Supervision of Road Work

Dear Reader:

The following document was created from the CTAS website (ctas.tennessee.edu). This website is maintained by CTAS staff and seeks to represent the most current information regarding issues relative to Tennessee county government.

We hope this information will be useful to you; reference to it will assist you with many of the questions that will arise in your tenure with county government. However, the *Tennessee Code Annotated* and other relevant laws or regulations should always be consulted before any action is taken based upon the contents of this document.

Please feel free to contact us if you have questions or comments regarding this information or any other CTAS website material.

Sincerely,

The University of Tennessee

Supervision of Road Work ................................................................. 3
Supervision of Road Work

Reference Number: CTAS-107
In CUHL counties, the chief administrative officer is generally responsible for the use and control of all machinery, tools, supplies and material owned or used by the county in the construction, reconstruction, repair, and maintenance of county roads and bridges. T.C.A. § 54-7-112. Although not as clearly stated in the general law, it appears that the CUHL considers the chief administrative officer responsible for the operational control of all road and bridge work whether or not the chief administrative officer is in personal supervision of a particular project.

In keeping with this general operational supervision of the county roads and bridges, T.C.A. § 54-7-201 authorizes the chief administrative officer in CUHL counties to remove or cause to be removed any fence, gate, or other obstruction from the roads, bridges, and ditches of the county and to clean out and clear all ditches along or adjacent to the county roads. Any person who refuses to remove such an obstruction from a county right-of-way upon direction of the chief administrative officer is guilty of a misdemeanor.

Utilities that have the right or permission to place transmission lines, telephone or telegraph lines or poles on or along the right-of-way of any county road must do so under the direction of and with the permission of the chief administrative officer. T.C.A. § 54-7-201.

The chief administrative officer is empowered to employ legal counsel or solicit the use of counsel retained by the county to prosecute or defend litigation caused by or necessary to the operation of the county highway department. T.C.A. § 54-7-110.
