49

WHO IS RESPONSIBLE FOR ESTABLISHING INTERNAL CONTROLS?

County Management (~~elected/appointed officials~~) are responsible for:

design, implementation and maintenance

of ~~adequate~~ internal controls over their office/department.

50

FRAUD DETECTION

External auditors (performing routine annual audits) detect less than 5% of identified occupational fraud.

More fraud is identified by accident or through anonymous tips than by the external annual financial and compliance auditors.

51

52

53

54

WHAT SHOULD I DO TO ENSURE COMPLIANCE?

Review your written internal control procedures/assessment and ask yourself...

- Is the written documentation accurate according to my office's current operations?
- Have I implemented new technology in my office?
- Have I hired new staff or changed any financial duties of my staff?
- Have I moved?

55

ONCE YOU HAVE REVIEWED YOUR WRITTEN PROCEDURES/POLICY...

Compare written documentation with office operations

- Are you comfortable with the comparison?

Assess staff abilities, particularly management team

- Is staff training needed?

Fill in missing documentation

56

WHAT YOU ARE LOOKING FOR IN YOUR RISK ASSESSMENT...

Identify specific risks

Consider risk factors

Understand that the elected official is ultimately responsible

- Tone is set at the top

Be sure to update your written procedures for any changes you deem necessary.

57

REDUCING RISKS TO TOLERABLE LEVELS...

Identify factors that may increase risk

- Lack of segregation of duties
- Computer passwords taped onto computers
- Employees operating out of same cash drawer, etc.

Determine the significance of risk and likelihood of fraud, waste, abuse and inaccurate financial reporting (think reducing risk vs. cost of control).

Develop specific actions to reduce the risk to an acceptable level.

A risk matrix is a very useful tool when you can't eliminate risk.

58

REMEMBER...

Once your internal controls are in place and you have assessed your risk -

Ensure CONTROL

Keep
COMMUNICATING

Keep
MONITORING
