Junkyard/Scrapyard and Landfill Regulations Act of 2000

Private Acts of 2000 Chapter 75

SECTION 1. This act shall be known and may be cited as the "Warren County Junkyard/Scrapyard and Landfill Regulations Act of 2000."

SECTION 2. The purpose of this act is to promote and protect the public safety, health, welfare, convenience and enjoyment of public travel; to protect the public investment in public highways and county roads; to protect and prevent the spread of disease and creation of nuisances; to preserve and enhance the scenic beauty of lands within the county; to establish regulations for landfills for disposal of solid wastes; and to protect the integrity of existing natural systems. This act applies to persons or entities who own or operate a junkyard/scrapyard or a landfill, including persons or entities that have developed a "roadside dump" or "hillside dump" with or without the permission of the property owner.

SECTION 3. As used in this act, unless the context otherwise requires:

(1) "Landfill" means any non-governmental private landfill operation that seeks to be established within the county boundaries of Warren County.

(2) "Junkyard/scrapyard" means an establishment or place of business that contains more than five (5) unlicensed and/or inoperable motor vehicles of any kind, or internal parts thereof, appliances or parts thereof, furniture, mattresses, box springs, or parts thereof, scrap copper or brass, steel or

scrap ferrous or nonferrous material, unoccupied mobile homes or mobile home parts that are not part of a state-licensed dealer operation, or any garbage, debris, trash or scrap metal processors. Junkyard/scrapyard does not include recycling centers or places at which locally handcrafted wood rockers or swings are made, displayed or sold.

(3) "Solid Waste Authority" means the body that may be established by resolution to oversee any solid waste operation within Warren County.

SECTION 4. The following requirements shall apply to any junkyard/scrapyard to be established, operated or maintained in Warren County. These requirements are intended to be supplemental to Tennessee Code Annotated, Title 54, Chapter 20, Parts 1 and 2, and any rules and regulations promulgated pursuant thereto, which regulate junkyards and automobile graveyards. If any of the provisions of this act conflict with the provisions of general law, by being less stringent than the general law requirements or otherwise, then the general law provisions shall govern the matter at issue.

(1) Every junkyard/scrapyard shall have an opaque privacy screening on all perimeter property lines consisting of a fence at least eight feet (8') in height and/or landscaping consisting of evergreen vegetation, preferably pines, planted in double rows. Such vegetation shall be at least eight feet (8') tall, fifteen feet (15') in width and ten feet (10') apart. Such screening or vegetation shall be constructed so that the junkyard/scrapyard is not visible from the main traveled ways or is otherwise removed from sight.

(2) The following setback requirements shall apply to every junkyard/scrapyard in Warren County:

(A) The junkyard/scrapyard shall be set back at least one hundred feet (100') from any city, county or state right-of-way;

(B) The junkyard/scrapyard shall be set back at least one hundred feet (100') from any residence, church, school, daycare center or vacant or occupied subdivision lot; and

(C) The junkyard/scrapyard shall be set back at least one hundred feet (100') from all other property lines not specified above.

(3) Notwithstanding any provision of this act to the contrary, in accordance with Tennessee Code Annotated, Section 54-17-108, no person shall construct, use, operate or maintain a junkyard/scrapyard within two thousand feet (2000') of any road or highway that is designated as part of the scenic highway system and which is located outside the corporate limits of a city or town in Warren County.

(4) Entrances to and exits from a junkyard/scrapyard shall be paved, at least twenty-four feet (24') wide, and shall adjoin a county or state road. Roads extending into and onto the junkyard/scrapyard shall be at least fifty feet (50') in length as measured from the road right-of-way (this measurement shall not be taken from the edge of the pavement).

(5) Junkyard/scrapyards may be "grandfathered in" and deemed in compliance with this act at the discretion of the Warren County Planning Commission under the following conditions:

(A) The existing junkyard/scrapyard was completed and began operation before the effective date of this act; and

(B) The existing junkyard/scrapyard meets or will come into compliance with the screening requirements of this act.

(6) The expansion of any junkyard/scrapyard in existence as of this act's effective date shall be considered a violation of this act if such expansion does not meet the requirements of subdivision (4).

(7) All requests for the construction or operation of a junkyard/scrapyard shall be submitted to the Warren County Planning Commission for review for compliance with this act and shall be accompanied by a development plat.

As amended by: Private Acts of 2006, Chapter 84.

SECTION 5. The following requirements shall apply to any landfill to be established, operated or maintained in Warren County. These requirements are intended to be supplemental to Tennessee Code Annotated, Title 68, Chapter 211, and any rules and regulations promulgated pursuant thereto, which regulate solid waste disposal. If any of the provisions of this act conflict with the provisions of general law, by being less stringent than the general law requirements or otherwise, then the general law provisions shall govern the matter at issue.

(1) All landfills in Warren County shall have an opaque privacy screening on all perimeter property lines consisting of a fence at least eight feet (8') in height and/or landscaping consisting of evergreen vegetation, preferably pines, planted in double rows. Such vegetation shall be at least eight feet (8') tall, fifteen feet (15') in width and ten feet (10') apart. Such screening or vegetation shall be constructed so that the junkyard/scrapyard is not visible from the main traveled ways of an

interstate or primary highway system, or is otherwise removed from sight.

(2) The following setback requirements shall apply to every landfill in Warren County:

- (A) The landfill shall be set back at least one thousand feet (1000') from any city, county or state right-of-way;
- (B) The landfill shall be set back at least one thousand feet (1000') from any residence, church, school, daycare or vacant or occupied subdivision lot; and
- (C) The landfill shall be set back at least one thousand feet (1000') from all other property lines not specified above.

(3) Entrances to and exits from a landfill shall be paved, at least twenty-four feet (24') wide, and shall adjoin a county or state road. Roads extending into and onto a landfill shall be a minimum of fifty feet (50') in length from the road right-of-way (this measurement shall not be taken from the edge of the pavement).

(4) All landfills shall conform and adhere to applicable state and federal laws, rules and regulations.

(5) A site plan for a proposed landfill shall be submitted to the Warren County Planning Commission for review for compliance with this act. The commission shall then hold a public hearing and make a recommendation regarding the landfill's

compliance with this act. After review and a public hearing, the commission shall be the final authority to approve the landfill in regard to compliance with this act. If the plan is approved, the County Executive shall issue a permit for the landfill.

(6) All landfill requests shall be subject to review and supervision by the Department of Environment and Conservation in accordance with applicable state law, rules and regulations. Such requests shall also be subject to review by the Warren County Solid Waste Authority, if such an authority is established.

SECTION 6. It shall be a violation of this act for any person or entity to establish or operate a junkyard/scrapyard or landfill within Warren County without approval from the Warren County Planning Commission as required by this act. Violators shall be subject to a civil penalty of up to one thousand dollars (\$1,000) per day. Each day of violation shall constitute a separate offense.

SECTION 7. The Legislative Body of Warren County shall have the authority to establish operational procedures for administering the provisions of this act and to establish reasonable fees for the administration thereof.

SECTION 8. If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to that end the provisions of this act are declared to be severable.

SECTION 9. This act shall have no effect unless it is approved by a two-thirds (2/3) vote of the Legislative Body of Warren County. Its approval or nonapproval shall be proclaimed by the presiding officer of the Legislative Body and certified to the Secretary of State.

SECTION 10. For the purpose of approving or rejecting the provisions of this act, it shall be effective upon becoming a law, the public welfare requiring it. For all other purposes, it shall become effective as provided in Section 9.

Passed: February 7, 2000.

(c) In the event of failure to elect a successor to any member of the board the members whose term has expired shall continue to serve until his successor has been duly elected as herein provided. In the event of the death or resignation of a member of the board, or his inability to serve prior to the expiration of his term, his successor shall be elected for the unexpired term by the remaining members of the board within thirty (30) days of the event. Any person at least twenty-five (25) years of age who has resided within the boundaries of the authority, for a period of at least one (1) year immediately preceding his election, shall be eligible to serve as a member of the board of directors of the authority. The directors shall hold meetings quarterly at such times and places as the directors may determine. Special meetings may be called and held upon such notice and in such manner as the board of directors may, by resolution, determine. Save as otherwise expressly provided, the board of directors shall establish their own rules of procedure. The directors shall designate a secretary and a treasurer, or one (1) person as secretary-treasurer, and such person need not be a director. The secretary shall attend all regular and special meetings and keep minutes thereof. The minutes of meetings shall be available for inspection by the public at the office of the authority, at all reasonable times. The board of directors, by resolution, shall require the treasurer or secretary treasurer, to execute a bond with an approved corporate surety, in such amount as the board may specify, for the faithful performance of his duties and the accounting of all monies and revenues that may come into his hands. SECTION 4. The directors shall be authorized to employ and fix the compensation of architects, attorneys, engineers, superintendents, consultants, professional advisors, and other subordinate officers and employees, as may be necessary for the efficient management and operation of the authority and its facilities. Such persons shall continue in the employment of the authority at the will and pleasure of the board of directors. Such employment or contracts shall conform to the statutes, regulations and procedures to which counties must generally adhere in making such transactions.

- (a) To acquire, construct, purchase, operate, maintain, replace, repair, rebuild, extend, and improve within the boundaries of the authority the properties and facilities described in Section 1, and to make such properties and facilities available to any firm, person, public or private corporation, to any other shipper, consignee, or carrier, and to charge for their use and for any and all services performed by the authority.
- (b) To accept donations to the authority of cash, lands or other property to be used in the

furtherance of the purpose of this Act.

(i) To promulgate and enforce such rules and regulations as the board of directors may deem proper for the orderly administration of the authority and the efficient operation of its facilities. In exercising the powers granted in this subsection, the directors shall abide by all statutes, regulations and procedures to which counties must conform in such matters.

(j) To do all acts and things necessary or deemed necessary or convenient, to carry out the powers expressly given in this Act. This subsection shall not be construed to authorize the directors, in doing all things necessary and convenient, to conduct the administrative and business affairs of the Authority in a manner inconsistent with the statutes, regulations and procedures governing such matters in county government.

SECTION 6. Except as otherwise expressly provided in this Act, the directors shall have full and exclusive control of and responsibility for the administration of properties and facilities constructed or acquired pursuant to this act; provided, however, that the authority may lease or license lands or facilities under its jurisdiction for operation by private persons or corporations; provided further, however, that this subsection shall not be construed to authorize the directors to exercise such authority in a manner inconsistent with the statutes, regulations and procedures governing such matters in county government.

SECTION 7. The authority is hereby authorized and empowered to condemn, in the name of the authority, any land, easements, or rights of way in the boundaries of the authority that, in the opinion of the board of directors, are necessary or convenient to carry out the purposes of this Act as set forth in Section 1. Title to property so condemned shall be taken by and in the name of the authority, and the property shall thereafter be entrusted to the authority for the purposes of this Act. Such condemnation proceedings shall be in accordance with Chapters 16 and 17 of Title 29, Tennessee Code Annotated. Provided, however, that where title to any property sought to be condemned is defective, it shall be passed by the judgment or decree of the court. Provided, further, that where condemnation proceedings become necessary, the court in which any such proceedings are filed shall, upon application by the authority, and upon posting of a bond with the clerk of the court in such amount as the court may deem commensurate with the value of the property, order that a writ of possession shall issue immediately, or as soon and upon such terms as the court, in its discretion, may deem proper and just.

SECTION 8. The authority shall have the powers with respect to finance as follows, and, in exercising such powers, shall abide by all statutes, regulations and procedures to which counties must generally adhere in such matters.

(a) To borrow money for any of its corporate purposes and issue its bonds therefor, including refunding bonds, in such form and upon such terms as it may determine, payable out of any revenues of the

authority, including grants or contributions from the federal government or other sources, which bonds may be sold at public sale. Revenue bonds may be issued for the above purposes and the authority may pledge as security for such bonds all or any portion of the tolls, fees, rents, charges, or any other revenues derived from the operation of the railroad and related uses of the properties. Provided, that any such fees, rents, or charges so pledged that are fixed and established pursuant to the provisions of a lease or contract, shall not be subject to revision or change except in such manner as is provided in such lease or contract. Any bonds issued pursuant to this Act shall state on their face that they are payable as to principal and interest, solely from revenues of the authority and shall not constitute a debt of the state or any political subdivision thereof other than the authority, and shall not constitute any indebtedness within the meaning of any constitutional or statutory debt limitation or restriction. Neither a director of the authority nor any person executing such bonds shall be liable personally thereon by reason of the issuance thereof. In case any of the directors or officers of the authority whose signatures appear on any bonds or coupons cease to be directors or officers after authorization but before delivery of the bonds, their signatures shall be valid and sufficient for all purposes. Any provision of the law to the contrary notwithstanding, any bonds issued pursuant to this Act shall be fully negotiable. Any bond reciting in substance that it has been issued by the authority pursuant to this Act and for a purpose of purposes authorized by this Act shall be conclusively deemed, in any suit, action, or proceeding involving the validity or enforceability of the bond or the security therefor, to have been issued pursuant to such provisions and for such purpose or purposes. Bonds issued by the authority pursuant to the provisions of this Act are declared to be issued for an essential public and governmental purpose, and together with interest thereon, and income therefrom, shall be exempt from all taxes. With respect to refunding bonds, the provisions of Section 5-11-103 (14), when pertinent, and Section 9-12-103, Tennessee Code Annotated, shall apply, with respect to funding bonds, the provisions of Section 9-11-108, Tennessee Code Annotated, shall apply.

SECTION 9. The board of directors of the authority shall report annually to the governing bodies of the various counties and cities within the boundaries of the authority. Such reports shall include statements of financial receipts and expenditures and a summary of activities and accomplishments for the period and proposed plans for the next year and for subsequent years. The board of directors annually shall require an audit to be performed of the authority's operations. Such audits shall meet the requirements placed on county offices by Section 4-3-304(5), Tennessee Code Annotated; when applicable, the cost of such audits shall be borne in the same manner and paid at the same rates established for county government in Section 9-3-110, Tennessee Code Annotated.

SECTION 10. The revenues derived from the operation of the properties and facilities authorized, and the proceeds derived from the sale, transfer, lease or other disposition of any land or other facilities, shall be applied and used as provided in this section: provided, however, that nothing in this section shall be construed to authorize the authority to administer these provisions in manner inconsistent with statutes, regulations or procedures governing such transactions and activities carried out by county governments, and the authority shall assure that procedures and practices covered by this section conform with statutes, regulations and procedures to which county governments must adhere. All revenues shall be received, deposited and accounted for and all financial transactions shall be handled consistent with the requirements of statutes, regulations and procedures affecting county government.

(a) The payment of all operating expenses of the authority, except that the proceeds derived from the sale, transfer, or other disposition of any land or other facilities shall not be used for this purpose.

(b) The establishment of necessary reserves for contingencies, depreciation, maintenance, replacement of properties and facilities, storage transfer facilities and any other facilities, or other purposes as may be required under any bond indenture or as the authority directors may deem necessary or desirable. This subsection shall not be construed to authorize the authority to exercise these provisions in a manner inconsistent with statutes, regulations or procedures governing such matters in county government.

(c) Any revenue or proceeds remaining after all the above items have been provided for shall be held and used for the further development of and for additions to the authority facilities and for the acquisition or construction of new facilities which may become necessary or desirable to further the purposes of this Act. None of such revenue shall go into the general funds of the participating counties, except as may be directed by the authority directors.

SECTION 11. All contracts of the authority shall be entered into and executed in such manner as may be prescribed by statutes, regulations and procedures governing contracting by county governments; but no contract or acquisition by purchase of equipment, apparatus, materials or supplies involving more than five hundred dollars (\$500), or for construction, installation, repair or improvement of the property of facilities involving more than five hundred dollars (\$500) shall be made except after such contract has

been advertised for bids, provided that advertisement shall not be required when:

- (a) An emergency arises and requires immediate delivery of the supplies or performance of the service.
- (b) To receive funds from county or city governments for purposes of planning; the acquisition of properties and facilities; and the construction, operation, management, the maintenance of all properties and facilities, to which end such governments are authorized to provide funds for any of the aforesaid purposes, upon grant or loan and are empowered, but not required to, impose taxes to accomplish the purposes of this Act.

SECTION 12. The authority may use any property, right of way, easement or other similar property right necessary or convenient in connection with the acquisition, improvement, operation or maintenance of the facilities herein authorized, held by the state of Tennessee or any county or municipality in the state of Tennessee, provided such governmental agency shall consent to such use; provided, however, that all statutes, regulations and procedures regulating the use, management, and disposition of state property must be complied with.

SECTION 13. The powers, authority and rights conferred by this Act shall be in addition and supplemental to, and the limitations imposed by this Act shall not affect the powers conferred by any other general, special or local law.

SECTION 14. If any clause, sentence, paragraph, section or any part of this Act shall be held or declared to be unconstitutional or void, it shall not affect the remaining part or parts of this Act, it being hereby declared to be the legislative intent to have passed the remainder of this Act, notwithstanding the part held to be invalid, if any.

SECTION 15. This Act is remedial in nature and shall be liberally construed to effect its purposes of promoting the movement and transfer of people, goods and merchandise to, from and through the boundaries of the authority; encouraging utilization of the natural resources therein; and promoting the growth and development of commerce and industry in the counties and cities. Such liberal construction shall not work to override the application of the general statutes, regulations or procedures to the administrative or financial management practices of the authority in the same manner as they apply to county governments.

SECTION 16. This Act shall take effect when two (2) or more of the counties of Coffee, Warren, and White and the cities of Tullahoma, Manchester, McMinnville, Morrison, Doyle, and Sparta are authorized by a majority vote of their respective governing bodies to become members of the authority; evidence of such authorization is proclaimed and countersigned by the presiding officer of each ratifying county and city and certified by him to the Secretary of State; and the governing bodies of all governments voting to become members of the authority have indicated their willingness to appropriate sufficient funds to provide for the initial administration of the authority.

SECTION 17. For the purpose of approving or rejecting this Act as provided in Section 16, it shall take effect upon becoming a law, the public welfare requiring it; but for all other purposes, it shall be effective upon being approved as provided in Section 16.

Budget System

The following act was never in effect as law; it is included for historical reference only.

1. Private Acts of 1961, Chapter 6, fixed the annual salary of the County Auditor and/or Comptroller at \$5,000 annually, but was rejected at the local governmental level and, therefore, did not become law.

County Attorney

The following act was never in effect as law; it is included for historical reference only.

1. Private Acts of 1957, Chapter 84, created the office of County Attorney who was to be a resident of the county, 21 years old, and a licensed lawyer. The Quarterly County Court would appoint someone until a successor could be elected and qualified. The election would be in August, 1958, and the victor would take office in September, 1958, at a salary of \$3,000 annually. He would render whatever legal services were required to all the officials, departments, agencies, commissions, and boards; and prosecute and defend, as need be, all litigation in which the County was involved. He could not represent any other county or city agency or government and no county official could employ another attorney without first obtaining leave from the Quarterly County Court. This Act was not approved by the local governing body and, therefore, never became effective as law.

County Clerk

The following act once affected the office of county clerk in Warren County. It is included herein for historical purposes.

1. Private Acts of 1823, Chapter 156, authorized the Circuit Court Clerk and the County Court Clerk to build an office on some part of the Public Square in McMinnville, the site to be designated by the Quarterly County Court. 8. Private Acts of 1931, Chapter 162, authorized the County Judge to borrow money for county purposes, from time to time, at an interest rate not to exceed 6% per annum, and to issue warrants therefor; but the aggregate sum of warrants and interest should not exceed the tax levy or the uncollected portion thereof.

Chapter III - Bond Issues

Bond Issues - Historical Notes

A listing of the acts which authorized various bond issues for Warren County is included below for reference purposes, although these acts are no longer current. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1851-52, Chapter 191, Section 20, made applicable to Warren, Jefferson, Greene, Hawkins, Washington, Carter, Sullivan, and Grainger Counties sections of the act that related to the counties of Lawrence, Maury, Williamson and Davidson that authorized said counties to take stock in rail roads and to issue bonds for same. 2. Private Acts of 1923, Chapter 54, made it unlawful and illegal for the County Court of Warren County to authorize the issuance and sale of the bonds of the said county for any purpose authorized by law without first submitting the same to a direct vote of the people, wherein a majority would decide one direction or the other.

Bridges

1. Private Acts of 1909, Chapter 12, permitted the Warren County Quarterly County Court to issue \$30,000 in bonds at an interest rate not to exceed 6%, and set a maturity period not to exceed 10 years, in order to pay \$24,180.52 in outstanding debts owed for the construction of bridges to improve the road system. All the details of the issue were fixed in the act and the County Court was required to levy an additional tax for the annual sinking account, which would liquidate the bonds as specified.
2. Private Acts of 1917, Chapter 151, allowed the County Court to issue \$23,000 in bonds to pay off the outstanding debts owing on several bridges recently constructed in the county, plus \$7,000 in bonds for added bridges at Scott's Ford and Mason's Ford. These bonds were to be payable at a rate of 5% per annum, and to mature 10 years after issuance. An annual tax on property and privileges was to be levied in order to pay the bonds.

Roads

1. Private Acts of 1901, Chapter 292, subject to the successful outcome of a referendum for that particular purpose, the County Court of Warren County could issue \$75,000 in 5%, 20 year bonds, to improve the public roads and to build turnpikes in the county. Three commissioners would be appointed who would generally oversee and supervise the work; were empowered to employ an engineer; were required to report periodically to the County Court; and, would be paid as the County Court directed. All the essential language of bond issues were included in the Act.
2. Private Acts of 1903, Chapter 6, also required a referendum before the County Court could issue \$100,000 in 5% bonds with a staggered amortization schedule set out in the act to build turnpikes and improve the public road system, following the same details and tax levy requirements as set out in previous acts. The three commissioners were provided under the act and bidding methods were set up to be followed by them in addition to the same terms as before. A list of roads to be improved was included, and, if funds remained, they would be used on others.
3. Private Acts of 1907, Chapter 189, provided for a referendum for issuing \$150,000 in bonds at interest rates of from 4% to 5%, payable according to an amortization schedule set out in the act, for the purpose of building turnpikes and improving the county road system. The roads to be included would radiate from McMinnville. The construction of same would be under the supervision of the three commissioners, as was described in the prior acts, above.
4. Private Acts of 1911, Chapter 322, was to authorize the issuance of \$100,000 in bonds, following a referendum, to build turnpikes and improve the road system. They were limited to 5% interest rates and would mature in four series of 5, 10, 15 and 20-year terms after the bonds authorized by Acts of 1907, Chapter 189, were liquidated. The roads to be given first attention were the Viola, or Winchester road, the Bersheeba to Irving College road, and thence on to Hill's Creek, or Dunlap road, and the Sparta, Smithville, and Nashville Pikes.
5. Private Acts of 1913, Chapter 78, required a referendum before the County Court could issue \$200,000 [sic] in bonds, for construction of extensions to the turnpikes and for repairing existing ones. Bonds in the amount of \$110,000 would be issued at 4½% interest and mature five years after the 1907 issue. This act followed the same format of appointing three commissioners with the same powers and responsibilities to execute the program of repair and improvement on the roads listed in the Act.
6. Private Acts of 1913, Chapter 261, amended Private Acts of 1913, Chapter 78, above, so as to place the figure, \$110,000, in the caption and to restate the details of the act so as to conform to

later dates than those mentioned in the original law. Thus, this issue was set at \$110,000 instead of \$200,000, as the body of the original act stated.

7. Private Acts of 1949, Chapter 123, authorized the Quarterly County Court of Warren County to issue \$50,000 in 3%, 5-year bonds, to pay and retire outstanding debts created by the County Highway Department as was evidenced by notes, accounts unpaid, and warrants. The money would be handled by the County Trustee, who would not draw any commission for doing so, in accordance with the details set out in the Act.

Schools

1. Private Acts of 1935, Chapter 106, validated and made legal all the prior actions taken in reference to the bond issuance of \$40,000 for the High Schools of Warren County at an interest rate of 3 3/4%, and maturing on January 1, 1955. The Act declared said bonds to be the legal and incontestable obligations of the county, and fixed all the details of the bond issue.
2. Private Acts of 1945, Chapter 9, also validated all the prior proceedings taken with reference to the issuance of \$50,000 in school bonds, numbered 1 through 50, with no interest rate or maturity dates which would be used to pay the salaries of teachers and other school expenses. The Act included the usual bond details and the requirement that an annual tax be levied for the sinking fund to amortize the bonds.

Court System - Historical Notes

Board of Jury Commissioners - Jurors

The following acts once affected jurors or boards of jury commissioners in Warren County, but are no longer operative. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1827 (Ex. Sess.), Chapter 75, authorized the Court of Pleas and Quarter Sessions (Quarterly County Court) of Warren County to levy a tax in addition to all other taxes to pay jurors who attend the Circuit and County Courts, provided the pay shall not exceed \$1.00 per day.
2. Acts of 1905, Chapter 291, created a Board of Jury Commissioners for Warren County, to be comprised of three citizens and freeholders of the county and to be appointed by the Circuit Court Judge. The Judge would certify their names to the Clerk of the Circuit Court, who would summon them to meet at the courthouse at least 30 days before the next term of court. After being sworn, they would meet and select the number of jurors specified by the judge, and give the list to the Clerk, who would keep it secretly sealed until ten days before Court, at which time it would be given to the Sheriff for summoning said jurors. Any person appointed to the Board and refusing to serve could be fined, and those serving would be paid \$1.50 per day for their service. The mechanics of furnishing jurors for the various courts were spelled out in the act, and some limitations were placed on the qualifications and frequency of service by a juror. Provisions were made for special panels and also in the event the original number was exhausted. This Act was specifically repealed by the following referenced act.
3. Acts of 1907, Chapter 66, specifically repealed Acts of 1905, Chapter 291, in its entirety.
4. Private Acts of 1927, Chapter 354, created another Board of Jury Commissioners for the County, and was very similar to the repealed prior act. The Board would be composed of three discreet

and disinterested citizens and freeholders appointed by the Judges of the Circuit, Chancery, and Criminal Courts for two-year terms. Vacancies would be filled in the same way as the original appointments were made and the Circuit Court Clerk, or a Deputy, would serve as Clerk of the Board. The Board would compile a list of prospective jurors equal to one-fourth of the total votes cast in the most recent prior general election. Details were more numerous and dealt with the bookkeeping, records, and selection, summoning and grounds for excusing of jurors. Any new list to be compiled would not include the names on the current list. Members of the Board would get \$2.00 daily, but their compensation could not exceed \$10 yearly. This Act was repealed by the one following.

5. Private Acts of 1931, Chapter 13, specifically repeals Private Acts of 1927, Chapter 354, above, in its entirety.
6. Private Acts of 1935, Chapter 830, created another Board of Jury Commissioners primarily and substantially the same as was created by the preceding acts. The list of jurors to be compiled would number one-fourth of the votes cast in the last presidential election, the same to be taken from the tax books. The act prescribes the means by which jury panels would be chosen from this list; each person not selected would be placed back in the Jury Box. The act also numbers the amount of peremptory challenges each side of the litigation would have for excusing jurors. This Act was repealed by Private Acts of 1937, Chapter 224.
7. Private Acts of 1935 (Ex. Sess.), Chapter 146, also established a Board of Jury Commissioners in Warren County, which for all apparent purposes is similar to the previous Acts of this nature and to the 1941 Act which is published herein as a source of information on this type of law, even though all of them have been repealed and are no longer in effect.
8. Private Acts of 1937, Chapter 224, specifically repealed Private Acts of 1935, Chapter 830, (Item 6, above).
9. Private Acts of 1941, Chapter 334, also established a three-member Board of Jury Commissioners, with provisions similar to the previous acts.
10. Private Acts of 1949, Chapter 51, provided that all members of Grand Juries and Trial Juries in Warren County would receive \$4.00 daily for their services, and, if they lived more than ten miles from the Courthouse, would receive additional compensation of four cents a mile for travel allowances. The Clerk of the Court under whose jurisdiction the Juror served would certify the name of the Juror and the amount due to him or her to the County Judge, who would then issue warrants, to be paid by the Trustee.

Chancery Court The following acts form an outline of the development of equity jurisdiction in Warren County, although they no longer have the force of law since they have either been superseded by general law, repealed, or failed to receive local ratification.

1. Acts of 1822 (Ex. Sess.), Chapter 13, required that the justices of the Supreme Court hold an Equity Court at least once each year at Rogersville, Knoxville, Charlotte, Sparta, Nashville, and Columbia.
2. Acts of 1824 (2nd Sess.), Chapter 14, provided that the Supreme Court of the state would be held only at Knoxville, Sparta, and Nashville, that two more justices would be appointed by the General Assembly and that Chancery Court would then be held twice a year in all sections rather than once. The court would be held on the second Monday in June and December in McMinnville for White, Warren, Franklin, Marion, and Bledsoe counties.
3. Acts of 1826 (Ex. Sess.), Chapter 150, changed the time for holding Chancery Court at McMinnville to the first Monday in June and December instead of the second.
4. Acts of 1827, Chapter 79, divided the state into two Chancery Divisions. The Eastern Division consisted of the courts held at Rogersville, Kingston, Carthage, Greenville, and McMinnville, where the court terms for White, Franklin, Bledsoe, Warren, and Marion counties would begin on the third Monday in June and December.
5. Acts of 1827, Chapter 121, changed the court days for the Chancery Court at McMinnville to the second Mondays in June and December.
6. Acts of 1832 (Ex. Sess.), Chapter 19, changed the first days of court terms for the entire Eastern Division of the Chancery Court. The court at McMinnville would commence on the fourth Mondays in June and December and continue for two weeks or more, if need be.
7. Acts of 1835-36, Chapter 4, divided the state into three Chancery Divisions, but also divided the grand sections into smaller districts. Warren and White counties were in the second district of the Middle Division, with court to be held at McMinnville on the second Mondays in January and July.

8. Acts of 1837-38, Chapter 116, Section 13, again assigned Warren and White counties to the second district of the Middle Division, but changed the court days at McMinnville to the fourth Mondays in January and July.
9. Acts of 1839-40, Chapter 21, set the court times for the new Fourth Chancery Division at McMinnville in Warren County on the fourth Mondays of January and July.
10. Acts of 1839-40, Chapter 33, divided the state into four Chancery Divisions. The Fourth Division consisted of the courts held at McMinnville, Livingston, Carthage, Winchester, Lebanon, Murfreesboro, and Shelbyville.
11. Acts of 1843-44, Chapter 161, changed the court terms of the Chancery Court at McMinnville to be held on the third Mondays in April and October.
12. Acts of 1845-46, Chapter 82, again changed the Chancery Court times in McMinnville's court to the fourth Mondays in March and September.

Chapter VI - Education/Schools

Board of Education

Private Acts of 1994 Chapter 122

SECTION 1. Chapter 62 of the Private Acts of 1969, as amended by Chapter 23, of the Private Acts of 1985, and all other acts amendatory thereto, are hereby repealed.

SECTION 2. Warren County shall be divided into six (6) school districts; each of which shall be composed of two (2) adjoining county commissioner districts, as follows:

- School District 1 - County Commissioner Districts 2 & 3
- School District 2 - County Commissioner Districts 1 & 6
- School District 3 - County Commissioner Districts 4 & 5
- School District 4 - County Commissioner Districts 7 & 8
- School District 5 - County Commissioner Districts 9 & 10
- School District 6 - County Commissioner Districts 11 & 12

The Warren County Board of Education (hereinafter the "board") shall consist of six (6) members, with one (1) member of the board being elected by the qualified voters in each school district. Board members shall be elected to staggered four (4) year terms so that every two (2) years the terms of one-half (1/2) the members of the board shall expire, with the odd-numbered districts (Districts 1, 3 and 5) expiring at the same time and the even-numbered districts (Districts 2, 4 and 6) expiring at the same time. Persons elected in the regular August General Elections shall take office on September 1 following the election and shall serve until their successors are duly elected and qualified.

SECTION 3. During the transition from the current seven (7) member board to the new six (6) member board, all incumbent board members shall continue to serve on the board until the expiration of their current terms. The new six (6) member board shall be elected as follows: At the August 1994 Election, one (1) member shall be elected from each of the odd-numbered school districts (Districts 1, 3 and 5) to serve four (4) year terms. At the August 1996 Election, one (1) member shall be elected from each of the even-numbered school districts (Districts 2, 4 and 6) to serve four (4) year terms. Thereafter, all board members shall be elected to four (4) year terms.

SECTION 4. It is the intent of this act that future changes in the boundary lines of county commissioner districts for purposes of reapportionment shall automatically redefine the school district boundary lines so that further action on the part of the general assembly for this purpose is not required. In the event such reapportionment results in a school board member no longer residing in the district he or she represents, such member shall continue to hold office until the expiration of his or her term. If changes in the boundaries of school districts result in more than one (1) board member residing in a single district, all of such members shall continue to hold office until their respective terms expire, and no board member shall be elected in such district until the last such member's term expires, at which time the voters of that district shall elect a resident of such district to the board to an initial term which will expire at the same time as the other board members from odd-numbered districts or even-numbered districts, as the case may be, and to four (4) year terms thereafter. If changes in school district boundaries result in one (1) or more school districts which are without a board member residing therein, at the next regular August Election a new school board member shall be elected from each such district to an initial term which will expire at the same time as other board members from odd-numbered districts or even-numbered districts, as the case may be, and to four (4) year terms thereafter. Changes in school districts may result in the number of members on the board temporarily exceeding the number of school districts until the expiration of the terms of the members in office on the date of such changes.

SECTION 5. The Warren County Board of Education shall have the same powers, duties, privileges and qualifications as the county boards of education established pursuant to Tennessee Code Annotated, Title 49, Chapter 2, except as otherwise provided herein.

SECTION 6. Nothing in this act shall be construed as having the effect of removing any incumbent from office or abridging the term of any official prior to the end of the term for which such official was elected.

SECTION 7. If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application and to that end the provisions of this act are declared to be severable.

SECTION 8. This act shall have no effect unless it is approved by a two-thirds (2/3) vote of the county legislative body of Warren County. Its approval or nonapproval shall be proclaimed by the presiding officer of the county legislative body of Warren County and so certified to the Secretary of State.

SECTION 9. For the purpose of approving or rejecting the provisions of this act, it shall be effective upon becoming a law, the public welfare requiring it. For all other purposes, it shall become effective upon being approved as provided in Section 8.

Passed: February 17, 1994.

Education/Schools - Historical Notes

Board of Education

The following acts once affected the board of education in Warren County but are no longer operative. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1907, Chapter 236, was a general Act which abolished the office of District Directors of Education in the counties and placed the public schools of the county, not the city, under a Board of Education and a District Board of Advisors. The County Court would divide the county into five school districts which would be composed of whole Civil Districts. The members of the Board of Education would be elected, one from each of the districts, and the remainder elected by the county at large, all for two-year terms. A member was required to be a resident of the district and have at least a primary educational level. The County Superintendent of Public Instruction, whose duties were enumerated in the Act, would be the Secretary and ex officio member of the Board. The role of the Advisory Board was further elaborated in the Act. Section 17 exempted several counties from the provisions of this Act and Warren County was among them; however, Private Acts of 1911, Chapter 564, subsequently made Warren County subject to the provisions of the general law. A second amendatory act was passed, Private Acts of 1915, Chapter 48, wherein the general law was once again made not applicable to Warren County. See *Whitthorne v. Turner*, 155 Tenn. 303, 293 S.W. 147 (1927).
2. Private Acts of 1911, Chapter 437, divided Warren County into five separate school districts by assigning whole Civil Districts to them. The First school district was comprised of the first and second Civil Districts; the Second was comprised of the third, fourth, fifth, and sixth Civil Districts; the Third was comprised of the seventh, eighth, and ninth Civil Districts; the Fourth was comprised of the tenth, eleventh, and thirteenth Civil Districts, and the Fifth was comprised of the twelfth, fourteenth, fifteenth, and sixteenth Civil Districts. The Board of Education would consist of one member from each District appointed by the County Superintendent. Each member would receive \$2.00 per day for their attendance at meetings, not to exceed 15 days per year. The County Superintendent would also appoint three men from each Civil District to act as an Advisory Board for each district.. This Act was largely patterned after the 1907 Act from which Warren County was exempt.
3. Private Acts of 1917, Chapter 107, provided that the Directors of the public schools of the various school districts were empowered to establish primary and secondary schools in their said districts in which might be taught the first ten grades of the public school curriculum.
4. Private Acts of 1919, Chapter 689, placed the elementary public schools in Warren County under the management and control of a county Board of Education and a District Advisory Board of Education. The county would be divided into five school districts composed of whole civil districts and as nearly equal in size and population as possible, from which the County Court would appoint one member each to the Board until their successors were elected, for two-year terms. The duties of the Chairman of the Board, the Secretary, and the County Superintendent were set forth in the act. Each Civil District would elect three members to the Advisory Board, and their duties were specified. Each member of the Board would be paid from \$1.50 to \$3.00 daily for attendance at meetings and school visitations, and this Act would not affect the school systems of any city in the county.
5. Acts of 1920 (Ex. Sess.), Chapter 40, amended Acts of 1919, Chapter 689, above, by broadening the powers of the Board of Education and adding to the powers of the Advisory Board "to make general recommendations to the County Board to advance school interests in said districts and to recommend desirable teachers to the Board."

6. Private Acts of 1923, Chapter 210, required that a Board of School Directors, consisting of three members, be created in each civil district. The members would be elected by the people, and would select a Chairman and a Secretary. The Chairman from each civil district's Board and the County Superintendent of Schools would constitute the Board of Education, whose Secretary would be the Superintendent. This Board would assume control over virtually all school property and personnel and each member would be paid \$2.00 per day for attendance at meetings, plus his mileage. All conflicting laws were repealed.
7. Private Acts of 1927, Chapter 731, also placed the management of the schools under a Board of Education. The county was divided into seven school districts composed of whole civil districts whose voters would elect one member each to the Board. The County Superintendent would be the Secretary, and the members must have at least four years' experience as a teacher or be a high school graduate, and a resident of the district from which he is elected.
8. Private Acts of 1933, Chapter 845, was an Act to amend Public Acts of 1925, Chapter 115, by creating and establishing six school districts, composed of the specified civil districts set out in the Act, and in turn creating a County Board of Education. The Act set out the means of selecting the Board members and the requirements for membership; how vacancies should be filled; how often the Board should meet; and, how the members were to be compensated.
9. Private Acts of 1939, Chapter 383, specifically repealed Private Acts of 1933, Chapter 845, above.
10. Private Acts of 1949, Chapter 73, established a new Board of Education with 17 members, two elected from the First Civil District and one from each of the other sixteen districts, for a term of two years. The Board would select five of its members to act in an advisory capacity for virtually all educational affairs. The County Superintendent would be Secretary to the Board, and members would be compensated as provided for therein. This act repealed all conflicting laws.
11. Private Acts of 1951, Chapter 330, created a County Board of School Commissioners, vesting in them all the jurisdiction and control of all the educational business of the county. The County was divided into seven school districts, each of which would elect a member to the Board for a two-year term. The members would be paid \$4.00 daily for Board meetings attendance, fill any vacancy which might occur before the next county-wide election, and exercise the powers enumerated in the Act. They would also solicit bids and award contracts as set out in the Act, and request the Department of Audit of the state to audit all accounts and report the same to the Quarterly County Court. This Act was repealed only a few months later by Private Acts of 1951, Chapter 415.
12. Private Acts of 1951, Chapter 415, repealed Private Acts of 1951, Chapter 330, in its entirety.
13. Private Acts of 1953, Chapter 63, provided that the management and control of all the school affairs would be vested in a County Board of School Commissioners composed of five members, one from each of five school districts as designated therein. Collier Smith, P. W. King, Jr., Ozle Allen, Leonard Grissom, and Bill Douglas were named to the Board until the next election when members would be elected for four-year terms. The members would meet and select a Chairman and Secretary after being sworn into office. Compensation would be fixed by the County Court but would not exceed \$10 daily. All personnel, buildings, equipment, busses, and school properties were committed to their charge, for which they were given power to contract for any purpose that was school-related, subject to approval by the Purchasing Commission. The Board was obligated to request an audit and report the same to the Quarterly County Court. This Act was repealed by Private Acts of 1969, Chapter 61, which was properly ratified by the County Court.
14. Private Acts of 1957, Chapter 38, would have amended Private Acts of 1953, Chapter 63, by redistricting the County into six School Districts in Section 2, and adding some provisions to Section 3 concerning the County Board of Education. This Act was not approved by the local governing authorities and did not become law.
15. Private Acts of 1969, Chapter 62, as amended by Private Acts of 1985, Chapter 23, created a County Board of School Commissioners, consisting of seven members to be elected by the Quarterly Court of the County, in the manner, form and for the terms provided for in the Act. The Act specified when the Board should meet, how the members were to be compensated, and what powers, duties and obligations were bestowed upon the Board. The amendment to the original act was relative to the term and election of members to the Board. This Act, as amended, was subsequently repealed by the current act-in-force, Private Acts of 1994, Chapter 122, published in its entirety herein.

Private Acts of 1961, Chapter 205, would have amended Chapter 31, above, by adding a paragraph at the end of Section 5 which gave the Board the exclusive responsibility and authority over the construction of buildings in connection with the hospitals, notwithstanding any other appointment to the contrary. This, too, was rejected or disapproved, locally.
7. Private Acts of 1983, Chapter 10, expressly repealed Private Acts of 1937, Chapter 589 (Item 3, above).

Highways and Roads - Historical Notes

The following is a listing of acts which once had some effect upon the county road system in Warren County, but which are no longer operative. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1819, Chapter 169, permitted John Rogers and Charles Sullivan to lay out, build, and operate a turnpike road from McMinnville in Warren County to the seat of justice in Marion County and they would be bound by the same terms and conditions as the proprietors of the turnpike from the Sequatchie Valley to the foot of the mountain in Warren County.
2. Acts of 1821, Chapter 6, may have been the first act which required the county courts of the counties to classify and list the roads in their respective counties into three distinct classes: 1) stage roads, to be kept up, causewayed, bridged, milemarked, and indexed, along with other roads of equal importance; 2) roads of at least 12 feet in width, which would be maintained at a level a little less than first class; and, 3) roads wide enough for passage of a single horse and rider. Those roads leading to mill or market would be bridged or causewayed.
3. Acts of 1822 (2nd Sess.), Chapter 171, recited that one, Joseph Franks, who had been authorized to build a turnpike in a certain area, had failed to do so, and had moved before the road was open; therefore, Thomas Hopkins was subsequently clothed with all the rights of Franks, provided always, that neither the said Hopkins, nor his gatekeeper, would demand any toll from any citizen of White or Warren Counties who passed from one county to the other on their common, ordinary business or pleasure.
4. Acts of 1823, Chapter 72, allowed Christian Shell to build a bridge across the Collins River near the mill he owned, and required the County Court to set the toll rates Shell could charge for passage over the bridge provided he kept it in good repair at all times.
5. Acts of 1823, Chapter 124, declared that the road leading from Benjamin Hill's to John Rain's, across Cumberland Mountain, was established as a road of the second class. Warren and Bledsoe County Courts would appoint three overseers for each section of the road with enough road hands to keep the road in the manner fixed by this Act and any person felling a tree so as to block the road would be subject to a fine after prosecution.
6. Acts of 1826 (Ex. Sess.), Chapter 108, Section 3, appointed Adam Dale of White County, and Jesse Allen of Warren County as commissioners to examine the turnpike road of Jesse Lincoln's running from Sparta to Liberty and decide whether all the specifications for the road had been met.
7. Acts of 1826 (Ex. Sess.), Chapter 167, permitted Matthew W. Wright to build a good, usable bridge across the Collins River below the junction of Barren Fork with said river, and to charge tolls for the use thereof as the County Court of Warren County might direct.
8. Acts of 1826 (Ex. Sess.), Chapter 180, required the County Courts of White and Warren Counties to fix the tolls and rates which Peter Buram [sic] and Thomas Hopkins may charge for crossing their bridge across the Caney Fork River.
9. Acts of 1831, Chapter 5, allowed Rock Island William Martin to build a toll bridge across Collins's river at Reads old ferry, where the stage road from Sparta to McMinnville crossed the river; obligated the County Court of Warren County to fix the rates of toll; and, named John Cain and William White as Commissioners for the road and bridge.
10. Acts of 1831, Chapter 74, exempted Jesse Savage from having to pay any taxes on his turnpike road for the term of two years.

11. Acts of 1832, Chapter 34, names 26 incorporators, all residents of Warren County, who were authorized to open books and subscribe stock to the McMinnville Turnpike Company which shall build a turnpike from Murfreesboro to the top of Stones River Ridge in Warren County by way of Danville. The Act establishes limits for the stock sale and the conditions and standards under which the road would be constructed.
12. Acts of 1832, Chapter 105, Section 6, authorized Jesse Allen to open a turnpike road, to begin where that road established by Jesse Lincoln and William Usery of White County left the road from Sparta to Liberty in Smith County and extended with the then-present road to the point where Lincoln's and Usery's turnpike road proposed to intersect the same.
13. Acts of 1833, Chapter 48, appointed John Rodgers, Esquire, of Warren County, and Elliot Boyd, of Bledsoe County, as Commissioners of the turnpike road from the foot of the mountain near Benjamin Hill's in Warren County to the foot of the mountain in Bledsoe County, with all the powers, privileges, and emoluments of other commissioners.
14. Acts of 1835-36, Chapter 20, appointed William Armstrong, Jacob Woodley, and Abner Woodley as Commissioners to let out a bid to build a turnpike from, at, or near, Pinnacle Road towards Cumberland Mountain and thence down to the foot of the mountain in Warren County. The road was to be inspected and operated under the schedule of tolls set forth in the act.
15. Acts of 1843-44, Chapter 213, Section 4 revived the acts which had expired in regard to a turnpike to be built by the McMinnville Turnpike Company from that city to Murfreesboro by way of Woodbury.
16. Acts of 1843-44, Chapter 225, re-authorized Thomas Mabry to construct a turnpike. Authorization had been previously granted to Mabry, John Payne, and William Worthington, but the time period within which the road was to be built had expired. The Act described the route for the road; granted rights for two toll gates, no nearer than fifteen miles of each other; and, set the rates to be charged. The road was to run through Van Buren County and across the mountain to a point at or near Gordon's Iron Works in East Tennessee.
17. Acts of 1901, Chapter 136, was the first general road law passed by the state. This one applied to all counties under 70,000 population according to the 1900 census, and furnished the pattern for virtually all the road laws which followed. There would be Road Commissioners from each civil district whose duties were prescribed in the act. It established the qualifications of overseers and road hands; the length of their service; the manner and amount of their commutation; the specifications for building roads; the procedure to be followed for opening, changing, or closing roads; and, granted the county courts the right to designate the roads upon which work would be forthcoming. This Act was referenced in *Stokes v. Dobbins*, 158 Tenn. 353, 13 S.W.2d 322 (1929).
18. Acts of 1903, Chapter 242, amended Acts of 1901, Chapter 136, above, by adding the provision which directed what funds were to be devoted to the building or making of roads in a district; and specifications for those macadamized roads.
19. Acts of 1905, Chapter 478, also amended Acts of 1901, Chapter 136, by exempting some counties and changing a few of the procedures for opening, closing, and changing roads, and the standards for determining damages to any landowner.
20. Private Acts of 1919, Chapter 84, created a Board of Public Road Commissioners of three members, with staggered terms of three years each, who would be elected by the County Court, or appointed by the County Judge if the court failed to act, and would organize by electing a chairman. The County Road Supervisor was to act as Clerk. The Board would meet at least quarterly; each member was to be paid \$75 a year and the chairman, \$100. A suitable, competent County Road Supervisor was to be employed, as well as district supervisors; also, the former was to be paid \$3.00 per day for a period of 300 days, and the latter were to be paid \$2.00 a day, not to exceed 30 days per year. They would have general charge of all roads, bridges, employees, and tools, would assign county prisoners to work on roads; and, keep proper records and submit them to the proper authorities. The County Court would levy a road tax from fifteen cents to twenty-five cents per \$100 property valuation. The Act also contains details regarding road duty, contracts for work to be done, procedures for the laying out of new roads, and what constituted unlawful acts.
21. Private Acts of 1919, Chapter 581, amended the road law, above, by omitting Section 7 and rewriting the provisions for working on the roads. All males between 21 and 45 years of age were required to work five days or could commute the sentence by paying \$1.50 per day; also amended were schedules for those with teams and wagons were included in a revised state.

22. Private Acts of 1920 (Ex. Sess.), Chapter 81, amended Acts of 1919, Chapter 84, by striking Section 6 and inserting a new section which provided that the County Court would levy a tax at the same time as other taxes were levied, not to exceed twenty cents per \$100 property valuation on property outside the corporate limits of cities, for general road purposes. There would also be a pike and bridge tax not to exceed twenty-five cents per \$100.00 of taxable property. The money would be used in the districts from which it was collected.
23. Private Acts of 1921, Chapter 782, required the State to speedily construct those sections of State and Federal Highways which had been surveyed, laid out, and designated as such in Warren County. If work was not started within 30 days after notice to proceed was given to the State by the County Superintendent of Roads, he could apply to the courts for a writ of mandamus to compel compliance. The county would pay 1/3 of the cost thereof, but its failure to do so should not constitute cause for delay in the road construction.
24. Private Acts of 1923, Chapter 33, specifically repealed the act referenced in Item 22, above.
25. Private Acts of 1923, Chapter 311, amended Private Acts of 1919, Chapter 84, by repealing part of Section 2 and the remainder of the Act which dealt with the County Road Supervisor, thereby abolishing the position and giving all the authority conferred on him to the Board of Public Road Commissioners and the District Road Commissioners. A foreman to be appointed would act as the Clerk. This Act also amended Acts of 1919, Chapter 581, Section 1, by reducing the number of required working days for a wagon and team from 5 to 4; setting up a commutation rate of \$3.00 a day; and, raising the amount of the annual license for a truck based upon the size and weight of the vehicle.
26. Private Acts of 1925, Chapter 402, amended the same acts as referenced in Item 24, above, so as to require all male inhabitants between the specified ages to work 2½ days instead of five and the commutation rate would be \$1.50 per day; the owners of wagons and teams would work only two days instead of four and commute at \$3.00 per day.
27. Private Acts of 1927, Chapter 88, amended Section 7 of Private Acts of 1919, Chapter 84, by requiring every person, firm, or corporation owning a wagon and team to pay a privilege tax of \$6.00, or work two days on the roads to pay for it; the rights of way for State and Federal Highways would be at least 60 feet wide; automobile owners and operators were to pay \$5.00, and truck automobiles were assessed \$20, \$40, and \$60 annually, according to size and weight, for the privilege of operating on the highways.
28. Private Acts of 1929, Chapter 20, specifically repealed Private Acts of 1927, Chapter 88, above, in its entirety.
29. Private Acts of 1929, Chapter 903, specifically repealed Private Acts of 1919, Chapter 84, and all subsequent amendatory Acts.
30. Private Acts of 1929, Chapter 904, was the subsequent Road Law for Warren County. A Board of Highway Commissioners was created, consisting of 16 members, one from each Civil District of the county, to serve for two-year terms. The Chairman of the Board would be paid \$100 annually, each member \$50 a year, and the Superintendent would receive \$1,200 annually. The Superintendent could be removed for cause by the Board at any time. He would have power to buy the road machinery and equipment and employ extra labor as needed. There was to be a bridge committee of five members created from the Board membership. The Act, several pages in length, contained all the basic provisions of the former act, as it was amended from time to time, with some variations in pay, in work days on the roads and commutation rates. This Act was amended by Private Acts of 1931 (Ex. Sess.), Private Chapter 97.
31. Private Acts of 1937, Chapter 677, was the next Road Law for Warren County, and contained a general repealing clause. The County Road Commission was reduced to five members, one from each of five road districts created in the Act. Their successors would be elected for two-year terms. Meetings would be held once a month, with the date to be published in the newspaper. The Chairman would get \$300 annually and the member \$100. The office of county road supervisor was created and would be elected biennially. Qualifications and salary were specified in the Act. The duties, powers and authority of the Board and the Supervisor were spelled out; the conditions for forced road labor were prescribed; and, the records and procedures required to be kept and followed were also referenced therein.
32. Private Acts of 1937, Chapter 875, repealed Private Acts of 1937, Chapter 677, Sections 21 through 26, which contained the mandatory work provisions of the Act.
33. Private Acts of 1939, Chapter 384, created a Board of Highway Commissioners composed of one County Highway Superintendent and sixteen Commissioners, one from each civil district to serve

for two-year terms. The Superintendent could be removed by the Board for cause. There is not a great deal of difference between this and the preceding Acts except the salary of the Chairman would be \$100 and that of the members \$50 annually; the Superintendent would get \$1,500 per annum.

34. Private Acts of 1939, Chapter 427, specifically repealed Private Acts of 1937, Chapter 677 (Item 30, above).
35. Private Acts of 1943, Chapter 432, was an emergency Act which expired on January 1, 1945, and authorized the Highway Commissioners of Warren County to expend and disburse by warrant in any one month while there were outstanding or unpaid warrants, an aggregate amount not to exceed 60% of the net revenue receipts of the preceding month, including gas tax receipts, but the warrants must be approved and countersigned by the County Judge to be valid.
36. Private Acts of 1945, Chapter 67, was a duplicate of the emergency act above which expired under its own terms on January 1, 1945, but this Act did not have an expiration date.
37. Private Acts of 1945, Chapter 491, repealed Private Acts of 1939, Chapter 384, in its entirety.
38. Private Acts of 1945, Chapter 541, replaced the 1939 Road Law by returning to the five-member Board of Highway Commissioners, to be elected by the County Court for five-year staggered terms so that one would be replaced annually. The Board would meet monthly and members were to be paid \$5.00 a day for each day of regular meetings attendance. The Board would elect a Superintendent of Highways, who could be removed for cause; whose salary would be \$1,800 annually; and, who would conduct his office within the limitations of the law and as the Commission might direct him. The office of District Road Overseer was created for each civil district, to be elected by the voters of the district. The remainder of the Act was very similar in content to its predecessors.
39. Private Acts of 1947, Chapter 603, was the next Road Law, creating a Board of Road Commissioners composed of one Superintendent of Highways and sixteen Road Commissioners, one from each civil district. It contained all the features of the preceding law, except the salary of the Superintendent was increased to \$2,400 annually, and an Executive Committee was created, composed of the Chairman, Vice-Chairman, the Superintendent, and two other members of the Board to be elected by the members. Said Committee was granted the authority to act for the Board in all matters of wages, places of work, time of work, purchase of supplies and equipment, and the use of equipment, in general.
40. Private Acts of 1951, Chapter 132, created a County Board of Highway Commissioners, composed of three members, to have general supervision and control over all county roads and bridges. The members would choose a chairman and a secretary. The Chairman was executive officer and was granted broad general powers. Members would be paid \$10 daily, not to exceed 15 days per year, for meeting attendance. A County Road Supervisor would be employed at a salary not to exceed \$2,500 a year, and would have direct supervision over all work done on the roads and bridges of the county. This Act was repealed by the current road law which is published herein.
41. Private Acts of 1955, Chapter 131, fixed the salary of the County Road Supervisor of Warren County at \$3,600 a year, payable in equal monthly installments from the county road funds.
42. Private Acts of 1957, Chapter 79, would have amended Private Acts of 1951, Chapter 132, Section 1, by making it illegal for the County Highway Commission to buy, contract for, or purchase equipment, machinery, material, or supplies in excess of \$500 without advertising for sealed bids, and observing all the procedures related thereto as stated in the Bill. It also intended to amend the amount of the Road Superintendent's bond; however, this act was rejected by the local Quarterly County Court and did not become law.
43. Private Acts of 1959, Chapter 62, amended Private Acts of 1951, Chapter 132, by requiring the Board of Highway Commissioners to go through the County Purchasing Commission for all purchases; the Board would be allowed \$500 a month to buy small items which may be required for the efficient operation of the road department. The Act changed the date of the regular meetings of the Board to the first Tuesday of each month.
44. Private Acts of 1961, Chapter 7, would have amended Private Acts of 1959, Chapter 61, Section 1, by changing the salary of the Road Superintendent from \$3,600 to \$4,800 per annum, but was rejected by the County Court of Warren County and did not become law.

Law Enforcement - Historical Notes

Jails and Prisoners

The following acts once affected jails and prisoners in Warren County, but are no longer operative. Also referenced below is an act which repealed prior law without providing new substantive provisions.

1. Acts of 1819, Chapter 21, authorized the County Courts of Warren and Overton Counties to lay and collect a tax on all taxable property to enable them to build or repair the jails in their counties without regard to the state tax, and could continue to do so until a sufficient amount was raised for that purpose.
2. Acts of 1820 (2nd Sess.), Chapter 122, recited that the representation had been made to the General Assembly that a number of citizens would be injured if the county Jail were built on the public square, and therefore, the Quarterly County Court was authorized to levy a tax to acquire a lot off the public square; however, if this were not possible, the jail would be built on the square with the least amount of damage possible.
3. Private Acts of 1973, Chapter 98, changed the name of the Warren County Workhouse to the "Warren County Penal Farm", and authority was given to house State prisoners. This Act was repealed by Private Acts of 1980, Chapter 214.

5. Private Acts of 1945, Chapter 408, provided that the Sheriff of Warren County should be paid by the County the sum of \$75 monthly over and above all other remuneration as compensation for patrol work and safety activities for the county. Acts of 1833, Chapter 28, authorized each regiment of militia in the county to vote for field officers at the several precincts in their respective regiments, and repealed the act authorizing said elections to be held at the different battalion must grounds in said regiments. The elections, however, were to be held for only one day in each regiment, and the polls to be compared on the following day.
7. Acts of 1835-36, Chapter 221, was an Act to divide the Militia of the State into companies, battalions, regiments, brigades and divisions, and to prescribe the times and modes of electing officers. The militia of Warren County was to compose the 42nd and 43rd regiments, and the counties of Warren, Cannon, Coffee and Franklin would constitute the tenth brigade. The third division would be comprised of the 10th, 11th, 12th, 13th and 17th brigades.

(4) "Hotel" means any structure or space, or any portion thereof, which is occupied or intended or designed for occupancy by transients for dwelling, lodging or sleeping purposes, and includes any hotel, inn, tourist camp, tourist court, tourist cabin, motel or any place in which rooms, lodgings or accommodations are furnished to transients for a consideration.

Taxation - Historical Notes

Assessor of Property

The following acts were superseded, repealed or failed to win local ratification, but they are listed here as a reference to laws which once affected the Warren County Assessor.

1. Private Acts of 1919, Chapter 655, fixed the salary of the County Assessor in Warren County at \$1,000 per year, payable out of the county treasury on the first day of April, July, and October.
2. Private Acts of 1923, Chapter 555, abolished the office of County Tax Assessor in Warren County and created the office of District Tax Assessor, for each Civil District. He was to perform the same duties as the County Tax Assessor. They would serve for a term of two years after the first election to the office. The population range specified in the Act does not definitively include that

population figure given for Warren County for the 1920 Federal Census. However, there is no other county whose population figure would fit in the range given for that year, so it is assumed that the Act was intended to apply to Warren County. There is a marginal note to that effect in the Private Acts publication.

3. Private Acts of 1925, Chapter 801, amends Acts of 1919, Chapter 655, by increasing the salary of the Assessor from \$1,000 to \$1,200.
4. Private Acts of 1929, Chapter 829, amended Private Acts of 1919, Chapter 655, by changing the time at which the Tax Assessor would be paid, holding the balance of his salary until the County Equalizing Board made its report to the County Court Clerk each year.
5. Private Acts of 1945, Chapter 382, set the salary of the County Tax Assessor in Warren County at \$1,800 per annum, payable in monthly installments out of the county treasury. The Act also made it his duty to make out the tax books and turn them over to the Trustee without extra pay, and to keep his office open at least three days per week unless he was sick or disabled.

Taxation

The following is a listing of acts pertaining to taxation in Warren County which are no longer effective.

1. Acts of 1809, Chapter 28, permitted Robert Armstrong of White County to collect taxes in Warren and Franklin Counties which were due in 1807 when both of these counties were a part of White County.
2. Acts of 1815, Chapter 126, provided that the citizens of Warren County who lived in the area annexed to Franklin County and who had to pay taxes to both counties because the line had not been run, would be refunded those taxes paid to Warren County as soon as the line was run and their resident County definitely determined and as soon as evidence of payment was presented.
3. Acts of 1815, Chapter 189, permitted one Walter Eady of Warren County to retail spirituous liquors in the county without payment of the taxes therefor because he had become so decrepit and useless as to be disabled altogether and because he had a very large number of children to support who would otherwise become a public charge.
4. Acts of 1817, Chapter 128, authorized several counties including Warren to lay an additional tax on all taxable property in the county to pay jurors for the Circuit and County Courts provided said pay will not exceed fifty cents per day.
5. Acts of 1905, Chapter 495, established the Viola Taxing District out of an area taken from parts of Warren, Grundy, and Coffee Counties as described therein. The voters would elect three Directors and a clerk for two year-terms who would exercise the specific corporate powers enumerated in the Act as well as the general powers of taxing districts. They would receive by deed the property of the Viola Normal College and operate a high school therein, as long as the Taxing District existed, under the same regulations and laws applicable to all other public schools. A twenty-five cent ad valorem tax and a twenty-five cent poll tax were levied to support this school. This Act was subject to the outcome of a referendum in order to become effective.
6. Private Acts of 1911, Chapter 408, created a special school or taxing district, to be known as the "Viola Taxing District". The Act defined the boundaries of said district; provided for three Directors and how they were to be elected; set out the powers and duties of the Board of Directors; provided for the establishment and maintenance of a high school at the Viola College building; and, provided for the levying of an ad valorem tax of twenty-five cents per one hundred dollars' worth of taxable property and a fifty cents poll tax on all males between the ages of twenty-one and forty-five.
7. Private Acts of 1911, Chapter 479, authorized the reimbursement to J. H. Brewer for excessive privilege taxes erroneously collected from him by the County Court Clerk on his peddling wagon.
8. Private Acts of 1911, Chapter 664, authorized the reimbursement to W. H. Smith & Son the sum of seventy dollars as excessive privilege taxes collected by the County Court Clerk.
9. Private Acts of 1919, Chapter 645, was the authority for Warren County to levy a special tax on all taxable property, not to exceed twenty cents per \$100 property valuation, in order to pay outstanding debts incurred for the common, general, or ordinary business affairs of the county.
10. Private Acts of 1931, Chapter 105, amend Public Acts of 1907, Chapter 602, by making the interest on delinquent payments of taxes start in July instead of in March insofar as Warren County was concerned. The 1907 Act was the general revenue law of the state at that time.

11. Private Acts of 1931, Chapter 958, authorized the County Court of Warren County to appropriate the money out of the general funds of the County or to levy a special tax for the purpose of installing a town clock in the courthouse.
12. Private Acts of 1937, Chapter 217, authorized the Warren County Quarterly County Court to levy a tax for general county purposes upon all taxable property subject to ad valorem taxes, said tax levy not to exceed sixty cents per \$100 valuation.
13. Private Acts of 1937, Chapter 219, validated and legalized all prior actions of the Warren County Quarterly Court in levying a tax of ten cents per \$100 valuation on all taxable property for the purpose of purchasing a Poor Farm for the county.
