Fund Structure

Reference Number: CTAS-1758
The fund structure has been established by the Comptroller of Tennessee. The structure of accounts is known as a Uniform Chart of Accounts. It is used in each county of the state with some variations. The operating funds, which include the debt service funds, work in unison with the capital project funds. See Chart of Accounts under the Operating Budget topic for more information.

The Comptroller's Chart of Accounts regarding Debt Service
The County Uniform Chart of Accounts used to assist in accounting for financial activities related to the payment of debt, has established seven operating funds with account numbers set aside for additional funds if needed. These funds are as follows:

153  Industrial Debt Service
154  Special Debt Service
155  Hospital Debt Service

The Comptroller’s Chart of Accounts that encompass all Operating and Capital Funds
The County Uniform Chart of Accounts is used to account for all financial activities of the government. Certain account codes can be used in any fund. The Chart of Accounts has been established by a three-digit fund number; a five-digit revenue number for the revenue side of the ledger; a five-digit function (also known as department or line item) for expenditure departments; and a digit object code for the expenditures’ details.

The following would be an example of a General Debt Service Revenue and Expenditure budget:

151 General Debt Service

   40110 Current Property Tax
