SECTION 1. This act shall be cited and known as the "Dyer County Budget and Fiscal Procedure Act of 2005".

SECTION 2. (a) The county budget committee for Dyer County, Tennessee is hereby created.

(b)

(1) The county budget committee, hereinafter referred to as the "budget committee", shall consist of six (6) voting members, one (1) of whom shall be the county mayor, and the other five (5) shall be elected by the county legislative body from its membership at its regular January session of each year or at any subsequent session.

(2) The county mayor shall be an ex officio member of the budget committee and entitled to vote on all matters before the budget committee. The director of finance and budgets shall be the ex officio secretary of the budget committee, but such director shall not be entitled to vote.

(c)

(1) The county legislative body may, in its discretion, allow members of the budget committee such compensation for their service as the commission deems proper.

(2) Any provision for compensation, as well as provision for printing, publicity, supplies and other necessary expenses of the budget committee, shall be payable from the county general fund and shall be included in the annual appropriations.

(d) The budget committee shall perform all the duties respecting county budgets and appropriations now performed, or required to be performed, by the finance committee, tax levy committee or other committees of the county, and shall perform such other duties as here provided.

SECTION 3.

(a) There is hereby created a fiscal year for the county and for each office, department, institution, activity and agency of the county, which fiscal year shall begin on July 1 of each year and shall end on June 30 next following.

(b) The fiscal year shall constitute the budget year, and the year for accounting and reporting of each and every fund, office, department, institution, activity and agency of the county government; provided, that any such accounting and reporting shall be in addition to, and not in lieu of, any accounting and reporting now required of any official by general law.

SECTION 4.

(a) The county highway superintendent shall, on or before April 1 of each year, file with the director of finance and budgets an itemized statement of the funds estimated to be required for the county road program for the ensuing fiscal year and for the construction, operation, repair and maintenance of the county road system and for the general administration of the highway department, together with an estimate of the highway and road funds expected to be received during such fiscal year.

(b) The county board of education, after preparing its annual budget as now provided by law, shall file such budget with the director of finance and budgets for inclusion in the complete budget document to be presented to the budget committee.

(c) The county mayor, on or before April 1 of each year, shall file with the director of finance and budgets an itemized statement of the amounts which the county mayor estimates are necessary to be expended from the county general fund, the debt service funds and from all other funds (excluding highway funds, school funds, and funds derived from the sale of bonds), together with an estimate of the revenue to be received during the next fiscal year.

(d) Each of the other operating departments, institutions, offices or agencies shall file with the director of finance and budgets on or before April 1 of each year a detailed estimate of its requirements for expenditures from the county's funds for the ensuing fiscal year, together with an estimate of any county

revenues to be received by such agency, office or department.

(e) The director of finance and budgets, on or before May 1 of each year, shall file a consolidated budget document with the budget committee showing an itemized statement of the amounts estimated by the various departments and officials to be required for the efficient operation of the county government from the county general fund, the debt service funds, highway funds, school funds and all other funds, together with an estimate of the revenues estimated to be received by each of the funds during the next fiscal year and an estimate of the unencumbered cash balance of each of the funds at the beginning of the fiscal year; provided, that the May 1 deadline for providing the estimate of revenues shall be extended in years of re-appraisals until fifteen (15) days after the certified tax rate has been established.

(f) It is the duty of each official, office, department, institution, agent or employee of the county government to furnish in writing such information, in the form and at the time requested by the budget committee.

SECTION 5.

(a)

(1) At least forty-five (45) days prior to the beginning of each fiscal year, the budget committee shall review and adopt the annual budget.

(2) The budget shall contain an itemized and classified plan of all proposed expenditures and estimated receipts for the ensuing year, and shall conform to a uniform classification of accounts established by the director of finance and budgets and approved by the comptroller of the treasury.

(3) It is expressly provided that the classification of expenditures and receipts of any and all county school funds for any purpose that are administered by the county board of education and the county superintendent of schools shall conform in all respects to the classification of accounts as prescribed by the commissioner of education.

(b) Opposite each item of estimated revenue, the budget document shall show in opposite parallel columns the amount actually collected for the last completed fiscal year, a revised estimated amount for the current fiscal year, and the estimate for the ensuing fiscal year.

(c) Likewise, opposite each item of proposed expenditure, the budget document shall show the amount actually expended for such item during the last completed year, the probable amount which will be spent during the current fiscal year and the proposed appropriations or expenditure estimate for the ensuing fiscal year.

(d) In preparing the budget, the budget committee may revise, as it deems necessary, the estimates or requests made by the various departments, officials, offices, institutions and agencies of the county, but any county official or employee shall be entitled to a hearing before the budget committee with reference to any contemplated changes in the county official's or employee's budget requests or estimates.

(e) The budget committee shall certainly and fully provide in the budget for all debt service requirements, interest and bond maturities and any cash deficit in any fund at the beginning of the fiscal year, and shall propose a tentative tax rate for the current calendar year.

SECTION 6.

(a)

(1) (A) At least ten (10) days before the budget committee conducts a public hearing as provided in subdivision (a)(3), the budget committee shall cause the proposed annual operating budget to be published in a newspaper of general circulation.

(B) This budget shall contain a budgetary comparison that includes comparisons of the proposed budget with the current year and the prior year for the following governmental funds:

- (i) General;
- (ii) Highway and public works;
- (iii) General purpose school fund; and
- (iv) Debt service.

(C) The budgetary comparisons shall be by individual fund and shall summarize revenues by local taxes, state, federal government and other sources. Expenditures shall be summarized by salaries and other costs. The budgetary comparison shall also present beginning and ending fund balances and the number of employee positions.

(2) The publication shall also contain a notice of a public hearing to be conducted by the budget

committee at which any citizen of the county shall have the right to appear and state such citizen's views on the budget. (3) Such public hearing shall be held by the budget committee not later than ten (10) days prior to the beginning of the fiscal year.

(b) Following such public hearing, the budget committee shall make the final revision of the budget document and prepare copies for presentation to the county legislative body.

SECTION 7.

(a)

(1) The budget committee shall present the budget to the county legislative body either at the regular July session each year or at a special session called for this purpose during the month of July; provided, that with the consent of the chairman of the county legislative body, the deadline for the presentation of the budget may be extended through August.

(2) The proposed budget shall be accompanied by a budget message explaining the financial program and outlining the services, work and activities to be financed by the proposed budget and a brief discussion of the means proposed for financing the expenditure program set forth in the budget.

(3) The budget committee shall deliver to the county legislative body a budget appropriation resolution and a tax levy resolution with the proposed budget.

(b)

(1) The county legislative body may alter or revise the proposed budget, but shall not alter or revise provisions for debt service requirements and other expenditures required by law.

(2) The county legislative body shall adopt a budget not later than the third Monday in August.

(3) Pending such final adoption, the director of finance and budgets is hereby authorized to make temporary expenditure allotments for essential county services in amounts not in excess of comparable allotments for an average quarter of the preceding fiscal year.

(c) The budget, the appropriation resolution, and the tax levy resolution, as adopted, shall be spread upon the minutes of the county legislative body.

SECTION 8.

(a) The appropriations made in the appropriation resolution, or any amendment thereto, shall constitute the limit to expenditures for the various purposes and from the several funds of such county for the fiscal year covered by said resolution, and no expenditure shall be made or obligation created in excess of such limitation.

(b) Any resolution presented to the county legislative body in any fiscal year, after the original appropriation resolution has been adopted and the tax rate for the year fixed by that body, which provides for an appropriation in addition to those made in the original budget appropriation resolution, shall specifically provide sufficient revenue or other funds to meet expenditures to be made in consequence of such additional appropriation.

(c) If at any time during the fiscal year it becomes apparent that the revenues of any of the county's funds, together with the fund's unencumbered cash balance at the beginning of such year, will not be sufficient to equal the amount of the original appropriations, it shall be the duty of the director of finance and budgets and the county mayor to impound the appropriations from such fund in such amount as shall appear necessary, subject to the written approval of the budget committee.

(d)

(1) The appropriations made by the county legislative body, as provided above, shall constitute authorization for expenditures. Expenditures may be made, and obligations created, against any appropriation to an aggregate total of the amount appropriated for such item.

(2) However, the expenditures and encumbrances against the amounts appropriated shall be made only in consequence of an order issued by the various departments and subsequent approval of the invoice by the director of finance and budgets; provided, that payrolls and bills for telephones, water, gas, electric and other utility services shall first be checked and approved for payment by the various departments or otherwise as provided by law, and county obligations imposed by law shall be approved by the proper authority before being submitted to the director of finance and budgets for payment.

(3) No expenditures made or obligations created in any manner other than so specified or authorized in this act shall be valid or binding against the county; provided, that the budget committee may issue such regulations as it deems necessary for the prompt handling of bona fide

emergencies.

(e)

(1) Expenditures from all other funds of the county, except school funds and highway funds, shall be made by disbursement warrants on the county trustee signed by the county mayor or the director of finance and budgets, and no other official, department, institution or agency of the county shall issue negotiable warrants or vouchers for such expenditures.

(2) Before any disbursement warrant shall be issued in discharge of any obligation, a detailed invoice or statement of the obligation shall be filed with the director of finance and budgets and it shall be the director's duty to carefully check all such invoices to determine if they are correct, if the goods or services have been received or rendered as stated, and if the obligation is just, authorized or legally binding on the county.

(f) Bills and accounts incurred in accordance with authorized appropriations shall be paid promptly and it shall not be necessary for any such bill or account to be filed and recorded by the county clerk or to be approved before payment by the county legislative body, or by any committee or commission appointed by the county legislative body, in order that the county may obtain the benefit of cash discounts.

SECTION 9.

(a) The director of finance and budgets shall make a report at the end of each month showing the condition of the budget.

(b)

(1) The report shall show for each item of appropriation, or allotment thereof, the total expenditures for the month and the year to date, the amount of outstanding encumbrances and the amount of the unencumbered balance.

(2) The report shall also show for each fund an itemized statement of the revenues and receipts estimated for the year, the amount of the collections of each item for the month and the year to date and the unrealized portion of the estimate.

(3) In a parallel column shall be shown the amount of each item or revenue during the comparable elapsed period of the preceding fiscal year.

(c)

(1) The most recent of such reports shall be presented quarterly by the county mayor or the director of finance and budgets to the county legislative body.

(2) At such time, the county mayor or director of finance and budgets shall advise the county legislative body of the condition of the budget, and of any adjustment or reduction of appropriations which should be made, and shall recommend any other action which, in the opinion of the county mayor or the director of finance and budgets, the county legislative body should take in order that the budget shall be kept in balance.

SECTION 10.

(a) The county mayor shall appoint, with the approval of the county legislative body, a director of finance and budgets who shall be a county employee.

(b) The director of finance and budgets shall be qualified by training and experience in the field of accounting to perform the director's duties in a proficient manner and in accordance with generally recognized principles of governmental accounting.

(c)

(1) Before assuming the director's duties the director of finance and budgets shall execute a corporate surety bond, the amount of which shall be established by the county mayor at not less than ten thousand dollars (\$10,000) nor more than twenty-five thousand dollars (\$25,000).

(2) The bond shall be prepared in accordance with the provisions of title 8, chapter 19, approved by the county legislative body, recorded in the office of the county register of deeds and transmitted to the comptroller of the treasury for safekeeping.

(3) The premium for such bond shall be paid from the county general fund.

(d)

(1) The compensation of the director of finance and budgets, which shall not be in excess of compensation allowed county officials in accordance with §§ 8-24-101 and 8-24-102, shall be set annually by the county legislative body.

(2) The amount of such compensation, the compensation of any stenographers, typists or assistants as the director may need, and the other necessary expenses of the director's office shall be provided for by annual appropriation from the county general fund.

(e) The director of finance and budgets has the power, in accordance with such regulations as may be established from time to time by the county mayor, to appoint and remove the director's assistants, to prescribe their duties, and to fix their salaries within the limits of the annual appropriation.

(f) The director of finance and budgets shall not be terminated or discharged by the county mayor without the approval of the county legislative body.

SECTION 11.

(a) There shall be set up and maintained in the office of the director of finance and budgets a system of fiscal procedure, control and centralized accounting, hereinafter set out and described, which shall be under the administrative control and direction of the director of finance and budgets; provided, that such system shall be conducted in full accordance with the general law of this state respecting the duties and responsibilities of the county mayor as fiscal agent of the county.

(b) The system of fiscal procedure, control and accounting herein provided shall conform to generally accepted principles of governmental accounting and shall be in substantial agreement with the recommendations of the national committee on governmental accounting.

(c) The system shall include such records and procedures as may be required to accurately reflect the assets, liabilities, income and expenditures of each fund of the county, together with such records, accounts and files as are necessary to record and control:

- (1) The transactions relating to county revenues, and the revenues for each of its several funds;
- (2) The transactions relating to the adopted budget and appropriations, including the expenditures and encumbrances against each item of appropriation; (3) The transactions relating to the bonded debt; and (4) Such other records as may be necessary to facilitate the operation of the adopted budget and the proper accounting for each item of county expenditure.

SECTION 12.

(a) It is the duty of the director of finance and budgets to:

- (1) Post and otherwise keep the records of the central accounting system;
- (2) Verify all bills, invoices, payrolls and claims against the county before payment; and
- (3) Check the settlements and reports of the various officials and department heads of the county government.

(b) The director or the director's designee shall also, after careful pre-audit of invoices, bills and claims against the county or any of its funds, prepare disbursement warrants on all county funds.

(c) (1) The director of finance and budgets shall install, with the approval of the comptroller of the treasury, a uniform classification of accounts, including a classification of revenues and expenditures, to be used in accounting, budgeting and financial reporting respecting all county funds, offices, agencies and activities of the county government, with the exception of school funds administered by the county board of education and the county superintendent of schools and highway funds administered by the county highway superintendent, and shall prescribe the forms to be used by each official and employee of the county in connection therewith.

(2) The classification of expenditures and receipts of county school funds shall conform to the classification of accounts as prescribed by the commissioner of education.

(d) (1) The director of finance and budgets shall set up and maintain a double entry system of accounting for recording the transactions of all of the county's funds, including both proprietary and budgetary accounts, in conformity with the requirements set out in Section 11 of this act. (2) The accounts shall be kept on the modified cash basis.

(e) (1) The director of finance and budgets shall set up the necessary accounts to properly record the annual budget and each appropriation made by the county legislative body.

(2) All encumbrances, expenditures or other charges against any item of the budget shall be promptly recorded in order that the unencumbered balance of each item of the budget shall be readily ascertainable at all times.

(f) At the end of each month, the director of finance and budgets shall prepare a comprehensive report of all revenues and expenditures of the county and of each of its several funds, departments, offices, agencies and activities, all encumbrances against the several appropriations, and the condition of each

item of appropriation in the annual budget.

(g) (1) The director of finance and budgets shall pre-audit all payrolls of the county before payment and shall maintain complete earnings records of each employee of the county.

(2) The director of finance and budgets and the county mayor are hereby authorized to maintain a special county payroll account at a local bank at the county seat, in which disbursement warrants for the total of each payroll may be deposited and against which individual net earning checks may be issued to each of the county employees.

(3) The county mayor may authorize the issuance of such payroll checks on the signature of the director, and in such event the depository bank shall be so instructed.

SECTION 13. Except for taxes that the county trustee is authorized to collect, the payment of all moneys to the county trustee by any collectors authorized by statute, or by anyone on account due the county, shall be made only by issuance of a receivable warrant signed by the county mayor instructing the trustee to receive the amount named, for which the trustee shall issue a receipt, a duplicate of which shall be delivered to the director of finance and budgets to be used by the director in posting the accounting records.

SECTION 14.

(a) Before any obligation against the county shall be paid, or any disbursement warrant or voucher issued therefor, a detailed invoice or statement approved by the head of the office, department or agency for which the obligation was made shall be filed with the director of finance and budgets. (b) The director of finance and budgets shall make a careful pre-audit of such invoice or statement, including a comparison with any encumbrance document previously posted or filed authorizing such obligation, and shall approve for payment only such items as appear to be correct, properly authorized, and not exceeding the otherwise unencumbered balance of the allotments or appropriations against which they are chargeable. (c) Disbursement warrants shall be promptly prepared for all such approved items by the director of finance and budgets and mailed or delivered to the payees thereof. (d) A duplicate copy of all disbursement warrants, with all original invoices or other supporting documents attached thereto, shall be kept on file in the office of the director of finance and budgets.

SECTION 15.

(a) Each official, office, department, institution, agency, board, committee, commission or employee of the county shall furnish such information and make such reports as may be required to properly maintain the central accounting system and fiscal procedures herein authorized and prescribed, and such information and reports shall be furnished at such times and in such form as may be prescribed by the director of finance and budgets. (b) The records of all county offices, departments and agencies shall be made available by their respective officials or employees for examination at all reasonable hours by the director of finance and budgets.

Animals and Fish - Historical Notes

The following is a listing of acts that at one time affected, but no longer appear to have any effect on, hunting, fishing or animal control in Dyer County. They are included herein for reference purposes. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1889, Chapter 171, was a general game law making it unlawful to hunt, kill, or trap deer for profit but deer could be legally killed for one's own consumption, and a person could kill deer for profit on his own land between August 1 and January 1 of each year. It was unlawful to hunt, kill, trap, or capture quail, or partridges for profit except on one's own land between November 1 and the following March 1. Fines for violators ranged from \$15 to \$25 for the first offense and \$25 to \$50 for the second. Constables and Justices of the Peace were designated as Game Wardens to enforce this law. Dyer County was among the 65 counties which exempted themselves from this Act.
2. Acts of 1897, Chapter 289, made it illegal for any person to hunt, capture, kill, shoot, or net any quail, or partridge in Dyer County from April 1 until September 1 of each year. No one could kill these for profit except on his own land or by obtaining permission from the owners of other lands. It was further against the law to export or receive for export any of the birds mentioned above.

Offenders could be fined from \$5 to \$25 for each offense.

3. Acts of 1901, Chapter 49, declared that in Dyer County (identified by the 1900 Federal Census figures) a lawful fence, in addition to the other fences sanctioned under the law, could consist of barbed wire of four strands firmly attached to good substantial posts, not more than 40 feet apart, the lowest strand of which must be 15 inches above the ground and each of the other wires being separated by a twelve inch space.
4. Acts of 1901, Chapter 51, provided that all persons owning or controlling swine in Dyer County would keep them confined to their land. If any swine were found on another person's land, whether fenced or not, the owner of that land would have a lien on the swine trespassing thereon which lien could be enforced by attachment or judgment at law. This Act must not be construed as releasing any Railroad Company from any liability they might have under any other law.
5. Acts of 1901, Chapter 224, declared it a misdemeanor for any person in Dyer County to shoot, trap, or kill, wild turkeys for sale, or profit or to kill more than five turkeys in any one year. It was further illegal to buy any wild turkeys in Dyer County. Fines would be \$10 for each turkey killed, sold, or bought, or offered for sale, in violation of this law, one-half to be paid to the informant, and one-half to be paid into the school fund.
6. Acts of 1905, Chapter 431, amended Public Acts of 1903, Chapter 169, a general game law of the State to make it illegal to shoot turkey hens except from November 1 to February 1 and gobblers from November 1 until May 1. Not over five could be killed each year and none could be sold for profit at any time. Closed season on squirrels would run from January 1 until July 1. Non-residents of the State could not kill, or trap, coons, mink, and otter at any time. Fines from \$25 to \$50 could be imposed upon violators in Dyer County, the only county to which this Act would apply.
7. Private Acts of 1909, Chapter 555, declared it to be a misdemeanor to shoot, kill, or injure, by any method or means whatsoever, any squirrels, coons, mink, or otter, in Dyer County except during the following times: October 1 until January 1, with no license being required. Open season on the other game above would run from October 1 until following February 15. No non-resident could hunt or kill those mentioned at any time for profit.
8. Private Acts of 1909, Chapter 556, gave any resident of Dyer County the right to fish in any of the rivers, lakes, ponds, or other streams, by line, trap, gun, nets or trot line, but not otherwise, from June 1 until March 1 for which no license would be needed. No person could legally do so during the closed season. Fines were provided for those failing to comply.
9. Private Acts of 1911, Chapter 80, made the fence described therein a lawful fence in addition to the others approved under the law. The fence could be four strands attached firmly to good substantial posts no more than 40 feet apart, the lowest of which wire strands would be 15 inches above the ground and the others 12 inches above the next lower one.
10. Private Acts of 1911, Chapter 98, ordered that all persons owning or controlling swine must keep them confined to their premises, or suffer a lien to be placed upon the trespassing animals in favor of the person damaged. Dyer County was expressly exempted from the terms of the Act.

Any person so damaged by the above would have a lien on the animals invading his property for any damages plus the cost of taking them up and caring for them, provided notice is given to their owner. The Lien would exist for sixty days after the injury and until the termination of any lawsuit. Violators could also be fined from \$5 to \$25, each day being a separate offense.
13. Private Acts of 1921, Chapter 335, amended Private Acts of 1921, Chapter 22, Item 12 above, so as to make that Act take effect on January 1, 1922, rather than on June 1, 1921.
14. Private Acts of 1925, Chapter 758, made it unlawful for any person to take, catch, or kill, or to attempt the same, any fur bearing animal by means of box traps, snare, stick trap, deadfall, or any other device, in Dyer County. Any person found guilty could be fined from \$10 to \$25 but any owner, or tenant, could catch, or kill these animals whenever they became a menace to home, crops, or poultry.
15. Private Acts of 1931, Chapter 337, declares it to be against the law for any person to kill, or shoot, more than 8 squirrels within one 24 hour period in Dyer County. To have a greater number than 8 of squirrels in one's possession would be prima facie evidence of guilt. First offenders could

- be fined from \$10 to \$50 and all subsequent offenses could be punished by fines from \$25 to \$50.
16. Private Acts of 1933, Chapter 843, stated it to be unlawful in Dyer County for any person to hunt, trap, or kill squirrels except during the period between July 1 and December 31 of each year. The hunting and killing of squirrels at any other time were prohibited for which a \$5 fine could be imposed by any court of the State for each offense.
 18. Private Acts of 1937, Chapter 755, amended Acts of 1905, Chapter 76, a general State law, by inserting a provision that in Dyer County the existing practitioners of veterinary medicine could make application to the State Board of Veterinary Medical Examiners on or before September 1, 1937, to which day they were allowed to register and receive their license without having to be examined by the Board.

Bond Issues - Historical Notes

A listing of the acts which authorized various bond issues for Dyer County is included below for reference purposes, although these acts are no longer current. Also referenced below are acts which repeal prior law without providing new substantive provisions.

Courthouse

1. Private Acts of 1903, Chapter 37, authorized the Quarterly Court of Dyer County to issue time warrants not to exceed \$50,000 in amount, at an interest rate of 6%, or less, and for a maturity period no longer than 15 years. These bonds would be sold by a committee elected by the County Court and the proceeds would be used to construct a Court House at Dyersburg. All the essential details of valid bond legislation were present in the Act and a mandatory tax levy not to exceed 15 cents per \$100 was established to be levied as long as any of the warrants were due and unpaid.
2. Private Acts of 1911, Chapter 404, recited in the preamble that Private Acts of 1903, Chapter 37, above, was the legal authority to issue up to \$50,000 in time warrants at 5% interest, and covering a maturity period of fifteen years, with which to build a Court House, and that the warrants and bonds so authorized were duly issued and sold, but some question has arisen concerning the validity of the time warrants, therefore, this act ratifies, confirms, and validates all prior actions had in connection with that project and allowed refunds to be made on the warrants and bonds to be issued in their room and stead under the same limitations. These bonds were to be executed in the name of Dyer County and would possess and assume the same credibility as other bonds.

Debts

1. Acts of 1866-67, Chapter 41, granted the privilege to Hawkins County acting through its Quarterly Court by a two-thirds vote of its members, to issue coupon bonds for the amount of the

indebtedness of the County, but no debt was to be paid with these funds which was incurred in aid to the recent rebellion. Section 6 made this Act effective in Greene, Monroe, White, Franklin, Dyer, and Smith Counties.

2. Acts of 1891, Chapter 12, constituted the authority for the Quarterly Court of Dyer County to issue up to \$25,000 in bonds at an interest rate not to exceed 6%, and for a maturity period no longer than ten years, but the bonds could be called in after three years. The money would be used to pay the outstanding obligations of the County. The bonds would have interest coupons attached, would be free from taxation when owned by a citizen of the County, and must meet all the needs of local bond issues required by law.
3. Private Acts of 1913, Chapter 160, permitted the Dyer County Quarterly Court to issue up to \$75,000 in bonds at an interest rate not to exceed 5%, payable in 1933 with the right reserved to call in and pay \$5,000 per year after five years. The proceeds would go to liquidate debts and outstanding warrants of the County. All the essential details of the bond issue were incorporated including the mandatory tax levy. The County Chairman must keep proper records and the Trustee would handle the funds.
4. Private Acts of 1917, Chapter 306, enabled the Quarterly Court of Dyer County to issue and sell up to \$150,000 in bonds at an interest rate of 5%, or less, which bonds would mature over a period of 15 years according to the schedule contained in the Act. The bond purpose was to pay off the outstanding debts of the County evidenced by judgments and unpaid warrants. All necessary detail was included within this Act which obligated the County Judge to keep all proper records.
5. Private Acts of 1929, Chapter 813, ratified, confirmed, and validated all the prior proceedings of the Quarterly Court of Dyer County held in connection with the issue and sale of \$200,000 in funding bonds, dated April 1, 1929, bearing an interest rate of 5½%, and maturing in annual \$10,000 increments, starting in 1940. These bonds were made the general obligations of the county government for which a special tax levy must be made as long as any remained due and unpaid.
6. Private Acts of 1931, Chapter 124, was the enabling legislation for the Dyer County Quarterly Court at any regular, or called, session to issue short term notes up to \$325,000 in anticipation of taxes levied but not collected. These notes could not be issued except as they were needed to pay the interest falling due on County bonds. The interest rate to be paid was not to exceed 6%. The principal of these notes, plus interest, would be paid out of the regular county funds produced by the tax levy.
7. Private Acts of 1931, Chapter 283, was the legal authority for the Quarterly Court of Dyer County at any regular, or called, session to issue interest bearing warrants, or notes, to raise funds to pay current expenses in anticipation of taxes levied but not collected. The warrants could not be issued except on approval by two-thirds of the Court members. The amount in the aggregate could not exceed 5% of the assessed value of property in the County. The interest rate could not top 6%, nor the maturity period exceed 30 years. Details to be observed at all issues were incorporated. The debts which were to be paid had to be entered in the minute book at the time of issue and a proper tax had to be levied to amortize these warrants over the specified maturity period.
8. Private Acts of 1935, Chapter 788, granted to the Dyer County Quarterly Court the authority to issue bonds, and to borrow money, by Resolution whenever it became necessary to adjust or liquidate the outstanding obligations of the County. The bonds could not exceed that amount of the unpaid debts of the County, nor the interest rate exceed 6%, nor the maturity schedule be more than 50 years. All the details of the issue could be included in the Resolutions for these general obligation bonds which required a special tax levy to be made to repay them as long as any were out. This authority could further be used to refund other bond issues especially in the area of roads and highways. The Court was given the added authority to resort to the Federal Bankruptcy Act if the Court should so decide. See *State v. Fumbanks*, 177 Tenn. 455, 151 S.W.2d 148, a Dyer County case involving this Act.
9. Private Acts of 1937, Chapter 129, validated all the prior proceedings of the Quarterly Court of Dyer County, especially the adoption of a Resolution on January 4, 1937, in connection with the issue and sale of \$94,500 in bonds at 3½% interest until January 1, 1940, and thereafter at 3 3/4%, graduated in increments up to 4 3/4% to fund certain debts due and owing on December 31, 1936. These bonds would mature January 1, 1965. A special tax levy must be made to amortize them so long as any were due and unpaid.
10. Private Acts of 1937, Chapter 530, validated all the prior proceedings, orders, and agreements by

the Dyer County Quarterly Court relating to the readjustment of the indebtedness of the County, and to the issuance and sale of \$4,715,788 in funding, or refunding, bonds, designated as alphabetical series "A" through "M". The authority was conferred upon the officials of the County and State Highway Departments to proceed whenever necessary. The County Trustee was obligated to handle the money and to keep all essential records.

11. Private Acts of 1941, Chapter 157, was the authority for a bond issue in Dyer County which is still outstanding. For these reasons the Act has been published herein in full on the preceding pages.

Railroads

1. Acts of 1869-70, Chapter 55, gave the County Court of Dyer County the authority to raise up to \$400,000 to be expended in Dyer County for railroad purposes by issuing bonds up to that amount, for a maturity period which could not exceed 20 years, and at a lawful rate of interest. The bonds would be secured by stock in the Railroad Company. All the details of the issue, including a mandatory tax levy to amortize the bonds, were included in the Bill. The authority was limited to railroads which crossed the County.

Roads

1. Private Acts of 1907, Chapter 58, gave the right to the Quarterly Court of Dyer County to issue and sell up to \$150,000 in bonds, at an interest rate of no more than 5%, and to mature over a 30 year period, callable after 15 years, which bonds would be tax exempt and used to build good roads in Dyer County. All was conditioned upon approval by the people in a referendum. The Act named R. M. Hall, J. N. Parker, John M. Tarrant, and N. W. Calcutt, all bankers, as the "Trustees of the Good Road Fund," who would supervise the sale of the bonds and the administration of the program, together with a Committee of Five to be selected by the Court from among their own members. The authority was granted to employ an engineer, if desired, and needed. This Act levied a "road bond interest tax."
2. Private Acts of 1909, Chapter 118, also enabled the Quarterly Court, subject to the outcome of a referendum held for that purpose, to issue up to \$150,000 in 5%, 30 year, bonds, callable after five years, to build good roads in Dyer County. The Court would appoint 4 citizens as "Trustees of Good Road Funds" to supervise the bond sale and the overall program. Each Civil District would select a committee in the District to handle the program in that area. An overall engineer could be hired or each District would be permitted to employ one. All the details and tax levy were incorporated into the law.
3. Private Acts of 1911, Chapter 375, was the authority to issue up to \$500,000 in bonds, at an interest rate of 5%, or less, and to cover a maturity period not to exceed 30 years, to construct a system of graveled, or rock, roads in Dyer County, conditioned upon prior approval by the people in a referendum. The essential elements of a bond issue were included. The Chairman of the County Court, the County Trustee, and the County Court Clerk were commissioned to handle the money according to the dictates of this statute. A list of fifteen different sections of roads was set up in the Act upon which the bond money would be expended.
4. Private Acts of 1921, Chapter 482, allowed the Quarterly Court to issue up to \$500,000, in 6%, 40 year, bonds to build, construct, repair, and maintain certain hard surfaced roads. The form of the bond and the details to be observed were incorporated into the body of the bill. The program would be generally supervised by the Hard Road Commission, to which the Act named J. N. Parker, John M. Tarrant, J. H. Jones, and N. W. Calcutt, and who would select a Chairman, a Secretary, a Treasurer, and an attorney. Four Roads were listed upon which the work and funds authorized by this Act would be expended. This Act was repealed by Private Acts of 1947, Chapter 67, below.
5. Private Acts of 1921, Chapter 483, allowed the issue in bonds up to \$670,000, at 6% interest, or less, for a 30 year maturity period, or more, to build, construct, improve, and repair certain hard surfaced roads in Dyer County. All essential details were observed, and the form of the bond and the interest coupon are depicted verbatim in the Act. The County Judge was directed to keep adequate records and the Trustee to handle the funds. J. N. Parker, N. W. Calcutt, and George E. Scott all of Dyersburg; N. L. Scobey, I. N. Williams, and Albert Harris, all of Newbern; were named as Pike Commissioners to supervise the program, award contracts under certain limitations, and to inspect and report on the progress of the work. Seven roads were specified in the Act as having priority for the benefits of this law. The Commission would not be paid in 1921 but the Quarterly Court could compensate them afterwards, if they so desired.
6. Private Acts of 1921, Chapter 658, was the authority for a certain city in the State to issue bonds for road improvements under the terms and conditions stated therein. The margin said this Act applied to Dyer County but it applied only to the city of Dyersburg.

7. Private Acts of 1921, Chapter 865, amended Private Acts of 1921, Chapter 482, Item 4, above, by adding at the end of Section 3 a provision that such bonds would not be issued until the County Hard Road Commission had requested in writing for the Quarterly Court at some regular term to vote the issuance of the same, and they only after a majority of the Justices had voted to do so. This Act was repealed by Private Acts of 1927, Chapter 68, below.
8. Private Acts of 1925, Chapter 60, was the legislative authority to issue up to \$1,000,000 in 6%, 30 year, bonds to build, construct, repair, and improve certain hard surfaced roads in Dyer County. The details coincide with prior act mentioned above. J. N. Parker, John M. Tarrant, and John F. Thompson, were named as Pike Commissioners who had the authority to use the money according to the terms of this Act. They would serve regular six year terms, solicit bids when expedient, award contracts under conditions stipulated, and had the power to exercise eminent domain to secure rights of way. Fifteen roads were listed as having work priorities. All the terms of this Act were subject to approval by the voters in a referendum.
9. Private Acts of 1925, Chapter 225, amended Private Acts of 1921, Chapter 482, above, by striking the names of those who were members of the Commission in that Act and substituting J. N. Parker, John M. Tarrant, and Dr. Joe Wynne, in their places. Section 12 was amended to extend the terms of the Commissioners to January 1, 1930. This Act named four roads to be considered in the overall program. This Act was repealed in Item 13, below.
10. Private Acts of 1925, Chapter 328, recited that the people of Dyer County in a referendum on February 21, 1925 approved the issue of \$1,000,000 in bonds at an interest rate not to exceed 6%, and covering a maturity period no longer than 30 years, which amount would be expended on roads. The form of the bond and the interest coupon were set out verbatim in the Act. The Pike Commission, to which the Act named J. N. Parker, John M. Tarrant, and John F. Thompson, must keep adequate records, make periodic progress reports, and supervise the overall program. The Commissioners were granted general powers to accomplish the work required on the list of fifteen roads enumerated in the Act plus any others, if funds remained, selected by the Pike Commission.
11. Private Acts of 1927, Chapter 67, amended Private Acts of 1921, Chapter 482, above, by inserting a new Section 3 providing for the County to issue the amount of bonds requested by the Hard Road Commission in writing at interest not to exceed 6% until the full amount of \$500,000, as authorized, had been issued, to mature at five year intervals for 30 years from date of issue. Section 4 was rewritten to give details of the bonds and specifying the form they would take. These bonds were exempted from taxation. J. N. Parker, J. K. White, and Dr. Joe Wynne were named as Commissioners. Section 15 was rewritten to give additional duties to the Hard Road Commissioners and to add five roads to the list to be worked.
12. Private Acts of 1927, Chapter 68, expressly repealed Private Acts of 1925, Chapter 225, Item 7, above, in its entirety.
13. Private Acts of 1927, Chapter 70, specifically repealed Private Acts of 1925, Chapter 225, entirely as written.
14. Private Acts of 1927, Chapter 195, was the enabling legislation for the Dyer County Quarterly Court to issue up to \$100,000 in 6%, 30 year, bonds, as all or any part of which was requested by the Pike Commissioners, which money would be used to build, construct, repair, maintain, and improve certain hard surfaced roads. The form of the bond and the interest coupon to be attached and the essential details of valid bond laws were contained in the Act. The Pike Commissioners would supervise and administer the program with the Trustee handling the money. The Commissioners could not have any personal interest in any of the business of the program. J. N. Parker, J. K. White, and John F. Thompson were nominated as Pike Commissioners, who could employ an engineer, solicit bids, award contracts and do all essential tasks within the limitation stipulated in the Act. A list of roads to be built or repaired was included in the Act but the Commissioners had the authority to add others to it. The entire Act was subject to an affirmative referendum vote.
15. Private Acts of 1927, Chapter 550, amended Private Acts of 1927, Chapter 195, above, to provide that the Chairman of the County Court be substituted throughout the Act in place of the County Judge, that office having been abolished in Dyer County.
16. Private Acts of 1929, Chapter 264, allowed the Dyer County Quarterly Court, subject to approval by the people in a referendum, to issue up to One Million Dollars in bonds at 6%, or less, interest, and to mature no later than 30 years from issue, to build, construct, repair, and maintain hard surfaced roads which would be issued as the Pike Commission requested in writing. All essential details were provided. Gasoline tax money and license tax funds might be used to repay these

bonds but a tax levy was also required. The County Chairman must keep records and the Trustee handle the money. The Pike Commission had the general oversight of the bond sale and administration of the program. J. N. Parker, J. K. White, and John F. Thompson were named as Pike Commissioners who could have no personal interest in any of the business of the program.

The funds could not be used for the acquisition of rights of way. A list of 64 roads was contained in the Act upon which work would be scheduled to be performed.

Schools

1. Private Acts of 1937, Chapter 139, was the authority for the Mayor and Aldermen of the city of Trimble in Dyer County to issue and sell \$20,000 in bonds to construct a school building to replace one recently destroyed by fire. All details were present, the interest rate was limited to 6%, and the maturity schedule to 20 years. Being general obligation bonds, the Mayor and Aldermen must impose a tax levy adequate to amortize the said bonds when due.
2. Private Acts of 1937 (Ex. Sess.), Chapter 20, was the authority for the Quarterly Court of Dyer County to issue on its own initiative up to \$150,000 in bonds, at a maximum interest rate of 6%, and with a maturity schedule not to exceed 25 years, to acquire property by purchase, or condemnation, to construct and equip a school thereon. All the necessary details were contained in the Act including a formula for the distribution of the funds. The Act was dependent upon the successful outcome of a referendum held for the purpose of approval or disapproval.
3. The Dyer County Audit Report for 1976 showed a special bond issue on Page 15 for schools, citing Private Acts of 1945, Chapter 184, as the authority for the \$227,000 issue on which \$80,000 was still outstanding. The Private Act cited as authority did not apply to Dyer County. It is the Compiler's judgment that Public Acts of 1945, Chapter 184, was the intended citation.

Boundaries - Historical Notes

The following is a summary of acts which authorized boundary changes for Dyer County.

1. Acts of 1837-38, Chapter 256, appointed Abel H. Pope, of Lauderdale County, to run and mark the dividing line between Haywood and Lauderdale Counties so as to reduce Haywood County to its constitutional limits of 625 square miles, and, further, to run and mark the line between Dyer and Lauderdale Counties. The County Court of Lauderdale County would pay the surveyor for his services.
2. Acts of 1849-50, Chapter 83, changed the boundary line between Gibson County and Dyer County so as to include in Gibson County the territory lying between the North Fork and the Little North Fork of the Forked Deer River to the end that the line would run with the Forks of the said River to their junction.
3. Acts of 1865-66, Chapter 19, concerned the creation of Crockett County which was formed by taking fragments from Haywood, Madison, Gibson, and Dyer counties.
4. Acts of 1870-71, Chapter 26, stated that the Act which established Crockett County would not infringe upon the constitutional size of Madison, Gibson, and Dyer Counties, but this Section would not be construed to invalidate any past Act or Acts of the commissioners of the said Counties.
5. Acts of 1883, Chapter 97, rearranged the boundary lines between the counties of Lake and Dyer so as to include within Lake County all the area within two miles south of the present line.
6. Acts of 1887, Chapter 194, changed the lines between Dyer County and Crockett County where the line crosses the lands of J. A. Sudberry and John Hall, near Chestnut Bluff, so as to include all of the home tract of Sudberry in Dyer County and to include all the land of Hall in Crockett County. All the laws defining the boundary between the counties of Crockett and Dyer were amended to that effect.
7. Acts of 1889, Chapter 32, transferred all the properties belonging to John Barham out of Gibson County and into Dyer County.
8. Acts of 1889, Chapter 108, moved the residences and lands belonging to J. W. Bell, Mrs. Churchman, and R. K. Harwell, out of Crockett County and into Dyer County.
9. Acts of 1893, Chapter 22, changed the lines between Crockett County and Dyer County so as to include all the lands of J. W. Clark's heirs in Dyer County, detaching the same from Crockett County and causing the new line to run from the southwest corner of Ben Bell's tract of land in the Crockett County line south between A. E. Taylor and H. Stallings on the east, and J. W. Clark's heirs, on the west, to the southwest corner of the said Clark's heir's land, thence west with the south boundary of J. W. Clark's heirs to their southwest corner, thence north with the said Clerk's heir's line to the Crockett County line.
10. Private Acts of 1931 (2nd Ex. Sess.), Chapter 67, realigned the boundaries between Dyer County and Gibson County where the said line crosses the Newbern and Neboville public road after it leaves the Huey lands where it now runs due south across the A. L. McCorkle and Mrs. Allie Spence land, so as to cause the line to run, when it touches A. L. McCorkle's north line, directly west to McCorkle's north west corner; thence due south with the McCorkle and Spence west line to Spence's southwest corner; and then go east to where the said county line now crosses the Spence's south line and thence south, as it now runs, which places the McCorkle farm and the Spence farm entirely within Gibson County.

Court System - Historical Notes

Board of Jury Commissioners - Jurors

The following acts once affected jurors or boards of jury commissioners in Dyer County, but are no longer operative. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Private Acts of 1915, Chapter 355, established a three member Board of Jury Commissioners in Dyer County, who must be householders or freeholders, not a lawyer, nor a county officials, Justice of the Peace, or Constable, or have a suit pending in Court. The members would be appointed by the Judges of the Courts of record for terms which were staggered initially but afterwards would all be for three years. In case of an emergency or temporary appointment would be made for the next meeting of the Board only. All members were required to be under

the oath written in the Act and the County Court Clerk, who would serve as Clerk to the Board, must also be sworn by the oath in the Act. It was the duty of the Board to meet on the third Monday in May every two years, or within twenty days after the call of the Chairman, to select from the tax rolls, or other public sources, the names of at least 500 people, or as many as may be practical to serve as jurors during the ensuing two years. The Grand Jury, and all the petit Juries, would be drawn from this list, and the Board was authorized to meet and supply any deficiency which might arise. The Clerk must furnish a suitable book in which all the selected names would be entered in alphabetical order and the same confirmed by all three members of the Board. All the names would likewise be put on cards which would be placed in a box and the box locked and sealed. Within ten to fifteen days before Court, the box would be opened and a child under ten years of age would draw the number of names required from the box and this list would be submitted to the Court. At least five days before Court these names would be sent to the Sheriff on subpoena. No one could be excused except by order of the Court. The Chancellor could call upon the Clerk to supply a jury for that Court where one was needed. Commissioners would be paid \$3.00 per day.

2. Private Acts of 1917, Chapter 691, amended Section 10, Private Acts of 1915, Chapter 355, above, by adding a provision to that Section that a majority of the Commissioners could act with authority, and in the absence of the Chairman of the Commissioners, the Clerk was given the authority to deliver the cards containing the jurors names to the Judge in open Court. Another provision permitted the Board to furnish a list of prospective jurors who were qualified to the Sheriff for summoning without drawing the names from the box in order to expedite the selection of jurors.
3. Private Acts of 1921, Chapter 373, amended Section 12, Private Acts of 1915, Chapter 355, Item One, above, by adding another provision that, in order to dispatch the business of the Court and to avoid unnecessary delay in the trial of any case, the Jury Commission, or the presiding Judge, could furnish the Sheriff with a list of names of qualified people whom the Sheriff was required to summon to make up a jury whether in a special case, or not. These names were not to be taken necessarily from the jury box but could be chosen by the Commissioners, or the Judge.
4. Private Acts of 1955, Chapter 323, was rejected by the Quarterly Court of Dyer County and never took effect as a law. This Act would have set up a three member Board of Jury Commissioners for Dyer County whose qualifications and terms were similar to the previous Act. The members would be appointed by the Judges having Criminal Jurisdiction. A minimum of 800 names would be drawn through procedures duplicating those of the previous Board which would constitute the jury list until exhausted. Names drawn to serve as jurors would be placed in Jury Box #2 for three years and also in a book to be called "Jury Service Book." The Judge had the authority to select the Grand Jury at large. Provisions were made to replenish exhausted panels and to provide for special juries.

Chancery Court

The following acts form an outline of the development of equity jurisdiction in Dyer County, although they no longer have the force of law since they have either been superseded by general law, repealed, or failed to receive local ratification. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1822, Chapter 13, provided that the Chancery Courts of Tennessee would be held by one of the Judges of the Supreme Court at least once a year in the present places of holding the Supreme Court. The Chancery Court at Rogersville would convene on the first Monday in November; at Charlotte, on the fourth Monday in December; at Sparta, on the second Monday in December; at Nashville, on the fourth Monday in January; and, at Columbia, on the second Monday in January. Subsequent Acts concerning State Courts would be part of the State Code. This Act created fourteen Chancery Divisions in Tennessee of which the Ninth Chancery Division contained the Counties of Fayette, Gibson, Haywood, Lake, Lauderdale, Obion, Tipton, Weakley, and Dyer. The Court terms would begin in Dyer County on the first Monday in January and July.
 26. Public Acts of 1947, Chapter 57, established a Common Law and Chancery Court in Dyer County whose Judge would be elected by the people for a eight year term. Robert D. Jones was name as the first Judge of this Court to serve until his successor was elected at the regular county election in August. The terms of this Court would begin on the first Monday in every month, and all process served more than five days before that time would be returnable to that term of Court. The jurisdiction of the County Court and of the Juvenile Court were vested in this Court and, in addition, all the powers and jurisdiction of the Chancery Court, and concurrent jurisdiction with the Circuit Court were likewise given to the Common Law and Chancery Court created hereunder in all civil cases, except devisavit vel non and criminal cases of both misdemeanors and felonies. The County Court Clerk would be the Clerk of this Court and the Judge could authorize the employment of a Deputy Clerk. This Act was repealed by Public Acts of 1972, Chapter 863.
 27. Public Acts of 1955, Chapter 80, amended Public Acts of 1947, Chapter 57, above, by deleting certain language from Section 13, and substituting other to the effect that the Judge of the Common Law and Chancery Court would be paid out of the treasury of the State of Tennessee as the salaries of other Chancellors and Circuit Judges were paid. The Ninth Chancery Division was composed of the Chancery Courts of the Counties of Fayette, Gibson, Haywood, Lauderdale, Tipton, and Dyer where the Chancery Court would convene on the first Monday in January and July and the Common Law and Chancery Court would continue to meet on

the first Monday in every month.

30. Section 16-245, T.C.A., was amended by removing Dyer County and Gibson County from the Ninth Chancery Division into a special section of that Division and giving the jurisdiction of all chancery cases in Dyer County to the Law and Equity Court with the provision that the present Chancellor complete all cases then pending before the Court.
35. Public Acts of 1974, Chapter 547, created an additional Chancellor's office for the 9th Chancery Division who would be elected in the regular August election in 1974 and take office on September 1, 1974. The Chancellor holding Part I of the Court would be deemed the Senior Chancellor.

The Clerk and Master was granted all the powers necessary to accomplish all clerical duties. This Act did not apply to the counties with County Judges until September 1, 1982.

Chancery Court - Clerk and Master

The reference list below contains acts which once applied to the clerk and master in Dyer County. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1825, Chapter 32, provided that the Supreme Court would appoint a Clerk and Master for the Chancery Court which met in Paris in Henry County to hear and decide the cases from the counties of Perry, Henderson, Carroll, Henry, Weakley, Obion, Gibson and Dyer.
2. Acts of 1845-46, Chapter 63, made it the duty of the Clerk and Master at Trenton in Gibson County to appoint a Deputy Clerk and Master who lived at Dyersburg, or in Dyer County, and who would keep his office open in Dyersburg.
3. Private Acts of 1915, Chapter 591, made all women over the age of 21, and residents of the county appointing them eligible to serve as Deputies in the office of the Clerk and Master in Dyer County. They would be subject to the same privileges and responsibilities and have the same authority as other Deputy Clerks and Masters.
4. Private Acts of 1927, Chapter 552, stated that in Dyer County the Clerk and Master of the Chancery Court would be paid the sum of \$2,250 annually, provided a sworn, itemized statement was filed with the County Chairman showing the amount of fees collected in the office, but the fees would not include those received for services as a Receiver, or those fees paid for transcripts. If the fees were less than the salary, the county was compelled to supply the difference, but, if the fees were more than the salary, the Clerk and Master was allowed to retain the excess. This Act was repealed by Private Acts of 1933, Chapter 533, below.
5. Private Acts of 1929, Chapter 701, set the salary of the Deputy Clerk and Master in Dyer County at \$75.00 per month, payable on the last day of each calendar month out of the general funds of

- the county on the warrant of the County Judge, or Chairman.

The Clerk and Master must file a sworn account of the fees of the office. If the fees exceeded the salary, the excess must be paid into the coffers of the county through the hands of the Trustee but, if the fees do not equal the salary, the amount collected would be the salary of the Clerk and Master for that year. This Act was intended only to reduce the salary of the Clerk and Master and nothing else. The continuance in office and acceptance of the pay would operate as an estoppel against the Clerk and Master to complain about salary provisions, and to ask for higher compensation.
 8. Private Acts of 1939, Chapter 550, allowed the Dyer County Clerk and Master to receive a salary of \$2,000 annually for his services but he must file a sworn, itemized statement with the Chairman of the County Court showing the correct amount of the fees collected and paid including those for services as a Receiver and for making up transcripts of records for the Appellate Courts. If the fees were less than the salary, the difference must be paid by the warrant of the County Chairman out of regular county funds. Clerk and Master could retain excess up to \$2,200 but any amount over that would go into the county treasury. This act did not affect any Deputy Clerk and Master.
 9. Private Acts of 1945, Chapter 449, amended Private Acts of 1929, Chapter 701, by increasing the salary of the Deputy Clerk and Master from \$75 per month to \$125 per month.

Circuit Court - Clerk

The following acts have no current effect, but once applied to the Dyer County Circuit Court Clerk. They were repealed, superseded, or never received local approval. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1903, Chapter 255, was a salary Act which involved only the Circuit Court Clerks of the State which determined the annual salary of these Clerks according to the population of the county in which they served. The Clerks were directed to file an itemized sworn statement by January 1 of each year with the County Judge, or Chairman, showing all the fees collected in the office during the year. If the fees were less than the salary, the county must pay the difference, but, if the fees exceeded the salary the Clerk could retain the surplus as his own. We calculate that the Circuit Court Clerk of Dyer County would have been entitled to a salary of \$1,000 annually under this Act.
2. Private Acts of 1911, Chapter 675, amended Acts of 1903, Chapter 255, above, by adding a provision that in counties having a population between 25,000 and 30,000 which had a Law Court established and in operation as well as a Circuit Court, and which required a separate Clerk's office to be maintained, the Clerks of the Circuit Court to those counties would be paid \$1,500 annually. This Act applied to Campbell, Dyer, Haywood, Henry, Lincoln, Obion, Robertson, Sumner, Tipton, Washington, and Wilson Counties.
3. Private Acts of 1931 (2nd Ex. Sess.), Chapter 84, stated that in Dyer County (identified by the use of the 1930 Federal Census figures) the Deputies in the office of the Circuit Court Clerk would be paid at the rate of \$75 per month, payable on the last calendar day of the month on the warrant of the County Judge, or Chairman, out of the general funds of the county.
4. Private Acts of 1933, Chapter 656, provided that the annual salary of the Circuit Court Clerk would be \$2,500. Conditioned upon the filing of an annual report showing the fees collected in the office. If the fees exceeded the salary, the excess would be paid into the county treasury. If the fees were less than the above amount, whatever fees had been collected would constitute the salary of the Clerk. Continuance in office, seeking and performing the duties thereof was an acceptance of the terms of this act and would work as an estoppel against the Clerk to claim any additional compensation. This act was to have no effect other than to reduce the salary of the Circuit Court Clerk to the above figure.

5. Private Acts of 1939, Chapter 367, set the salary of the Circuit Court Clerk in Dyer County at \$175 per month payable on the warrant of the County Chairman out of the funds of the county. The Clerk would be compelled to pay over all the fees of his office to the County Trustee on January 1 each year, the above salary being in the place of all fees.
6. Private Acts of 1945, Chapter 103, amended Private Acts of 1939, Chapter 367, by increasing the monthly salary of the Circuit Court Clerk from \$175 to \$225, all other terms and conditions to remain as they were.

Regular terms of the Probate Court would begin on the first Monday in each month. This Act was repealed in Item 4, below.
2. Private Acts of 1935, Chapter 749, amended Private Acts of 1927, Chapter 161, above, in Section 4, by adding a provision making process returnable to the first Monday in each month only when it had been issued and served at least five days prior to that time. Section 5 was amended by adding a new subsection 7 allowing the Court to exercise concurrent jurisdiction with Chancery Court in divorce cases and transferring all the judicial functions of the County Chairman to this Court. Section 12 was changed to require the Judge to be sworn as other Judges were and Section 15 was amended to confer all juvenile jurisdiction to the Probate Court. All the Judges of the various Courts were allowed to interchange in Dyer County as in other counties.
3. Private Acts of 1937, Chapter 455, amended Private Acts of 1935, and Chapter 749, and Private Acts of 1927, Chapter 161, in Section 3, Subsection 7, by adding a Section which conferred upon the Probate Court concurrent jurisdiction with Chancery court to try divorce cases and to have concurrent jurisdiction in all other chancery matters to the same degree as Chancery Court possessed; by adding a section vesting the Probate Court with all the civil jurisdiction of the Circuit Court except devisavit vel non. All suits and appeals could be initiated in Probate Court as in the Circuit, or Chancery Court. The Sheriff was required to execute all the process of the

Probate Court. All the criminal jurisdiction of the Circuit Court was also invested in the Probate Court. The Circuit Court Clerk would act as Clerk in all these matters. The salary of the Judge of the court was set at \$3,000 annually, half to be paid by the county and half by the state.

4. Private Acts of 1947, Chapter 612, expressly repealed Private Acts of 1927, Chapter 161, Item One, which created the Probate Court, except for Section 18 which repealed the law creating the position of County Judge in Dyer County.
5. Public Acts of 1972, Chapter 863, placed all the jurisdiction of the Probate Court in the Law and Equity Court of Dyer County.

1. Public Acts of 1907, Chapter 236, created a Board of Education for every county in the state, abolishing the District Directors, and placing the schools under the Board and District Advisory Boards. One member of the Board would be elected from each of the five school districts into which the county court must divide the county. If there were fewer than five districts, other members would be elected at large. The court would appoint the first members to serve until the elections could produce their successors. The duties of the Chairman, the Secretary, and the Board Members were stipulated in the Act including those reports necessary for the orderly conduct of the system. The three member Advisory Board would be elected by popular vote in each District and discharge the duties prescribed for them in this Act. Several counties exempted themselves from the operations of this Act but Dyer County was not among their number.

School Districts - Churchton School District

The following acts once affected the Churchton School District and are included here for historical purposes.

1. Private Acts of 1925, Chapter 378, created the Churchton School District in Dyer County with a general description by metes and bounds of the area involved in the District. An election was required to be held in the summer of 1925 to decide if the voters wanted a bond issue of \$7,500 with which to build the school. Ballots must be printed with just a simple "yes" or "no". The bonds, if approved in the referendum, would be issued at an interest rate not to exceed 6%, and must mature no later than ten years from the date of issue, and must be in the form prescribed in the Act. J. C. Rose, O. W. Taylor, and Joe Tidwell were named as Board Commissioners to oversee the details of the issue and sale of the bonds as stated in the Act. School affairs were to continue in the hands of the Board of Education. To support the schools and amortize the bonds, a school tax of twenty cents and a poll tax of \$1.00 on all between the ages of 21 and 50 were allowed.
2. Private Acts of 1927, Chapter 565, also created the independent school district to be called the Churchton School District which would include the land in the 9th Civil District as the same was described in this Act. An election would be held to ascertain the voters pleasure regarding the issue and sale of \$6,000 in bonds with which to construct the school building, and equip the same. The bonds must be in the form prescribed in the act, could not bear an interest rate over 6%, nor mature later than ten years from the date of issue. The Act named W. D. Grills, Chairman, R. P. Harrington, T. A. Austin, Elmer Headen, Carl Grills, G. M. Smith, O. K. Smith, and Alton Zarrieor as members of a Bond Commission to supervise the program. The County Board of Education would manage the school. A tax levy of twenty cents per \$100 of property valuation and a poll tax of \$1.00 on all between the ages of 21 and 50 were authorized to be levied. The Public Service Commission of the State was named to assess the value of the utilities within the District. This Act was repealed by the one following.
3. Private Acts of 1929, Chapter 546, created the Churchton Special School District describing the area embraced in the District by metes and bounds. Within 15 days after the passage of this Act, an election would be held on the question of the issue and sale of \$8,000 in bonds with which to build and equip the school in the district. All prior actions taken in connection therewith were ratified and validated. The bonds must be at an interest rate of 6%, or less, and mature no later than ten years from issue. If affirmed in the election, the act named W. D. Grills, Chairman, G. M. Smith, J. H. Pope, J. C. Rose, Elmer Headen, Carl Grills, O. K. Smith, and T. L. Austin, as a Bond Commission to sell the bonds and administer the program in conformity with the requirements of

this Act and the general law. The building Committee was made up of W. D. Grills, Chairman, G. M. Smith, Secretary, and J. C. Rose. This Act repealed Private Acts of 1927, Chapter 565, above, in its entirety.

School Districts - Newbern School District

The following acts once affected the Newbern School District and are included here for historical purposes.

1. Private Acts of 1929, Chapter 627, formed a special high school district in the 6th Civil District of Dyer County, including the town of Newbern, and also portions of the Seventh, Eighth, and Ninth Civil Districts, as described therein. The District would be managed by a five member Board of Directors as an incorporated body. The members were to be elected by the people in accordance with the terms and conditions established in this law. Express grants of power were made to the Board in seven paragraphs within Section 5 which were of a broad and general nature but intended to accomplish the management of the District and its operation. A special school tax, not to exceed 30 cents per \$100 property valuation, was authorized to be levied in 1929 and every year thereafter in order to keep the school open for 9 months each year. Children between the ages of six and twenty-one who were residents of the district could attend free of charge. All others were required to pay the tuition charges set by the Board.
2. Private Acts of 1931, Chapter 12, ratified, confirmed, and validated all the prior actions of the Board of Directors of the Newbern Special School District held in connection with the issue and sale of \$35,000 in high school bonds, dated June 1, 1930, at 5¼% interest, and maturing on June 1, 1950. The election held in the district is also validated and legalized despite any lack of statutory authority. The bonds were declared to be the legal, binding, and uncontestable obligations of the district. A property tax of 30 cents per \$100 property valuation must be imposed on property so long as any of these bonds are outstanding and unpaid.
3. Private Acts of 1943, Chapter 388, amended Private Acts of 1929, Chapter 627, Item One, above, by reducing the tax rate for the School District from thirty cents to fifteen cents per \$100.
4. Private Acts of 1947, Chapter 573, amended Sections 4 and 7 of Private Acts of 1929, Chapter 627, by adding a provision at the end authorizing the Board of Directors of the District to use any accumulated funds on hand, or hereafter, if it does not interfere with, or hinder, the operation and maintenance of the high school, for the purpose of building and equipping a gymnasium, or to assist in the building and equipping of a war memorial, provided the memorial contained a gymnasium, the use of which would be available to the high school.
5. Private Acts of 1949, Chapter 302, expressly repealed Private Acts of 1929, Chapter 627, as amended. All property, real and personal, of the Special School District, as well as the claims and choices in action would vest in the town of Newbern for such corporate purposes as might be deemed advisable by the town's governing body.

2. Private Acts of 1943, Chapter 268, expressly repealed Private Acts of 1933, Chapter 558, above, and all the subsequent Acts amendatory thereof. (This action would seem to restore the 1919 Act if the same had been superseded by Chapter 558.)
3. Private Acts of 1971, Chapter 129, abolished the office of School Superintendent in Dyer County effective on September 1, 1971. The Board of Education was authorized to employ an Administrator of Schools for the county who must possess all the qualifications, powers, duties, and responsibilities of the County School Superintendent now and hereafter prescribed by law. The Administrator would be an employee of the Board of Education with whom a contract must be made covering all the aspects of the employment. Chapter VIII - Health

Trust Agreement for Indigent Care

Private Acts of 1983 Chapter 138

SECTION 1. The county legislative body of Dyer County is hereby authorized to establish a trust and enter a trust agreement for the purpose of providing hospital care for the indigent in Dyer County. The proceeds of the sale of the Parkview Hospital, the Parkview Convalescent Unit, and the Parkview Emergency Service (hereinafter referred to as the hospital) shall be placed in such trust fund. A board of trustees (hereinafter referred to as the trustees) shall manage the trust. The trustees shall be the following Dyer County officials by virtue of their offices: county executive, county trustee, chairman of the county legislative body, and the three (3) members of the finance committee of the county legislative body.

Each individual trustee's term shall be coterminus with his or her term of elected office, with respect to the trustee and the county executive, and coterminus with his or her term of appointment or election by the Dyer County Legislative Body with respect to the chairman and members of the finance committee. A trustee may be removed by the Dyer County Legislative Body for any reason, upon the affirmative vote of three-fourths (3/4) of the legislative body. The legislative body shall fill any vacancy in the trustees to complete the unexpired term. If a vacancy occurs among the trustees, the remaining trustees shall have full power to act until the vacancies have been filled. All successor trustees shall have and exercise all of the powers, duties and responsibilities as the original trustees.

SECTION 2. (a) The trustees shall have the following duties:

(1) To invest immediately and keep invested the proceeds of the sale of the hospital in such investments that will yield a high rate of return and that will best fulfill the purposes of the trust. In making such investments the trustees shall be bound by the same legal restrictions and requirements that govern investments made by Dyer County of its funds.

(2) To make available ninety percent (90%) of the income of the trust to the indigent care distribution committee (hereinafter referred to as the committee) the committee shall periodically provide payments to the hospital for "indigent hospital care" as defined in Sections 3 and 4.

(b) Any of the said ninety percent (90%) not paid out to said distribution committee together with all of the income earned on the unused said ninety percent (90%) shall continue to be available to the trustees for payment for "indigent hospital care". Conversely, the four million dollar principal, together with any subsequent donations, plus ten percent (10%) of the income from the four million subsequent donations, plus ten percent (10%) of the income from the four million dollars and any subsequent donations shall not be available to the trustees for payment of "indigent hospital care". For convenience and clarity the trustees may establish two trust funds (A and B), whereby trust fund A may contain the four million dollars plus any other donations. Ninety percent (90%) of the income of fund A may be transferred periodically to trust fund B. Trust fund B may be used to pay for the "indigent hospital care", and any unused portion of trust fund B would remain in fund B. Further, all income earned by unused monies in trust fund B would remain in trust fund B and available to the trustees for "indigent hospital care". There shall be no transfers of funds from trust fund B back to trust fund A. If desired for investment purposes, the two fund may be pooled and/or commingled.

SECTION 3. The committee shall be composed of five (5) members. Four (4) members shall be appointed by the county legislative body of Dyer County, and one (1) member shall be elected by the hospital medical staff. There shall be one (1) citizen elected who is a resident of Dyer County and one (1) citizen who resides within the corporate limits of Dyersburg, with one (1) of the said member's initial term to be one (1) year and the other to be two (2) years, to be determined by drawn lots. After the initial terms have been served, the terms of both such members, or their successors, shall be two (2) years. the intent is to have staggered terms, with one (1) of the citizen members to be elected annually. There shall likewise be two (2) members of the Dyer County Legislative Body to serve as the third and fourth members of the committee. One (1) shall be from a district entirely within the corporate limits of the City of Dyersburg. The terms shall be identical to the two (2) citizen members as set forth hereinabove; the intent likewise being staggered terms with an annual election of one (1) member. The fifth member of the committee shall be a member of the hospital medical staff, elected by the staff for a one (1) year term.

Payments made to the hospital by the committee shall be only for indigent hospital care, which is defined as that care given to those in need who meet the following qualifications:

(1) The patient must have been a resident of Dyer County for at least thirty (30) days.

(2) The patient must be an "indigent". A patient shall be considered an indigent if his individual or family income, as applicable, meets the guidelines set forth by the committee; such guidelines shall be approved by a majority vote of the Dyer County Legislative Body prior to any action by the committee. Any federal regulations now or hereafter promulgated regarding determinations of poverty guidelines may likewise be considered in determining indigency.

(3) The care given must have been for inpatient or outpatient hospital care (including ambulance services) rendered or contracted for, on or after April 1, 1983, by the Parkview Hospital, Dyersburg, Tennessee, or its successor (hereinafter referred to as the hospital); provided, however, such care shall not have been rendered pursuant to the obligation assumed by the hospital under the Hill-Burton grant and grants under Section 1625 of Federal Public Law 93-641; the purpose of this trust fund is to provide for indigent hospital care over and above that required by the Hill-Burton Act and Section 1625 of Public Law 93-641, as long as no more than ninety percent (90%) of the income or accumulated income produced by the trust is expended after the hospital as satisfied the obligations imposed under the Hill-Burton Act and Section 1625 of Public Law 93-641.

SECTION 4. Distributions out of the trust fund for indigent hospital care shall be made only to the committee, which shall then pay the hospital. No patient, nor any patient's creditor (except the hospital), shall have any right to make a claim against the trust fund. Any interest a patient may have in the trust fund paying for indigent hospital care is not assignable, and any purported assignment shall not be honored by the trustees or the committee. Distribution to the committee by the trustees out of the trust fund for payment to the hospital for indigent hospital care shall be made periodically, as follows: The first payment to the hospital shall be made on or before the one hundredth day after the end of the first quarter after the date of closing of the sale of the hospital with no liability for any care rendered prior to

the closing date. Such first payment shall not exceed fifty percent (50%) of the income earned during the first six (6) months of investment of the corpus of the trust. All successive payments shall be made on a quarterly basis, due on or before one hundred (100) days after the end of each quarter, beginning with the second quarter after closing. Request for payments by the hospital shall be in writing to the committee, and with such documentation as the committee may reasonably require to show that the qualifications of Section 3 have been met. The receipt of payments from the trust fund by the hospital shall constitute a consent to audits of such books and records of the hospital as necessary to verify that payment requests are for qualified indigent hospital care.

SECTION 5. The trustees and the committee shall not use, spend or obligate any of the trust fund (including the income) for any administrative expense, salaries or for any purpose except payments pursuant hereto for indigent hospital care, as Dyer County desires all of the trust fund to be used solely for such purpose. Dyer County shall furnish any administrative service or provide funds for clerical, accounting, auditing or other services. The Dyer County Trustee shall be covered under a fidelity bond satisfactory to the Dyer County Legislative Body.

SECTION 6. The trustees and the committee shall make such reports to Dyer County Legislative Body as the legislative body may direct.

SECTION 7. Upon the concurrence of at least three-fourths (3/4) of the members of the Dyer County Legislative Body, the trustees shall be authorized to use any or all of the trust fund (including corpus or principal) for indigent hospital care.

SECTION 8. If the corpus and accumulated income of the trust fund not available for indigent hospital care exceed six million dollars (\$6,000,000.00), the Dyer County Legislative Body may withdraw some or all of such excess from the trust upon an affirmative three-fourths (3/4) vote.

SECTION 9. Nothing herein should be construed as in any way placing or creating an obligation or liability on Dyer County for providing indigent hospital care in addition to, or other than pursuant to, this Act.

SECTION 10. This Trust may not be terminated or amended without the affirmative vote of not less than three-fourths (3/4) of the members of the Dyer County Legislative Body.

SECTION 11. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to that end the provisions of this Act are declared to be severable.

SECTION 12. This Act shall have no effect unless it is approved by a two-thirds (2/3) vote of the county legislative body of Dyer County before July 1, 1983. Its approval or nonapproval shall be proclaimed by the presiding officer of the county legislative body and certified by him to the Secretary of State.

SECTION 13. For the purpose of approving or rejecting the provisions of this Act, it shall be effective upon becoming a law, the public welfare requiring it. For all other purposes, it shall become effective upon being approved as provided in Section 12.

Passed: May 10, 1983.

That any and all moneys, taxes, privileges, fees, fines and forfeitures from whatever source derived, belonging to either the highway, road or bridge and levee funds of the County shall be paid into the hands of the County Trustee, and shall be accounted for by him and shall be kept separate and apart from all other funds; but the County Trustee is hereby especially relieved of the necessity of keeping any of such funds, collected from any Civil District of any County separate and apart and to itself; and on the contrary said County Trustee shall throw all of such funds into one general fund and keep and maintain it as one general fund to be known as the Road Fund of the County.

The County Trustee shall under no circumstances at any time expend any of such funds except upon the order or warrant drawn upon him in ink by the County Highway Commission, said order or warrant setting out the amount thereof, both in words and in figures, and signed by the Chairman of said Commission, countersigned by Secretary thereof.

SECTION 19. That in the event any section or sections or any portion of a section or sections of this Act shall be by any of the Courts of the State having proper jurisdiction thereof declared to be invalid, such holding of the Court shall not in any way render ineffective or invalidate any of the remaining portions or sections of this Act.

Highways and Roads - Historical Notes

The following is a listing of acts which once had some effect upon the county road system in Dyer County, but which are no longer operative. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1832, Chapter 84, named John Lynch, of Madison County, Thomas W. Pugh, of Haywood County, William W. Lea, of Gibson County, and John Kennerly, of Dyer County, as Commissioners to superintend and make a contract for the cutting of a canal from the Forked Deer River to the Mississippi River at or near the place where R. H. Dyer built a warehouse, under such terms and conditions as the Commissioners might deem expedient.
2. Acts of 1837-38, Chapter 257, appointed W. Patterson, Daniel E. Parker, Henderson Clark, John Branch, Jonathan Frost, Thomas H. Ham, and John B. Fizer, all of Dyer county, and seven more citizens of Gibson County, also named therein, as Commissioners to open books and receive stock subscriptions up to \$100,000 to make and construct a sanded turnpike, properly graded, from Trenton in Gibson County to the Mississippi River by way of Dyersburg, which would be called the Trenton, Dyersburg, and Mississippi Turnpike, under the same rules and regulations laid down for the Nashville-Lebanon Turnpike. The above authority would be void if work were not started in five years and completed in ten years.
3. Acts of 1851-52, Chapter 110, was the legal authority for Thomas J. Connell, James Fields, William P. Foulks, and Tomas Finley, all of Dyer County, to open books and receive subscriptions of stock up to \$60,000 to construct a plank road or a turnpike road from Dyersburg to the Mississippi River. When as much as \$5,000 in stock was subscribed the Company could be organized and proceed to construction. The Company would have the right to bridge, or to ferry, the Obion River where the road would cross the same.
4. Acts of 1853-54, Chapter 228, gave the Dyersburg and Mississippi Plank Road Company an additional three years in which their road could be completed.
5. Acts of 1855-56, Chapter 135, provided that Connell, Ferguson, and Isaac Sampson would have the privilege of erecting either a lock or mills on Green's Canal in Dyer County, or they could erect a brush dam in the middle fork of the Forked Deer River near the head of Green's Sluice, sufficiently high to raise the level of the River two feet at low water mark but the navigation of the stream must not be affected thereby.
6. Acts of 1865-66, Chapter 92, incorporated Isaac Brockin, Thomas H. Benton, G. B. Miller, E. P. Sugg, H. G. Pierce, W. B. Sawyer, R. S. Puryear, and their associates, as the "Forked Deer Improvement Company" to clean out and to keep open to navigation by small steamboats, barges, flats, rafts, etc.; the Forked Deer River, and its branches, from Chestnut Bluff on the south to Dyersburg on the north, for a period of 25 years. The County Court of Dyer County was granted the authority to set the tolls and charges for the facility for the freight and passengers which passed up and down this stretch of the River.
7. Acts of 1868-69, Chapter 47, was the enabling legislation to form a company by the name of the Brownsville and Dyer County Railroad Company so as to establish communication by railroad between Brownsville and Dyersburg by way of Chestnut Bluff, or at some convenient point of

intersecting the Mississippi River Railroad Company's line in Dyer County. The authorized capital stock of the company was placed at \$500,000 and William C. Vail, J. M. Parker, G. W. Bettis, W. N. Beasley, J. H. Brooks, Dr. W. B. Gork, and Captain William Foster, were named to open books for stock subscriptions. Jesse Clark, Alf Stevens, Dr. R. H. McGaughy, J. L. Webb, C. C. Moss, and W. T. Poston would be allowed to do the same at Dyersburg.

8. Acts of 1869, Chapter 27, incorporated Isaac Bracken, and his associates, under the name of the "Forked Deer Improvement Company" which would clear out and keep open for navigation the Forked Deer River from Dyersburg to the mouth of the River where it empties into the Mississippi River. The schedule of some toll rates which were to be charged was included.
9. Acts of 1901, Chapter 136, was a general road law applicable to every county in Tennessee under 70,000 in population as established by the 1900 Census. The Act required the County Court to pick one Road Commissioner who would serve two years from each Road District in the County, the Road Districts being made co-extensive with the Civil Districts. The Commissioners must be sworn and bonded and would be in charge of all the roads, bridges, hands, tools, and materials used in their areas. They would be compensated at the rate of \$1.00 per day up to ten days in each year. The County Courts would decide the number of days of compulsory road labor to be worked which could be no less than five nor more than eight, and would fix the price for one day's labor. Authority was given to the County Courts to levy a special road tax of two cents per \$100 property valuation for each day the road hands were assigned to work. Road Commissioners would name the Road Overseers in their districts who would be in immediate charge of a section of road, who would work the same number of compulsory days as everyone else and then be paid for extra days not to exceed \$6.00 per year. All males outside of cities between the ages of 21 and 45 were subject to road labor. Commissioners would dispose of petitions to open, close, or change existing roadways, were obligated to classify and index roads in their districts, and must see to it that the roads in their districts met the basic specifications in the Act. This Act was involved in the case of Carroll v. Griffith, 117 Tenn. 500, 97 S.W. 66 (1906).
10. Private Acts of 1905, Chapter 478, amended Acts of 1901, Chapter 136, above, in several minor particulars but primarily in the methods of acquiring property for rights of way and other public purposes especially when the power of eminent domain had to be invoked.
11. Private Acts of 1909, Chapter 258, provided that the Quarterly Court of Dyer County would select three Road Commissioners to serve two years beginning January 1, 1909, at a compensation of \$300 a year. The Commissioners must be sworn and bonded, would have the supervision of roads and bridges, must observe the specifications for roads contained in the Act, and had the authority to employ an engineer at \$125 a month, or less, to do the professional design and supervision connected with the department. Applications to open, close or change roads must be addressed to the Commissioners who must dispose of them in conformity with the requirements of this law. Commissioners could let contracts within the bounds of the limitations expressed in the Act. All males, able bodied, between the ages of 21 and 50 must work eight days, or pay \$4.00 as a commutation fee for not working. The Quarterly Court was directed to levy a general road tax of no less than ten nor more than twenty-five cents per \$100 property valuation. Commissioners were duty bound to enforce the terms and conditions of this law. Penalties were prescribed for violations hereof and for failure to comply with the requirements. This Act was repealed in Item 14 below.
12. Private Acts of 1911, Chapter 187, named each School Director as the Road Commissioner in their respective districts who must be sworn, execute bond, and dispose of petitions to open, close, or change any road in accordance with the standards established in the Act. The work could be contracted out by the Commissioners under certain circumstances, provided all the specifications were noted and met. All able bodies males outside the cities between the ages of 21 and 50 were ordered to work eight ten hour days on the public roads or to pay \$4.00 in place of it. Failure to do either could result in prosecution and fine. The limits on the general road tax which the Quarterly Court must levy was a minimum of ten cents and a maximum of twenty-five cents per \$100 property valuation. A schedule of penalties was provided for those responsible for infractions of this law. This Act was repealed by Private Acts of 1915, Chapter 145.
13. Private Acts of 1911, Chapter 425, amended Private Acts of 1911, Chapter 187, above, in Section One by adding at the end of the Section a provision to issue warrants on the Trustee against the district road funds in payment for labor and material in their respective road districts in Dyer County.
14. Private Acts of 1911, Chapter 561, expressly and entirely repealed Private Acts of 1909, Chapter 258, Item 11, above, and all the offices which were created under that law, including the office of the Road Commissioners, were fully abolished.

15. Private Acts of 1915, Chapter 145, repealed Private Acts of 1911, Chapter 187, Item 12, above, in its entirety. The new road law provided that the County Judge, or Chairman, would appoint one Road Commissioner in each Civil District to serve for one year. The Commissioner's compensation would be 2% if the road work was contracted out and 10% if the Road Overseer system were used. Commissioners would work under the supervision of the County Judge, or Chairman, and could award contracts under the regulations expressed in the Act. Applications to open, close, and change roads would be filed with and disposed of by the Commissioners in that area. All males, able bodies and living outside of cities, no younger than 21 nor older than 50, were required to work eight 10 hour days on the roads, or pay a commutation fee of \$8.00. Failure to do either could result in their being fined. The Quarterly Court must levy a general road tax of no less than ten nor more than twenty-five cents per \$100 property valuation. Owners of hedges, or trees, which border roads must keep them trimmed so as not to obstruct the vision of anyone using the roads. Some measures to be used in the event of emergencies were provided. Commissioners appointed the Overseers who must work the compulsory days as everyone else free but would be paid \$3.00 per day for each day over that number. The Commissioners were obligated to meet at the call of the County Court at least once each year and submit status reports to the Court.
16. Private Acts of 1917, Chapter 743, did not contain a specific repealing clause but apparently succeeded Private Acts of 1915, Chapter 145, above, as the Road Law for Dyer County. The County Judge, or Chairman, would appoint Road Commissioners in each Civil District who would be compensated in the same rate and fashion as in the Act above, who would likewise be sworn and bonded, perform the duties specified in the Act and dispose of all area petitions to open, close, or change roads provided the procedural outlines in the Act were followed. Males between 21 and 50, living outside cities, were directed to work ten 10 hour days or pay \$5.00 as a commutation fee. The Commissioners would assign the road hands to their places. The general road tax must be levied at a ten cent per \$100 minimum but the ceiling on the tax was removed. Trees and underbrush must be kept cleared to avoid road hazards. Overseers would be appointed by the Commissioners at \$2.00 for a 10 hour day over and above the required ten days. The Chairman would call a meeting of the Commission at least annually for a status report. This act was repealed by Private Acts of 1925, Chapter 327.
17. Private Acts of 1921, Chapter 731, stated that it applied to Sumner County but the Road Supervisor was required to furnish his own transportation and could employ Superintendents and Foremen, as needed. The Supervisor must keep an office open for business in the Courthouse and perform the duties specifically outlined in the Act. Eminent Domain could be used to obtain rights of way provided all the restrictions mentioned were observed. The County Court could levy a general road tax of from five to fifteen cents per \$100 and collect the schedule of vehicle registration fees set up in this law. Males 21 and 50 must labor ten 10 hour days on the roads or pay \$5.00. Failure to comply with these demands subjected one to fines in addition. The Road Supervisors must compile a list of all road hands. This Act was repealed by Private Acts of 1929, Chapter 424.
18. Private Acts of 1925, Chapter 270, creates a Board of County Highway Commissioners and a County Road Supervisor; regulates laying out, construction, repair, and maintenance of roads, bridges, and levees; provides for election of the Board and Supervisor, fixes and defines their duties, power and compensation, terms of office; abolishes the office of County Bridge and Levee Commissioner and District Road Commissioner. This Act was repealed by Private Acts of 1929, Chapter 424.
19. Private Acts of 1927, Chapter 251, amended Private Acts of 1925, Chapter 270, above, in Section 8 by directing the County Attorney to do the legal work for the Road Department. Section 10 was amended to allow the office of the Road Superintendent to be located outside the Courthouse. Section 11 was changed to require the County Court to levy a general road tax of not less than five and no more than fifty cents per \$100, plus a privilege tax to be considered as a general road tax. The privilege tax on horses and wagons was eliminated. Road hands could work ten days or else pay fifty cents for each day not worked but the decision to do one or the other must be made when the hand is warned to go to work. The Act added a misdemeanor for anyone to block traffic or the roads by loading wagons or stopping on the pavement.
20. Private Acts of 1929, Chapter 422, required the owner of an automobile, motorcycle, truck, traction engines, or other vehicles of like character to register the same each year with the County Court Clerk and pay a registration fee according to the schedule by weight provided in the Act. The Clerk must give a receipt showing the registration was made. To operate vehicles on the public streets and highways without registering the same was made a misdemeanor. This Act

was repealed in Item 23, below.

21. Private Acts of 1929, Chapter 424, specifically repealed Private Acts of 1925, Chapter 270, as the same was amended in its entirety.
22. Private Acts of 1931, Chapter 698, stated that upon receipt of gas tax money from the State of Tennessee in Dyer County, the Trustee would divide the same into two equal parts, one of which would be designated the Highway Liquidation Funds and the other part would be kept as part of the Highway and Road Fund of the County. The Highway Liquidation Fund would be used to pay off the bonded indebtedness incurred in the building of Federal Aid or State Aid roads, whether the bonds were due or not. All bonds paid must be recorded and canceled. This Act was repealed by the one following.
23. Private Acts of 1933, Chapter 450, expressly repealed Private Acts of 1931, Chapter 698, Item 21, above, in full.
24. Private Acts of 1933, Chapter 532, specifically repealed Private Acts of 1929, Chapter 422, Item 19, above, as the same was written.
25. Private Acts of 1939, Chapter 523, stated that the Chairman of the County Court and the Board of Workhouse Commissions could use and employ all prisoners who were physically able to work for the purpose of maintaining drainage ditches within the boundaries of the County but nothing in this Act would interfere with the usual farm labors of the prisoners.

Chapter X - Law Enforcement

Law Enforcement - Historical Notes

Militia

Those acts once affecting Dyer County, which related to the militia and to other law enforcement agencies other than the sheriff, are mentioned below in chronological order. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1824, Chapter 40, required the Sheriffs of Weakley, Obion, Dyer, Haywood, Tipton, Hardeman, and McNairy Counties to hold elections in their respective counties so that the officers of the militia units could be chosen. The militia in Dyer County was designated as the 85th Regiment, and the units of all the above counties combined constituted the 13th Brigade. The commissioned officers of the units would meet at Huntingdon in Carroll County to choose a Brigadier General to command the organization.
2. Acts of 1825, Chapter 69, was an entirely new military Code and militia law for the State. The militia would be composed of free men and indentured servants between the ages of 18 and 45. The act contained explicit provisions for the Tables of Organization and for every facet of military life both internal and external. Dyer County's unit was continued as the 85th Regiment and would hold the formal muster and drill annually on the second Saturday in October. The Act included the composition of all basic units and prescribed the duties and responsibilities of all ranks, including the commissioned officers. The units in the counties of Henderson, Carroll, Henry, Weakley, Obion, Dyer, and Gibson combined to form the 13th Brigade.
3. Acts of 1827, Chapter 190, stated that the militia of that part of Dyer County known as Key Corners would hereafter be organized into a 3rd Battalion of the County which would be commanded by a Lieutenant Colonel. Battalion musters for this unit would take place at the house of Henry Rutherford, Esquire, on the first Saturday in April each year. Court martial would likewise be convened and conducted as directed herein.
4. Acts of 1837-38, Chapter 137, fixed the dates for the county drills and musters for every militia unit in the State. Dyer County's militia unit would muster and drill on the Monday and Tuesday following the second Thursday and Friday in September. The 19th Brigade included the militia units of the counties of Obion, Gibson, Weakley, and Dyer.

Sheriff

The following acts have no current effect but are included here for reference purposes since they once applied to the Dyer County Sheriff's Office. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1831, Chapter 152, allowed Joel S. Enloe, the Sheriff of Obion County, and John P. Byrne, the Sheriff of Dyer County, the further time of one year from and after December 31, 1831, for the payment of taxes on all tracts of land reported by them for taxation for the years 1829 and 1830, any law to the contrary notwithstanding.
2. Acts of 1861, Chapter 21, was the legal authority for the Sheriffs of Hawkins, Shelby, and Dyer Counties to appoint two additional deputies to those authorized under the law.
3. Acts of 1867-68, Chapter 63, empowered the Sheriffs of Franklin, Knox, and Dyer Counties to employ another Deputy in addition to those permitted under the general law of the State.
4. Acts of 1901, Chapter 221, recited in the preamble that C. C. Dawson, the Sheriff of Dyer County, had incurred expenses in returning two fugitives to the State, Julius Logan from Missouri, and Tom Moore from Kansas, both of whom were convicted upon their return. Requisition for expenses were refused because Dawson had not secured requisitions from the Governor for the prisoners. This Act validated the expenses and the purpose, and appropriated \$231.55 to be paid to the Sheriff on the voucher of the Comptroller of the State.
5. Private Acts of 1927, Chapter 551, provided that the Sheriff in Dyer County (identified by the 1920 Federal Census figures) would be allowed and paid, in addition to the fees now allowed by law, the sum of \$200 per month, payable on the last day of each calendar month out of the regular county funds on the warrant of the County Judge, or Chairman. This Act was repealed by the one following.
6. Private Acts of 1933, Chapter 549, specifically repealed Private Acts of 1927, Chapter 551, Item 5, above, in its entirety, the same to be effective on September 1, 1934.
7. Private Acts of 1933, Chapter 654, set the salary of the Sheriff in Dyer County at \$3,000 annually starting September 1, 1934. All the fees collected in the office over that amount would be paid into the County Treasury. If the fees collected were less than that amount, the amount collected would be the salary of the Sheriff. To seek the office and accept it and to perform the duties connected with it would be construed as an acceptance of the terms and conditions of this Act and the Sheriff would be estopped to claim any additional pay.
8. Private Acts of 1935, Chapter 314, expressly repealed Private Acts of 1933, Chapter 549, Item 6, above, in its entirety. The repeal would be effective September 1, 1934, it being the intention of this Act to compensate the sheriff of Dyer County after September 1, 1934, as if that Act had never been passed.
9. Private Acts of 1935, Chapter 315, repealed Private Acts of 1933, Chapter 654, Item 7, above, in its entirety and as written.
10. Private Acts of 1935, Chapter 787, stated that hereafter in Dyer County, the Sheriff would be paid, in addition to the fees regularly allowed under the law, the sum of \$200 per month payable on the last calendar day of the month out of the regular funds of the County on the warrant of the County Judge, or Chairman.

The following act once affected libraries in Dyer County but is not operative because it did not receive proper ratification from the local authorities.

1. Private Acts of 1973, Chapter 47, would have amended Private Acts of 1959, Chapter 285, published herein in Section 3 by again raising the amount to be added to the court costs of cases in Dyer County for the support of the Library from \$1.00 to \$2.00. This Act, however, was not approved by the Quarterly Court of Dyer County and consequently never took effect.

SECTION 4. That:

Every person making such return shall, at the time of making the return, pay the amount of taxes shown thereby to the tax collector. If the tax imposed by this Act is not paid when due, there shall be added as a part of the tax, interest and penalty at the rate of two (2%) per cent per month from time the tax became due and until paid.

Wheel Tax

Private Acts of 1963 Chapter 28

SECTION 1. That for the privilege of using the public roads and highways, except State-maintained roads, in Counties of this State having a population of not less than 29,500 nor more than 29,550 as determined by the Federal Population Census of 1960, or any subsequent Federal Population Census, there is levied upon motor-driven vehicles and upon the privilege of the operation thereof, except farm tractors, self-propelled farm machines not usually used for operation upon public highways or roads, motorcycles, motor-driven bicycles and scooters, and except all motor-drive vehicles owned by any governmental agency or governmental instrumentality, a special privilege tax for the benefit of such Counties, which tax shall be in addition to all other taxes, and shall be in the amount of Ten Dollars (\$10.00) for each such motor-driven vehicle.

This tax applies to, is a levy upon, and shall be paid on each motor-driven vehicle, the owner of which resides within such county.

It shall be and is hereby declared a misdemeanor and punishable as such for any owner of a vehicle to

operate any motor-driven vehicle over the streets, roads, or highways of such Counties, State-maintained roads excluded, without the payment of the tax herein provided having been made as herein required, prior to such operation thereof. Provided further that nothing in this act shall be construed as permitting and authorizing the levy of and the collection of a tax against non-residents of the Counties to which this Act applies and to owners of such vehicles using the streets, roads, and highways of such Counties, but who do not come within the provisions of this Act, and within a reasonable construction of the provisions thereof.

As amended by:

Private Acts of 1965, Chapter 50

Private Acts of 1969, Chapter 120

SECTION 2. That the tax herein levied shall be paid to and collected by the County Court Clerk of Counties to which this Act is applicable, who shall collect this tax at the same time he collects the State privilege tax levied upon the operation of a motor-driven vehicle over the public highways of this State. No Clerk in Counties to which this Act applies shall issue to a resident of such County, a State license for the operation of a motor-driven vehicle taxable hereunder, unless, at the same time, such owner shall purchase the license or pay the privilege tax levied hereunder, for the operation of each of his motor-driven vehicles under the provisions of this Act.

Payment of the privilege tax imposed hereunder shall be evidenced by a receipt, issued in duplicate by the Clerk, the original of which shall be kept by the owner of the motor-driven vehicle, and by a decal or emblem, also issued by the Clerk, which decal or emblem shall be displayed by affixing the same on and to the lower right-hand side of the windshield of the motor-driven vehicle for which same was issued.

The design of the decal or emblem shall be determined by the Clerk and the expense incident to the purchase thereof, as well as the expense of obtaining proper receipts and other records necessary for the performance of the duties herein and hereby incumbent upon the Clerk shall be paid from the general funds of the County.

The privilege tax or wheel tax herein and hereby levied, when paid together with full, complete, and explicit performance of and compliance with all provisions of this Act, by the owner, shall entitle the owner of the motor-driven vehicle for which said tax was paid, and on the windshield of which the decal or emblem has been affixed as herein provided, to operate this vehicle over the streets, roads, and highways of the County from April 1st of each year to the next succeeding March 31st. When a motor-driven vehicle becomes taxable under the terms and provisions of this Act, at a later date than April 1st, of each year, the same proportionate reduction shall be made as to the cost of the privilege tax or wheel tax, or the amount to be paid into the hands of the Clerk therefor, as is now made in the issuance of the privilege tax payable to the State of Tennessee and collected by the Clerk, under the provisions of the general laws of this State.

For his services in collecting the aforesaid tax, and in issuing the receipt therefor and delivering the decal or emblem to the owner, he shall be entitled to a fee of 15 cents, and this fee shall be paid by and collected from the owner or person purchasing the privilege tax. The Clerk will faithfully account for, make proper reports of, and pay over to the Trustee of the County at monthly intervals, all funds paid to and received by him for the aforesaid privilege tax, or wheel tax. It shall be and is hereby declared a misdemeanor and punishable as such for any motor-driven vehicle, taxable hereunder, to be driven or impelled over or upon the streets, roads, or highways of the Counties to which this Act is applicable, State-maintained roads, excluded, without payment of this privilege tax levied hereunder and without full and complete compliance with all provisions hereof.

In the event any motor-driven vehicle for which the privilege tax or wheel tax has been paid and the emblem or decal issued and placed thereon, becomes unusable, or is destroyed or damaged to the extent that this motor-driven vehicle can no longer be operated as such, and the owner ceased to operate same on the public streets, roads, or highways of said County, or in the event the owner transfers the title to the motor-driven vehicle, and completely removes therefrom and destroys the emblem or decal issued and placed thereon or affixed thereto, and the owner makes proper application for the issuance of a duplicate decal or emblem to be used by him on the same or on another motor-driven vehicle for the unexpired term for which the original decal or emblem was issued, and the Clerk is satisfied that this owner is entitled to the issuance of such a duplicate decal or emblem, and the owner pays into the hands of the Clerk the sum of 50 cents and a 15 cent Clerk's fee therefor, the Clerk will then issue to such owner a duplicate receipt, canceling the original receipt delivered to him by the owner, and will deliver to the owner a duplicate decal or emblem, which shall be affixed to the windshield of the motor-driven vehicle for which it is issued as hereinabove provided, and this shall entitle the owner to drive the vehicle on the streets, roads, and highways of such County until the next following March 31st. Likewise, in the event a decal or emblem becomes obliterated, erased, or defaced or is destroyed under the provisions of this Act, and is therefore illegible and unusable by the owner, upon proper application made by the owner and filed with the Clerk, showing such circumstances and facts to be true, then the Clerk, upon receipt from the owner of 50 cents and a 15 cent Clerk's fee, may issue and deliver to the owner, a duplicate decal or emblem.

SECTION 3. That the proceeds of the tax herein and hereby imposed, when collected by the Clerk, and paid into the hands of the Trustee of the County, shall be used exclusively for Educational purposes, and shall be divided, allocated, and disbursed as follows:

Provided, that eighty-five percent (85%) of the proceeds of the tax herein imposed and collected by said county when said funds have been placed in the hands of the County Trustee, shall be used exclusively for educational purposes and shall be allocated between the school systems within the county on the bases of the average daily attendance for the current school year for students in the said school systems.

Provided further, that the remainder of the proceeds of the tax herein imposed and collected (15%) shall be credited by the County Trustee to the Dyer County Board of Education for transportation.

As amended by: Private Acts of 1969, Chapter 120

SECTION 4. That it is the intent of the General Assembly of the State of Tennessee, that this Act be construed as a measure providing for additional revenue for the Counties affected.

SECTION 5. That this Act shall have no effect unless the same shall have been approved by a two-thirds vote of the magistrates present and constituting a quorum of the Quarterly County Court of any County to which this Act may apply. Its approval or non-approval shall be proclaimed by the presiding officer of the body having jurisdiction to approve or disapprove the passage of this Act, and the action of the body shall be certified by him to the Secretary of State.

SECTION 6. That any person violating the provisions of this Act, or of any part thereof, shall, upon conviction, be fined not less than Five Dollars (\$5.00) nor more than Fifty Dollars (\$50.00).

SECTION 7. That the tax levied under this Chapter shall be collected for the tax year beginning April 1st, 1963, and for every year thereafter. This act shall take effect from and after its passage, the public welfare requiring it.

Passed: February 15, 1963.

Taxation - Historical Notes

Assessor of Property

The following acts were superseded, repealed or failed to win local ratification, but they are listed here as a reference to laws which once affected the Dyer County Assessor. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Private Acts of 1927, Chapter 553, provided that, in Dyer County (identified by the use of the 1920 Federal Census figures), the Tax Assessor would be paid the sum of \$2,000 annually as salary for himself and his associates, out of the regular funds of the County. The above amount would be paid semi-annually on July 1 and on December 31, half at each time.
2. Private Acts of 1929, Chapter 423, amended Private Acts of 1927, Chapter 553, above, by changing the dates upon which the compensation of the Tax Assessor and his assistants would be paid to April 1 and July 1 of each year.
3. Private Acts of 1945, Chapter 104, amended Private Acts of 1927, Chapter 553, Item One, above, by increasing the annual amount to be paid to the Tax Assessor and his assistants collectively from \$2,000 to \$2,600 but which would now be payable in equal monthly installments instead of semi-annually.
4. Private Acts of 1955, Chapter 43, set the annual salary of the Tax Assessor, of Dyer County, at \$5,000 per year, payable in equal monthly installments, out of the regular funds of the county. The Assessor was required to devote full time to the duties of his office and to employ all assistance at his own expense, all other appropriations for this purpose being prohibited. This Act was property ratified by the Quarterly Court.

Taxation

The following is a listing of acts pertaining to taxation in Dyer County which are no longer effective. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1824, Chapter 119, directed the Trustee of Carroll County to pay over to the Trustees of Gibson and Dyer Counties respectively the amount of county taxes which have, or which may hereafter, be collected from each of those counties by the Sheriff of Carroll County, of which they were formerly a part.
2. Acts of 1824, Chapter 128, made it lawful, in order to improve the navigation of rivers in West Tennessee, a majority of the Justices being present, for the County Courts of Henry, Weakley, Obion, Dyer, Gibson, Carroll, Madison, Haywood, Tipton, and Hardeman Counties to levy a tax

which must not exceed 12½ cents per \$100 for the next five years to be applied exclusively to the improvement of the navigable rivers in those counties.

3. Acts of 1826, Chapter 175, required the Sheriff of Dyer County to collect any taxes due for the year 1821 and 1822 on the several tracts of land which were formerly parts of Carroll County. The Sheriff would be held accountable for the collection of these taxes as for other taxes.
4. Acts of 1835-36, Chapter 42, permitted the County Courts of Tipton County and Dyer County, a majority of the Justices being present, in their discretion to order so much of the revenue collected in 1835 from the citizens of the land which was to become a part of Lauderdale County to be paid over to the Trustee of Lauderdale County for the use and benefit of that County.
5. Acts of 1870, Chapter 50, allowed the counties and cities of the State to impose taxes for county and municipal purposes in the following manner and upon the conditions (1) that all taxable property be taxed according to its value, upon the principles established for State taxation, and (2) that the credit of no county, or city, be given, or loaned, to any person, firm or corporation, unless the majority of the Justices of the Quarterly Court, or the councilmen, first agree, and then upon an election being held wherein the proposal is approved by a three-fourths vote of the people. Several counties exempted themselves from the requirement of the three-fourths vote approval for the next ten years, substituting a simple majority in its place, but Dyer County was not among those doing so.
6. Private Acts of 1917, Chapter 225, created the position of Delinquent Poll Tax Collector in Dyer County to collect all the delinquent poll taxes, to pick up all delinquent polls, to investigate the registration books and other public records, to conduct hearings and to summon witnesses when need be. Poll taxes were due and payable in Dyer County on September 1 of each year and become delinquent on December 1, following. After that date the Trustee would compose a list of delinquent poll tax payers and present the same to the Collector, after having posted notice in a newspaper. The Collector must be sworn and bonded, would be paid 25 cents for each tax collected and 60 cents for serving processes. This Act was repealed by the one following.
7. Private Acts of 1919, Chapter 443, specifically repealed Private Acts of 1917, Chapter 225, Item 6, above.
8. Private Acts of 1919, Chapter 498, was a duplicate of the proceeding Act which repealed the Act creating the position of Delinquent Poll Tax Collector in Dyer County.
9. Private Acts of 1927, Chapter 30, again created the office of Delinquent Poll Tax Collector in Dyer County who would be elected at the January meeting of the Quarterly Court but D. T. Pope was named here as the first Collector, who would serve until next January when the Court would appoint his successor. The Collector must be sworn and bonded and was granted the same powers and duties as stated in the preceding Act. Poll taxes were due on September 1 and delinquent on December 1. The delinquent lists were compiled as in the previous Act but this Act stated that the appearance of one's name on the delinquent list was just cause to issue a distress warrant. The Collector would be paid 25 cents for each tax by the County and the taxpayer would be penalized 60 cents as added cost. This Act was repealed in Item 13, below.
10. Private Acts of 1929, Chapter 880, amended Private Acts of 1927, Chapter 30, above, by adding a new Section 4 that poll taxes were due and payable at the same time and would become delinquent at the same time as the State and County taxes. The Trustee would publish the delinquent date in the paper and after that date compile a list of those who had not paid which list would be the basis upon which distress warrants could be issued which carried full power of garnishment and execution. This Act was repealed by Private Acts of 1937, Chapter 390, below.
11. Private Acts of 1935, Chapter 309, was the legal authority in Dyer County for the Trustee to accept partial payments as a credit on any State and County tax, or ad valorem tax, for the year 1933, and subsequent years. December 1, 1935, was the deadline for partial payments to be made on taxes due in 1933, and 6% interest would be added after 1933 and 1934. Delinquent tax lists would be compiled after the dates set up in this Act had passed. Guidelines and restrictions were established which must be followed in collected delinquent taxes, as in foreclosing for tax sales. An attorney to handle these matters would be chosen by the Quarterly Court whose fee must not exceed 3% of the amount involved. Dyer County falls within the population bracket of Tennessee Code Annotated Section 67-5-1808 which provides for partial payment of property taxes. The act requires a resolution adopted by two-thirds vote of the county legislative body before it becomes effective.
12. Private Acts of 1935, Chapter 748, amended Private Acts of 1933, Chapter 668 (see Bond Issues), which allowed the use of the sinking fund money to pay county obligations, and to permit taxpayers to pay the same by the surrender of warrants, or bonds, through the years 1920-1931, to the effect

of extending the above yearly limit to 1934, plus adding that past due interest coupons were also eligible to be used in payment the same as warrants and bonds.

13. Private Acts of 1937, Chapter 390, expressly repealed Private Acts of 1927, Chapter 30, and Private Acts of 1929, Chapter 880, which amended it, in their entirety. These Act had reference to the position of Delinquent Poll Tax Collector.
14. Public Acts of 1973, Chapter 226, repealed all existing poll tax laws in Tennessee.

Dyer Levee and Drainage District

Public Acts of 1913 Chapter 1 (Extraordinary Session)

COMPILER'S NOTE: Some of the provisions of this act may have been superseded by Title 69, Chapter 6 of Tennessee Code Annotated.

SECTION 1. That the lands contained within the following boundaries--to wit: Beginning on the north side of the Obion River, at the mouth thereof, and running from thence up the said river as it meanders to the mouth of the Forked Deer River; thence up the north side of the Forked Deer River to the east boundary of the Martin Armstrong Grant No. 164; thence north with said west boundary line to where the same crosses the center line of the Tiger Tail Branch of the Illinois Central Railroad, thence in a westerly direction to the south boundary line of the corporation of Finley, Tenn; thence with the south and west boundary lines of the corporation of Finley to the center line of the Chicago, Memphis and Gulf Railroad, thence with said center line of said railroad to the north bank of the Obion River, thence up said river, with its meanders, to where the North boundary line of the John Dugan grant for three thousand acres strikes the same; thence west with north boundary line of the said Dugan Tract to where the same crosses the road leading from Cobb's Ferry, thence north with said Cobb's Ferry Road to the road leading from Lane's Ferry to Curtner Springs, thence continuing in a westerly and northerly direction with the said Curtner Springs Road, past Curtner Springs , and continuing on north with the road that lies nearest the hills, crossing the Dyer and Obion County line, to Webb's Store, in Obion County ; thence to the edge of Realfoot Lake at low-water mark, thence south and west with the borders of the lake at low-water mark to the west end of the bridge at the head of the washout in Lake County, Tenn.; thence in a westerly direction to the bank of the Mississippi River, thence down the said river, with its meanders, to the beginning--be, and the same are, hereby constituted a levee and drainage district, to be known as the "Dyer Levee and Drainage District," with all the power and privileges that such district would have if established under and by virtue of the Act of the General Assembly of 1909, Chapter No. 185.

SECTION 2. That E. Rice, of Dyer County, Tenn.; R.C. Donaldson, of Lake County Tenn.; and Tom Morris, of Obion county, Tenn., are hereby appointed a Board of Directors of the above mentioned district, and as such Directors they shall have the general control and management of the business affairs of said district and supervision of the same, and be vested with power and authority to make contracts as provided by this Act for all improvement to be done in said district; that at the January term , 1915, of the Quarterly County Court of Obion County , and every four years thereafter, there shall be elected by the said County Quarterly Court one freeholder of said county , who is interested in the lands of said district, to succeed the said Tom Morris; that at the January term, 1916 of the County Quarterly Court of Lake county and every four years thereafter, there shall be elected by the said County Quarterly Court one freeholder of said county , who is interested in the lands of said district, to succeed the said R.C. Donaldson; and at the January term of 1917 of the Quarterly County Court of Dyer County and every four years thereafter, there shall be elected by the said County Quarterly Court one freeholder of said county , who is interested in the lands of said district, to succeed the said E. Rice. If there shall be a vacancy in the office of the said Board of Directors at any time because of resignation or other reasons, the county Court of the county in which said vacancy occurs shall appoint another Director of like qualifications to fill such vacancy until the next Quarterly County Court of said county, at which time the said vacancy shall be filled by the election of a Director by the said Quarterly Court; and for sufficient reason the County Court may remove a Director so appointed, but not until such Director has had at least five days' notice of the time of the hearing and of the grounds upon which he should be removed as alleged; and he shall thus be entitled to be heard and to introduce proof on the issue as to whether he shall be so removed as a Director; and if on the hearing the decision of the County Court is that he be removed, he may appeal therefrom on giving cost bond to the Circuit Court of the county, where the matter shall be heard anew and such judgement given as that court deems just and proper. If a Director is removed, the County Court shall appoint another to serve until the next meeting of the Quarterly Court of the county whose Director shall have been removed. The said above-mentioned persons shall, within thirty days after the passage of this Act, organize by the election of

one of the three members as Chairman and one of the three members as Secretary and Treasurer.

SECTION 3. That the said Board of Directors shall, within ninety days from and after the passage of this Act, make a report, which said report shall be filed with the Clerk of the county of each of the said counties of Dyer, Lake, and Obion, in which said report they shall show the location of the levee to be established from the grounds of Lake County, Tenn., at Tiptonville, to the mouth of the Obion River, showing the ownership of each tract of land over which the said levee shall run, as far as is practicable, and ascertain the said ownership and the number of acres to be taken therefrom to properly construct the said levee. They shall also show the location of any drainage ditch or ditches that may be necessary to carry off the water that may interfere with such levee, showing also the necessary change of any water course within the said district that may be necessary for the proper erection and protection of such a levee, giving the names of the owner of the land over which the said ditch or ditches may pass and the number of acres to be taken therefrom; and that for the making of said report and the ascertaining of such information the said Board of Directors shall have the power to employ such engineer or engineers, rodman, axmen, and other help as they may be necessary, returning an itemized expense account to the said County Court Clerks of Dyer, Lake, and Obion. Said report submitted within ninety days to the County Court Clerks, if not complete as to any details, further time may be granted by said County Courts in which to complete said report as to specific details. In making up said report, the Board of Directors may, if they see fit, rely upon the survey and the report by the engineers of the Federal Government under and by virtue of the Act of Congress approved July 25, 1912.

The said Board of Directors shall also submit a report, showing the estimated cost of constructing such a levee and necessary ditches, and in said report may rely upon the said survey and report of the Federal authorities aforesaid.

The said Board of Directors shall confer with the Mississippi River Commission, and ascertain what portion of the cost of construction will be borne by the said Federal Government, and make return of such information with the above said report.

SECTION 4. That upon the report of the Board of Directors being filed, five days' notice to the owner, his agent or representative, if such can be found in the county, and, if not, by publication of some newspaper of said county, will be given by the Clerk of the County Court in which the land lies, to the owners of said lands which are sought to be taken for the erection of said levee or drainage ditches, that said land shall be appropriated for the purpose aforesaid; and the County Court of the county within which the land lies, to the owners of said lands which are sought to be taken for the erection of said levee or drainage purpose aforesaid; and the County Court of the county within which the land sought to be taken lies will, within four months after the passage of this Act, appoint viewers, who, after being duly sworn to act impartially and faithfully to the best of their ability, shall proceed to view the premises and determine and fix the amount of damages to which each claimant is entitled, and file a report in writing with the County Court Clerk, showing, first, the value of the lands sought to be taken, and second the amount of incidental damages each claimant will be entitled to because of the establishment of the proposed improvement. The report of the viewers shall be filed as soon as practicable; and if any of them fail or refuse to act for any reason, or they do not proceed to act with promptness, the County Court may appoint other viewers in place of any or all of them.

In estimating the damages, the viewers shall give the value of the land proposed to be taken, without deduction; but incidental benefits may be taken into consideration in estimating the incidental damages.

SECTION 5. That upon the (sic) filing the said report, the court will enter a judgement in favor of party whose land is taken against the said levee and drainage district, and from which said judgement either the said levee and drainage district or any party aggrieved may appeal to the next term of Circuit Court of the county in which said judgement is rendered; and any party so desiring to appeal shall have the benefit of such appeal at any time within ten days after such decision is made, without formally praying an appeal, by filing with the Clerk of the County Court notice of such an appeal, at the same time filing with said Clerk a bond, to be approved by the said Clerk, in the sum of two hundred and fifty dollars, and conditioned to pay all costs and expenses of the appeal, unless the finding of the Circuit court shall be more favorable to the appellant or appellants than the finding or decision of the County Court; provided, however, that it shall not be necessary for the levee and drainage district to execute any such bond.

The Circuit Court shall hear any such appeal de novo, and the proceedings shall be as in other condemnation cases.

SECTION 6. That any person claiming damages as compensation for or on account of the construction of such levee or drainage ditch or ditches shall, within four months after the passage of this act, file such claim in the office of the County Court of the county in which the said property lies, and, on failure to file such claim within the specified time, shall be held to have waived his rights thereto. If any claims for damages have been filed as above provided, the viewers appointed under the foregoing section shall assess

such damages and make report thereof to the County Court of the county in which such damages accrue, upon which said report the said county Court shall enter judgement against said levee district. Either party may appeal from such judgement to the Circuit Court of said county by giving bond and notice as in the foregoing section; provided, however, it shall not be necessary that the levee and drainage district execute such appeal bond.

SECTION 7. That after the said amounts of damages shall have been fixed by the said County Court upon report of the said viewers, the amount of all such damages shall, by said court, be required to be paid in the first instance by the said levee and drainage district or be secured to be paid upon such terms and conditions as the County Court may deem just and proper; that after said judgement shall have entered, the said County Court shall enter a proper order of condemnation, showing all such lands are appropriated and belong to such levee and drainage district for all its necessary purposes; and the said court will issue a writ of possession and put the said Board of Directors of the said levee and drainage district in possession of the said property so appropriated.

SECTION 8. That the appeal hereinbefore provided for shall in no way affect the issuance of the writ of possession by the said County Court after the said judgement against the said levee and drainage district shall have been paid or secured as provided for hereinabove.

SECTION 9. That when the said levee and drainage ditches necessary for proper erection thereof shall have been located as provided in this Act, the County Court of each county shall appoint one Commissioner from its county, who shall be a freeholder of the county from which he is appointed, not living in the levee and drainage district herein provided for and not interested therein or in any like question, nor related to any party whose land is affected thereby; and they shall as soon as practicable after their appointment, and after being duly sworn to perform their duty faithfully and impartially to the best of their ability, inspect and classify all the lands benefited by the location and construction of such drainage or levee district in the graduated scale of benefits, naming the tract or tracts of each owner, and so classifying the same, each tract to be numbered according to the benefit received, as below provided, by the proposed improvement; and they shall make an equitable apportionment and assessment of the cost, expenses, costs of construction, fees, and damages assessed for the construction of any such improvement, and make report in writing thereof to the County Court of the county wherein such tract lies.

In making said estimate and apportionment, the lands receiving the greatest benefit shall be marked on the scale of 100, and those benefited in a less degree shall be marked with such percentage of 100 as the benefit received bears in proportion thereto. This classification, when finally established, shall remain as a basis for all future assessments connected with the objects of said drainage and levee district, unless the County Court, for good cause, shall authorize a revision thereof. In making such classification, said Commissioners are authorized to divide the land of one owner lying in one body into more than one tract and classify each subdivision thereof, if they are of the opinion that portions of such entire tract will be more benefited than other portions, and especially when such entire tract is a large one, and that it will be more equitable and just to so classify it in subdivisions. In the report of said Commissioners they shall specify each tract of land by reasonable description, and the ownership thereof, as the same appears on the tax books of the county, if such description is practicable; if not, such description as they deem best.

After the said reports shall have been filed, the levee and drainage district or any party or parties interested who is affected thereby, or whose lands are assessed, shall have thirty days in which to file objections to said report; and the said County Court of the county in which said objections shall have been filed shall proceed to hear and determine all objections to said report filed, and may increase, diminish, or annul or affirm the apportionment or assessment made in such report, or any parts thereof, as may appear to the court to be just and equitable; and when such hearing shall have been had, the County Court shall assess the said apportionment so fixed by it upon the land within such levee or drainage district.

If the first assessment made by the court for the original cost of an improvement as provided in this Act is insufficient, the court may make an additional assessment in same ratio as the first. If for any reason the court annuls in toto or set aside such report or remove them and appoint new Commissioners to act as in the first instance, if desired by the parties concerned.

SECTION 10. That the assessments shall be levied upon the land of the owners so benefited in the ratio aforesaid, and shall be collected in the same manner as taxes for the county purpose, except as herein provided; and the funds so collected shall be kept as a separate fund, and shall be paid out only for the purposes properly connected with such warrant of the judge or chairman of the County Court.

SECTION 11. That an appeal may be taken to the Circuit Court of the county from the order of the County Court fixing the assessment or benefits upon the lands in the same manner and time as provided for appeals from the assessment of damages, and the action of the Circuit Court shall be certified by the Clerk of the said Circuit Court to the County Court.

SECTION 12. That when an appeal is taken from an order of the County Court made in any proceeding before it under this act, the County Court may employ counsel to present the interests of the levee and drainage district affected by such appeal, and on the trial thereof in the appellate courts, and the expenses of such counsel shall be paid out of the drainage fund of such district.

SECTION 13. That in said counties of Dyer, Lake, and Obion the County court Clerk of such county shall provide a book, to be known as the "Levee and Drainage Record," to be paid for by each of said counties; and the said Clerk shall keep therein a full and complete record of all the proceedings arising under this act, including all the orders made by the County Court and certified from the circuit Court, and a copy of all bonds required to be given under this Act, etc.

SECTION 14. That the fees of the county Court Clerk in proceedings under this act shall be the same as for similar service now allowed by law; and in such case the County Court may allow said clerk an additional sum for extra service, or services not covered by existing fee bills or statutes, to be fixed by the court and paid as other costs and expenses in the case or proceedings.

SECTION 15. That where any assessments made and levied under this act cannot for any reason be enforced and part of the work has been done, the County Court shall proceed as to any or all lands benefited by said improvement in the same manner as if the appraisalment and apportionment of benefit had never been made, in which event any payment already made shall be duly credited to those who have paid the same.

SECTION 16. That no contracts for improvements have been done in such drainage or levee district shall be made until after the Commissioners provided for in this Act have made their inspection, classification, and apportionment, and assessment of benefits have been determined and settled by the court; but after the said Commissioners and the court have so acted, then such contract may be made by the Board of Directors of said district. Before entering into any contracts for improvements, the Board of Directors of said district shall cause notice to be given once a week for four consecutive weeks in some newspaper published in the county wherein such improvement is located, and such additional publication elsewhere as they may direct, of the time and place of letting the work for construction of said improvement; and in such notice they shall specify the approximate amount of work to be done in each section and the time fixed for the commencement and completion thereof; and they shall award contract or contracts for each section of the work to the lowest responsible bidder or bidders thereof, or they may award the contract as a whole to the lowest responsible bidder, exercising their own discretion as to letting said work as a whole or in sections, and reserving the right to reject any and all bids and readvertise the letting of the work.

The successful bidders shall be required to execute a bond, with sufficient surety, payable to the county, for the use and benefit of the levee and drainage district, in an amount equal to twenty-five per centum of the estimated cost of the work so let, or he may deposit such amount in cash with the Treasurer of the Board of Directors as security for the performance of his contract; and upon execution of such a bond, or the making of such deposit, the deposit originally made with his bid shall be returned to him.

SECTION 17. That said Board of Directors shall employ a competent engineer to take charge and supervision of such improvement work, contracting with him for compensation for his services in such sum or at such rate as may be agreed upon, and to be paid as other expenses of such district. The Directors may remove such engineer and contract with another if they see fit for any reason.

The engineer in charge of the construction shall furnish this contractor monthly estimates of the amount of work done on each section; and upon filing the same with the County Court Clerk, the Judge or Chairman of the County Court of Dyer, Lake, and Obion Counties shall draw a warrant in favor of such contractor for eighty per centum (80%) of the work done, according to the estimate of each of the county's proportionate part; and when said work is complete to the satisfaction of the Board and said engineer, and so certified by him and said Board, such certificates files with the County Court Clerk, then the Judge or Chairman of said County Court shall draw a warrant in favor of the contractor for each county's proportionate part of the balance due. All warrants shall be drawn upon the County Trustee or Treasurer as the ordinary county warrants are drawn, but shall be payable only out of the funds provided for by such levee and drainage district, and shall so state upon their faces. the Board of Directors shall require such engineer to give bond in such sum as they may deem proper for the faithful performance of his duties, such bond to be payable to the county or State, for the use of such improvement district, and filed with the County Court Clerk and recorded in the drainage record; provided, however, the said board of Directors may make an agreement with the Mississippi River Commission to allow the said work of construction to be done under the control and direction of the Federal Government; and the portion chargeable to the said drainage district may be paid out upon such terms as the said Board of Directors may deem to the best interest of said district. Copy of such agreements shall be filed with the County Court Clerk of said counties.

SECTION 18. That whenever any railroad or public highway will be beneficially affected by the construction of such improvement or improvements in such district established hereunder, it shall be the

duty of the Commissioners appointed to classify and assess benefits, to determine and return in their report the amount of the benefit to such railroad upon its nearest station agent, and as to such highway, notice shall be served upon the Judge or Chairman of the County Court; and when such special assessments have been approved and filed by the County Court as hereinbefore provided, as to such railroad company; and unless the same is paid by the railroad company as special assessment, it may be collected in the name of the county in any court having jurisdiction; and as to a highway, such assessment shall be paid by the county out of the general fund or highway tax fund, such assessments to be paid into the fund of such levee and drainage district.

SECTION 19. That whenever the making of such improvement across a public highway necessitates the building of a bridge over the same, the county shall build and construct the same and pay all the cost thereof out of the county bridge fund, if such fund be provided, and, if not, out of the general county fund.

COMPILER'S NOTE: Section 20 does not appear in the text of the original version.

SECTION 21. That the assessments as provided for by this act shall be collected by the County Trustee as county taxes are collected, except as herein provided; and the funds so collected shall be kept as a separate fund, and shall be paid out only for the purposes properly connected with such improvement on the order or warrant of the County Judge or Chairman; but such assessments may be collected by bill filed in chancery as herein provided, and no personal property of the owner of land so assessed shall be liable or distrained upon for such assessment.

SECTION 22. That the improvement in the levee and drainage district herein provided for may consist solely, if so desired by those concerned, in the changing in whole or in part of the course or channel of a natural water course, or in straightening, as far as practicable, such water course and cleaning out so much of its natural channel as it is desired to utilize; or the improvement in such drainage district may, in addition to the main ditch or drain or channel, include such other lateral and other ditches and levees as may be deemed proper and necessary.

SECTION 23. That if the County Court shall determine that the estimated cost of reclamation and improvement of such district of land or levee or drainage district is greater than should be levied in a single year upon the lands benefited, the court may fix the amount that shall be levied and collected each year, and may issue drainage bonds of the county, bearing not more than six per centum interest, said interest payable annually; and may devote such bonds at par, with accrued interest, to the payment of the expenses and work as it progresses, or may sell the same at not less than par, with accrued interest, and devote the proceeds to such payment; and if in the sale of said bonds a premium is received, such premium shall be credited to the drainage fund; and should the cost of such work exceed the estimate, a new apportionment of the assessment may be made and levied and other bonds issued and sold in like manner, but in no case shall the bonds run longer than twenty years. Any property owner may pay the full amount of the benefit before such bonds are issued and receive a receipt in full therefor. Such payment shall be made to the County Trustee, and it shall be the duty of the County Clerk to certify to the Trustee the amount of any such assessment when requested to do so, and the Trustee shall enter the same upon the assessment lists in his lands in a separate place provided therefor, and shall furnish the County Clerk with duplicate receipts given for all assessments so paid in full, one of which the Clerk shall deliver to the Judge or Chairman of the County Court; and the Trustee shall also give a receipt to the property owner so paying in full. The terms and time of payment of the bonds so issued shall be fixed by the Board of Directors of the improvement district, and such bonds shall be signed by the Judge or Chairman of the County Court and countersigned by the Clerk of the County Court, each of said officers signing his name officially, and shall be verified either by the county seal or seal of the County Court Clerk. Each bond shall show expressly upon its face that it is to be paid only by assessments levied and collected on the lands within the said district, nor shall any assessment be levied or collected for the payment of said bond or bonds, or the interest thereof, or any property, real or personal, outside said district.

Such bond shall be in denominations of not less than fifty dollars, and the County Court of each county shall determine whether bonds shall be issued to meet the expense, etc., of the improvement so far as the lands of the district lie in that county; and if so issued, the bonds shall be signed by the Judge or Chairman of the County Court of such county and countersigned by the County Court Clerk and verified by the county seal or seal of the County Clerk, and shall be payable only out of the assessments levied for such improvement on the lands in such county.

SECTION 24. That if the Board of Directors of said levee and drainage district provided for by this Act deem best, instead of issuing bonds, they may direct that warrants shall be issued or drawn on such district or on the County Trustee of each county by the Judge or County Chairman of each County Court, to be paid out of the funds of such district only, and at such times as the assessments may be due, or as may be deemed best, the time of the maturity of assessments as fixed being considered, such warrants to be issued or drawn for all lawful demands on such district, and to bear interest at not more than six per centum per

annum.

SECTION 25. That the assessments provided for by this act, when made and levied, shall be and become valid liens upon such lands so assessed, just as State and county taxes are liens upon lands; and when such assessments have been due and delinquent for sixty days, bills may be filed in Chancery Court of the county or chancery district in which the land lies, upon which such assessments are due and delinquent, for the collection thereof out of such lands by sale thereof, in all cases except in cases where the assessment is made against a railroad company or public highway as herein provided for. Such bills in chancery shall be filed in the name of the county in which the land is situated, for the use of the said levee and drainage district, and against the owner if known, and, if unknown against them as such ; and the owners of all lands upon which assessments are delinquent may be defendants to the same bill and parties thereto. When it is desired by the Board of Directors, or other parties interested entitled to sue, to file such bill, the County Trustee, upon request, shall make out a statement or list, showing all the lands upon which such assessments are so delinquent, and the names of the owners thereof, as appears upon the drainage assessment book, or showing any tract assessed to unknown owners, if such be the case, and certify as Trustee to the correctness of such statement or list as the same appears upon said book; and in such chancery suits such certified statement or list shall be prima facie proof to authorize a decree of sale in the absence of rebutting proof of the facts shown by such certified statement. Such suits in chancery shall be preceded with as other suits are in said court, except that the court, may hear the case as to anyone or more defendants, though the case may not be disposed of as to the other defendants. When a sale is ordered in such suit and is made and reported, the Clerk and Master of such court so making the sale shall report what public taxes, if the same be confirmed, shall be paid first out of the proceeds of such sale before such sale by the Chancery Court, it shall vest title out of the owner and vest it in the purchaser, the lands so purchased shall be subject, in the hands of the purchaser his heirs or assigns, to any other assessment not yet due or unpaid that may have been made and fixed and levied upon it at the time of such confirmation of sale, for the benefit of said levee and drainage district, on account of which such sale has been made. When any such sale is made by decree of the Chancery Court, it shall be for cash; and the owners of the lands so sold shall have two years from the date of confirmation of such sale in which to redeem the same by paying to the Clerk and Master of such court making the sale the amount paid by the purchaser for the said land, with legal interest thereon, to the date of redemption, and also a further sum equal to ten per centum of the amount so paid by the purchaser of said lands. In such proceedings in Chancery Court the attorney or solicitor employed and attending to the suit shall be allowed as a fee ten per centum of the amount due as an assessment or assessments on each tract of land decreed sold, the same to be charged up in the decree as a part of the judgement for which the land is to be sold; and when such lands are redeemed as herein provided, and this fact is made satisfactory to appear to the Chancery Court, the court shall enter a decree in the cause, adjudging the lands so redeemed and declaring it to be the property of the owner so redeemed, or his heirs or assigns, if redeemed by his heirs or assigns, and if necessary, may award a writ of possession to put the person so redeeming into possession of the land.

Provided, however, that infants and persons who are lunatics and of unsound mind shall have the further period of one year after removal of such disability in which to redeem their lands sold under the provisions of this Act, under like terms as to amounts to be paid, in redemption as above provided.

SECTION 26. That the assessments provided for by this Act, if not paid by the owners of the lands assessed, shall be collected only out of the lands so assessed for said improvement purposes, and shall not be collected by distress warrant or otherwise out of any other property, real or personal, of the owners of the lands so assessed under the provisions of this Act.

SECTION 27. That engineers employed by the Board of Directors of said levee and drainage district to supervise the work, etc., shall be paid for their services such salary or sum as may be agreed upon between them and such Board of Directors; that engineers appointed hereunder by either of said County Courts shall be paid for services at such rate as the courts appointing them may fix, and, if so fixed at the rate of five dollars per day while engaged in the work, and, in addition, all actual traveling expenses, an itemized account of such expenses to be kept by item and reported and sworn to; that the viewers and Commissioners provided for by this act shall be paid at the rate of three dollars per day while engaged in the work , and, in addition, all actual expenses, including board paid fork an itemized account of the same being reported and sworn to; and the other necessary help aiding the engineer, viewers, and Commissioners, such as chain carriers, axmen, etc., shall be paid not more than two dollars per day.

For collecting and paying out assessments under this Act the Count Trustee shall receive the same compensation that he receives for collecting public taxes, and for any certified statement furnished by him the same fee per one hundred words as are allowed clerks of courts for certified copies of records; and if there be any services required of any person under the provisions of this Act and the rate of pay therefor is not provided for hereby, then the County Court shall fix the amount of rate of pay in such cases; provided, however, that the members of the Board of Directors shall not be entitled to receive any pay for their

services, but only be reimbursed or paid their actual expenses incurred on account of attending to their duties as Directors, an account of the same to be kept, made out, and sworn to by each.

SECTION 28. That if any person to whom the work, or any portion of the work, in such levee or drainage district has been let shall fail to perform the same according to the terms specified in the contracts, then the cash deposited by him shall be forfeited for the benefits of such district and be paid into its funds; or if bond has been given by such contracting party so failing, then recovery of the damages sustained may be had by suit in the name of the payee in such bond for the use of such district, and such damage or judgement therefor collected and paid into the funds of such district.

SECTION 29. That the owners of lands which require combined drainage may provide for the establishment of a drainage district, or location and construction of drains, ditches, and water courses, upon their lands by mutual agreement in writing, duly signed, acknowledged, and filed with the County Court. Such agreement may include the location, the character of work to be done, the adjustment of damages, the classification of the lands to be benefited thereby, the amount of special assessments to be levied, or so many of these or other provisions as may be agreed upon and to such extent shall be as valid and binding as though performed in the mode and manner provided for in the Act of the General Assembly of 1909, Chapter No. 185.

Under the filing of the agreement with the County Court Clerk, the County Court shall establish such drainage district and locate the ditch, drain, or other water course, as provided for in said mutual agreement, according to the terms thereof, and shall thereafter have full and complete jurisdiction of the parties and subject matter, and order such procedure under the provisions of this act of under the Act of the General Assemble of 1909, Chapter No. 185, as may be required or is necessary to carry out the object, purpose, and intention of such agreement, and to complete and construct the desired improvement, and shall retain jurisdiction of the same as fully as in other cases made and provided for by the Act of the General Assembly of 1909, Chapter No. 185.

SECTION 30. That the preliminary expenses of such levee or drainage district, ditch, or water course improvement provided for by this Act (not including contracts for the construction) may be paid, by order of the Quarterly County Court of either of said counties of Dyer, Lake, and Obion, out of the general fund of said county, the same so paid to be refunded to said county out of the assessments collected from the lands of the said levee and drainage district when so collected; provided also, that the said Board of Directors shall have the power to contract indebtedness for preliminary expenses to a sum not exceeding twenty-five hundred dollars. If such indebtedness shall be contracted by said Board of Directors, the said Board of Directors shall make out a statement thereof, which shall be itemized and sworn to and filed in the office of the Clerk of each of the said counties, when such sum shall by paid out of the funds arising from the assessments of the lands in said levee and drainage district.

SECTION 31. That all the references to the County Court in this Act shall be held to mean the court presided over by the Judge or Chairman, and not the Quarterly Court, unless the Quarterly Court is specifically vested with jurisdiction and power to act.

SECTION 32. That this Act is not intended to apply to Reelfoot Lake proper and the waters thereof, or to authorize the drainage of same, and this act shall not be construed in any way to authorize the draining of said lake.

SECTION 33. That this Act shall take effect from and after its passage, the public welfare requiring it.

Passed: September 15, 1913.

Utility Districts - Historical Notes

The following acts once applied to utility districts in Dyer County and are included here for historical reference purposes.

1. Private Acts of 1915, Chapter 186, also created a Dyer Levee and Drainage District describing the area involved and included in the District, and appointing as a Board of Directors E. Rice, of Dyer County, W. R. Aleegge, of Lake County, and Tom Morris, of Obion County, who would administer the affairs of the district. The Act provided for a court composed of the County Judges, and Chairmen of the three counties who were obligated to hear and resolve the objections and complaints of any who cared to file them. This Act contains over 50 printed pages which set up guidelines and limitations to be applied to just about every conceivable situation of finance and management. This act was declared unconstitutional in Mengel Box Company v. Fowlkes, 132 Tenn. 202, 186 SW 91 (1916), because the body of the bill exceeded the subject matter of the caption.
2. Private Acts of 1927, Chapter 661, validated, confirmed, and made binding on all parties the sales, leases, rentals, or other dispositions of municipally owned water, electric or other utilities, for the consideration heretofore bargained which were sold and conveyed in the counties of Carroll, Dyer, Gibson, Henry, and Weakley, all identified by the use of the 1920 Federal Census and population figures.
3. Private Acts of 1961, Chapter 278, which was rejected by the Quarterly Court of Dyer County and thus never became an effective law, created the Industrial Port Authority to facilitate transportation in Dyer County on the Mississippi, Obion, and Forked Deer Rivers, which Authority would be operated and managed by the Port Authority Commission to which nine broad grants of power were made. The Port Authority involved the construction, management, and maintenance of publicly owned ports, airports, storage, transfer, and transportation facilities by Dyer County. Named as the first Commission were E. R. Moody, Joe Plummer, Ansil Boals, David Lanier, Dave Pennington, Elmer Gardner, and Paul Bradshaw, all for five year terms. Basic guidelines and policies were expressed in the Act for bond issues and the internal management of the facilities. Purchasing regulations were supplied for securing all the goods and equipment needed. The Commission had the authority to employ other professional people, as needed, such as engineers and architects.
4. Public Acts of 1977, Chapter 489, added a provision to Section 6-2614, Tennessee Code Annotated, which was effective only in the counties specified, including Dyer County, at any time on petition of 20% of the customers of a water utility district to the judge of the county in which a district is located, or headquartered, a referendum would be called on whether the Board of Commissioners of the district, or an individual member, or members, thereof would be ousted and a new Board appointed, or member replaced. Other steps to be followed subsequent to the above were contained in this statute.
5. Public Acts of 1981, Chapter 248, made proper amendments in the Code Sections involved, beginning with Section 29-17-801, T.C.A., to state that levee and drainage districts located in Dyer, and other counties, (identified with population figures) were hereby empowered and authorized to acquire by the exercise of the power of eminent domain, as set out in this Act, such right-of-way,

land, material, and easements' right-of-way, as may be deemed necessary, suitable, or desirable to construct levees, ditches, drains, or watercourses, or to straighten, widen, deepen, or change natural watercourses in such districts.
