed to be paid, a recovery could be had by a suit at law in the court of pleas and quarter sessions of either county.
3. Private Acts of 1826, Chapter 66, declared that a 50 acre tract of land entered upon by Horatio Clagett and granted by a registered grant, which said tract was presented to the Methodist Episcopal Church and included the Mount Pleasant meeting house in Hickman County was to be exempted from the imposition of state and county taxes as long as the same was used for religious purposes.
4. Acts of 1861 (Ex. Sess.), Chapter 11, stated that it appeared that a larger amount of state tax was assessed and collected in Hickman County than was authorized and sanctioned by the law, and the same was then in the hands of the collector, therefore, this act authorized the county court of Hickman County to appropriate the money collected in any manner they might deem necessary, whether to the payment of the state and county tax, or not.
5. Public Acts of 1870-71, Chapter 50, stated that the counties and cities of the State of Tennessee could impose taxes for county and municipal purposes in the following manner and upon the conditions (1) that all taxable property would be taxed according to its value upon the principles established for State taxation, and (2) that the credit of no county, or city, could be loaned to any

person, firm or corporation unless a majority of the county court, or municipal council, would first agree to submit the issue to a referendum vote wherein three-fourths of the voters vote in the affirmative to do so. Twenty-six counties exempted themselves from the requirement of the three-fourths ratification for the next ten years, but Hickman County was not one of them.

6. Private Acts of 1975, Chapter 2, levied a privilege tax or wheel tax in Hickman County. The motor vehicle tax, excepting farm vehicles, tractors, motor-driven bicycles, and government-owned motor-driven vehicles, was \$15.00 for each motor-driven vehicle and \$7.50 for motorcycles. Anyone operating a motor-driven vehicle for as long as 30 days on the roads of the county was subject to the tax, and failure to comply therewith was a misdemeanor for which fines could be imposed. The county court clerk was to collect the tax and issue the decals which represented payment thereof. Provisions were made for the transfer of the decal from one car to another and to replace the same when it was misplaced, or stolen. The revenue from the sale of the licenses would go into the sinking fund for the amortization of outstanding bonds. The act was amended by "Special" Public Acts of 1975, Chapter 23, which narrowed the population range to which the original act was made applicable. However, the original act was rejected by the quarterly court of Hickman County and never became an effective law.
7. Private Acts of 2000, Chapter 97, levied the Hickman County Land Development Privilege Tax. This act was disapproved by the county governing body
