VA Programs for Justice-Involved Veterans

Health Care for Re-entry Veterans (HCRV) Program

The HCRV Program is designed to help incarcerated Veterans successfully reintegrate back into the community after their release. A critical part of HCRV is providing information to Veterans while they are incarcerated, so they can plan for re-entry themselves. A primary goal of the HCRV program is to prevent Veterans from becoming homeless once they are reintegrated back into the community.
