## Alarm Systems Act

### Private Acts of 2000 Chapter 93

**SECTION 1.** This Act shall be known and may be cited as the "Maury County Alarm Systems Act".

**SECTION 2.** For the purpose of this Act, the following definitions apply:

(1) "Activate" means to set off an alarm system indicating in any manner an incidence of burglary, robbery, fire, etc.

(2) "Alarm systems" means any mechanical or electrical/electronic or radio controlled device which is designed to be used for the detection of any fire or unauthorized entry into a building, structure or facility, or for alerting others of fire or of the commission of an unlawful act within a building, structure or facility, or both, which emits a sound or transmits a signal or message when activated. Alarm systems include, but are not limited to, direct dialing telephone devices, audible alarms and monitored alarms. Excluded from the definition of alarm systems are devices which are designed or used to register alarms that are audible or visible and emanate from any motor vehicle; auxiliary devices installed by telephone companies to protect telephone systems from damage or disruption of service; and self-contained smoke detectors; and medical-alert alarms.

(3) "Automatic dialing device" means an alarm system which automatically sends over regular telephone lines, by direct connection, or otherwise, a pre-recorded voice message or coded signal indicating the existence of the emergency situation that the alarm system is designed to detect, but shall not include such telephone lines exclusively dedicated to an alarm central station which are permanently active and terminate within the communications center of the Maury County Sheriff's Department.

(4) "Commercial premises" means any structure or area which is not defined herein as residential premises.

(5) "False alarm" means the activation of an alarm system through mechanical failure, malfunction, improper installation, or the negligence or intentional misuse by the owner or lessee of an alarm system or by such owner or lessee's employees, servants or agents; or any other activation of the alarm system not caused by a fire or forced entry or attempted forced entry or robbery or attempted robbery; such terminology does not include alarms caused by acts of nature such as hurricanes, tornadoes, other severe weather conditions, or alarms caused by telephone line trouble, or other conditions which are clearly beyond the control of the alarm user. A maximum of five (5) false burglar alarms; three (3) false robbery/panic alarms; and three (3) false fire alarms, will be granted per alarm device within a fiscal permit year. All false subsequent activation will be considered chargeable violations.

(6) "Fire officer" means the fire chief of the rural fire department or the fire chief's designated representatives.

(7) "Law enforcement officer" means the sheriff of Maury County or the sheriff's designated representatives.

(8) "Person" means any natural person, firm, partnership, association, corporation, company or organization of any kind, to include a government or governmental subdivision or agency thereof, exclusive of the federal government.

(9) "Primary responder" means the law enforcement or fire agency designated to be first contacted by the alarm owner, operator or lessee.

(10) "Residential premises" means any structure or combination of structures which serve as dwelling units including single family as well as multi-family units.

**SECTION 3.** Notification and Permits Required.

(a) Every person who owns, operates or leases any alarm system, as defined herein, whether now existing or to be installed in the future, anywhere within Maury County, excluding alarm systems within the city limits of any incorporated municipality in Maury County, and who does not list the Maury County Sheriff's Department or Maury County rural fire department as primary responder, shall within one hundred twenty (120) days of the effective date of this act for existing alarms systems, or prior to use of new alarm systems, notify the Maury County Sheriff's Department, on

The law enforcement officer or fire officer shall notify the permit holder that a request for revocation has been filed with the Board of Appeals and the date on which it is filed. If the user calls or the authorized agent calls the sheriff's department back within five (5) minutes of the original call, it will not be considered a false alarm. No violation, fine, or recourse will take place in the above time interval unless the responding Maury County Sheriff's deputy or rural fire officer has already arrived

before the call to cancel has been made. If a law enforcement or fire officer has not arrived on the scene within twenty (20) minutes of the original alarm (notification), it will not be a chargeable alarm.

(d) After the allowable false alarms as set out in Section 2, each person who owns, operates, leases or controls any premises, commercial or residential, having an alarm system, shall be cited to Maury County General Sessions Court for any response to a false alarm. Within fifteen (15) days of the date of a conviction the person shall show proof to the sheriff's department of the corrective action taken to remedy the situation. Failure to show corrective action will be grounds for revocation of the permit; however, no disconnection shall be ordered on any premises required by law to have an alarm system in operation.

**SECTION 9. Enforcement.** Maury County Sheriff's Department officers are specifically authorized to enforce this Act. Any Maury County sheriff's officer or fire officer may lawfully issue a citation to an owner, operator or user of a functional alarm system who has not obtained the permit required by Section 3, or whose alarm system has given a false alarm in excess of the number of false alarms allowed under Section 2.

**SECTION 10. Disposition of Fees.**

(a) Fees collected pursuant to this Act shall be paid to the Maury County general fund.

(b) The provisions of this Act shall not be applicable to residential or commercial premises which are located within any municipal limits of the cities in Maury County, unless an alarm owner, operator or lessee requests the Maury County Sheriff's Department or Maury County rural fire department as the primary responder.

Following such public hearing, the Budget Committee shall make the final revision of the budget document and prepare copies for presentation to the Maury County Quarterly Court.

**SECTION 6.** That the Budget Committee shall present the budget to the County Quarterly Court at its regular July session each year or at a special session called for the purpose during the month of July. The proposed budget shall be accompanied by a budget message explaining the financial program and outlining the services, work and activities to be financed by the proposed budget and a brief discussion of the means proposed for financing the expenditure program set forth in the budget. With the proposed budget, the Budget Committee shall deliver to the County Quarterly Court a budget appropriation resolution and a tax levy resolution.

The County Quarterly Court may alter or revise the proposed budget except as to provision for debt service requirements and for other expenditures required by law, but the County Quarterly Court shall finally adopt a budget not later than the third Monday in July. Pending such final adoption the Director of Accounts and Budgets is hereby authorized to make temporary allotments for expenditures for essential county services, in amounts not in excess of the comparable allotment for an average quarter of the preceding fiscal year.

The budget, the appropriation resolution, and the tax levy resolution, shall be spread upon the minutes of the County Quarterly Court.

**SECTION 7.** That the appropriations made in the appropriation resolution, or any amendment thereto, shall constitute the limit to expenditures for the various purposes and from the several funds of such county for the fiscal year covered by said resolution, and no expenditures shall be made or obligation created in excess of such limitation. Provided further, that any resolution presented to the Quarterly County Court or other governing body in any fiscal year, after the original appropriation resolution has been adopted and the tax rate for the year fixed by said Court, which provides for an appropriation in addition to those made in the original budget appropriation resolution, shall specifically provide sufficient revenue or other funds to meet expenditures to be made in consequence of such additional appropriation.

Provided, further, that if at any time during the fiscal year it shall become apparent that the revenues of any of the county's funds together with its unencumbered cash balance at the beginning of such year, will not be sufficient to equal the amount of the original appropriations, it shall be the duty of the Director of Accounts and Budgets and the chairman of the County Quarterly Court or other governing body to impound the appropriations from such fund in such amount as shall appear necessary, subject to the written approval of the Budget Committee.

The appropriations made by the Quarterly Court or other governing body, as provided above, shall constitute authorization for expenditures; and expenditures may be made and obligations created against any appropriation to an aggregate total of the amount appropriated for such item. However, the expenditures and encumbrances against the amounts appropriated shall be made only in consequence of an order issued by appropriate department heads and subsequent approval of the invoice by the Director of Accounts and Budgets; except that payrolls and bills for telephones, water, gas, electric, and other utility services, shall first be checked and approved for payment by the various departments or otherwise as provided by law and county obligations imposed by law shall be approved by the proper authority before being submitted to the Director of Accounts and Budgets for payment. No expenditures made or obligations created in any manner other than so specified or authorized in this chapter shall be valid or binding against the county. Provided, however, that the Budget Committee may issue such regulations as it deems necessary for the prompt handling of bona fide emergencies.

Accounts and other obligations of the County Department of Education, other than payrolls, after pre-audit by the Director of Accounts and Budgets, shall be paid by disbursement warrants drawn on the county trustee by the County Board of Education, but copies of all disbursements issued by the Board of Education, showing the accounting classification chargeable, shall be furnished by the Board of Education to the Director of Accounts and Budgets daily as issued. In lieu of such requirement, such disbursement warrants may be prepared in the office of the Director of Accounts and Budgets for the County Board of Education.

Expenditures from all other funds of the county, except school funds, shall be made by disbursement warrants on the County Trustee signed by the county chairman and the Director of Accounts and Budgets, and no other official, department, institution or agency of the county shall issue negotiable warrants or vouchers for such expenditures. But before any disbursement warrant shall be issued in discharge of any obligation, a detailed invoice or statement thereof shall be filed with the Director of Accounts and Budgets, and it shall be his duty to carefully check all such invoices to determine if they are correct, if the goods or

services have been received or rendered as stated, and if the obligation is just, authorized and legally binding on the county.

Bills and accounts incurred in accordance with authorized appropriations shall be paid promptly in order that the county may obtain the benefit of cash discounts; and for this purpose, it shall not be necessary for any such bill or account to be filed and recorded by the County Court Clerk or to be approved before payment by the County Quarterly Court or by any committee or commission appointed by it.

**SECTION 8.** That the Director of Accounts and Budgets shall make a report at the end of each month showing the condition of the budget. Said report shall show for each item of appropriation, and/or allotment thereof, the total expenditures for the month and the year to date, the amount of outstanding encumbrances and the amount of the unencumbered balance. Said report shall also show for each fund an itemized statement of the revenues and receipts estimated for the year, and the amount of the collections of each item for the month and the year to date and the unrealized portion of the estimate. In a parallel column shall be shown the amount of each item or revenue during the comparable elapsed period of the preceding fiscal year. The most recent of such reports shall be presented by the County Judge or chairman at each regular session of the Maury County Quarterly Court or other governing body. At such time shall advise the County Quarterly Court of the condition of the budget, and of any other action which, in his opinion, the County Quarterly Court should make in order that the budget shall be kept in balance (sic)

**SECTION 9.** That any official or employee of the county, or of any institution or agency thereof, who shall fail or refuse to perform the duties required of him by this chapter, or who shall fail or refuse otherwise to conform to the provisions of this chapter shall be guilty of a misdemeanor and shall be subject to fine and to removal from his office or position.

**SECTION 10.** That the provisions of this chapter shall not apply to county school funds for any purpose, the County Board of Education and the County Superintendent unless approved by the State Commissioner of Education.

**SECTION 11.** That there is hereby created the office of Director of Accounts and Budgets who shall be a county employee, and who shall be appointed by the Maury County Budget Commission with the approval of the Maury County Quarterly Court. He shall be qualified by training and experience in the field of accounting to perform his duties in a proficient manner and in accordance with generally recognized principles of governmental accounting. Before assuming his duties he shall execute a corporate surety bond; the amount of which shall be established by the County Judge or chairman at not less than Ten Thousand Dollars (\$10,000) nor more than Twenty-five Thousand Dollars (\$25,000). Said bond shall be approved by the County Quarterly Court and shall be recorded in the office of the Register of Deeds in the same manner as are the bonds of all county officials. The premium for such bond shall be paid from the County General Fund.

The compensation of the director of accounts and budgets, which shall not be less than compensation allowed county officials in accordance with Sections 8-2402 and 8-2403, nor more than ten thousand dollars (\$10,000) to be determined by the Quarterly County Court; and the amount of such compensation and the amount of any assistants or typists as approved by the budget committee and other necessary expenses of his office, as approved by the budget committee, shall be provided for by annual appropriation from the county general fund. The Quarterly County Court of Maury County, at its July term, shall review the salary of the director of accounts and budgets and his assistants or typists, and may in its discretion authorize a monthly salary increase for the director of accounts and budgets and his assistants or typists. The Quarterly County Court may authorize a monthly salary increase for the director of accounts and budgets and his assistants or typists, in an amount it deems justifiable, to become effective immediately, or at some preceding month, or by a series of pay raises over any period of months, as long as the total amount of salary increments does not exceed a maximum of two hundred and fifty dollars (\$250.00) above his 1970 monthly income or the other salary limitations imposed by this section.

The Director of Accounts and Budgets shall have power, in accordance with such regulations as may be established from time to time by the County Budget Committee, to appoint and remove his assistants, to prescribe their duties, and to fix their salaries within the limits of the annual appropriation.

As amended by: Private Acts of 1969, Chapter 42

**SECTION 12.** That there shall be set up and maintained in the office of the Director of Accounts and Budgets a system of fiscal procedure, control and centralized accounting, hereinafter set out and described, which shall be under the administrative control and direction of the Director of Accounts and Budgets; but such system shall be conducted in full accordance with the general law of this State respecting the duties and responsibilities of the county judge or chairman as fiscal agent of the county.

The system of fiscal procedure, control and accounting herein provided shall conform to generally accepted principles of governmental accounting and shall be in substantial agreement with the

The Director shall also, after careful pre-audit of invoices, bills, and claims against the county or any of its funds, prepare disbursement warrants on all county funds. It shall be the duty of such Director to sign all county disbursement warrants as evidence of his audit and approval of the expenditure made thereby, but no disbursement warrant drawn on the County Trustee shall become a county liability payable by the County Trustee until such warrant shall also have been signed by the county chairman, County Superintendent of Schools, or other official or officials whose signatures are required on such warrants.

The Director shall install a uniform classification of accounts, including a classification of revenues and expenditures, to be used in accounting, budgeting, and financial reporting respecting all county funds, offices, agencies, and activities of the county governments, and shall prescribe the forms to be used by each official and employee of the county in connection therewith.

**SECTION 15.** That before any obligation against the county shall be paid or any disbursement warrant or voucher issued therefor, a detailed invoice or statement approved by the head of the office, department or agency for which the obligation was made shall be filed with the Director of Accounts and Budgets. (3) Amendments to line items within major categories of the budgets of all agencies of the county and other organizations of the county other than the county board of education, proposed by the head of the county agency or other organization shall be subject to the approval of the county mayor, except that any amendment of line items affecting the compensation of personnel shall also have the approval of the county legislative body after receiving the recommendation of the budget committee concerning the proposed amendment. The budget committee shall make its recommendation within fourteen (14) days after receiving the proposed line item amendment affecting the compensation of personnel, and if not made within that time, the county legislative body may consider and act upon the proposed amendment. If the county mayor does not approve the amendment to the line item proposed by the head of the county agency or other organization within seven (7) days after being submitted, the proposal shall be considered by the budget committee and shall be effective if approved by the budget committee so long as the amendment does not affect compensation of personnel, whereupon approval of the county legislative body is also required. Any amendment to a line item within a major category approved by the county mayor shall be reported to the finance director and budget committee. Any amendment to a line item within a major category approved by the budget committee shall be reported to the finance director. Such proposed amendments are subject to the approval of the budget committee, and also of the county legislative body if the proposed amendment affects compensation of personnel. The budget committee shall make its recommendation within fourteen (14) days after receiving the proposed line item amendment affecting the compensation of personnel, and if not made

within that time, the county legislative body may consider and act upon the proposed amendment without the recommendation of the budget committee.

(1) Notwithstanding subsection (a), amendments shall be made to comply with any court order entered pursuant to Tennessee Code Annotated, title 8, chapter 20.

(2) All budget amendments shall be on forms developed by the finance director and approved by the budget committee.

#### SECTION 15.

(a) The appropriations made in the appropriation resolution, or any amendments thereto, shall constitute the limit to expenditures for the various purposes and from the several funds of the county for the fiscal year covered by the resolution, and no expenditure shall be made or obligation created in excess of that limitation.

(b) Any resolution presented to the county legislative body in any fiscal year, after the original appropriation resolution has been adopted and the property tax rate for the year has been set, which provides for an expenditure in addition to those made in the original budget appropriation, shall specifically provide the source of revenue or designate the source of funds necessary to meet expenditures to be made in consequence of the additional appropriation.

(c) The appropriations made by the county legislative body shall constitute authorization for the expenditures contained therein unless otherwise limited by the county legislative body, subject to the impoundment authority granted to the Maury County Financial Management Board, county legislative body, and county board of education pursuant to Section 16.

(d) The expenditures and encumbrances against the amounts appropriated shall be made only upon an order or authorization issued by the Budget department.

(e) No expenditures made or obligations created in any manner shall be valid or binding against the county except as provided by this chapter.

SECTION 16. If at any time the finance director determines that the revenues or other resources are, with respect to any fund, less than was anticipated in the adopted operating budget, or if unanticipated expenditures arise which will likely create a budget deficit, the finance director, upon certification to each member of the county legislative body for non-school funds and to the county board of education for school funds, may impound the appropriations as may be necessary to prevent deficit operation. The impoundment may be overridden by a majority vote of the county legislative body for non-school funds and the county board of education for school funds. If the county legislative body or county board of education overrides an impoundment, the county legislative body or the county board of education shall make those amendments to the operating budget as may be necessary to prevent deficit operation. The necessary amendments require a majority vote of the county legislative body or the county board of education. However, no impoundment of funds shall affect expenditures mandated by state statute or court order that have been appropriated to the offices as enumerated in Tennessee Code Annotated, Section 8-22-101.

#### SECTION 17.

(a) On or before May 1 of each year, the county mayor, chairman of the school board, and chief administrative officer of the county highway department shall submit to the finance director, on forms developed by the finance director and approved by the Maury County Financial Management Board, a five (5) year plan for capital outlays to be revised annually. The proposed capital outlays shall include estimated expenditures, a schedule for project completion or purchase of real and personal property, or both. (d) The county legislative body shall review the proposed capital project plan presented by the Maury

County Financial Management Board. The county legislative body may alter the plan and shall annually adopt a capital projects plan. Prior to the adoption of a capital projects plan, the county board of education, through its designated representative, the chief administrative officer of the county highway department, and the county mayor have the right to address the county legislative body in regard to their respective agencies' capital project needs.

(b)

(1) The debt management committee shall review proposals for the issuance of debt for conformity with the adopted capital projects plan, the operating budget for the current fiscal year, and any proposed operating budget for the next fiscal year that may have been submitted by the budget committee.

(2) Additionally, the debt management committee shall review proposals for the issuance of debt to determine whether the proposal optimizes the county's financial resources, impacts negatively upon the credit rating of the county, or whether better financing or funding proposals exist.

(3) On or before May 1 each year, the debt management committee shall report its recommendation on all proposals on the issuance of debt to the budget committee. For proposals for the issuance of debt not received during the annual budget process, the debt management committee shall submit its recommendation to the budget committee within one (1) month from receipt of the proposal for the budget committee's recommendation to the county legislative body.

(4) The finance director shall present for consideration by the debt management committee any form regarding the county's debt that is required to be filed with the comptroller of the treasury. The finance director shall be responsible for developing all information required by such forms. The county mayor shall not file, sign, or approve of any report regarding the county's debt that is submitted to the comptroller of the treasury without the approval of the report by the debt management committee.

(5) The county legislative body shall not approve the issuance of any debt for which its approval is required by law until it has received the recommendation of the debt management committee, unless the debt management committee is requested by the county legislative body to make a recommendation and it fails to do so within thirty (30) days of making the request.

(c) On or before June 1 of each year, the finance director shall prepare and submit to the debt management committee a report on the current debt structure of the county, showing the amounts borrowed and date of borrowing, purpose of the borrowing, principal outstanding, interest paid, interest to be paid each year until retirement of the debt, interest rate, and source of funds for payment of principal and interest. The debt management committee shall review this report of the finance director and shall report its recommendations regarding any proposed changes in debt structure to the county legislative body on or before July 1 of each year.

(d) The debt management committee shall prepare a debt management policy in compliance with statutory requirements and state funding board recommendations, to be submitted to the county legislative body for approval.

The policies and procedures for purchasing shall be made available for the use of all officers and employees of the county involved with purchasing. The purchasing committee shall establish a system whereby heads of all agencies of the county or their designees requisition real and personal property or services and provide estimates of cost. Such requisitions shall be reviewed by the purchasing agent or the purchasing agent's designee

and if the requisition appears to be correct, properly authorized, and the cost will not exceed the unencumbered balance of the appropriation against which the cost of the requisition is chargeable, then the purchasing agent shall determine the proper method of obtaining the property or services, and issue purchase orders as appropriate according to this chapter and the policies and procedures of the purchasing committee. Heads of all agencies of the county may specify employees who are authorized to make requisitions, and any limitations upon their authority to act, upon written notification to the purchasing agent. Requisitions for a contract, lease, or lease-purchase extending beyond the current fiscal year that would constitute an obligation in excess of an amount to be determined by the purchasing committee shall be forwarded by the purchasing agent to the debt management committee and approved by the debt management committee prior to any further approval of the requisition.

(2) The policies and procedures for purchasing for the county established by the purchasing committee shall include the use of any type of purchasing or credit card and an approval process for purchases of real property, personal property, and services, including those by lease, lease-purchase, or contract that extend beyond one (1) year or commit the county to expenditures in excess of an amount as determined by the purchasing committee. The purchasing committee shall establish policies requiring approval of such purchases by either the purchasing agent, purchasing committee, or county legislative body, or any combination thereof. Specifications shall not be written to exclude specific vendors, contractors or service providers, or to limit the bidding to a specific vendor, contractor, or service provider.

(c) Except as otherwise provided in this chapter or by other applicable general law not in conflict with this chapter, purchases shall be based upon competitive bidding. The purchasing committee, after receiving the recommendations of the purchasing agent, shall establish the dollar amounts and types of purchases for which a formal competitive bidding process is required, the dollar amounts and types of purchases for which an informal bidding process is required or not required, and the exceptions to competitive bidding requirements; provided, that the dollar amounts established for formal competitive bidding shall not exceed the amounts otherwise applicable in general law. In addition to competitive bidding, the purchasing committee may establish the types of purchases and other circumstances under which requests for proposals (RFPs), requests for qualifications (RFQs), and other procurement methods are appropriate and allowable. The purchasing committee may also establish guidelines not in conflict with applicable general law for purchases at public auction and using the Internet. Exceptions to competitive bidding may include, but are not limited to, sole source purchases, perishable commodities, and emergency purchases. In counties operating under the County Uniform Highway Law, compiled in Tennessee Code Annotated, title 54, chapter 7, and Tennessee Code Annotated, Section 54-7-113(c), regarding exceptions to public advertisement and competitive bidding requirements shall apply to purchases for the county highway department.

(d) All purchases competitively bid shall be awarded to the lowest responsible and responsive bidder, taking into consideration the quality of the personal property or services to be supplied, their conformity with specifications, their suitability to the requirements of the county and the delivery terms, and such other considerations as the purchasing agent deems appropriate and in conformity with any guidelines established by the purchasing committee. Any and all bids may be rejected for reasonable cause by the purchasing agent.

(e) The purchasing committee shall establish criteria for when purchase awards shall be made by the purchasing agent alone and when awards shall be made by the purchasing agent after receiving approval from the purchasing committee.

(f)

(1) The purchasing agent may authorize any agency of the county to purchase in the open market, without filing a requisition, any personal property necessary for immediate delivery or services for immediate employment, in actual emergencies. Such direct

emergency purchases may only be made by heads of agencies of the county within the authorization granted by the purchasing agent and when the purchasing agent is not available to make the purchase. At all other times, only the purchasing agent or the purchasing agent's designee shall make purchases. A report of an emergency purchase shall be made by the head of an agency of the county or the agency head's designee describing the circumstances of the emergency, the personal property or services purchased, and the amounts to be charged against the operating budget of the agency. Such emergency purchase report shall be submitted to the purchasing agent as soon as is reasonably possible following the date of such purchase by the head of the county agency concerned and such report shall be provided by the purchasing agent to the purchasing committee.

Such determination shall not conflict with existing state statutes for construction contracts;

(6) Prescribe the manner in which invoices for personal property and contractual services delivered to any of the agencies of the county shall be submitted, examined, and approved by the purchasing agent; and

(7) Provide for all other matters as may be necessary to give effect to the duties of the purchasing committee and purchasing agent.

(i) The purchasing committee shall establish policies, subject to the approval of the county legislative body, for the disposal or transfer of surplus, obsolete, or unusable personal property. These policies may provide for the transfer to or between county agencies of personal property on hand which are surplus with one (1) county agency, but which may be needed by others. However, a head of a county agency shall not be required to transfer any item of personal property in his or her custody without his or her consent except in actual emergency or disaster.

(f) The county mayor or any department head or officer of the county having custody of real property, excluding real property titled to the county board of education may request that the real property over which the mayor, department head, or officer has custody be declared surplus and be sold or transferred from the ownership or possession of the county or the custody of the mayor, department head, or officer. Any request shall be made to the Maury County Financial Management Board or purchasing committee, if created. The Maury County Financial Management Board or purchasing committee, if created, shall make recommendations to the county legislative body regarding whether the real property requested to be declared surplus should be kept, its use changed, sold, or otherwise disposed of, and shall make a recommendation as to the proper use or disposition of the property to the county legislative body, which shall make the final determination as to the use and disposition of all county real property not titled to or leased by the county board of education. The board of education shall make the final determination as to the use and disposition of all real property titled to the board of education.

A certificate of vaccination shall be issued by a licensed veterinarian duly authorized to administer vaccinations and such certificate shall be kept by the person who owns, keeps or harbors such dog or cat at all times subject to the inspection of the proper county officer.

**SECTION 2.** It shall be the duty of the veterinarian duly authorized to use a vaccine and to perform the vaccination in a manner that meets the standards of the United States Department of Agriculture, and to make the certificate of vaccination in triplicate, giving one copy to the person who owns, keeps or harbors the dog or cat; one to be given to the local health department which will be maintained at the County Pound facility, and one to be kept in the files of the veterinarian. All vaccinations shall be administered by or under the supervision of a veterinarian licensed by the State Board of Veterinary Medical Examiners to practice veterinary medicine in the State of Tennessee.

**SECTION 3.** All persons owning, keeping or harboring on the premises where they reside, own, rent, lease, or use, any dog over three (3) months of age, shall pay on or before May 1, 1978, and each year thereafter to the County Trustee, or his authorized agent, a fee of one dollar and fifty cents (\$1.50) for each dog so owned, kept or harbored. Provided further that persons operating licensed kennels where dogs are bred for sale shall not be required to pay the above license fees, but in lieu thereof shall pay a license fee as kennel keepers as follows:

For each kennel of less than ten (10) dogs, five dollars (\$5.00) per year, or any fraction thereof.  
 For each kennel of from ten (10) to twenty (20) dogs, ten dollars (\$10.00) per year, or any fraction thereof.

At the time such license fee is paid there shall be presented to the County Trustee, or his authorized agent, a certificate of vaccination showing that the dogs kept in such kennel, for which a license is sought, have been vaccinated as herein provided. At no time shall the number of dogs in the kennel exceed the number covered by the license.

All fees for licenses as provided herein shall be known as the "Animal Control Fund" and shall be disbursed by the County Trustee in a manner prescribed by the Quarterly County Court exclusively for the payment of salaries of animal control officers and pound officers appointed by the Pound Committee under the jurisdiction of the Health Committee, for the establishment and operation of a County Pound, or for other expenses incidental to the enforcement of this Act on order of the Judge or Chairman of the Quarterly County Court. Any funds remaining at the end of any fiscal year shall be carried over to the next fiscal year and its expenditure authorized by the County Court exclusively for the purpose of animal control.

**SECTION 4.** It shall be the duty of the County Trustee, or his designated agent, to collect fees under this Act. He shall in a well bound book to be furnished by the County, record the name of each person paying a license fee on any dog or dogs, and the date and amount of such payment, the description and sex of each dog on which the license fee is paid, the tag number issued by him for such dog and the date when the dog was vaccinated. Unless the certificate of vaccination is exhibited at the time request for the license is made, as herein provided, the County Trustee shall not issue a license. But nothing contained herein shall authorize the use of an unlicensed and unvaccinated dog in either hunt, chase or show.

**SECTION 5.** It shall be a misdemeanor for any person to own, keep or harbor any dog or dogs who has not paid the license fee on such dogs as required by this Act or who shall own, keep or harbor any dog or cat which has not been vaccinated as provided herein against rabies; or to permit any dog or dogs to run at large at anytime not wearing a tag except as otherwise provided by this Act; and every person guilty of such misdemeanor shall on conviction of the first offense be fined not less than five dollars (\$5.00) nor more than fifty dollars (\$50.00); for the second offense a fine of not less than fifteen dollars (\$15.00) nor more than fifty dollars (\$50.00); for the third or subsequent offense a fine of not less than twenty dollars (\$20.00) nor more than fifty dollars (\$50.00).

When such dog is so found running at large, the owner, if the dog bears a tag, shall be notified by a postcard addressed to the last known mailing address to appear within five (5) working days and redeem the dog. Such person shall pay a pound fee of one dollar and fifty cents (\$1.50) for each dog so seized and impounded as well as any daily board fee and pickup fee which may be set by the Pound Committee and approved by the County Court. Upon payment of all fees, the dog shall be delivered to him, but if the dog or cat so seized has not been vaccinated, the owner shall, before he is permitted to regain permanent possession of such dog or cat, have the animal vaccinated and present the certificate of vaccination to the Pound authority. The payment of this pound fee, daily board fee and pickup fee, and the delivery of the dog or cat to the owner shall not however, relieve the owner from the other penalties provided for the violation of this Act. If the owner does not appear after the notice has been mailed to him, or if after appearing declines to pay

the pound fee, daily board fee and pickup fee described herein and redeem his or her dog or dogs, then the County shall destroy or adopt out such dog or dogs. On the front entrance to the premises containing such dog, a sign shall be exhibited bearing the words "VICIOUS DOG", which shall be in letters sufficiently large to be easily read and plainly visible at the sufficient distance to protect anyone from the attack of such dog. Any owner failing to protect the public from a bad or vicious dog shall be responsible for any damage to any person or property by such animal, and any person allowing a dog to run at large in violation of the provisions of this Act shall also be responsible for any damage to person or property inflicted by such animal, without regard to whether or not said animal has been of previous vicious tendencies. 3. Private Acts of 1913 (1st Ex. Sess.), Chapter 45, was a comprehensive act that established a Board of Jury Commissioners for Maury County and set forth rules and procedures for the operation of the Board. The Board would choose between 750 and 1,500 names of upright, intelligent men, known for their integrity, fair character, and sound judgment and would place those names on a jury list. The Clerk was to write each name on a slip of paper and place the slips in a jury box. Both the list and the box were to be maintained in secrecy. Each jury panel was to be selected by the Board arranging, prior to court session, for a child under ten years of age to draw names from the jury box. It was a misdemeanor for any person to solicit his name or another's name to be placed on the jury list. It was a misdemeanor for any sheriff, deputy, Board Clerk, or Board member to reveal the secrets of the Board or the names on the list. It was to be a contempt of court for anyone to tamper with the jury box. Commissioners were to receive \$3 per day while actually engaged in making lists or drawing jury panels. The Clerk would receive 1 1/2 cents per name written upon the list or slips of paper placed in the jury box.
4. Private Acts of 1915, Chapter 87, provided that every regular juror in Maury County would receive \$2 daily for attendance in court and that tales jurors would get the same amount for each day actually served as a juror.

**SECTION 6.** That all applications for the erection and construction of a new bridge shall be made by written petition to said Road Superintendent, stating the district in which the bridge is to be located, over what stream the bridge is to be erected and on what public road; within ten days after said petition has been filed with said Superintendent, he shall investigate the facts in regard to the same, and make report in writing to the Quarterly County Court as to the necessity of said bridge, the exact location, size, kind, etc., needed, the probable cost of same, and whether the approaches thereto can be obtained and the probable cost thereof and any other further facts to aid the Court in determining the public necessity thereof and the approximate cost thereof, and the said Quarterly County Court shall then determine the whole matter and make such appropriation as it may deem necessary and advisable.

The said Road Superintendent shall have charge and control of the construction of all bridges in the county and shall make all necessary repairs thereon, and the costs of construction of any new bridges and all repairs on bridges shall be paid out of the bridge fund of the county, if any, and if no bridge tax is levied, then by appropriation by the Court of the county tax fund.

Any interested party may appeal to the next term of the Circuit Court as to the amount of damages allowed only; provided, he shall perfect his appeal within twenty days from the date of confirmation of a report by the said Court as aforesaid. The County Road Superintendent may, of his own motion and by his own initiative, open, change, abandon, or restore to the public use any road or roads, without petition, by observing all the essential requirements as set out above in the case of petition.

When the Quarterly Court shall confirm a report of the Road Superintendent to take any land for road purposes it may be taken at once, as in case of rail-roads or other common carriers, and the owners shall have recourse on the county for damages only, and the County Judge shall issue a writ of possession directed to the Sheriff of the county, commanding him to put the said road right of way into the possession of the said Superintendent for the use of the county.

**SECTION 9.** That no road official shall hire to himself any wagon and team, or sell to the county directly or indirectly any material, or contract with himself or any other road official, or county official, in any manner pertaining to the construction of roads or maintenance of the workhouse, or with any one related to him by affinity or consanguinity within the fourth degree, according to the civil law. The violation of this provision shall be a misdemeanor and upon conviction the fine imposed shall be equal to twice the amount

involved and when collected, paid to the County Trustee to be credited to the general road fund.

**SECTION 10.** That the Quarterly County Court shall at its first meeting after the passage of this Act, and thereafter at the January term of each year levy as a special tax for county road purposes an ad valorem tax on all property in the county of not more than Twenty-five Cents on each \$100.00 taxable property to be collected by the County Trustee, provided all merchants' ad valorem tax and privileges are to be collected by the County Court Clerk.

All the taxes collected by the Trustee from the above property tax, or other tax sources for county road purposes, including gasoline and other taxes collected from or received by the county through the State or any of its agencies, and the merchants taxes in this Section hereinafter provided shall be and constitute a general fund. And the Quarterly County Court of any county coming within the provisions of this Act shall levy an annual tax on all merchants taxed or assessed with an ad valorem tax taxed as such by the State at a rate or sum of not less than Ten Cents nor more than Twenty-five Cents on each \$100.00 of taxable value and this shall apply to all merchants taxed ad valorem tax within the county, which tax shall be when collected and paid credited by the Trustee of the county to the said general road fund. Said tax shall be collected by the County Court Clerk as other privilege and merchant ad valorem taxes are collected.

As amended by: Private Acts of 1937, Chapter 92

**SECTION 11.** That the salary of said Road Superintendent and the expenses of his office and expenses and disbursement of all kinds which are authorized by this act, and except where otherwise expressly provided, shall be paid out of the said General Road Fund as created and defined in this Act, and shall be paid in the following manner, to-wit: The said Road Superintendent shall on the first day of each month file with the Clerk of the County Court an itemized statement of all expenses and accounts of his office for the preceding month, showing the amount due, to whom due and the date due and for what, and shall certify that the same is due, correct and unpaid and thereupon the Clerk of the County Court shall place the same on the Appropriation Book and shall, in payment of such certified expenses and accounts, issue warrants drawn on said General Road Funds in the hands of the Trustee of the County, which warrants shall be countersigned by the County Judge, and which warrants shall be made payable in the amounts and to the persons to whom the same is shown to be owing by said certified itemized statement of the Road Superintendent; provided that except as may be otherwise expressly authorized by this Act, warrants shall not be issued or money expended in any calendar year in excess of the General Road Fund collected from all taxes that year, plus whatever balance of General Road Funds from a previous year or years may be on hand and unexpended in said General Road Fund, and plus any delinquent taxes for previous years collected during the said calendar year.

As amended by: Private Acts of 1937, Chapter 92

**SECTION 12.** That the County Court Clerk shall receive 2% for collecting and paying over to the Trustee on the amounts collected by him under this Act; and the County Trustee shall receive his compensation as to any funds collected by him or received by him under this Act under provisions of the general law relating to the compensation paid the said Trustee.

**SECTION 13.** That all of said funds and taxes provided for in this Act and all funds to be expended on any of the roads of said county and lawfully received from any or all other sources by or on behalf of or for the use of the County, except where otherwise expressly provided, and the same shall be paid out by said Trustee only on warrants signed as provided by this Act.

Said General Road Fund shall be expended likewise for such machinery, tools, labor and other road purposes of the County as is deemed advisable by said Road Superintendent and for the use and benefit of the various road sections of the county and in such proportions on the various road sections and districts of the county as in discretion of the Road Superintendent is to the best interests of the County, payment for such expenditures to be made only in the amounts and on the warrants drawn as provided for by this Act. Provided, however, that no machinery or tools of any character costing in excess of One Hundred (\$100.00) Dollars shall be purchased or contracted for purchase until, and unless, the said Road Superintendent, upon his written application, shall have been authorized by the Quarterly Court of the County to purchase such tools or machinery.

However, expenditures and disbursements from said General Road Funds shall not include any damages for rights-of-way or work-house expenses, both of which items shall be paid out of the County Tax Account as provided by this Act.

As amended by: Private Acts of 1937, Chapter 92

**SECTION 14.** That no contract shall be made or funds expended, by the County Road Superintendent in any one year, exceeding the total taxes collected under this Act for said year plus the receipts of the county for road purposes from all sources other than assessments ad valorem and on merchants, for the previous year. Provided that if the Quarterly County Court on the recommendation of said Road

Superintendent should determine that economical permanent road construction requires more immediate funds than available from the said levy and collections, then the Quarterly Court is authorized and empowered to issue or direct the issue of county warrants for such purposes and in such denominations as they deem best, to bear interest not to exceed 6% per annum, payable semi-annually; said warrants to be signed by the County Judge or Chairman of the County Court and countersigned by the County Court Clerk, and provided, further, that not more than \$30,000.00 can and shall be issued, and outstanding at one and the same time; provided, further, that the said Quarterly Court is authorized, in the event that it shall determine, on the recommendation of said Road Superintendent, that an economical permanent road construction is required and sufficient funds are not available, to issue bonds for such amount as may be deemed necessary, without the approval of popular vote but in the discretion of said Quarterly Court; the said bonds and interest thereon to be in such amounts and due at such times as the Quarterly Court may determine, and to be provided against and retired in the same way and manner as other county bonds and bonded indebtedness, and as provided by the Quarterly Court; and provided, further, that said Quarterly Court may issue or order the issuance of either warrants of the description and of the terms aforesaid or bonds as aforesaid; for another purpose, to-wit: to pay off the indebtedness incurred by the County Road Superintendent under former Acts and before the passage of this Act and not paid before the passage of this Act, provided the total bonds or/and warrants issued to pay said past indebtedness shall not exceed \$30,000.00; the said bonds last named and interest thereon to be authorized, provided for and issued and paid as other bonds herein provided for are to be authorized, issued, and paid. Any other funds provided for in this Section except those to pay past indebtedness shall be expended by said County Road Superintendent under the direction and resolutions of the Quarterly Court providing said funds; and those provided for past indebtednesses shall be placed in said general road fund and disbursed by said Superintendent therefor.

## Law Enforcement - Historical Notes

### Jails and Prisoners

The following acts once affected jails and prisoners in Maury County, but are no longer operative. Also referenced below is an act which repeals prior law without providing new substantive provisions.

1. Acts of 1809, (Sept. Sess.), Chapter 76, authorized the Commissioners of Columbia to build the jail for Maury County in some convenient part of Columbia on land that was then unsold but not on the public square.
2. Private Acts of 1971, Chapter 198, provided for the election of a five (5) member Jail- Workhouse Committee from among the members of the county commission. Private Acts of 1989, Chapter 54, repealed the Private Acts of 1971, Chapter 198.

### Militia

Those acts once affecting Maury County, which related to the militia and to other law enforcement agencies other than the sheriff, are mentioned below in chronological order.

1. Acts of 1815, Chapter 119, was a new statewide military code for Tennessee. The table of Organization established all of the county units then existing in Tennessee. Maury County had three units which were designated as the 27th, 46th, and 51st Regiments, respectively.
2. Public Acts of 1819, Chapter 68, revised and amended many parts of the State's Militia Law. Maury County retained its 27th, 46th, and 51st Regiments. The 27th Regiment would call and hold its annual Regimental muster and drill on the second Saturday in September, the 46th Regiment would do the same on the third Saturday of September, and the 51st on the fourth Saturday of the same month. The remainder of this long and involved law addressed itself to the details of organization, operation, logistics, and discipline of the entire military structure of the State.
3. Public Acts of 1825, Chapter 69, declared that free men and indentured servants between the ages of eighteen years and forty-five years would constitute the State Militia. Some few exceptions were mentioned. Maury County had the 27th, 46th, 51st, and 93rd Regiments, all assigned to the Fifth Brigade. The 27th Regiment would muster on the third Wednesday in September, the 46th Regiment on the following Saturday. The 51st Regiment was scheduled to meet for its annual drill and inspections on the fourth Wednesday in September, and the 93rd on the following Saturday. Many other changes were made to the military system primarily of a technical, or organizational nature.
4. Public Acts of 1835-36, Chapter 21, was a reorganization of the whole state militia law and units. Maury County's Regiments were numbered as the 77th, 78th, 79th, 80th, and 142nd. A company would be composed of a Captain, one First Lieutenant, one Second Lieutenant, one Ensign, three (3) Sergeants, three (3) corporals, and no less than forty-five (45) privates.
5. Acts of 1837-38, Chapter 156, scheduled county drills and musters for every county militia unit in Tennessee. Maury County would convene and drill its units on the Thursday and Friday following the second Friday in September. Maury, Marshall, and Bedford Counties' units made up the Twelfth Brigade.
6. Acts of 1839-40, Chapter 56, limited membership in the Militia of the State to white, male, inhabitants between the ages of eighteen and forty-five years, with some exceptions specified. The organizational Table did not make any changes in the regiments of Maury County, but fixed a new schedule for musters in the County.

### Offenses

The act briefly summarized below fell into this category in Maury County.

1. Private Acts of 1917, Chapter 200, made it unlawful to operate a pool or billiard hall outside municipal boundaries in Maury County. Violation of the act was punishable by a fine of not more than \$50 and by imprisonment in the workhouse for not more than three months or both such

fine and imprisonment.

### **Sheriff**

The following acts have no current effect but are included here for reference purposes since they once applied to the Maury County Sheriff's Office. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1813, Chapter 54, directed the Sheriff of Maury County to hold an election at the Courthouse in the Town of Columbia for the purpose of electing five suitable persons to serve as commissioners for the Town.
2. Private Acts of 1823, Chapter 186, permitted the Sheriffs of Knox, Davidson, Maury, Smith, Rutherford, Jefferson, Sumner, and Washington counties to appoint one deputy each in addition to the number then fixed by law. The act was repealed entirely by Private Acts of 1978, Chapter 248.
3. Acts of 1837-38, Chapter 306, allowed the respective sheriffs of Maury, Hawkins, and Monroe Counties to appoint another additional deputy sheriff to assist in the conduct of their offices.
4. Acts of 1851-52, Chapter 367, permitted the Sheriff of Maury County to employ another deputy sheriff in addition to all those previously authorized by law. The act also authorized the boundary line to be run between Maury and Lewis Counties.
5. Private Acts of 1927, Chapter 684, fixed the Sheriff's salary at \$2,500 in Maury County provided he filed a sworn, itemized statement of the fees received in his office. If the fees, excluding prisoner's board and turn key, failed to reach \$2,500, the County would pay him the difference but, if they exceeded that amount, the Sheriff could retain the excess.
6. Private Acts of 1929, Chapter 258, was almost identical to Private Acts of 1929, Chapter 918, below, except the salary was \$2,400 and an error was made in the citation of the act to be repealed.
7. Private Acts of 1929, Chapter 918, repealed Private Acts of 1927, Chapter 684, and provided that the Sheriff be paid \$2,500 in salary, payable monthly by the County Judge on warrants drawn on the general fund, in addition to all the fees and emoluments of his office. The Sheriff was empowered to appoint and remove any deputies he considered essential without approval of County Court. The deputies' salaries were to be paid out of the fees of the office.
8. Private Acts of 1933, Chapter 505, declared that the Sheriff of Maury County would not be entitled to receive more than \$3,000 annually for any year during his term of office and that the act was not to be construed as modifying or interfering with Section 10,728-10,747, Code of Tennessee of 1932.
9. Private Acts of 1939, Chapter 200, authorized the Quarterly Court of Maury County to create the position of Special Investigator of Crime for a term of two years. This official would investigate crimes and submit the evidence thereof to the District Attorney of the State in that County. He would be paid by the County, and any Deputy Sheriff or Constable otherwise qualified would be eligible for the office without resigning their offices. Following the initial two-year term, the Quarterly Court would have the option to fill the position for another term.
10. Private Acts of 1943, Chapter 187, appointed the Maury County Sheriff as the custodian of the County Courthouse, empowering the said custodian to regulate and designate office space in the courthouse for all Judges, Chancellors, and County Officers.
11. Private Acts of 1967-68, Chapter 196, placed the salary of the Sheriff and deputies on the basis of T.C.A. 8-2404 but also gave the deputies tenure after six months employment so that the Sheriff could not discharge them without cause. Any discharge after the six month period would only serve as a suspension until the said action was confirmed by a Board elected by the County Court. The act was not approved locally and did not become law.
12. Private Acts of 1978, Chapter 248, repealed Private Acts of 1823, Chapter 186.
13. Private Acts of 1968, Chapter 475, which enacted the Sheriff's Civil Service law in Maury County, was repealed by Private Acts of 2024, Chapter 51.

The report of the operator shall include such facts and information as may be deemed reasonable for the verification of the tax due. ## New Development Privilege Tax

### Private Acts of 1991 Chapter 118

WHEREAS, after an intense national competition, the state of Tennessee successfully negotiated with the General Motors Corporation to locate its SATURN plant in Tennessee; and

WHEREAS, General Motors Corporation has constructed the SATURN automotive assembly plant in an unincorporated area of Maury County; and

WHEREAS, the investment in said plant is anticipated to be approximately \$3.5 billion when the plant is complete; and

WHEREAS, pursuant to a Payment In Lieu Of Tax (PILOT) Agreement entered into between General Motors and Maury County, the SATURN plant will make payments in lieu of property tax in an amount less than the property tax payments that would be required under the present County property tax rate of \$2.68 per \$100 of assessed valuation; and

WHEREAS, the SATURN plant is anticipated to stimulate other commercial, office, industrial and warehouse development in Maury County in the vicinity of the SATURN plant as well as in neighboring counties; and

WHEREAS, the projected non-residential development and the availability of jobs is anticipated to stimulate a significant demand for new dwelling units; and WHEREAS, in anticipation of and for the purpose of more accurately identifying the impacts of the SATURN plant and associated development on Maury County, the County retained a Consultant Team (1) to project population and employment growth in Maury County to the Year 2000 and to convert the projected population and employment forecasts into land use demand; (2) to identify the County responsibility for the provision of the additional capital facilities and improvements that would be needed as a result of such growth and to estimate the cost thereof; (3) to undertake a fiscal impact analysis to project County revenues and necessary County expenditures, given the projected growth, to the Year 2000 and to determine, at current tax and fee rates, whether revenues will be adequate to meet the projected needs; and (4) if revenues are inadequate, to explore alternative revenue sources that may now or in the future be available to increase County revenues to fund the necessary public facilities at current service levels; and

WHEREAS, the results of the Consultant Team Report, undertaken with the assistance and cooperation of the County staff and officials, show that:

- (1) County population will be 75,400 persons in the Year 2000, an increase of 50% from 1980 to 2000; employment will reach 39,100 in the Year 2000, an increase of 63% from 1980; there will be a demand for approximately 12,000 additional dwelling units between 1985 and 2000; and new residential and non-residential development will consume an additional 5,000 acres of land in Maury County;
- (2) Projected growth and land use development will cause a demand for County-provided capital facilities (schools, jail, parks, County government facilities, etc.) in the amount of approximately \$26 to \$28 million over the next 15 years;
- (3) The cost of and additional demand for public facilities as well as increased operating expenses, staff and maintenance costs will create a budget deficit which is projected to range from \$1 million to more than \$4 million per year through the Year 2000.
- (4) The County's present revenue-raising authority is limited and relies heavily on

intergovernmental transfers which are not subject to County control and on property taxes, which would impose the costs of new growth on existing residents rather than on new residents and businesses who create the demand for the additional expenditures; and

WHEREAS, Maury County is committed to both present and future County residents to maintaining a level of public facilities and services commensurate with that presently provided; and

WHEREAS, Maury County is prepared to impose a fair, equitable and reasonable share of the costs of providing the necessary public facilities and services on existing residents of the County; and

WHEREAS, the County's present population, employment base, tax base and budget cannot alone support the additional revenues needed to supply facilities to service new growth without a 50% increase in the property tax rate on existing development; and

WHEREAS, the introduction of the SATURN plant in Maury County represents both an extraordinary economic opportunity for the State of Tennessee as well as a potential economic burden on the existing residents of Maury County; and

WHEREAS, due to these unique circumstances, it is necessary and appropriate that Maury County be given authorization to extend its taxing power to enable the County to impose a fair and reasonable share of the costs of public facilities necessitated by new development on that development so as not to create an unfair and inequitable burden on existing County residents; and

WHEREAS, there is precedent in the State of Tennessee for such additional tax measures to impose costs on those who benefit from improvements and where the result would otherwise be to impose an unfair burden on existing residents; and

WHEREAS, the most logical and effective mechanism to accomplish the intended result would be the imposition of a new privilege tax on new development in Maury County; now, therefore,

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE:

## Taxation - Historical Notes

### **Assessor of Property**

The following acts were superseded, repealed or failed to win local ratification, but they are listed here as a reference to laws which once affected the assessor in Maury County. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Private Acts of 1911, Chapter 171, allowed the Tax Assessor to appoint two deputy tax assessors to hold their employment during the term of office of the Tax Assessor. Each Deputy would receive \$250 per year as compensation to be paid out of the County treasury. They would be responsible for discharging the duties assigned them by the Tax Assessor.
2. Private Acts of 1919, Chapter 679, amended Acts of 1907, Chapter 602, by establishing the salary of the Tax Assessor of Maury County at \$3,500, payable monthly from the County treasury. Further, the act gave the Assessor the authority to appoint such deputies as may be necessary, the compensation of the deputies to be fixed by him and paid by him from his salary. The act repealed Private Acts of 1911, Chapter 171.
3. Private Acts of 1933, Chapter 630, also amended Acts of 1907, Chapter 602, by deleting the

amendment in the 1919 Act and reducing the salary of the Tax Assessor to \$2,750 annually, payable monthly from the County treasury and by providing that he would receive no other compensation. Further, the Assessor was authorized to appoint deputies and fix their compensation but the deputies would be paid out of the Assessor's salary. The act repealed Private Acts of 1919, Chapter 679, above, and Private Acts of 1911, Chapter 171, above, even though it had already been repealed. The act placed the job of making out the tax books, formerly performed by the County Court Clerks, and other tasks, upon the Tax Assessor at no additional pay.

4. Private Acts of 1937, Chapter 720, amended Private Acts of 1933, Chapter 630, by increasing the tax assessor's annual salary to \$3,000.
5. Private Acts of 1949, Chapter 623, set the salary of the Maury County Tax Assessor at \$3,600 annually, payable monthly. It required the Tax Assessor's office to be kept open to the public the same hours as other County offices and required the Tax Assessor or Deputy to be on duty during those hours. The Tax Assessor was authorized to appoint one Deputy Tax Assessor whose salary would be a sum not to exceed \$1,800. The County Court was authorized to appoint additional Deputies as needed, either part-time or full-time at a similar salary.
6. Private Acts of 1951, Chapter 289, amended Private Acts of 1949, Chapter 623 by setting the salary of the Deputy Tax Assessor at a sum not to exceed \$2,400.
7. Private Acts of 1957, Chapter 199, set the salary of the Deputy Tax Assessor at a sum not to exceed \$3,600.
8. Private Acts of 1957, Chapter 297, authorized the County Quarterly Court of Maury County to set the salary of the Tax Assessor at a sum not less than \$3,600 nor more than \$6,500.
9. Private Acts of 1971, Chapter 94, authorized the Quarterly County Court to increase the salary of the Deputy Tax Assessor by a maximum of \$250 over and above the monthly salary of the Deputy in the year 1970.

### **Taxation**

The following is a listing of acts pertaining to taxation in Maury County which are no longer effective.

1. Private Acts of 1819, Chapter 103, authorized the building of a bridge across Duck River adjoining the Town of Columbia and required the County Court of Maury County to levy a tax on all taxable property sufficient to pay the installments due the bridge contractor.
2. Private Acts of 1859-60, Chapter 12, authorized the Tax Collector to appoint two deputy Tax Collectors in the same manner he was permitted to do so prior to the passage of the then recent Code.
3. Private Acts of 1859-60, Chapter 84, provided that if the Maury County Tax Collector against whom judgment had been taken by the State, would pay the interest and principal of the revenue due the State before July 1 of next year then the Attorney General would release him from the damages taken upon him. The act extended the time of payment for another year if the sureties on the Collector's bond were compelled to pay the judgment.
4. Private Acts of 1919, Chapter 693, allowed any taxpayer of any municipality in Maury County to appeal a final assessment to the State Board of Equalization which was authorized to hear and determine the complaint.
5. Public Acts of 1925, Chapter 10, amended Acts of 1907, Chapter 602, Section 48, which compelled all taxpayers to pay their State, County, railroad, municipal, highway, school, property and poll taxes to the County Trustee, by changing the date when penalties would begin to accrue on delinquent taxes. Maury County, among others, was exempted from the amendment.
6. Public Acts of 1974, Chapter 563, amended Public Acts of 1973, Chapter 119, by making it applicable to Maury County as well as Counties with more than 600,000 population according to the 1970 Census. The original act stated that County Trustees must correct clerical errors in receiving and reporting tax payments and any differences resulting from the errors would be reported in his release list.
