## COCTP is sponsored by the University of Tennessee County Technical Assistance Service in cooperation with the Tennessee County Services Association and the County Officials Association of Tennessee.

### What is COCTP?

The County Officials Certificate Training Program (COCTP) is a comprehensive training program administered by the University of Tennessee (UT) County Technical Assistance Service (CTAS).

COCTP is designed to provide specialized, office-specific, technical, administrative, managerial, and leadership training to elected officials and their employees. The goal is to help them run their office more efficiently and effectively. It also offers a comprehensive knowledge of the inner workings of county government. CTAS believes that having a broader understanding of county government operations will help officials and their employees serve their constituencies better. In short, graduates of COCTP will obtain a thorough knowledge of county government and will be designated as Certified Public Administrators.

### Fee Structure

#### **\$300 Enrollment Fee**

Enrollment in the COCTP requires a one-time fee. To join the program, participants must fill out an online application available at [ctas.tennessee.edu/training/COCTP](https://ctas.tennessee.edu/training/COCTP). Please note that COCTP course credit will only be awarded for courses completed within 180 days of the enrollment fee payment.

#### **\$300 Capstone Fee**

A one-time fee is required to attend the COCTP Capstone event. Eligible participants will receive an invitation from CTAS.

#### **\$100 Recertification Fee**

All officials and employees who obtain the Certified Public Administrator designation are required to pay a yearly fee. This fee is valid for one year and must be paid by September 1st of each year. However, during the first year of recertification, the fee is waived if the attendee has attended the Capstone event.

## What are the program benefits?

Earning a COCTP certificate can provide immense professional and personal benefits. No other program in the country offers the following advantages to county officials and their staff members:

- An occasion to genuinely network with leaders in government and innovative colleagues;
- A nurturing environment where your learning style is taken into account;

## Elective Classes

Elective courses aid county officials in better managing their staff and serving the public. Capable county administrators manage change, lead people, build coalitions, and are results-driven. Therefore, many management and leadership courses are offered as electives. You can also take additional core classes as elective credits. You must earn 65 credits in this category to fulfill the elective component. Courses selected under this category are at your discretion, based on your preference.

These courses are offered in a classroom setting and online. Credit is given one time only. No matter the time frame, you will not receive credit for the same course.

## Tennessee County Government Overview

This is an online class using e-Li, the CTAS electronic library, to complete a 50-question test. The course is designed to provide a comprehensive understanding of county government in Tennessee. To receive credit for this class, you must score 70 percent or higher.

### Exit Exam

The Exit Exam tests your understanding of the key characteristics of an efficient county government, as well as your knowledge of various issues related to the delivery of county services, legal environment, and county finances. To be eligible for the exam, all class requirements must first be completed. The exam itself consists of 50 closed book questions and a minimum score of 70 percent is required to pass. The questions for the Exit Exam are directly related to information covered in the Tennessee County Government Overview using e-Li. The Exit Exam is available online in **k@te**.

## Capstone Event

Once you have successfully passed the Exit Exam, you will be invited to attend a Capstone event. However, it is important to note that a \$300 fee is required to participate in the Capstone event, which is mandatory for all three days.

The primary objective of the Capstone event is to provide you with an opportunity to demonstrate the administrative, leadership, and management skills that you have gained through your participation in the COCTP program.

Upon completion of the Capstone event, you will be designated by the University of Tennessee as a Certified Public Administrator. In addition, you will begin earning recertification credit in the next fiscal year and will be excused from the recertification payment for one year.

## Recertification

The final component of COCTP is recertification. To retain the designation of Certified Public Administrator, you are required to complete 16 credits of continuing education each fiscal year (July 1 – June 30). There is a \$100 recertification fee due on September 1 of every year. The fee is valid for one year. It is waived for the first year due to attendance at the Capstone event.

There are several ways you can earn the required 16 credits:

- Attend a CTAS Recertification Conference.
- Attend classroom or online training provided by CTAS throughout the year.
- Take training through other sources, including national, state, local, and professional associations.
- Take training offered at your county association meetings.
- Take training sessions offered by private sector organizations.

NOTE: You must submit documentation of training completed from other sources to receive credit.

## Rollover Credits

Rollover credits are designed to allow COCTP participants to use the extra credits earned in the previous fiscal year to supplement credits earned in the current fiscal year. The additional credits can be rolled into the current fiscal year if you earned more than the 16 required credits in the previous year. You may rollover a maximum of 8 credits. Rollover credits can be reported using the Help button on CTAS website.
