Chapter I - Administration

Budget System

Private Acts of 2017 Chapter 24

SECTION 1. This act shall be known and may be cited as the "Tipton County Budget and Fiscal Procedure Act of 2017."

SECTION 2. The County Finance Committee for Tipton County, Tennessee, ("Finance Committee") is hereby created. The Finance Committee shall consist of nine (9) county commissioners appointed by the county legislative body each September for a one-year term. The County Executive shall be a nonvoting ex officio member of the Finance Committee. The Finance and Accounting Director ("Finance Director") shall be the nonvoting ex officio secretary of the Finance Committee. In addition to performing the duties and functions set forth in this Act, the Finance Committee shall also serve as the county's budget committee. The county legislative body may, in its discretion, allow members of the Finance Committee such compensation for their service as the legislative body deems proper.

SECTION 3. The position of Finance Director for Tipton County, Tennessee, is hereby created. The Finance Director shall be appointed by the Finance Committee. The Finance Committee shall have sole authority to appoint and dismiss the Finance Director. The Finance Committee shall establish the compensation of the Finance Director. The Finance Committee shall include such compensation in its annual budget recommendation to the full county legislative body.

SECTION 4. The Finance Director shall be qualified by training and education in the field of accounting and finance to perform the duties of the position in a proficient manner and in accordance with generally accepted and recognized governmental accounting principles. The Finance Director shall possess at least a bachelor's degree in either finance or accounting. The duties of the Finance Director include, but are not limited to, implementing the financial policies of the county legislative body and the County Executive and installing and maintaining a purchasing, payroll, budgeting, accounting, and cash financial management system for the county.

SECTION 5. The budgetary timeline and procedures for the county shall be as follows

(a) The Superintendent of Public Works, on or before April 1 of each year, shall file with the County Executive and Finance Director, an itemized statement of the funds estimated to be required for the county road program for the ensuing fiscal year and for the construction, operation, repair, and maintenance of the county road system; the operation and maintenance of the county landfill; and the general administration of the highway department, together with an estimate of the highway, landfill, and road funds expected to be received during such fiscal year.

(b) The County Executive, on or before April 1 of each year, shall file with the Finance Director, an itemized statement of the amounts which the County Executive estimates are necessary to be expended from the county general fund, the debt service funds, and from all other funds (excluding highway funds, school funds, and funds derived from the sale of bonds), together with an estimate of the revenue to be received during the next fiscal year.

(c) Each of the other operating departments, institutions, offices, or agencies, except for the county board of education, shall file with the Finance Director on or before April 1 of each year, a detailed estimate of its requirements for expenditures from the county's funds for the ensuing fiscal year, together with an estimate of any county revenues to be received by such department, institution, office, or agency.

(d) The Finance Director, on or before May 1 of each year, shall file a consolidated budget document with the Finance Committee showing an itemized statement of the amounts estimated by the various departments and officials to be required for the efficient operation of the county government from the county general fund, the debt service funds, highway funds, landfill funds, and all other funds except school funds, together with an estimate of the revenues estimated to be received by such funds during the next fiscal year and an estimate of the unencumbered cash balance of such funds at the beginning of the fiscal year; provided, that the May 1 deadline for providing the estimate of revenues shall be extended in years of reappraisals until fifteen (15) days after the certified tax rate has been established.

(e) On or before May 1 of each year, the county board of education shall submit a proposed budget to the Finance Director.

(f) At least thirty (30) days before the beginning of each fiscal year, the Finance Committee shall review and adopt the annual budget. The budget shall contain an itemized and classified plan of all proposed expenditures and estimated receipts for the ensuing year, and shall conform to a uniform classification of accounts established by the Finance Director and approved by the Comptroller of the Treasury. Opposite each item of estimated revenue, the budget document shall show in opposite parallel columns the amount actually collected for the last completed fiscal year, a revised estimated amount for the current fiscal year, and the estimate for the ensuing year. In preparing the budget, the Finance Committee may revise, as it deems necessary, the estimates or requests made by the various departments, officials, offices, institutions, and agencies of the county, except for the county board of education. In preparing the budget, the Finance Committee shall fully provide in the budget for all debt service requirements, interest and bond maturities and any cash deficit in any fund at the beginning of the fiscal year, and shall propose a tentative tax rate for the ensuing fiscal year.

(g) The Finance Committee shall present the budget to the county legislative body either at the regular July session each year or at a special session called for this purpose during the month of July; provided, that with the consent of the chairman of the county legislative body, the deadline for the presentation of the budget may be extended through August. The Finance Committee shall deliver to the county legislative body an appropriation resolution and a tax levy resolution along with the proposed budget. The county legislative body may alter or revise the proposed budget, but shall not alter or revise provisions for debt service requirement or other expenditures required by law, nor shall the county legislative body alter or revise line items within the budget submitted by the county board of education. The budget, the appropriation resolution, and the tax levy resolution, as adopted, shall be spread upon the minutes of the county legislative body.

SECTION 6. The appropriations made in the appropriation resolution, or any amendment thereto, shall constitute the limit to expenditures for the various purposes and from the several funds of such county for the fiscal year covered by said resolution, and no expenditure shall be made or obligation created in excess of such limitation. Any resolution presented to the county legislative body in any fiscal year after the original appropriation resolution has been adopted and the tax rate for the year fixed by that body, which provides for an appropriation in addition to those made in the original budget appropriation resolution, shall specifically provide sufficient revenue or other funds to meet expenditures to be made as a consequence of such additional appropriation. Budget amendments shall be timely filed with the Finance Director and enacted before the expenditure of any funds. To be considered timely filed, budget amendments must be submitted to the Finance Director no later than three (3) working days prior to the Finance Committee's meeting, at which such amendment is to be presented by the Finance Director to the Finance Committee for its consideration.

SECTION 7. If at any time during the fiscal year it becomes apparent that the revenues of any of the county's funds, together with the fund's unencumbered cash balance at the beginning of such year, will not be sufficient to equal the amount of the original appropriations, it shall be the duty of the County Executive to impound the appropriations from such fund in such an amount as shall appear necessary, subject to written approval of the Finance Committee.

SECTION 8. Before any disbursement warrant shall be issued in discharge of any obligation, a detailed invoice or statement of the obligation shall be filed with the Finance Director and it shall be the Finance Director's job to carefully check all such invoices to determine if they are correct, if the goods and services have been received or rendered as stated, and if the obligation is just, authorized, or legally binding on the county.

SECTION 9. It is the duty and the responsibility of each official, office, department, institution, agent, or employee of county government to furnish such information in the form and at the time as requested by the Finance Committee. Any official or employee of the county, or of any institution or agency thereof, who fails or refuses to perform the duties required of that official or employee by this Act, or who fails or refuses otherwise to conform to the provisions of this Act, is subject to removal from the official's or employee's office or position.

SECTION 10. The provisions of this Act relating to the budget timeline shall apply to the county board of education. No other provisions of this Act shall apply to county school funds, the county board of education, or the county director of schools. In addition, except for the provisions relating to the budget timeline, the provisions of this Act shall not apply to highway department funds unless approved by the Tipton County Highway Committee.

SECTION 11. This Act shall have no effect unless it is approved by a two-thirds (2/3) vote of the legislative body of Tipton County on or before December 31, 2017. Its approval or non-approval shall be proclaimed by the presiding officer of the legislative body and certified to the secretary of state.

SECTION 12. For the purpose of approving or rejecting the provisions of this Act, it shall be effective upon becoming law, the public welfare requiring it. For all other purposes, it shall be effective upon being approved as provided in Section 11.

Passed: May 17, 2017.

Purchasing

Purchasing Committee

Private Acts of 1941 Chapter 518

SECTION 1. There is hereby created a Purchasing Committee of Tipton County, Tennessee. Said committee shall be comprised of the Finance and Administration Committee of the County Legislative Body as it may from time to time be established by the County Legislative Body.

As amended by:
Private Acts of 1947, Chapter 381,
Private Acts of 1974, Chapter 223,
Private Acts of 1979, Chapter 1,
Private Acts of 1995, Chapter 103.

SECTION 2. Five (5) members of the Purchasing Committee shall constitute a quorum and shall have the right to exercise the powers and carry out the duties hereinafter prescribed for the Purchasing Committee.

As amended by:
Private Acts of 1947, Chapter 381,
Private Acts of 1995, Chapter 103,
Private Acts of 2017, Chapter 23.

SECTION 3. That said Purchasing Committee shall have the sole power and authority to contract for and purchase all materials, supplies, equipment of every kind whatsoever, the estimated value of which exceeds \$10,000.00, for the use of every official, agent, servant, department or agency of, supported by or under the control of the County government; and no other official, employee or agent of the County or of any of its departments or agencies, shall have the right to contract for or purchase any of such materials, supplies or equipment. The Purchasing Committee shall likewise have the sole power and authority to arrange for the purchase or rental of any and all real estate, machinery, or other equipment, the estimated value of which will exceed a total of \$10,000.00, where said purchases or rents are to be paid out of any funds belonging to or under the control of Tipton County or any department, institution or agency thereof; and no other official, employee or agent of the County shall have the right or power to make or arrange for any such purchase or rental, where the estimated value or rental exceeds \$10,000.00.

Purchases or contracts for the purchase of supplies, equipment or materials for the use of any official, employee, department or agency of the County government, the estimated value of which exceeds \$10,000.00, which, except in emergencies as hereinafter provided, shall be executed by the Purchasing Committee only after it shall have advertised in a newspaper of general circulation and/or such other newspaper as it may deem proper, that sealed bids will be received by the Committee, at a time fixed in the advertisement, which shall be not less than seven (7) days after the publication of the advertisement, and which sealed bids shall be opened publicly at the place, hour and date advertised. Such advertisement shall prescribe requirements by general classifications and state that detailed descriptions

of the supplies, materials or equipment desired may be obtained from the Purchasing Committee upon application. Proposals will be considered from manufacturers, producers, dealers, merchants, or their duly authorized selling agents. Bids received after the hour of opening will not be considered. Tabulation of bids will be effected as promptly as possible, after which such tabulation will be opened for inspection. Contracts will be awarded only to established and responsible manufacturers, producers, dealers and merchants, and awards will be made to the lowest and best bidder or bidders. The Purchasing Committee shall have the right to reject any or all bids in whole or in part, and to waive technical defects in bids received. When two or more bids are submitted at the same price on the same character, kind and quality of supplies, materials or equipment to be purchased, the Purchasing Committee may, in its discretion, award the contract or contracts to either of such bidders, or may apportion the requirements between or among such bidders, or may elect to reject all such bids and advertise for additional bids. In addition to advertising for sealed bids, it shall be the duty of the Purchasing Committee to stimulate bidding by all other feasible means.

The Purchasing Committee shall in all cases inform prospective bidders of the County' needs, and stimulate and encourage competitive bidding.

When the estimated value of supplies, materials or equipment required for essential functions of the County government is \$10,000.00 or less, the provisions of this Act shall not apply to such purchases and the same may be purchased direct by the official, department, agency, employee or agent of the County concerned.

When, in the opinion of the Purchasing Committee, an emergency exists requiring the immediate purchase of supplies, materials or equipment for the use of an official or agent of the County, the Purchasing Committee may purchase or contract for the purchase of such materials, supplies or equipment without the necessity of advertisement or competitive bids, purchasing the same on the most advantageous basis possible.

Subject to all other requirements herein set out, the purchase of supplies, materials and equipment for the County and its agencies may be on long or short-term contracts, or orders to be executed or filed at certain seasons of the year, or by blanket contracts or orders of continuous duration to be executed at stated intervals.

The Purchasing Committee shall keep a complete record of all purchases made by it, with copies of descriptive advertising, original bids when submitted in writing, and the names of all bidders, together with the amounts of their several bids, which records shall at all times be open to inspection by any taxpayer of the County or other interested party.

No member of the Purchasing Committee, nor any assistant or employee working under its direction, shall be financially interested, or have any personal beneficial interest, either directly or indirectly, in the purchase of any supplies, materials or equipment for the County, nor in any firm, corporation, partnership, association or individual furnishing any such supplies, materials, or equipment; nor shall the Purchasing Committee or any assistant or employee thereof accept or receive, directly or indirectly, from any person, firm, corporation, partnership or association to whom any contract may be awarded, by rebate, gift or otherwise, any money or other thing of value whatsoever, or any promise, obligation or contract for future reward, compensation or remuneration.

The Purchasing Committee may, by regulation or otherwise, require security to accompany bids, and fix the amount thereof; govern the procedure for the delivery and storage of supplies, materials and equipment; govern the method and procedure whereby the departments, agencies or officials of the County shall inform the Committee of the need or necessity for the purchase of supplies, materials and equipment; prescribe forms for estimates, requisitions, orders and contracts; establish definite or regular periods for submitting estimates or requisitions dispose of or trade in obsolete, excess and unsuitable supplies, equipment and salvage, or transfer them to other using agencies of the County; provide for hearings on complaints with regard to the quality, grade or brand of supplies, materials or equipment; and waive such rules or regulations in special or emergency cases.

Provided, however, the provisions of this act shall not apply to the County Public Works Committee or Department or the County Board of Education.

As amended by:

- Private Acts of 1949, Chapter 799,
- Private Acts of 1967-68, Chapter 285,
- Private Acts of 1979, Chapter 1,
- Private Acts of 1995, Chapter 103,
- Private Acts of 2008, Chapter 101,
- Private Acts of 2017, Chapter 23.

SECTION 4. That Tipton County, Tennessee, shall be liable for the payment of all purchases made by the Purchasing Committee for the use of the County or any of its departments or agencies under the

provisions of this Act, but shall not be liable for the payment of any purchases made contrary to its provisions.

SECTION 5. [Deleted by Private Acts of 1995, Chapter 103].

That in the event any sentence, clause, paragraph, or section of this Act shall be held invalid or unconstitutional, such invalidity or unconstitutionality shall not affect or invalidate the remainder of the Act, and the General Assembly hereby declares that it treats each and every sentence, clause, paragraph and section of this bill as severable, and that it would have enacted this Act with any invalid or unconstitutional part thereof omitted or elided therefrom.

Passed: February 15, 1941.

Administration - Historical Notes

County Legislative Body

The following acts once applied to the quarterly court or the county legislative body of Tipton County and are included herein for historical purposes. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1824 (2nd Sess.), Chapter 102, set the days for quarterly county court meetings in Tipton County on the first Mondays in January, April, July and October.
2. Acts of 1825, Chapter 318, changed the quarterly county court's meeting days to the first Monday in March, June, September, and December.
3. Acts of 1825, Chapter 330, authorized the county court to levy an additional tax on land in the county of not more than 37½¢ per one hundred acres. This tax was to be used for erecting public buildings in the county.
4. Acts of 1826, Chapter 164, authorized the county court of Tipton County, with a majority of justices being present, to levy a tax not exceeding twelve-and-a-half cents per one hundred acres of land in said county, for the purpose of opening roads, making causeways and bridges in said county. This fund was to be under the direction of the county court.
5. Private Acts of 1835-36, Chapter 28, Sec. 14, was primarily an act to establish the county of Lauderdale, but the last section of the act provided that if the county court of Lauderdale was not organized in time to appoint commissioners to lay off the town and sell lots, then it would be lawful for the county court of Tipton County to appoint them, to take bonds and securities of said commissioners, and to do and perform any other act or acts required by the act until the county court of Lauderdale County could be organized.
6. Private Acts of 1835-36, Chapter 42, Sec. 4, authorized the county courts of Tipton and Dyer counties, with a majority of acting justices being present, to order and direct so much of the county revenue collected for the year 1835 from the citizens of their respective counties residing on lands formerly lying within the limits of said counties and subsequently lying in the county of Lauderdale to be paid over to the trustee of Lauderdale County, for the use and benefit of said county. The county courts of Tipton and Dyer counties could appoint a person to make the necessary examination and report to the Courts the amount of revenue collected by the sheriff or collecting officers of their respective counties.
7. Acts of 1837-38, Chapter 295, primarily incorporated the town of Portersville in the county of Tipton; but, Section 3 of this act authorized any justice of the peace of Tipton County to hold an election for seven aldermen for the town, and to hold subsequent elections on the first Saturday in January.
8. Acts of 1909, Chapter 305, authorized the county court, when assembled in quarterly session, to adopt a resolution to contract with a bank or banks to pay interest on daily balances of the county funds mentioned. The court was to appoint three members in addition to the county judge or chairman and county trustee to constitute the county finance committee to carry out the will of the county regarding said contracts. This act was amended by Private Acts of 1915, Chapter 439, which authorized the county court through its finance committee to pay interest at a rate not to exceed 6% per annum upon any account of the county which might be in arrears. Said interest was to be paid out by warrants drawn only on the account which was in question.
9. Private Acts of 1915, Chapter 53, authorized the Tipton County Court (as designated by the Federal Census of 1910 population range) to adopt a resolution to contract with a bank or banks

making the highest and best bid to pay interest on monthly balances deposited in such bank or banks to the credit of the county trustee, with said bids to be made in sealed envelopes to the county court in quarterly session, at which time they were to be opened and read by the county judge. The act also authorized the county judge to make and sign said contract upon the terms and conditions specified therein, and to employ legal counsel to assist in the preparation of such contract. Upon execution of such contract, the county trustee was to deposit all designated funds into the bank or banks specified, with the deposit not to exceed 50% of the bank capital stock, for the purpose of drawing interest. This act was amended by Private Acts of 1917, Chapter 454, in order to specify that the interest, as shown by the monthly bank statements and reported to the county judge, was to be credited to the general county fund.

10. Private Acts of 1921, Chapter 980, set forth the compensation for services of justices of the peace in counties specified by population figures from the Federal Census of 1920. In addition to the per diem set out in section 1 of this act, they were also to receive a mileage allowance for each mile necessarily traveled in going to and from their residence to the county seat in attendance of any sessions of the quarterly county court. Private Acts of 1957, Chapter 71, increased the per diem compensation to \$10 per day. Private Acts of 1973, Chapter 53, again increased the per diem to \$25. Most recently, the original act and all amendatory acts were specifically repealed by Private Acts of 1995, Chapter 99.

County Mayor

The references below are of acts which once applied to the office of county judge, or county executive in Tipton County. They are included herein for historical purposes only. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1871, Chapter 89, authorized the election of an additional justice of the peace by the voters of Portersville, in Tipton County.
2. Acts of 1897, Chapter 300, allowed the election of an additional justice of the peace in Brighton, Tipton County, to be elected by the qualified voters of the seventh civil district.
3. Acts of 1905, Chapter 289, was an act establishing the office of county judge for Tipton County. The act set forth the requirements of the person to fill the office and the term of office. The quorum court and chairman's court were abolished and the jurisdiction and powers formerly exercised by those courts were given to the county judge, who was to preside over the county court at its quarterly session. The times of holding of the county court were set out therein, as were specific powers and authority given to the county judge and the salary of same. The county court clerk was designated to keep a docket of all cases to be tried in county court, and all appeals of certiorari from municipal courts in the county of Tipton were to go to county court. Acts of 1875, Chapter 120, which established the chairman's court, was amended and repealed as it applied to Tipton County. This act, as well as its amendatory acts in Acts of 1907, Chapter 423; Private Acts of 1911, Chapter 607; Private Acts of 1919, Chapter 218; Private Acts of 1939, Chapter 576; Private Acts of 1945, Chapter 557; and Private Acts of 1965, Chapter 217, were repealed in full by Private Acts of 1995, Chapter 96.
4. Private Acts of 1911, Chapter 607, amended Acts of 1905, Chapter 289 by increasing the judicial powers of the Tipton County Judge and giving the county court concurrent jurisdiction with the circuit, criminal and chancery courts for specific cases. This jurisdiction was removed from that office when this 1911 amendment was repealed by Private Acts of 1965, Chapter 217.
5. Private Acts of 1933, Chapter 101, set the salary of the county judge at \$1,200 annually, and provided that he was to receive no additional compensation for services as county financial agent. Private Acts of 1935, Chapter 346, amended this act to provide that the quarterly county court could also appropriate up to \$300 per annum to the county judge for employment of clerical assistance. The next amendment to the 1933 act was Private Acts of 1937, Chapter 583, which raised the amount to be appropriated for clerical assistance to \$600 annually. In Private Acts of 1943, Chapter 190, it was provided that the county judge, in addition to his salary as such, was to receive an additional \$1,200 annually for his services as financial agent of the county and for hiring clerical assistance. His salary as county judge was raised to \$3,000 per year by an amendment to the 1933 act found in Private Acts of 1949, Chapter 734. The last amendment to Private Acts of 1933, Chapter 101, was Private Acts of 1953, Chapter 88, which provided that the salary of the Tipton County Judge was to be \$4,200 yearly.
6. Private Acts of 1939, Chapter 576, amended Acts of 1905, Chapter 289, the act which had created the office of county judge in Tipton County, by increasing the judicial powers of that office. This act gave the county court concurrent jurisdiction with the circuit court to hear all misdemeanor cases and all felony cases where the minimum punishment did not exceed

one year's confinement in the penitentiary. This amendatory act was repealed by Private Acts of 1965, Chapter 241.

7. Private Acts of 1945, Chapter 557, was also an amendment to Acts of 1905, Chapter 289. This amendatory act gave the county court exclusive jurisdiction of examining trials and the examination of persons charged with offenses, either misdemeanors or felonies, and also gave the county court clerk the authority to take affidavits and issue arrest and search warrants. These powers were removed from the Tipton County Judge's office when this amendment was repealed by Private Acts of 1947, Chapter 722.

County Register

The following acts once affected the office of county register in Tipton County, but are no longer operative.

1. Private Acts of 1933, Chapter 536, set the maximum annual salary of the Tipton County Register at \$2,400. If the fees taken in by the register did not amount to \$2,400, the county was not liable to make up the difference.
2. Private Acts of 1937, Chapter 579, perfected the title of T. G. Uhlhorn to lands (272± acres) adjacent to Island No. 37 in the Mississippi River in the eleventh civil district of Tipton County, Tennessee.
3. Private Acts of 1937, Chapter 580, perfected title to 140± acres of a towhead island in the Mississippi River, by granting title to that land in the same T. G. Uhlhorn.
4. Private Acts of 1937, Chapter 582, perfected the title of O. F. Cash to a towhead island of approximately 640 acres in the Mississippi River.

County Trustee

The following acts once affected the office of county trustee in Tipton County, but are no longer operative.

1. Acts of 1824 (2nd Sess.), Chapter 119, Sec. 9, required the county trustee of Shelby County to turn over to the county trustee of Tipton County the amount of county taxes which had been or would be collected for the year 1823.
2. Acts of 1909, Chapter 305, authorized the county court, when assembled in quarterly session, to adopt a resolution to contract with a bank or banks to pay interest on daily balances of the county funds mentioned. The court was to appoint three members in addition to the county judge or chairman and county trustee to constitute the county finance committee to carry out the will of the county regarding said contracts. This act was amended by Private Acts of 1915, Chapter 439, which authorized the county court through its finance committee to pay interest at a rate not to exceed 6% per annum upon any account of the county which might be in arrears. Said interest was to be paid out by warrants drawn only on the account which was in question.
3. Private Acts of 1915, Chapter 695, provided that the quarterly county court of any county of population not less than 29,250 nor more than 29,300, according to the Federal Census of 1910, was to reimburse the county trustee for any sums he paid out in interest on county overdrafts. A marginal entry in the published act states this act was intended for Tipton County, but the population range given does not encompass the population figure for Tipton County in 1910.
4. Private Acts of 1917, Chapter 302, empowered the quarterly county court of Tipton County to reimburse any former trustee for up to eight years after he left office, for any sums he might have paid as interest on account of overdrafts on various county accounts. This appears to be an act to rectify the error of the 1915 act by changing the population range so as to encompass the population figure for Tipton County for 1910.
5. Private Acts of 1921, Chapter 938, allowed the quarterly county court to set the county trustee's compensation for receiving and disbursing funds from a bond sale, provided that this compensation could not be more than ½% of the amount of bonds sold.
6. Private Acts of 1933, Chapter 536, set the maximum annual salary of the county trustee at \$3,600. If the fees taken in by the trustee did not amount to \$3,600, the county was not liable to make up the difference.
7. Private Acts of 1935, Chapter 273, provided that the Tipton County Trustee was to be given credit for all monies expended in payment of premiums on re-indemnifying bonds with a surety company.

General Reference

The following private or local acts constitute part of the administrative and political history of Tipton County but are today no longer operative because they have either been superseded, repealed, or failed to receive local approval. Also referenced below are acts which repeal prior law without providing new

substantive provisions.

1. Acts of 1823, Chapter 206, appointed commissioners to fix sites for the permanent seats of justice in several counties, including Tipton. The seat was to be as near the center of the county as possible, so as to be convenient to the citizens of the county. The commissioners were to procure by purchase or otherwise at least 50 acres of land for each site; lay off and establish a town at each site; and, sell lots in the town.
2. Acts of 1824, Chapter 132, Sec. 3, granted to the commissioners, who were appointed by the county courts of Gibson, Dyer, Hardeman, Tipton, Fayette, Weakley, Obion and McNairy counties the authority to lay off and sell lots in the seats of justice for said counties, and granted them the right to possess and exercise all the powers extended to the commissioners appointed to fix the seat of justice for Haywood County as set forth in the previous sections of this act. The seat of justice for Tipton County was to be called Covington.
3. Acts of 1831, Chapter 44, gave the court of pleas and quarter sessions or county court the authority to appropriate surplus public money for the construction of a courthouse in Covington.
4. Acts of 1833, Chapter 59, authorized the county court to elect three persons to constitute a board of commissioners for internal improvement in Tipton County.
5. Public Acts of 1835-36, Chapter 48, abolished the surveyors' offices south and west of the Congressional reservation line from and after the first day of September, 1836. County offices were to be established, at the county seats, for receiving entries on vacant land lying in said counties, and the justices of the county courts were to elect an entrytaker and surveyor for each of said counties. The act set forth the duties and requirements of the office of entrytaker. The present surveyors were required to deliver all books, records and papers belonging to their respective offices to the entrytaker of the counties specified therein. The surveyor of the eleventh district was to relinquish his records to the entry taker of Tipton County.
6. Acts of 1851-52, Chapter 1, was an act to permanently establish the seat of justice of Tipton County. An election was to be held for voters to choose to leave it at Covington or remove it to Randolph. If the majority of voters were in favor of removal of the seat, specified commissioners were to choose a site, superintend the building of the courthouse, jail and other necessary public buildings, perform the duties set out in the act, and were given the power to sell the old courthouse and jail in Covington.
7. Acts of 1853-54, Chapter 163, required that the sheriff of Tipton County hold an election to ascertain the sense of the voters as to the removal of the seat of justice from Covington to Randolph. The election held pursuant to the previous act indicated that the majority was in favor of leaving the seat at Covington, but subsequent petitioning indicated that there was some discrepancy in that opinion.
8. Acts of 1853-54, Chapter 180, authorized Tipton County and other counties to take stock in railroads and to issue their bonds.
9. Acts of 1853-54, Chapter 323, Section 9, authorized the counties of Tipton, Dyer, Stewart and Obion to subscribe stock and issue bonds to the Great Central North and South Railroad Company, or any other company, under provisions and restrictions contained within this act.
10. Acts of 1857-58, Chapter 2, once again required the sheriff of Tipton County to hold an election for citizens of said county to vote for county officers and for the place where the seat of justice was to be located, as the election held pursuant to the previous act (item 5, above) brought about a subsequent memorial from numerous voters expressing the sentiment that the seat be removed from Covington to the center of the county.
11. Acts of 1857-58, Chapter 131, Section 11, required that the office of entrytaker of Tipton County be consolidated with the office of surveyor of said county and that the surveyor was to perform all duties incident to the office of entrytaker and receive for performance of those duties the fees previously allowed to entry takers.
12. Acts of 1857-58, Chapter 162, was still another act regarding ascertaining the will of the people of Tipton County as to the removal of the seat of justice. Commissioners were appointed to employ a surveyor to ascertain the center of the county. Then they were to inform the sheriff of the designated center, whose duty it was to hold an election and transmit the result of same to the secretary of state, who would report same to the next general assembly of the state.
13. Acts of 1869-70, Chapter 29, incorporated the "Tipton County Industrial and Mechanical Association", to exist for ninety-nine years. It was to have full power to buy and hold, sell and convey real and personal property; to make and execute conveyances; to contract and

be contracted with; to sue and be sued; and to have and enjoy all powers and privileges incident to such bodies. The act set forth the requirement for election of directors, adoption of a constitution and by-laws, election of officers, and stated additional powers granted to the association.

15. Private Acts of 1911, Chapter 389, made unmarried women and the wives of clerks of courts, over the age of twenty-one, eligible to serve as deputy clerks in any court in Tipton County. If a single woman was to marry while working as a deputy clerk, she would have to forfeit her office, being disqualified to perform any official duties.
16. Private Acts of 1919, Chapter 554, authorized the quarterly county court of Tipton County (as indicated by the 1910 Federal Census population figures) to employ an industrial agent for the county and to make any contract it deemed advisable with such agent. The act also authorized the county judge to issue his warrant in payment of any sums due under such contract. This act was repealed in full by Private Acts of 1995, Chapter 97.
17. Private Acts of 1921, Chapter 297, authorized the quarterly county court to pay the county's proportionate share of expenses for improving the public square in the county seat, and to issue interest-bearing warrants in payment of such expenses.
18. Private Acts of 1921, Chapter 496, authorized the quarterly county court to contract for the purchase of office appliances and equipment, as might be necessary and proper for conducting business in county offices.

The act authorized the selling of bonds for the purpose of acquiring land and building, and to create a "County Office Building Operation and Maintenance Funds" account. The quarterly county court was authorized to appoint a committee or board to oversee the construction and operation of said office building. This act was specifically repealed by Private Acts of 1995, Chapter 98.
24. Private Acts of 1994, Chapter 196, created the office of environmental inspector for Tipton County. It defined the disposal of waste, types of waste, and required that all waste disposed upon land be inspected and tested for compliance with provisions of this act, the laws of the state of Tennessee and the rules and regulations of the department of environment and conservation of the state of Tennessee. Waste disposal facilities were to keep complete and accurate records of the total number of loads and date of waste deposited at such facilities. This act was not adopted by the county legislative body, and therefore did not become law.
25. Private Acts of 2017, Chapter 23, repealed Private Acts of 1975, Chapter 115, which required that owners of real property obtain a building permit.

Animals and Fish - Historical Notes

The following is a listing of acts that at one time affected, but no longer appear to have any effect on, hunting, fishing or animal control in Tipton County. They are included herein for reference purposes.

1. Public Acts of 1871, Chapter 1, an amendatory act to an 1870 act, was passed for "the preservation and protection of game" in Tipton County.
2. Acts of 1897, Chapter 157, was an act to protect certain named game birds in the counties of Tipton, Sumner, Anderson, Rutherford and Williamson, and provided a penalty for the unlawful killing of same, or disturbing or destroying their nests and eggs.

4. Acts of 1899, Chapter 362, was the first "fence law" or "stock law" for Tipton County. This act forbade owners of horses, cattle, sheep, swine and goats to allow their stock to roam at large, and violators of this act were subject to a fine of \$2 to \$25.
5. Acts of 1901, Chapter 13, was the next stock law enacted for Tipton County. Its provisions were identical to those of the 1899 law except that this act did allow the use of unfenced lands for summer range, provided the livestock was placed under the care of a herdsman.

7. Private Acts of 1925, Chapter 759, declared an open season on foxes, making it lawful to kill or capture them at any time of the year. A marginal entry in the published act states that it applies to Tipton County; however, the population range stated in the act (not less than 30,940 and not more than 30,960 for the Federal Census of 1920) does not encompass the population figure for Tipton County for 1920.

Court System - Historical Notes

Board of Jury Commissioners - Jurors

The following act once affected jurors or boards of jury commissioners in Tipton County, but is no longer operative.

1. Private Acts of 1951, Chapter 504, created a board of jury commissioners for Tipton County (as specified by the population range for the Federal Census of 1940). The board was to consist of three discrete persons (to be appointed by the circuit judge) who were householders, residents of different sections of the county, not practicing attorneys at law, and were to each serve, under oath, a term of six years. It was the duty of the jury commissioners to select from the tax books of the county or other sources names of upright and intelligent men, known for their integrity, fair character, and sound judgment. These names would comprise a list of not less than 500 nor more than 1,500 prospective jurors, to be recorded by the circuit court clerk as clerk of the board. The names would then each be written on a slip of paper and placed in jury box kept securely locked and under seal for the purpose of drawing the names of jurors prior to each term of the circuit court. The act outlined the procedure for the drawing of names and summoning of jurors for impaneling the grand and petit juries. The judge responsible for appointing the jury commissioners also had the right to remove any of them for incompetency, failure to perform their duties or corruption of office. The jury commissioners were to receive \$5.00 each for every day's service while actually engaged in making up the jury list and in drawing the venire.

Chancery Court

The following acts form an outline of the development of equity jurisdiction in Tipton County, although they no longer have the force of law since they have either been superseded by general law, repealed, or failed to receive local ratification. Highways and Roads - Historical Notes

The following is a listing of acts which once had some effect upon the county road system in Tipton County, but which are no longer operative. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1829-30, Chapter 280, authorized the citizens of the counties of Haywood and Tipton to erect a turnpike causeway across the overflowed lands and other places on both sides of the Hatchie river, and also a bridge across the river at a point to be designated by the company incorporated within the act, with the bridge to be erected between Brownsville and Covington. The company incorporated therein was called the "Big Hatchie Turnpike and Bridge Company". The capital of the company was not to exceed fifty thousand dollars, and subscriptions for shares in the company were opened for sale. The act set out the company's privileges, designated a meeting to be held to elect directors, set out the powers and authority of the directors, designated a commissioner to superintend said turnpike road and bridge, set the rates of toll, allowed for transfer of stock, and stated the term for which the act was to remain in force. This act was amended by Acts of 1847-48, Chapter 83, Sections 6-9, which allowed the company to have and keep a good ferry instead of a bridge, reduced the number of directors, allowed the company to erect cotton sheds and store houses on the side of the turnpike, and renamed the company as the Big Hatchee [sic] Turnpike Company.

2. Private Acts of 1831, Chapter 215, organized the "Big Hatchee [sic] Turnpike and Bridge Company", authorizing it to build roads, causeways and bridges across the Hatchee [sic] River between Brownsville (Haywood Co.) and Covington (Tipton Co.). The act set out the maximum amount of capital of the company; opening and closing of subscription for books; the powers, duties and obligations of the company; time of meeting of the stockholders for elections of directors and officers; powers and authority of the board of directors; rates of toll; penalties for passage without paying toll; provisions for transfer of stock; how the funds acquired from subscription were to be invested; and, designated the company to be forever exempt from payment of any tax. This act, too, was amended by Acts of 1847-48, Chapter 83, Sections 6-9, as stated above.
3. Acts of 1837-38, Chapter 122, Section 5, established and incorporated the Ripley and Covington turnpike company for the purpose of building and establishing a causeway and bridge across Hatchy [sic] river from Ripley (in Lauderdale Co.) to Covington (in Tipton Co.). This company was to be incorporated upon the same terms and have the same powers, rights and privileges as were given to the Big Hatchy [sic] turnpike company.
4. Acts of 1907, Chapter 323, was the first road law for Tipton County. This act provided that the quarterly county court would elect two members to the board of road commissioners, who would have general control and supervision of the construction and maintenance of county roads. The act set out provisions for opening and closing roads, road duty, authorization for the levy of a road tax, records to be kept, compensation for each commissioner, penalties for road obstructions and failure to perform duties. This act was first amended by Acts of 1909, Chapter 49, to require the county Judge to fill any vacancies in membership on the board of road commissioners, and to change the procedure for applying for a road to be opened or closed. Private Acts of 1911, Chapter 87, was an amendment which provided that the road commission could exempt any fourth class road from the general contract made for the working and maintenance of the public roads in the county. Private Acts of 1913, Chapter 294, was the next amendment to the 1907 road law, and provided that construction of new roads in Tipton County was to be done between March 1st and November 1st, while repair work was to be done between November 1st and March 1st. Private Acts of 1917, Chapter 408, again amended the original act to change the method for opening, closing or changing roads.
5. Private Acts of 1915, Chapter 174, was an act to establish road improvement districts in counties designated by a population range for the Federal Census of 1910. These road districts were to be created from the civil district wherein the county seat was situated. The act provided for the management, government and control of the roads, bridges and culverts of the district; provided for a road commission in the district and defined its powers, duties and responsibilities; provided for the opening, closing and changes to be made of roads in the district; provided for the levy of a tax for funds by which to administer the provisions of the act; and provided for labor on the roads to be performed by the inhabitants of such district. This act was amended by Private Acts of 1915, Chapter 370, to correct the population figures so that the original act would indeed be applicable to Tipton County.
6. Private Acts of 1919, Chapter 217, created a county board of highway commissioners, composed of five members to be elected from the five road districts designated therein for two-year terms. The act provided for a superintendent of roads; his salary, duties and responsibilities; powers of the commissioners; use classification of roads; and the levy of a road tax. This act was amended by Private Acts of 1919, Chapter 582, to change the procedures for building and repairing county bridges. The 1919 road law was further amended by Private Acts of 1920 (Ex. Sess.), Chapter 106, to reflect the change in the population figures according to the Federal Census of 1920. The final amendment to the original act was in Private Acts of 1921, Chapter 624, which amended those sections regarding the superintendent's salary, duties and responsibilities; meetings and compensation of the board of highway commissioners; and procedures for the purchasing of road material and equipment and paying for road rights-of-way.
7. Private Acts of 1923, Chapter 256, gave the road commission the authority to remove and use gravel and sand from the beds of navigable streams and to sell such products for funds to improve the county roads.
8. Private Acts of 1923, Chapter 350, as amended, created the five-member Tipton County board of highway commissioners, to be elected by the voters, one from each of the five road divisions, for two-year terms. This board would then appoint a superintendent of roads. The act set forth, inter alia, the powers, duties and responsibilities of the board of commissioners and the superintendent; procedures for opening, closing and changing roads; and, provided for the levy of a road tax. The original act and all amendatory acts were repealed by Private Acts of

1943, Chapter 120.

9. Private Acts of 1931, Chapter 334, validated the action of the quarterly county court in settling a suit between the court and the board of highway commissioners over the use of certain funds from a road bond issue.
10. Private Acts of 1933, Chapter 43, provided that no member of the quarterly county court nor any other county official was eligible for election to the board of highway commissioners. This act was repealed by Private Acts of 1943, Chapter 185.
11. Private Acts of 1937, Chapter 527, required the secretary of the county road commission to file, at least seven days prior to each quarterly county court meeting, a complete, itemized statement of the work authorized by the road commissioners and of all expenditures made by them.
12. Private Acts of 1943, Chapter 120, as amended, was a very extensive act, covering all phases of the management and control of the county highway department by a five-member board of road commissioners and their appointed road supervisor. This act was repealed by Private Acts of 1967-68, Chapter 230.
13. Private Acts of 1955, Chapter 35, provided that the superintendent of roads would be elected by popular vote rather than appointed by the board of road commissioners. This act was repealed by Private Acts of 1965, Chapter 75.
14. Private Acts of 1967-68, Chapter 232, was the next road law for Tipton County. Like other road laws before it, this act divided Tipton County into five districts, provided for the election of a member of the board of highway commissioners from each of those districts, set their salary and bond, and specified their powers. The superintendent of roads was to be appointed by the board of highway commissioners, with approval by the quarterly county court. This act was amended by the Private Acts of 1970, Chapter 220; Private Acts of 1971, Chapter 41; and, Private Acts of 1971, Chapter 63. The original act and its amendments were all repealed by Private Acts of 1973, Chapter, 114. There was also an attempted amendment to the 1967 road law by Private Acts of 1972, Chapter 307, but it failed to win local approval and never became an operative law.
15. Private Acts of 1973, Chapter 114, was an act to create a Tipton County Public Works Committee, which was to be vested with the powers and responsibilities set forth in the act, for the purpose of establishing, building and maintaining a system of public roads and highways in Tipton County. The act divided the county into seven road districts, which were comprised of designated legislative districts. The act provided for a superintendent of public works, defined his duties and powers, and fixed his compensation. It provided for the employment of personnel or labor necessary for the carrying out of the provisions of the act; and provided penalties for the violation of same. This act also served as a repealing act for Private Acts of 1967-68, Chapter 232, as amended. Private Acts of 1973, Chapter 114, as amended by Private Acts of 1974, Chapter 221; Private Acts of 1975, Chapter 116; Private Acts of 1979, Chapter 2; Private Acts of 1980, Chapter 261, Private Acts of 1983, Chapter 97, and Private Acts of 1996, Chapter 122, all of which were properly ratified and approved, locally, but it is unascertainable, either from the secretary of state's office or from the Tipton County Clerk, whether or not local action was ever taken upon the original act.
16. Private Acts of 2002, Chapter 168, created a Department of Public Works for Tipton County. This act also repealed Private Acts of 1973, Chapter 114, as amended.

Militia

Those acts once affecting Tipton County, which related to the militia and to other law enforcement agencies other than the sheriff, are mentioned below in chronological order.

1. Acts of 1824 (Ex. Sess.), Chapter 40, was a militia law for Tipton County, placing it as the eighty-seventh regiment. It placed the militias of Hardeman, Fayette, Shelby, Tipton, Haywood and Madison counties in the fourteenth brigade and provided that they would organize on the first Thursday in February, 1825, in Jackson, Tennessee.
2. Public Acts of 1825, Chapter 69, transferred Tipton County to be a part of the thirteenth brigade, in the third division, and still constituted the eighty-seventh regiment. Regimental musters were to be held on the first Saturday of October.
3. Acts of 1832, Chapter 7, established the one hundred twenty-seventh regiment of the militia of the state, to consist of those troops residing north of the Hatchie River in Tipton County. Regular musters were to be held on the first Thursday in October; battalion musters on the first and second Fridays in April.
4. Acts of 1832, Chapter 28, named the militia company commanded by William Harper "The Tipton Troop", and provided that it could not consist of more than seventy-five men.
5. Acts of 1837-38, Chapter 157, was another militia law for Tipton County. This act provided that the twenty-first brigade, consisting of Haywood, Tipton and Lauderdale counties, would hold county drill on the Monday and Tuesday following the first Friday and Saturday in September for Tipton County.
6. Acts of 1839-40, Chapter 56, Section 9, designated the regiments of the state militia, with the militia of Tipton County composing the one hundred thirtieth and one hundred thirty-first regiments. Section 25 of said act divided the state into brigades, with the counties of Haywood, Tipton and Lauderdale constituting the twenty-first brigade. Section 26 of this act specified the boundaries of divisions, with the fourth division being composed of the eighteenth, nineteenth, twentieth, twenty-first and twenty-second brigades.
7. Acts of 1861 (1st Ex. Sess.), Chapter 1, also designated Tipton County to compose the one

hundred thirtieth and one hundred thirty-first regiments, and Haywood, Tipton and Lauderdale counties constituted the twenty-first brigade. The eighteenth, nineteenth, twentieth, twenty-first and twenty-second brigades composed the fourth division.

Offenses

The act briefly summarized below fell into this category in Tipton County. Also referenced below is an act which repealed prior law without providing new substantive provisions.

1. Acts of 1905, Chapter 352, made it unlawful for any person, firm or corporation to sell or tipple intoxicating liquors, beers, ale, or any drink that intoxicates within Tipton County. Anyone found violating this law was guilty of a misdemeanor and subject to being fined not less than \$50 and confined in county jail for not less than six months. This act was repealed by Private Acts of 1933, Chapter 794.

Sheriff

The following acts have no current effect but are included here for reference purposes since they once applied to the Tipton County Sheriff's Office. Also referenced below is an act which repealed prior law without providing new substantive provisions.

1. Acts of 1826, Chapter 170, Sec. 6, authorized the sheriff of Tipton County to hold an election at the courthouse in Covington on the first Monday of December every year for the purpose of electing seven aldermen for the Town of Covington.
2. Acts of 1831, Chapter 48, Sec. 5, authorized the sheriff of Tipton County to hold an election on the second Monday of December every year for the purpose of electing seven aldermen for the Town of Randolph.
3. Private Acts of 1939, Chapter 416, provided that the Tipton County Sheriff was to be paid a yearly salary of \$3,600. The act was directed at counties that maintained a separate penal farm. In *Tipton County v. Scott*, 177 Tenn. 507, 151 S.W.2d 167 (1941), the Tennessee Supreme Court ruled this act to be unconstitutional on the ground that it was a violation of the constitutional prohibition against partial legislation, since it guaranteed a minimum salary to the Tipton County Sheriff without guaranteeing a similar salary to sheriffs of all third class counties.
4. Private Acts of 1939, Chapter 417, authorized the sheriff to appoint a chief deputy, who was to receive an annual salary of \$1,800, plus any extra fees that he earned in the exercise of the duties of his office. This act, too, was directed at counties maintaining a separate penal farm.
5. Private Acts of 1949, Chapter 533, provided that the Tipton County Sheriff was to receive an expense account of \$200 per month in addition to his annual salary, since the current general law provisions at that time for fees and compensation of the office were not sufficient for the competent and efficient performance of the duties. This act was repealed by Private Acts of 1967-68, Chapter 284.

SECTION 2. During the period when redemption [sic] of any such tract of land can be made, a receiver may be appointed upon the allegation of waste. Taxation - Historical Notes

Assessor of Property

The following acts were superseded, repealed or failed to win local ratification, but they are listed here as a reference to laws which once affected the Tipton County Assessor. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1907, Chapter 602, was the general law providing for more just and equitable assessment for taxation of all property--real, personal and mixed--and collection of revenue for the State. Section 9, Subsection 5 of said act provided for compensation of the county assessor to be fixed by the county court, with maximum guidelines set forth therein. Private Acts of 1913 (1st Ex. Sess.), Chapter 28, was an attempt to amend the above-referenced Section and Subsection, setting the salary at \$1,000 per annum for the county assessor of Tipton County, as designated by 1910 Federal Census population range. However, Tipton County's population for 1910 did not fit within the given range. Private Acts of 1913 (1st Ex. Sess.), Chapter 74, amended the original act by changing the Federal Census year to 1900, thus making the annual salary of \$1,000 for the county assessor applicable to Tipton County. Private Acts of 1923, Chapter 171, also amended the original act to provide that the tax assessor for Tipton County could take his oath of office before the county judge, the chairman of the county court or the county court clerk.
2. Private Acts of 1921, Chapter 969, raised the annual salary to \$1,800 for the year 1921, then \$1,500 per annum thereafter, but provided that none of it was to be paid until the tax assessor had completed his work for the year.
3. Private Acts of 1923, Chapter 276, authorized the Tipton County Court to correct an error made in the assessment of lands belonging to W. A. Boswell for taxation in the Indian Creek Drainage District Number Three of Tipton County.
4. Private Acts of 1931, Chapter 223, created the office of delinquent poll tax collector for Tipton County. The term of office was to be for two years, and to be appointed by the judge or chairman of the county court. All polls not paid on or before March 1 following the year for which said polls were levied were to be turned over to the delinquent poll tax collector to be collected by him. This act was amended by Private Acts of 1931, Chapter 518, by clarifying the language to read that the taxes to be collected were poll taxes levied on the eligible male citizens. Private Acts of 1931, Chapter 757, abolished the office by repealing these acts.
5. Private Acts of 1933, Chapter 51, provided that the Tipton County Tax Assessor would receive a salary of \$1,000 each year, provided he had completed his work for the year. This act was amended by Private Acts of 1933, Chapter 339, to provide that it would not take effect until 1936, rather than in 1934.
6. Private Acts of 1937, Chapter 245, raised the salary of the assessor to \$1,500 annually, but still provided that he would not be paid until he had completed his work for the year.
7. Private Acts of 1949, Chapter 254, increased the salary for the Tipton County Assessor to \$2,400 per annum.
8. Private Acts of 1953, Chapter 11, set the salary of the Tipton County Tax Assessor at \$3,600 per annum and also provided that the quarterly county court could appropriate \$600 annually for the employment of clerical assistants.
9. Private Acts of 1967-68, Chapter 336, placed the duty of issuing building permits for construction or alteration of a building costing in excess of \$1,000 on the tax assessor in Tipton County, but this act was repealed by Private Acts of 1975, Chapter 115.
10. Private Acts of 1969, Chapter 46, provided that, in Tipton County, before any person in Tipton County presented for registration an instrument conveying the fee title in real estate (as distinguished from mortgages and deeds of trust) the person must present the conveyance to the Tax Assessor who was required to note and list in a well-bound book the name of the seller; the name of the purchaser; the consideration paid; and a description of each tract of land so conveyed by reference to the adjoining landowners. This Act was repealed by Private Acts of 2014, Chapter 79.
