Computerized Data Breaches

Dear Reader:

The following document was created from the CTAS website (ctas.tennessee.edu). This website is maintained by CTAS staff and seeks to represent the most current information regarding issues relative to Tennessee county government.

We hope this information will be useful to you; reference to it will assist you with many of the questions that will arise in your tenure with county government. However, the Tennessee Code Annotated and other relevant laws or regulations should always be consulted before any action is taken based upon the contents of this document.

Please feel free to contact us if you have questions or comments regarding this information or any other CTAS website material.

Sincerely,

The University of Tennessee
County Technical Assistance Service

Computerized Data Breaches

Reference Number: CTAS-2204

Under T.C.A. § 47-18-2901 counties must create safeguards to ensure the security of personal information on laptop computers and other removable storage devices. Failure to comply with this requirement creates a cause of action against the county if identity theft results. Also, T.C.A. § 47-18-2107 requires any holder of computerized personal information that is confidential to disclose any breach of the security of the system to any resident of Tennessee whose personal information was, or is reasonably believed to have been, acquired by an unauthorized person.
