## Bond Issues - Historical Notes

A listing of the acts which authorized various bond issues for Scott County is included below for reference purposes, although these acts are no longer current. Also referenced below are acts which repeal prior law without providing new substantive provisions.

Private Acts of 1903, Chapter 548, provided that the Quarterly County Court may request a referendum election to determine whether they should issue \$100,000 in bonds to build a court house and public or pike roads, using the amount shown for each purpose. If the vote was affirmative, the bonds would be issued at a 4%, or less, interest rate, and mature in 10 to 20 years, or less. The interest rate could not exceed 5½%, nor the maturity period thirty years. All the other details and requirements were specified, if the question were approved.
2. Private Acts of 1929, Chapter 441, authorized the Quarterly County Court to issue \$250,000 in 5½%, two to fifteen year, bonds to pay the outstanding debts of the county and of the Oneida School District as the same may be evidenced by votes, warrants, or other written certificates of debt. The County Trustee would handle and account for all the funds of the issue.
3. Private Acts of 1937, Chapter 508, allowed the Quarterly Court of Scott County to issue \$175,000 in 5%, 20 year bonds to pay school warrants, and judgments against the county, and any other outstanding debt which might be just, due, and owing. These would be general obligation bonds and exempt from taxation by any other government.

Private Acts of 1939, Chapter 17, provided that no bond issues of any kind or for any purpose, including refunding and refinancing bonds, shall be issued in Scott County except upon a favorable vote of the people in an election held for that purpose. ### **Roads**

This act provides for the sale of the bonds, which were to be used for roads, by validating and legalizing all the prior actions of the County Court in connection therewith so that it would not be necessary to hold another election.
3. Private Acts of 1927, Chapter 33, recited that on November 27, 1926, the voters of Scott County approved a proposed bond issue of \$150,000 to build a road from Oneida, down Buffalo Creek to the Campbell County line, therefore this act is the authority for the Court to issue that amount in 5½%, 30 year bonds to be used for the purpose stated, this act validating all prior proceedings.

All the details were fixed and a tax levy required.
