It shall also be the duty of the Judge of the County Court of Lawrence County at the same time to prepare and file with the Clerk a statement or budget showing the amounts that will be necessary to pay the various county bonds, together with interest thereon, which have been issued by the county, which will mature or become due during the ensuing year. The budgets of the Judge of the Court will likewise show in parallel columns the amounts expended the previous year for the respective purposes.

That it shall be the duty of all other county agencies and parties not hereinabove specifically mentioned, having authority to expend or expending county funds to file with said Clerk each year on or before the first Monday in May an itemized statement or the budget of the funds estimated to be necessary to be expended by said agencies or Department for the year commencing on the first day of July following.

SECTION 2. That it shall be the duty of the Judge of the County Court with the approval and confirmation of the Quarterly Court of Lawrence County, Tennessee, at its April term every two years to appoint a committee of four members of the Court who shall be and constitute the Budget Commission of Lawrence County, Tennessee; the County Judge to be ex-officio chairman. That the members of said Commission shall each receive three dollars per day, except the chairman, not to exceed Thirty Dollars in any one year per member. Three members of said Commission shall constitute a quorum for the transaction of

business. That the Secretary of the County Judge shall act as the Secretary of said Commission but shall have no voice or vote in the deliberations of said commission. That the duties of the Secretary shall be to keep all records of the commission, including a complete record of the proceedings thereof, assist it in the compilation of the data necessary for the commission to prepare the budget herein provided and to assist in the preparation of said budget, and he shall perform such other duties as shall be prescribed by said commission. That the County Court shall compensate said Secretary for services rendered in said capacity, but in no event shall such compensation exceed \$3.00 per day for every day actually required to perform his duties as Secretary to said commission; and said commission shall certify to the Quarterly Court at the time it submits its budget as hereinafter provided for, the number of days the said Secretary has been actually engaged in the performance of his said duties.

That each year prior to the meeting of the July term of the Quarterly Court of Lawrence County, it shall be the duty of said Budget Commission to consider and examine the budgets referred to in Section 1 hereof and such other records and data as may be necessary, and to prepare on appropriate forms a complete itemized budget covering all of the proposed expenditures of every kind and description to be made by or on behalf of the county for the year beginning on July 1st, and in preparing said budget, said commission is not to be bound by the amounts fixed in the several budgets of the various departments of the county referred to in Section 1 hereof, but shall make such changes therein as in the opinion of said commission are to the best interest of the county, subject at all times to the approval of the County Court. The Budget Commission shall cause to be prepared appropriate printed forms on which the budget of the various departments of the county referred to in Section 1 hereof are to be submitted by said commission. That said forms shall be of such nature as to enable said commission to submit to the Quarterly Court as hereinafter provided a complete itemized budget and financial statement of the county in simple, intelligible form, to the end that the Quarterly Court shall have before it in said budget all of the data necessary to enable it to intelligently determine the proper amount to be allowed the various departments of the county during the year for which the budget is proposed and the amount of revenue that will be available to pay the nature and kind of said forms.

That said budget, when prepared by said Budget Commission, shall be filed with the County Court Clerk and by him recorded along with the budgets prepared by the several departments of the county, as hereinabove provided for, in a well bond book and kept as a permanent record in the office of the County Court Clerk; and shall be submitted by the County Judge each year to the July term of the Quarterly Court of Lawrence County in open court; and it shall be the duty of said court before fixing the tax rate for the current year to fully consider in open court said budget prepared by said Budget Commission, but the same shall not be in any way binding on said court. That said Court shall have full right and power to alter, vary or change in any way it deems right and proper said budget so submitted by said Budget Commission or any part thereof, but it shall be the positive duty of said court at its July term each year, to fix, establish and adopt a complete, itemized budget of the amounts to be expended by each department of the county government during the year beginning on the first day of July, and no warrant drawn against county funds after July 1, 1939, shall be binding on the County unless the items or expenses for which said warrant is issued shall have been included in a budget adopted by said court as herein provided for; and no warrant shall be valid or binding on the county after the aggregate amount of warrants heretofore drawn during the fiscal year by or on behalf of any department of the county government, shall equal the amount allowed said department in the budget adopted for that year.

That in preparing said budget herein provided for, it shall be the duty of said Budget Commission to take into consideration any unexpended balances that may remain at the end of the year to the credit of any department from the amount allowed such department for the previous year.

That as nearly as may be practicable, said commission shall show in its budget the amount of actual expenditures of each department of the county government during the preceding year covering each item or head in the budget, said amounts for such previous year to be shown in a column parallel to that containing the amounts proposed for the ensuing year, so that when completed said budget will show not only the proposed expenditures for the ensuing year, but the actual expenditures under each year or the preceding year.

That from the data and information herein required to be prepared and filed by the County Trustee and such other data as it may be necessary to examine, said Budget Commission shall likewise show in its budget an itemized statement or estimate of all funds, exclusive of the funds derived from the county tax on property, which said commission has reasonable grounds to believe will be available during the year for payment of the amounts allowed in its said budget for said year, and it shall also show as nearly as may be practicable, the amounts of revenue derived from the same sources during the preceding year, together with the amount actually collected from the county tax on property during such preceding year.

That said Budget Commission shall, along with its budget, submit its recommendation to the Court with respect to the tax rate on property for the current year together with its estimate of the amount that will

be actually collected during the year beginning on the 1st day of July, from the tax so recommended. That at the same time and in the same report said Budget Commission shall submit to the Quarterly Court a full and complete statement of all outstanding and unpaid warrants and the outstanding bonded indebtedness of the county, showing the amounts and maturities of all outstanding bonds, the purpose for which issued and any other information relative thereto which said commission shall deem pertinent.

That along with its budget and report said commission shall submit to said court such other data information and recommendations as it may deem advisable and necessary to enable said Quarterly Court and the public to fully understand the financial condition of the county and the necessity for the amounts fixed in said budget and the tax rate on property recommended by said commission.

That the Secretary of said commission shall mail a full and complete copy of the report and budget prepared by said commission to each member of the Quarterly Court at least fifteen days before the July term of said court.

SECTION 3. That in the event that said Budget Commission fails, refuses or neglects to prepare and submit that budget herein provided for to the said Quarterly Court at its July term, then it shall be the duty of said Quarterly Court, at said term of said court to establish and adopt an itemized budget covering the amounts to be expended by each department of the county government for the year beginning on the 1st day of July, said budget to be of the same kind and form as that herein required to be prepared by said Budget Commission, and it shall be a misdemeanor in office for any official of Lawrence County from and after July 1, 1939, to draw, sign or issue the warrant of Lawrence County against any fund of Lawrence County unless a budget has been adopted by said Quarterly Court as herein provided for; and no warrant shall be valid or binding on the County of Lawrence unless the item of expense for which said warrant is drawn shall have been included in a budget adopted according to the provisions hereof. That the budget as finally adopted by the Quarterly Court at its July term each year shall be spread on the minutes of said court, and from and after July 1, 1939, no warrants shall be drawn against any funds of Lawrence County by any official of said county unless and until a budget has been adopted by said Quarterly Court as herein required, provided that warrants may be issued covering any obligation or indebtedness of said county actually incurred prior to said date.

SECTION 4. That it shall be the duty of each department of the county government that disburses public funds, including the Lawrence County Board of Education, County Highway Commission, and the Judge of the County Court to keep all such books and records as will enable them to fully and specifically comply with the provisions of this Act. Each of said departments and officials shall close the books kept by it or him as of the 30th day of June each year, showing the balance to its or his credit, said balance to represent the difference between the amount allowed said department or fund in the budget for the year ending on that date and the aggregate amount of the warrants issued and charge-able against said amount allowed in said budget, and it shall likewise be the duty of each of said departments and said officials to open its or his books on the 1st day of July of each year, bring forward the balance, if any, arrived at in the manner herein provided for, remaining to the credit of said department or fund from the previous year, to which shall be added the amount allowed said department or fund in the budget adopted by the Quarterly Court at its July term.

That said books shall be kept in such a manner as to at all times show the amount allowed that department or fund in said budget adopted at the July term of the Quarterly Court and the amount of all warrants drawn and chargeable against said funds regardless of whether said warrants have been paid or not, said warrants to be posted in said book as the same are issued.

That hereafter the amount allowed each department or disbursing agency of the county government or county funds in said budget shall also be placed at an appropriate place on the stubs in the several warrant books containing the warrants to be used by said department or county agency in drawing on county funds and said amount shall be added to any balance remaining from the previous years; and at the end of each day it shall be the duty of every official issuing warrants of any kind against any such funds to subtract the aggregate of the warrants issued that day from the previous balance arrived at as herein provided for, and the balance thus arrived at shall be brought forward each day at an appropriate place on the stubs remaining in said warrant books; and at the end of each month it shall be the duty of every official drawing warrants against any fund of Lawrence County to reconcile the balance to the credit of the fund drawn against as shown on the warrant stubs with the balance to the credit of said fund as shown by the books required to be kept by said official; provided that for the year beginning the 1st day of July, 1939, the books of each department shall be opened by placing to the credit of each department amount allowed it in the budget adopted at the July term, 1939, of the Quarterly County Court, and said amount so allowed said department for the year beginning July 1, 1939, shall also be placed at an appropriate place on the stubs of the warrants used by said department before any warrants are drawn or issued by said department after the beginning of said year, and thereafter the balance from day to day shall be arrived at and carried in said warrants stubs as herein provided for.

SECTION 5. That it shall be unlawful and a misdemeanor in office for any official or employee of Lawrence County to draw, sign, issue, deliver, or to authorize the drawing, signing, issuance or delivery of any warrant against any fund of said county, when the aggregate of the warrants heretofore issued or signed, whether the same have been paid by the Trustee or not, equals the amount allowed in the budget adopted by the Quarterly Court to that department or fund of the county against which said warrant would otherwise be chargeable, plus the balance, if any, that may have been brought forward to the credit of such department or fund from the previous year, and it shall also be a misdemeanor in office for any official to sign or issue, or authorize the signing or issuance of a warrant or warrants against any county fund, in excess of the amount said fund in the budget adopted by the Quarterly Court plus any balance remaining to the credit of such fund from the previous year.

That it shall be the mandatory duty of every official drawing warrants against any county fund to keep advised and know before he signs, issues or delivers any warrants, whether or not the aggregate of the warrants theretofore issued against said funds out of which said warrant is payable equals the amount allowed said fund or department in the budget for that year plus any balances brought forward from the previous year, and it shall be the duty of said Budget Commission before submitting its annual report to the Quarterly Court to examine the books and records of each department of the county government for the purpose of ascertaining whether or not the warrants issued by or on behalf of any said department during the year ending on the June 30th have exceeded the amount allowed said department in the budget adopted for that year, and said commission shall show in its report to be filed with its budget each year the departments, if any, that have issued warrants in excess of the amounts allowed such department in the budget of said year, and it shall be the mandatory duty of the Quarterly Court to certify the facts to the District Attorney General for presentation to the Grand Jury at the next term of the Circuit Court; and it shall be the duty of the District Attorney General to present the facts of said Grand Jury and to institute such other proceedings as may be necessary to give full effect to the provisions of this Act.

SECTION 6. That it shall be a misdemeanor in office for any county officer or agent or employee, including the members of the Lawrence County Board of Highway Commissioners, the members of the Lawrence County Board of Education, County Superintendent of Education, the Judge of the County Court, and the County Court Clerk, to violate any provision of this Act or to fail or refuse to do or perform any of the duties placed upon them or any of them by this Act, and any such officer or officers failing to perform the duties imposed by this Act, shall be subject to a fine of not less than One Hundred Dollars (\$100.00) or more than Five Hundred Dollars (\$500.00), and imprisonment of not less than thirty days or more than six months, and be subject to removal from office, in any appropriate legal proceeding brought for that purpose.

SECTION 7. That the County Judge shall keep a record of the expenditures of each of said Boards of all other County expenditures, and his books shall be kept in such a manner as to at all times show amount allowed each department or fund in the budget adopted at the July term of the Quarterly Court, the total amount of all warrants drawn and chargeable against each of said funds whether paid or not and the unexpended balance of the budgeted allowance to each department or fund. Whenever the total or aggregate of the warrants drawn against any fund of the County equals or exceeds the amount allowed in the budget to that department or fund by the Quarterly Court, it shall be unlawful for the County Judge to sign any warrant or issue any warrants against said fund. He shall furnish reports to the Quarterly Court of the County at every regular quarterly meeting showing the status of the budget of each department, and at any special meeting when advisable or necessary. He shall allow the Budget Commission referred to in Section 2 hereof, or any member thereof, or any member of the Quarterly Court, to inspect his books and records at any time, and they shall be audited at such times as may be prescribed by the Quarterly Court. Any taxpayer of the County shall likewise be allowed to examine his books at any time.

SECTION 8. That the General Assembly hereby declares it to be the legislative intent that this Act shall be severable and that the invalidity or unconstitutionality of any section, sentence, or provision hereof shall not affect or render invalid the remaining parts or portions of the Act.

SECTION 9. That all laws in conflict with this Act are hereby repealed.

SECTION 10. That this Act shall take effect from and after its passage, the public welfare requiring it.

Passed: March 10, 1939.

The compensation of the auctioneer was fixed by the Act.

Chapter III - Bond Issues

Bond Issues - Historical Notes

A listing of the acts which authorized various bond issues for Lawrence County is included below for reference purposes, although these acts are no longer current.

Building

1. Private Act of 1935 (Ex. Sess.), Chapter 119, authorized Lawrence County acting through the County Judge and the Financial Agent to issue and sell up to \$75,000 in warrants, at an interest rate of no more than 5%, and to mature as might be determined by the parties for the acquisition of a site and the construction and equipping of a new County Building thereon.

Courthouse

1. Private Acts of 1905, Chapter 428, was the enabling legislation for the Quarterly Court of Lawrence County to issue bonds in an amount up to \$25,000 at an interest rate of 6%, or less, and to mature no longer than ten years from the date of issue, which bonds must be issued and sold in conformity with the regulations contained in this Act. The proceeds would be used to erect a Courthouse in Lawrenceburg. All the requirements of a valid law authorizing a bond issue were observed.

Debts

1. Private Acts of 1929 (Ex. Sess.), Chapter 55, authorized the Quarterly Court of Lawrence County to issue up to \$100,000 in bonds, at an interest rate of no more than 5 ½%, and which would mature in 25 years, or less, from the date of issue which funds were to be used to liquidate outstanding debts of the county evidenced by the school and road building programs. A majority vote of the Court would be sufficient to issue the bonds. The essential details were fixed in the Act and the Resolution to be adopted by the Court. A tax levy for the sinking fund was mandated to amortize the bonds according to schedule. Substantial compliance with these conditions would be sufficient and no irregularity in the issuance and sale of the bonds would invalidate the program.
2. Private Acts of 1933, Chapter 701, was the legal authority for the Lawrence County Quarterly Court at any of its regular, or special, sessions to issue and sell through the County Judge and the County Court Clerk its interest bearing warrants up to \$25,000, at no more than 6% interest, to provide funds in anticipation of tax revenues to pay the just and due debts of the County. The

bonds would all mature no later than 5 years from the date of issue. All the requisite details of a valid bond law, including the mandatory tax levy, were present in the Act.

3. Private Acts of 1935, Chapter 808, ratified, confirmed, validated, and legalized all the prior proceedings of the Lawrence County Quarterly Court held in connection with the issue and sale of \$90,000 in bonds, at interest rate of no more than 5%, and maturing within 15 years from issue according to the schedule which would be used to fund and pay the outstanding debts of the County. The Court must levy an additional tax in every year as long as any of the bonds were outstanding and unpaid.

County Fair

1. Private Acts of 1937, Chapter 752, permitted the Quarterly Court of Lawrence County to issue no more than \$35,000 in bonds to provide funds with which the County would acquire real estate and improvements with which to establish, operate, and conduct a Fair. This Fair would be the official Lawrence County Fair which would be the locale of the exhibitions, etc., in the common manner of fairs held everywhere. The allowable rate of interest could not exceed 4%, and the Court could exercise its discretion on the question of a maturity schedule. There would be a nine member Board of Fair Directors, which would operate and supervise the Fair, composed of the County Agricultural Agent, the Home Demonstration Agent, the County Judge, the County Attorney, three members of the Quarterly Court, and two resident business men. All but the ex-officio members would be elected to two year terms. Expenditures, including a \$10.00 remuneration for the members of the Board each year, would be paid out of the Fair Fund. The Board was empowered to hire employees to operate the fair and to fix their compensation.

Roads

1. Private Acts of 1911, Chapter 289, was the enabling law for the Quarterly Court to submit to the people by referendum the question of the issue and sale of up to \$200,000 in bonds with which to build and macadamize roads, turnpikes, and bridges, and to improve other public highways. In the event the question failed to carry on the first election, it could be resubmitted later. The interest rate was pegged at 4% and the maturity schedule at 40 years. The mechanics of the issue, sale, and payment of the bonds were included, and a tax levy required for general obligation bonds. The County Judge must appoint, subject to confirmation by the County Court, three Commissioners who were to supervise the programs generally. The Commissioners could employ a civil engineer, and other professional people, to assist them where necessary. Maps of the changes made would be drawn and copies filed with the proper people, and with appropriate records.
2. Private Acts of 1913, Chapter 66, amended Private Acts of 1911, Chapter 289, by replacing Section One with a new Section providing for a referendum election on March 22, 1913, on the issue of \$200,000 in bonds to build and improve roads and bridges which definition of public highways would include the continuation of public roads through corporate cities. If the election failed, the Quarterly Court could set the date for another one. The maximum allowable interest rate was raised from 4% to 5% and each Civil District was guaranteed a minimum expenditure in the District of \$7,500 on roads alone.
3. Private Acts of 1951, Chapter 32, validated all the prior proceedings of the Quarterly County Court with respect to the authorization of \$150,000 in road bonds.
4. Private Acts of 1951, Chapter 517, ratified all the prior proceedings of the Lawrence County Quarterly Court taken in connection with the issue and sale of \$150,000 in Road Equipment Bonds. The actions of all public county officials were likewise ratified and affirmed. The proceeds would be used to provide funds with which to finance acquisition of road building and maintenance equipment for the county. The delivery of the bonds would constitute a binding and incontestable obligation of Lawrence County. The details of the issue and the tax levy decided and set in the Resolution adopted by the Court were also ratified and validated.

Schools

1. Private Acts of 1907, Chapter 584, authorized the Mayor and Councilmen of Lawrenceburg to issue bonds in an amount not over \$15,000 at a maximum interest rate of 6% and to cover a maturity schedule no longer than 20 years with which to erect and furnish school buildings for the City of Lawrenceburg. A referendum on the bond issue was required.
2. Private Acts of 1927, Chapter 828, was the authority for the Lawrence County Quarterly Court to issue bonds not to go above \$50,000 at an interest rate of 4½%, or less, which would become due and payable as the Quarterly Court decided, which money would be used to extinguish an outstanding indebtedness which was evidenced by school warrants bearing 6% interest, and for

the further purpose of placing the operations of the school system on a cash basis.

3. Private Acts of 1927, Chapter 829, allowed the Lawrence County Quarterly Court to issue and sell its bonds in an amount up to \$50,000, at an interest rate of 4½%, or less, and maturing at a schedule to be determined by the Court which funds were to be used in the erection and construction of school buildings in the County. The bond form and details of the issue could be incorporated in a Resolution and adopted by the Court.
4. Private Acts of 1931, Chapter 39, was the authority for the Quarterly Court to sell \$30,000 in bonds, at 5%, or less, interest, and to mature no later than 25 years from the date of issue to construct two school buildings, one at Iron City in the First Civil District and one at West Point in the 15th Civil District. A Resolution to be adopted by the Court would be proper if it contained all the essential details of the form of the bonds and their sale and repayment. The Resolution would create a tax levy to repay the bonds and the interest. These bonds could be sold at public or private sale and were declared exempt from the taxing powers of state and local government. Private Acts of 1931, Chapter 132, seemed to be an exact duplicate of this Act.
5. Private Acts of 1931, Chapter 359, permitted the Lawrence County Quarterly Court to issue up to \$36,000 in 5%, 25 year, bonds to provide for the construction of three school houses, one at Iron City in the First Civil District, one at Ethridge in the Tenth Civil District and one at West Point in the Fifteenth Civil District. A Resolution adopted by a majority of the Court could fix the details of the bond issue, set the precise interest rate for their payment and state in detail the purposes for which they were issued. The proceeds of the issue would be paid to the County Trustee to be dispensed under the direction and control of the County Board of Education. The bonds were tax exempt and substantial compliance with the terms of this legislation would be sufficient.
6. Private Acts of 1933, Chapter 732, allowed Lawrence County to issue interest bearing warrants in payment of claims and obligations incurred in the operation of the schools for which no present funds were available but only upon condition that the amount would never exceed \$125,000, the interest rate not go beyond 6%, and all of the same be approved by a Resolution of the Court before being issued. The warrants would be redeemable as soon as the funds to pay them become available.
7. Private Acts of 1937, Chapter 103, authorized the issuance and sale by the Quarterly Court of up to \$75,000 in 3½%, 20 year, bonds to acquire the sites and to construct on them, or on presently owned sites, school buildings as they were needed. All the details of a valid bond law for general obligation bonds were set out in the Act.
8. Private Acts of 1939, Chapter 175, was the legal authority for the Quarterly Court to issue up to \$50,000 in bonds at an interest rate of no more than 3½%, and which would mature no later than 25 years from the date of issue, which would be used for the acquisition of sites and the construction thereon, or on sites already acquired, of suitable and needed school buildings. The bonds could be sold in blocks or all at once, would be tax exempt, and would conform to the standards established in this and the general law.

Water System

1. Private Acts of 1957, Chapter 7, was the legal authority for Lawrence County to construct, acquire, extend, repair, and improve water mains and lines, to furnish water facilities and fire protection to the County, or to assist and cooperate with municipal water systems in the county, for which purposes the County could issue bonds at an interest rate of no more than 5% and over a maturity period not to exceed 30 years, but the total amount of such indebtedness could not exceed \$40,000 at any one time. A Resolution fixing the essential details must be adopted. If the cities extended the system the County could assume up to 50% of the cost, not to exceed \$40,000. The bonds had to be general obligation bonds, and not revenue bonds, for which a tax levy for the sinking fund must be made generally on all property. The power and authority in this Act were in addition to and supplemental to the other powers and authority heretofore granted and to those existing under general law. This Act was properly ratified.

Court System - Historical Notes

Board of Jury Commissioners - Jurors

The following acts once affected jurors or boards of jury commissioners in Lawrence County, but are no longer operative. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Private Acts of 1913, Chapter 95, created a three member Board of Jury Commissioners in Lawrence County, no more than two to be of the same political party, who must be a freeholder, must not be an attorney, Justice of the Peace, or Constable, and could not have a lawsuit pending in the Courts, who would be appointed by the Circuit Judge having jurisdiction, vacancies to be filled in the same manner. A temporary appointment could be made in the case of illness. All appointment would be made in writing for staggered initial terms and then for three years after that. No Commissioner could succeed himself until after six years had passed. The Commissioners were to be sworn by the oath in the Act, and the Circuit Court Clerk, who would act as the Clerk for the Board, must also be sworn according to the oath in the act relative to him. It was the duty of the Board to meet biennially on the first Monday in July, or upon the call of the Chairman within 30 days of that date, to select from the tax rolls, or other public sources, at least 300 names and

no more than 600 names which would furnish the jurors both Grand and petit, for the next ensuing two years. If the list were depleted in the two years, a meeting would be called to supply the deficiency, or in the event a special panel had to be called. The names of the jurors would be entered alphabetically in a book to be supplied by the Clerk and their selection certified by all three members of the Board. Their names would also be entered on slips of paper and placed in a box which would be locked and sealed. From ten to fifteen days before the term, a child under ten years of age would draw out the number of names specified in an order from the Judge and report the same to him. These would constitute the jurors for that term of court. The Sheriff was required to summon the jurors at the proper time none of whom could be excused except by the Judge. This Act was repealed by Private Acts of 1951, Chapter 115.

2. Private Acts of 1921, Chapter 902, amended Public Acts of 1919, Chapter 37, which required the Circuit Judges having criminal jurisdiction and the Criminal Court Judges to appoint Foremen of the Grand Juries, to fix their terms and compensation and to define their duties, so that Lawrence County would be removed from the application of this general law. This Act was repealed by Private Acts of 1923, Chapter 43, thus making the general law again applicable.
3. Private Acts of 1945, Chapter 102, provided that, in Lawrence County all regular jurors, both grand and petit, would hereafter be paid at the rate of \$3 per day, said sums to come from the county treasury. A pickup juror must serve at least two days before becoming eligible for payment.
4. Private Acts of 1951, Chapter 115, expressly repealed Private Acts of 1913, Chapter 95, together with all the amendments thereto, and the counties affected by this law would hereafter come under the general law of the State with respect to the selection of jurors. All jurors, both Grand and petit, selected under the terms of any prior act would be promptly dismissed when jurors were chosen in compliance with this law.
5. Private Acts of 1957, Chapter 5, provided for a daily compensation rate of \$6 for each regular and special juror in Lawrence County and a mileage allowance of 10 cents per mile for every mile traveled between the juror's home and Lawrenceburg, except no mileage would be paid to a juror residing within a radius of five miles around the city. The Foreman of the Grand Jury and the Clerk would be paid \$8 per day plus 10 cents mileage.

Chancery Court - Clerk and Master

The reference list below contains acts which once applied to the clerk and master in Lawrence County. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Private Acts of 1909, Chapter 226, provided that the Clerk and Master of Hancock County and of Lawrence County would receive as compensation the sum of \$500 per year; provided, a sworn, itemized statement was filed with the County Judge, or Chairman, showing the amount of fees collected in the office. If the fees failed to equal the salary, the County would make up the difference, but, if the fees exceeded the salary, the Clerk and Master was allowed to retain them.

2. Private Acts of 1915, Chapter 566, declared that the Clerk and Master of Lawrence County would be paid \$1,500 per year, provided the Clerk would file on January 1 and on July 1 a sworn, itemized statement with the County Judge, or Chairman, reflecting the amount of fees collected in the office. If the fees were less than the salary, the county paid the difference. When computing the salary, the figure of \$750 would be used as a base for each 6 month period. If the fees exceeded the salary, the Clerk and Master was to deliver them to the Trustee for deposit in the county treasury.
3. Private Acts of 1925, Chapter 576, amended Private Acts of 1915, Chapter 566, to fix the annual salary of the Clerk and Master of Lawrence County at \$2,000 annually. The Clerk must file with the County Judge, or Chairman, on January 1, April 1, July 1, and October 1, a sworn, itemized statement containing the total amount of fees collected in the office during the preceding months. \$300 per quarter would be the amount used as a base figure to decide the payment of any deficiency.
4. Private Acts of 1927, Chapter 102, provided that in Lawrence County the Clerk and Master would be paid \$2,400 each year if he would file with the County Judge, or Chairman, on January 1, May 1, and September 1, a sworn, itemized statement reflecting the total amount of fees collected in the office during that period of time. When fees were less than \$800 per four month period the County would pay the difference to the Clerk and Master but if the fees were more, the surplus would be paid to the county treasury. The County must furnish all the stationery, stamps, and office supplies to the Clerk and Master free of charge.
5. Private Acts of 1933, Chapter 702, fixed the compensation of the Clerk and Master of Lawrence County at \$1,000 per year payable out of the general funds of the County on the warrant of the County Judge, or Chairman, at the rate of \$250 per quarter. All of the above was conditioned upon the Clerk and Masters' reporting to the County Judge with a sworn, itemized statement of the fees, costs, and commissions collected by the office during the preceding quarter. The Clerk and Master could retain the next \$1,000 collected in fees, costs, and commissions as additional salary, but, all over that amount was to be paid into the county treasury.
6. Private Acts of 1935, Chapter 755, declared that the Clerk and Master of Lawrence County would be paid \$2,400 annually as a salary provided the Clerk and Master filed a sworn, itemized report with the County Judge, or Chairman, each month showing the total sum of the fees, costs, and commissions collected in the office, except for those received for services as a Trustee, Receiver, or a Special Commissioner. If the fees and costs collected did not equal the salary, the county must pay the difference but if the fees exceeded the \$200 per month salary the excess would be paid into the treasury. All the stationery, stamps, and office supplies would be furnished to the Clerk and Master by the county.
7. Private Acts of 1947, Chapter 807, set the annual salary of the Clerk and Master of Lawrence County at \$3,000, payable monthly out of the general funds of the county on the warrant of the County Judge, or Chairman. The Clerk and Master was instructed to file a report within the first five days of January, April, July, and October showing the fees, costs, and commissions collected in the office during the preceding quarter, excepting those received for the special services in the capacities of Trustee, Receiver or Special Commissioner. This Act was repealed by Private Acts of 1951, Chapter 124. The repeal of this Act would not restore, or revive, any preceding Act, it being the intention of the Legislature to abolish any and all Private Acts on this subject for Lawrence County.

Circuit Court - Clerk

The following acts have no current effect, but once applied to the Lawrence County Circuit Court Clerk. They were repealed, superseded, or never received local approval.

1. Acts of 1841-42, Chapter 34, Section 13, made it the duty of the Clerks of the Circuit Court in each of the counties South and West of the Congressional reservation line, to examine the books of their County Entry-taker annually, in the month of January, and then report to the State Comptroller certain items. The Clerk would be compensated two dollars per day for his services.
2. Acts of 1843-44, Chapter 89, amended Acts of 1842, Chapter 34, to make it the duty of the Circuit Court Clerk in Lawrence County, Hickman County, Wayne County, Giles County, and Maury County, to examine the books of the Entry Takers of those respective counties on the first Monday in September annually and report the same to the State Comptroller by September 15 of the same year.
3. Acts of 1903, Chapter 255, was a statewide salary act which involved only the Circuit Court Clerks of the State and which fixed their annual salary according to the population class of the county in which they worked. The salaries ranged from \$500 to \$5,000 annually. The Clerks must file a report annually, sworn to and itemized, which showed the total amount of fees collected in the

office. If the fees were less than the salary, the county would pay the difference; if the fees exceeded the salary, the Clerk could retain the excess.

4. Private Acts of 1917, Chapter 214, stated that in Lawrence County the Circuit Court Clerk would be paid \$1,000 annually, provided the Clerk filed on January 1, May 1, and September 1, of each year a sworn, itemized statement with the County Judge, or Chairman, showing the amount of fees paid into the office within those specified times. When the fees failed to equal the salary, the County must pay the difference. In computing the above, the sum of \$333.33 per four month period would be the norm upon which payment would be made. All the excess would be paid by the Clerk to the Trustee.
5. Private Acts of 1919, Chapter 275, amended Private Acts of 1917, Chapter 214, by increasing the annual salary of the Circuit Court Clerk from \$1,000 to \$1,200 with appropriate alterations being made in the remainder of the act to effectuate the above increase.
6. Private Acts of 1923, Chapter 236, provided that the Circuit Court Clerk of Lawrence County would be paid \$1,600 per year instead of \$1,200, if the Clerk would file a sworn, itemized statement with the County Judge, or Chairman, monthly, showing the amount of fees collected in the office. Any deficiency between the fees and the salary would be made up by the county but all fees in excess of the salary would be paid over to the Trustee by the Circuit Court Clerk.
7. Private Acts of 1929, Chapter 96, stated that in Lawrence County the Circuit Court Clerk would be paid \$2,400 annually, provided the Clerk filed on January 1, April 1, July 1, and October 1, a sworn, itemized statement with the County Judge, or Chairman, showing the total amount of fees collected in the office during those preceding months except for special services rendered as a Receiver, Trustee, or Special Commissioner. If the total amount of the fees were less than the salary the County would supply the difference. If the fees exceeded the salary, the overage would be paid over to the Trustee for the County treasury. All the stationery, stamps, and office supplies would be furnished to the Clerk by the county.
8. Private Acts of 1933, Chapter 699, declared that the annual compensation of the Circuit Court Clerk of Lawrence County would be \$1,000, payable out of regular county funds on the warrant of the County Judge, or Chairman, at the rate of \$250 per quarter. The Clerk must file a report within the first ten days of January, April, July, and October with the County Court Clerk, showing all the fees of every nature, all the costs, and all the commission received during the preceding quarter. The Clerk could have and retain the next \$1,000 of the fees, costs, and commissions and all in excess of the second \$1,000 would be paid over to the county treasury. Failure to comply herewith could result in a withholding of the Clerk's salary. All special fees would be listed separately.
9. Private Acts of 1935, Chapter 751, fixed the annual salary of the Circuit Court Clerk of Lawrence County at \$2,400, provided the Clerk filed each quarter with the County Judge, or Chairman, a sworn, itemized statement, showing the amount of fees paid into the office during the preceding months, except those fees received for being Trustee, Receiver, or Special Commissioner. In all cases where the fees did not equal the salary the difference would be paid to the Clerk on the warrant of the County Judge. In computing the sum to be paid the sum of \$600 would be used for each quarter. If the fees exceeded the salary, the surplus would be paid to the County treasury. All stationery and office supplies would be furnished by the County to the Circuit Court Clerk.

Certain prior registrations under prior acts were validated, and those individuals need not re-register.
42. Private Acts of 1951, Chapter 173, repealed Private Acts of 1949, Chapter 798, and established a system of permanent voter registration. The Election Commissioners had to furnish the books, supplies, and all the materials for the registrations. The votes of all the people failing to comply with this Act would be subject to challenge.

The provision applies to all regular incumbent or employed personnel, but not to instances of services rendered at or for brief intervals by outside or third persons, such as special or out of the ordinary services, in which instances invoices or statements shall be rendered, in duplicate, checked, approved and certified for payment as in the cases of invoices for supplies, materials, fuels, etc., as hereinafter mentioned. All statements or invoices for materials, supplies, equipment, rentals, contract considerations or payments, partial or otherwise, special services as just hereinabove mentioned, or for other payments than those to be made under payrolls as hereinabove provided shall be itemized and submitted in not less than duplicate copies, shall be checked, approved and certified by the Superintendent, in duplicate, one copy of each of which he shall retain and preserve for his records or files, the other copy of which shall be filed with the County Judge and Financial Agent, who will issue warrants, to be counter-signed by the Superintendent, in payment. All such warrants shall issue from a warrant book, which shall remain in the office and custody of the County Judge, and with duplicates or stubs so as to constitute a proper and permanent record of the dates, numbers, amounts, payees and purposes of all warrants drawn upon the Road Fund, and the County Judge, acting as County Judge and Financial Agent, separately from and independent of his membership on said Roadwork Purchasing Committee and his chairmanship thereof, shall so issue and keep records of all warrants issued, and other such records in connection with receipts of and disbursements of the road funds as he may deem proper, and, in so acting, it shall be his duty to see that the provisions of this Act are complied with before any warrant is issued, and he shall have no authority to issue such a warrant except when its issuance, or the payment of the obligation involved, shall be authorized under this Act and be in compliance with the provisions of this Act. He shall preserve, of course, as public records of his office, all payrolls, invoices and statements under which such warrants issue, and shall prescribe and adopt a system of the necessary forms of payrolls, warrants, registers and other records necessary under the provisions of this Act. In the event that, by action of the Quarterly County Court as hereinbefore mentioned, the expenditure or supervision of the expenditure of road funds of the county should be vested in some other governmental agency, such as the Department of Highways of the State, then all such payrolls, invoices and statements to be paid out of funds the supervision of the expenditure of which may have been so vested shall be so approved and certified by the County Judge for payment by the proper official or representative of such other governmental agency, by which agency purchase or other obligations, for materials, supplies, fuels, equipment, rentals, etc., and for payroll labor and services, payable from funds the expenditure or supervision of expenditure of which shall have been so vested, shall be incurred or created, rather than by the said Roadwork Purchasing Committee and Superintendent, respectively, as hereinbefore provided, and by which agency, in such event, employment, control, direction, discharge, fixing of compensation and other supervision of employees, payable out of

funds the expenditure or supervision of which shall have been so vested, shall be exercised, rather than by the Superintendent as herein provided.

SECTION 11. That all workhouse prisoners in each of said counties shall be, and they are hereby required to be, worked on the said public roads of the County, direction, supervision and control of which prisoners, while being so worked, shall be by the official or agency charged with the execution of the work according to where the expenditure or supervision of expenditure of the fund is vested out of which payment of such workhouse prison labor is to be paid, but the superintendent of the workhouse, including the Sheriff as ex officio superintendent if there be no separate workhouse, shall designate guards, not exceeding two in number, to serve at his pleasure, for the purpose of the safekeeping of such prisoners to and from work, furnishing of tools and equipment for use by such labor, shall be paid for out of the road fund, and the sum of One Dollars (\$1.00) per day for each day of such work by each such prisoner shall be paid out of said road fund into the general county treasury, payable monthly, as or towards reimbursement to said general county fund on its outlay for the payment of boarding or feeding and clothing expenses of such prisoners. Such prisoners shall be worked at hard labor, and for the purpose or with the view of punishment, as contemplated by other applicable law, but with the view and purpose also, under this Act, of serving the ends sought by roadbuilding projects and expenditure of public funds therefor.

SECTION 12. That the Quarterly Court of each County is hereby delegated with the authority to, at its January term of court each year, regulate, and require any free labor they may deem necessary, and said free labor so regulated, designated, and required, shall be under the supervision of the County Road Superintendent, and any refusal to perform any such free labor so designated and required by said Quarterly Court shall be considered a misdemeanor, and any violation shall be punishable as such by law.

SECTION 13. That if, for any reason, any section, part or portion of this Act shall be held to be unconstitutional or invalid, such shall not affect nor invalidate any other section, part or portion of this Act which may not be held also to be unconstitutional or invalid, the legislative intent being hereby declared to be that any and all parts of this Act which may not be held to be invalid shall be effective and operative irrespective of the unconstitutionality or invalidity, if any, of any other part or parts of this Act, so far and to the extent that such interpretation, distinction, enforcement and operation may be possible.

SECTION 14. That this Act take effect from and after April 1, 1941, the public welfare requiring it.

Passed: February 13, 1941.

Highways and Roads - Historical Notes

The following is a listing of acts which once had some effect upon the county road system in Lawrence County, but which are no longer operative. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1821, Chapter 6, directed the Courts Pleas and Quarter Sessions of the respective Tennessee counties to classify and index the public roads in their counties into three classes according to the width of the road and the surfacing materials. The classes ranged from stage roads down to one wide enough to pass a single horse and rider. The court was empowered to assign hands to repair and maintain the roads.
2. Acts of 1847-48, Chapter 159, Section 11, named Daniel Bentley, William McKnight, Jr., and John H. Beeler, all of Lawrence County, and Anthony Buckner, Henry Miller, and John Gant, of Maury County, as Commissioners to open books and to sell stock to make a turnpike road from Lawrenceburg which would intersect the turnpike road from Columbia to Waynesboro at some point between Waynesboro and Mount Pleasant as the stockholders might direct. The road must meet all the specifications in the act. The company would be named the Lawrenceburg Turnpike Company. This road would be regulated by the same rules applicable to other roads in similar situations. The Company had the power to extend their road from Lawrenceburg to Pulaski in Giles County.
3. Acts of 1851-52, Chapter 280, Section 13, incorporated the Pulaski and Lawrenceburg Turnpike Company which company intended to construct a turnpike, or a macadamized road, from Pulaski in Giles County to Lawrenceburg, in Lawrence County, while possessed of all the same rights and privileges belonging to the Franklin Turnpike Company. This Act named R. M. Bugg, F. T. McLauren, Noah Hancock, S. M. Bentley, B. M. Moore, and T. D. Deavenport, as the Commissioners with the authority to procure the stock for the company in such an amount as was needed to build the road.

4. Private Acts of 1857-58, Chapter 99, Section 7, incorporated the subscribers and stockholders for building a turnpike from Mount Pleasant, running with the Military road in Maury County, to Lawrenceburg. The name of the company would be the Mount Pleasant and Lawrenceburg Turnpike Company whose officials were empowered to stop the road at any point after five miles had been completed. The authorized capital stock was \$5,000 and Seth R. Kittrell, W. G. J. Hunter, J. H. Kittrell, Edmond Wiltshire, Thomas P. Stone, James H. Granberry, Henry Goodloe, and S. P. Jordan were named as Commissioners to sell the stock to raise that amount.
5. Acts of 1901, Chapter 136, was a general road law applicable to every County in Tennessee under 70,000 population. The County Court would elect one Road Commissioner to serve two years from each of the Road Districts in the County. Road Districts and Civil Districts were co-extensive with each other. The Commissioners must be sworn, bonded, and would be in charge of all roads, bridges, road hands, tools, and materials used in that District, at a compensation of \$1 per day not to exceed 10 days in one year. The County Court would fix the number of days the road hands would labor compulsorily on the roads at no less than five days and no more than eight. The Court was allowed to levy a general road tax of two cents per \$100 property valuation for each day of labor the court prescribed for the road hands. District Commissioners would name for a one year term the Road Overseers in their District, who would be in charge of a specific section of road in the District. He would serve as many days as are assessed to road hands without compensation, but for each additional day he would receive one dollar per day, not to exceed six dollars in one year. All males between the ages of 21 and 45 were subject to compulsory labor on the public roads. Petitions to open, close, or change roads were to be filed with and disposed of by the Road Commissioners, who would file his report with the County Court. All roads must meet the basic specifications established in the Act.
6. Acts of 1903, Chapter 533, amended Acts of 1901, Chapter 136 to require the Road Commissioner to file his report on opening roads with the County Chairman or Judge instead of at the next quarterly term of the County Court. Both Acts were the subject of a constitutionality challenge in Morgan County in the case of Carroll v. Griffith, 117 Tenn. 500, 97 S.W. 66 (1906).
7. Acts of 1905, Chapter 478, amended Acts of 1901, Chapter 136, increasing the compensation of the Road Commissioners. The sections on eminent domain were revised to provide for action by the County Court as to damages.
8. Private Acts of 1919, Chapter 623, was the first specific road law for Lawrence County. The Act provided that the Lawrence County Court at its January term in 1920 would select a Road Supervisor for each Civil District (Road District), who would supervise the public roads, bridges and overseers in that District. He would be sworn, execute bond in the specified amount, and serve a two year term. Regulations were made for the payment of labor and materials in each District. Supervisors were to be paid \$2.50 per day not to exceed 20 days per year. The Road Supervisor must assign road hands to the particular section of road upon which they were to work the number of days stipulated by the County Court which could be no less than five nor more than ten. The Court would levy a road tax of no less than 20 cents nor more than 50 cents which would be held as a separate road fund by the Trustee. All parties were instructed to keep good records of all transactions and accounts. Road Supervisors would appoint overseers for each section of road who were expected to work the required number of compulsory days as others did (but only as overseers) and who would be paid \$1.50 per day for each day above that number up to ten dollars each year. All males between the ages of 21 and 45 were subject to road duty but could commute by paying \$1.50 for each day required. The District Road Supervisor would act on requests to open, close, or change roads and report his determination to the Judge of the County Court. This Act was repealed by Private Acts of 1939, Chapter 440, and by Private Acts of 1937, Chapter 703.
9. Private Acts of 1920 (Ex. Sess.), Chapter 6, amended Private Acts of 1919, Chapter 623, by reducing the minimum levy for the tax on roads from twenty cents to ten cents per \$100 property valuation. This Act was repealed by Private Acts of 1937, Chapter 703.
10. Private Acts of 1921, Chapter 716, amended Private Acts of 1919, Chapter 623, in Section 1 to provide that Road Supervisors were to be paid \$3.00 per day for an 8 hour day of work up to 30 days each year. Section 5 was changed to require the Road Overseers to give at least two days warning to road hands before they were to report for work. Section 12 was modified to define a wagon and team and to establish the commutation rate at \$2.50 per day for a team of two animals, and at \$1.25 per day for one animal. This Act was repealed by Private Acts of 1937, Chapter 703.
11. Private Acts of 1937, Chapter 703, created a three member County Highway Commission and a position of County Road Superintendent who would have general supervision of all county roads,

bridges, highways, and culverts in the County. A Commissioner must be at least 21 years old, a county resident for five years, could not be a member of the County Court, and no two could live in the same civil district. The three current Commissioners were continued in office until the expiration of their terms, the new members would serve initial staggered terms and then terms of three years. The Chairman of the Commission was to be named by the County Court and sworn into office for a one year term. Members would be paid from \$75 to \$350 annually, and the Chairman from \$150 to \$450 annually, plus the amount of the bond premium. The Road Superintendent would be appointed by the Quarterly County Court to a two year term, be sworn and bonded from \$3,000 to \$10,000, would be paid a salary set by the Quarterly Court which could be no less than \$900 and no more than \$1,500 per year, plus travel expenses up to \$50 monthly. Joe Graves, named as the Superintendent in the Act, would be paid \$1,200 annually in equal monthly installments. The duties of the Commission and its power and authority were all detailed, as well as that of the Road Superintendent. All males, outside cities, between 21 and 45 years of age must work from four to eight days on the roads as set by the Court but could commute at a cost of 50 cents per day. Failure to do either was a misdemeanor. Owners of wagons and teams had to work from 2 to 5 days, or pay 50 cents per animal and/or wagon for each day missed. The Road Superintendent must submit reports on the status of roads to the County Court and Commission as soon as work was completed, and the Quarterly Court would set the amount to be paid to foremen and overseers. The Commission could have obstructions removed and prescribe requirements for building driveways. The Commission could exercise the power of eminent domain when needed, and dispose of petitions to open close, or change roads, provided the procedures in the Act were followed. County workhouse prisoners could be worked on the roads under certain conditions. The Quarterly Court had the authority to levy a general road tax of no less than five cents and no more than thirty cents per \$100 which was to be used in the District from whence it came. The Commission could issue notes not exceeding the aggregate of \$10,000 upon a 2/3 vote of the Court at 5% interest, or less, and to mature from 3 to 10 years. Supplies could be purchased but all over \$200 had to be on competitive bid. The Commission could employ engineers and clerical help and the Superintendent would select the foremen and overseers. An office must be kept open at the Court House in the county seat and the Commission would meet on the first Monday in every month. This Act was repealed by Private Acts of 1939, Chapter 440.

12. Private Acts of 1937 (Ex. Sess.), Chapter 12, amended Private Acts of 1937, Chapter 703, in Section 16 by rewriting the first two paragraphs to require the owners of wagons and teams to furnish the same for road work if they resided outside of a city for no less than two nor more than five days. Commutation rates were fixed at fifty cents per animal and/or wagon per day and a legal description of a team was incorporated. This Act was repealed by Private Acts of 1939, Chapter 440.
13. Private Acts of 1937 (Ex. Sess.), Chapter 15, amended Private Acts of 1937, Chapter 703, in Section 27 by providing that when the Road Superintendent and the County Workhouse Commission deemed it impractical to work prisoners on the public roads for any reason justifiable in their discretion, the prisoners would be worked under the supervision and control of the Sheriff, as the ex-officio superintendent of the Workhouse. This Act was repealed by Private Acts of 1939, Chapter 440.
14. Private Acts of 1939, Chapter 440, expressly repealed Private Acts of 1937, Chapter 703, and all the amendments to that Act, and did not revive any of the acts which might have been repealed by Private Acts of 1937, Chapter 703.
15. Private Acts of 1939, Chapter 441, established a County Road Commission of three members who were to be 21 years of age or more, a resident of the county for five years, could hold no other office and no two to whom could live in the same civil district. The Quarterly Court would elect the first members for staggered terms and after the initial terms for 3 year terms, with specific provisions for filling vacancies if one occurred. The Act named J. P. Conway, Fred Usher, and Alec Wright as the first three members, Conway to be the Chairman. All would be sworn and bonded for \$2,500 and the Chairman would execute an additional bond of \$2,500. The Quarterly Court would fix the salary of the members not to exceed \$200 annually with the Chairman being paid an added \$200, all to be taken from the road funds. Members of the Commission could be removed by a 2/3 vote of the Quarterly Court but the procedures for doing so specified in the Act were to be closely followed. The Chairman, named by the Quarterly Court, would represent the County in its transactions with the State. The County Road Superintendent, selected by the Quarterly Court for two year terms, must be 25 years of age, or older, and experienced in the art of road building and maintenance. Joe Graves was named to serve as such until another could be chosen under the procedures of this Act. The salary would be decided by the Quarterly Court but could not

exceed \$1,800 per year. The Quarterly Court was empowered to levy a road tax up to twenty cents per \$100 property valuation. The Road Superintendent, the Commissioners, and the County Judge would constitute the Purchasing Committee who would supervise and manage all the purchasing for the Department under the rules promulgated in the Act, all purchases over \$500 to be on competitive bid. Workhouse prisoners could be worked on the roads for which guards could be hired at \$1 per day and preference was to be given local residents in the award of contracts within the Highway Department. This Act was repealed by Private Acts of 1941, Chapter 211.

Chapter X - Law Enforcement

Law Enforcement - Historical Notes

Militia

Those acts once affecting Lawrence County, which related to the militia and to other law enforcement agencies other than the sheriff, are mentioned below in chronological order.

1. Acts of 1817, Chapter 42, which created Lawrence County also made arrangements for the officers of the county militia to be elected. Lawrence County would constitute the fifty-seventh regiment and would be attached to the fifth brigade. The regiment would be further divided into eight companies.
2. Acts of 1819, Chapter 68, was a comprehensive militia law which covered all the phases of military organization. The militia was composed of freemen and indentured servants between the ages of 18 and 45 with some specific occupations being excepted from service, except in the case of insurrection or invasion. The law provided for a military code, tables of organization, disciplinary regulations for internal deportment, and the procedures for courts martial. Lawrence County's unit was the 57th Regiment, which would be a part of the Fifth Brigade, and hold its regimental drill and muster on the third Saturday in October each year.
3. Acts of 1824, Chapter 40, Section 10, made it lawful for a company of volunteer infantry attached to the 57th Regiment of infantry of the State to hold their company musters in the town of Lawrenceburg and would be hereafter known by the name of the Lawrenceburg Independent Blues and be guided by the same regulations pertinent to the Centerville Domestic Blues in Hickman County.
4. Acts of 1825, Chapter 69, revised and amended the military code and militia law for the State. The qualifications for service were that applicants be free men or indentured servants between the ages of 18 and 45, except for the occupations and professions exempted, as ministers, judges, etc. The Table of Organization identified all the county units in the State. Lawrence County's unit was designated as the 57th Regiment which would hold its annual regimental muster and drill on the Saturday following the muster of the 94th Regiment. The Regiments in the counties of Maury, Giles, and Lawrence formed the Fifth Brigade which was assigned to the Second Division.
5. Acts of 1835-36, Chapter 21, was passed subsequent to the adoption of the new 1835 Constitution and was an entirely new militia law although many provisions of the former laws were incorporated in it. The age limits and qualifications of membership remained as they were and the Table of Organization published laid off the State into regiments. Lawrence County now possessed the 103rd and the 104th Regiments with provisions being included under which county, Battalion, and Regimental drills could be held. The Seventeenth Brigade included the counties of Hickman, Hardin, Wayne and Lawrence and was a part of the Third Division.
6. Acts of 1837-38, Chapter 157, amended the State Militia Law by scheduling the county drills for every county unit and making it compulsory under penalty of the law that all the officers of the county militia units attend the same. Lawrence County was assigned to the 17th Brigade with Hickman County, Wayne County, and Hardin County. The Lawrence County units would conduct their annual drills on the third Friday and Saturday in September of each year. Regimental muster would be held on the fourth Friday and Saturday in October.
7. Acts of 1839-40, Chapter 56, re-enacted the militia law and military code in Tennessee which eliminated indentured servants from membership but retained all the other details of organization as applied to Lawrence County.

Sheriff

The following acts have no current effect but are included here for reference purposes since they once applied to the Lawrence County Sheriff's Office. Also referenced below are acts which repeal prior law

without providing new substantive provisions.

1. Acts of 1827, Chapter 134, made it the duty of the Sheriff of Lawrence County to pay over to William R. Davis, the Jailor of Giles County, one-half of the State tax collected for Lawrence County until the claims of Davis were paid, and Davis' receipt for the money would be a valid and sufficient voucher for the same.
2. Acts of 1829, Chapter 111, provided that the Sheriff and Ranger of Lawrence County and the Sheriff and Ranger of Wayne County might hereafter advertise in any newspaper printed in Nashville, or in the town of Columbia, in Maury County, at their option.
3. Acts of 1831, Chapter 123, allowed the Sheriff of the Counties of Jackson, Cocke, Monroe, Knox, and Lawrence to appoint three Deputies who would be subject to the same rules and regulations as other Deputies. This Act was repealed by Private Acts of 1978, Chapter 248.
4. Acts of 1831, Chapter 130, stated that Nathan Jobe, of Lawrence County, was released and forever discharged from the payment of the balance of the judgment rendered against him in the Circuit Court of Lawrence County upon a forfeited recognizance bond for the appearance in Court of James McMillan for petit larceny, which release would be entered of record on the Execution Docket of the said Court.
5. Acts of 1832, Chapter 56, released and forever discharged George W. Shackelford, of Lawrence County, from the payment of the balance of a judgment rendered against him in the Circuit Court of that County upon a forfeited recognizance bond for James McMillan on a charge of petit larceny. This Act would be a release which would be entered on the execution docket of the court.
6. Acts of 1853-54, Chapter 76, allowed the Sheriff of Lawrence County to employ one additional Deputy Sheriff.
7. Acts of 1855-56, Chapter 209, Section 2, directed the State Comptroller to issue his warrant to William Chaffin, the late Sheriff of Lawrence County, in the sum of \$20 which represented the amount of expense incurred by the Sheriff in conveying Joseph H. Turnfaw from the Jail of Lawrence County to the town of Newburgh in Lewis County.
8. Private Acts of 1925, Chapter 714, declared that in Lawrence County the Sheriff would receive the sum of \$800 per year as ex-officio fees for his services which sum would be paid quarterly on January 1, April 1, July 1, and October 1 out of the county funds in the hands of the County Trustee, on the warrant of the County Judge, provided, however, that the board of prisoners confined in the County Jail and the turnkey fees would not be a part of the ex-officio fees but the Sheriff would be entitled to them also as he now was under the existing law.
9. Private Acts of 1929, Chapter 200, increases the ex-officio fees of the Sheriff from \$600 to \$1,200. The Act, however, which this Act purports to amend is Private Acts of 1919, Chapter 102, which applies to Hawkins County. (See Shanks v. Hawkins County, 160 Tenn. 148, 22 SW2d 355 (1929), which held that this Act was unconstitutional.)
10. Private Acts of 1931, Chapter 483, provided that any reputable physician who had as much as three years training in a reputable medical school, or the equivalent thereof, and who has had at least ten years practice in medicine in the State of Tennessee could be the Health Officer or County Jail Physician for Lawrence County. This Act was repealed by Private Acts of 1933, Chapter 333.
11. Private Acts of 1933, Chapter 670, amended Private Acts of 1925, Chapter 714, by striking out the sum of \$800 as the annual amount of the Ex-officio fees of the Sheriff of Lawrence County and by inserting the sum of \$400 in its place, thus reducing the compensation of the Sheriff by that amount.
12. Private Acts of 1935 (Ex. Sess.), Chapter 131, provided that hereafter in Lawrence County the Sheriff would be paid the sum of \$800 annually as ex-officio fees for his services, which amount would be paid quarterly in equal amounts in January, April, July, and October, out of county funds in the hands of the County Trustee, on the warrant of the County Judge, or Chairman. This Act would not affect the prisoner's board bill nor the turnkey fees as provided by law, the Sheriff being entitled to take these in addition to the above.
13. Private Acts of 1947, Chapter 284, amended Private Acts of 1935 (E.S.), Chapter 131, in Section One by increasing the annual ex-officio fee allowance of the Sheriff from \$800 to \$1600, and by adding a provision at the end of the law which repealed all acts in conflict.
14. Private Acts of 1951, Chapter 28, amended Private Acts of 1935 (Ex. Sess.), Chapter 131, by raising the amount of ex-officio fees to be paid to the Sheriff of Lawrence County from \$1,600 to \$2,400.

15. Private Acts of 1978, Chapter 166, attempted to repeal Acts of 1831, Chapter 123, but was never ratified due to an error in the bill.

This tax shall be paid by the owner of a motor-driven vehicle who resides in the county and operates the vehicle on the roads of Lawrence County.

As amended by: Private Acts of 1987, Chapter 21

SECTION 2. It shall be a misdemeanor for any owner of a vehicle taxable hereunder to operate such vehicle upon the streets, roads or highways of the county, unless the provisions of this Act are met. Provided further that nothing in this Act shall be construed as permitting the levy and collection of a tax against nonresidents of Lawrence County.

As amended by: Private Acts of 1987, Chapter 21

SECTION 3. Residence in the county shall constitute prima facie evidence of use of such resident of roads and highways of the county, without regard to whether such resident resides within the boundaries of a municipal corporation within the county. Any person establishing a new residence within the county shall be allowed thirty (30) days thereafter within which to comply with the provisions of this Act.

As amended by: Private Acts of 1987, Chapter 21

SECTION 4. The tax herein levied shall be collected by the county clerk of Lawrence County, who shall

collect this tax at the same time he collects the state privilege tax levied upon the operation of a motor-driven vehicle over the public highways of this state. SECTION 8. For his services in collecting the tax, and in issuing the receipt therefor and delivering the decal or emblem to the owner, the clerk shall be entitled to a fee of one dollar (\$1.00) for each vehicle, motorcycle, motor-driven scooter and bicycle, provided that this fee shall be deducted from the amount of wheel tax paid. SECTION 12. The tax levied in this Act shall be collected beginning the first day of the first month following its approval.

SECTION 13. This Act shall have no effect unless it is approved by a two-thirds (2/3) vote of the county legislative body of Lawrence County. Its approval or rejection shall be proclaimed by the presiding officer of the county legislative body and certified by him to the Secretary of State. If there is a petition of ten percent (10%) of the qualified voters who voted in the county in the last gubernatorial election which is filed with the county election commission within thirty (30) days of final approval of such resolution by the county legislative body, then the county election commission shall call an election on the question of whether or not the tax should be levied in accordance with the provisions of this Act. The local governing body shall direct the county election commission to call such election to be held in a regular election or in a special election for the purpose of approving or rejecting such tax levy. The ballots used in such election shall have printed on them the substance of this act and the voters shall vote for or against its approval. The votes cast on the question shall be canvassed and the results proclaimed by the county election

commissioners and certified by them to the local governing body. The qualifications of voters voting on the question shall be the same as those required for participation in general elections. 4. Private Acts of 1933, Chapter 700, expressly repealed Section 2 of Private Acts of 1927, Chapter 54, it being the intention of the Legislature to remove the provision which allowed the Tax Assessor to appoint one or more Deputies to assist him.
5. Private Acts of 1935, Chapter 758, expressly repealed Private Acts of 1933, Chapter 700, which would in effect restore the privilege of hiring Deputies to the Tax Assessor within the financial limits prescribed in 1927 Act.
6. Private Acts of 1947, Chapter 674, amended Private Acts of 1927, Chapter 54, by raising the annual salary of the Tax Assessor of Lawrence County from \$2,400 to \$3,000.
7. Private Acts of 1949, Chapter 335, set the annual salary of the Lawrence County Tax Assessor at \$3,000 payable in equal monthly installments out of the regular county treasury. Motor Vehicle

The private act listed below is no longer in effect in Lawrence County.

1. Private Acts of 1976, Chapter 224, levied a wheel tax of \$10 on each motor vehicle and horsedrawn vehicle, except farm tractors, in Lawrence County. The County Court Clerk would collect the tax and issue decals, or emblems signifying payment of the same, at the time state licenses were sold for which a fee of fifty cents would be paid to the clerk. Provisions were included for the transfer of the decal from one vehicle to another. The proceeds would be used to pave the county's rural roads. This Act had to be approved in a referendum before becoming effective but the Quarterly Court rejected the law which rendered it null and void under the provisions of the Home Rule Amendment to the State Constitution and an election was not necessary.

Taxation

The following is a listing of acts pertaining to taxation in Lawrence County which are no longer effective. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1870-71, Chapter 50, stated that the counties and cities of Tennessee could impose taxes for county and municipal purposes in the following manner and upon these conditions (1) that all taxable property would be taxed according to its value upon the principles established for state taxation, and (2) the credit of no county, or city, would be given or loaned to any person, firm, or corporation, unless a majority of the Justices first agree, or a majority of the Councilmen in the city, and then upon the approval in a referendum election of a three-fourth's majority of the voters. Several counties, not including Lawrence County, exempted themselves from the requirement of the three-fourth's majority for the next ten years, substituting a simple majority as being sufficient in its place.
2. Private Acts of 1931, Chapter 223, created the office of Delinquent Poll Tax Collector in the certain counties who would be appointed by the County Judge, or Chairman, for a two year period. All poll taxes not paid to the Trustee by May 1, 1931, and on or before March 1 thereafter following the due year were declared to be delinquent. The Trustee would compile a list and deliver the same to the collector who would be paid 70 cents for each poll tax collected plus the fees under the law for collecting delinquent poll tax. The appearance of one's name on the list was sufficient to cause a distress warrant to issue. The Collector was allowed to use only those receipt books provided by the Trustee. The Collector must be sworn into office and bonded and could examine the books and records of any firm, or individual, issue subpoenas for witnesses and administer oaths. This Act was repealed by Private Acts of 1931, Chapter 757.
3. Private Acts of 1931, Chapter 492, imposed a privilege tax on any dry cleaning or pressing firms, or on one which cleans and blocks hats, which maintain an agency or a branch in Lawrence County. It was the responsibility of the County Court Clerk to collect the tax under the same rules and regulations applicable to such privileges.
4. Private Acts of 1931, Chapter 518, amended Private Acts of 1931, Chapter 223, by requiring the Collector to proceed against eligible male citizens only.
5. Private Acts of 1931, Chapter 623, was the authority for Lawrence County acting through its Quarterly Court to levy a special tax of no more than thirty cents per \$100 to provide the funds with which to pay jurors, salaries, compensation and expenses of county officials and employees, the cost of criminal cases, the care and keeping of the poor and lunatics, and their burials, to purchase books and supplies for the Clerks of the various Courts and to pay for a variety of other services listed in the Act. This tax would be levied in addition to all other taxes when it was for the same purpose. The Quarterly Court would spread upon the minutes of the Court a list of purposes itemized for which said funds would be spent.
6. Private Acts of 1971, Chapter 125, levied a litigation tax of \$4 as part of the costs in all civil and criminal actions in either the General Sessions Court or the Circuit Court in Lawrence County, which the Clerk of the respective Court would collect and pay to the Trustee to be placed into a separate fund to be called the Jail and Court House Fund to be used for the repair, remodeling, or construction of a new Jail, or Court House. The County Judge was authorized to transfer from this fund to the debt service fund to pay interest and principal on debts incurred in carrying out the purposes of this Act. All the expenditures would be made by the County Judge pursuant to the appropriations of the Quarterly Court. Collections were to start one month after the authorization for the sale of bonds, but this Act was never acted on at the local level and consequently never became an active law in Lawrence County.
7. Private Acts of 1977, Chapter 130, amended Section 67-1304 (now 67-5-2002) Tennessee Code Annotated, so as to remove Lawrence County from the code provisions which required the County Trustee to publish a delinquent tax list, annually in a local newspaper of general circulation.
